CITY SCHOOLS
WANT \$153,600

To Run Educational Institutions
Next Year—State Fur-
nishes One-Third.

THREE DIVORCES GRANTED.
Attempt to Dynamite Police Patrol—
Rudolph Kuchler Assaulted—
Plaint of Tobaccoists.

Ogden, April 25.—At the regular weekly meeting of the board of education held last night an estimate of the amount of money necessary to run the schools next year was submitted by the finance committee. It will take \$153,600 for all purposes. Of this amount \$100,800 will come from the city taxes and \$52,800 will be received from the state school fund.

The treasurer reported having \$21,508.83 cash on hand in the treasury. A number of routine reports from other officers were received and filed.

Prof. David E. Cloyd, principal of the high school, made application for the use of the high school to conduct a summer school. He stated that there were many pupils who had additional work to make up during the summer before they could enter certain classes in the fall, and that these pupils were desirous of attending summer school. The request was referred to the committee on public buildings and grounds.

DIVORCES GRANTED.
Three Mismatched Couples Judicially Separated by Judge Howell.

Ogden, April 25.—In the district court yesterday afternoon three divorces were granted in 30 minutes by Judge Howell.

The first case was that of Laura Hoffmeister against H. H. Hoffmeister. The decree was granted upon the grounds of failure to provide.

The second case was that of Guy Stephens against Mary A. Stephens and was upon the grounds of desertion. The decree was granted.

DYNAMITE PLOT.
Futile Attempt to Blow Up Police Patrol.

Ogden, April 25.—A plot to dynamite the police patrol wagon was discovered by Driver Walter Williams at the livery stable yesterday, and if the explosive had been a little more carefully placed it would have done its deadly work.

All circumstances connected with the case point to the conclusion that it was the work of some enemy of the police who probably had an undesired ride in the big red wagon. Three sticks

of dynamite were found on the cement floor covered over by a newspaper, where it would be in the track of the horses' hoofs, and the wheels of the vehicle. Fortunately, Williams noticed the paper lying on the floor, and on picking it up found enough of the explosive to destroy the entire building.

The matter was reported to the police and while they have but little clue are working diligently upon the case.

COWARDLY ASSAULT.
Rudolph Kuchler "Victim of Drunken Railroaders' Rage."

Ogden, April 25.—Receiver Rudolph Kuchler of Ogden again was the victim of a cowardly assault at the hands of L. A. Graves, who says that he is a railroad man and was calling for aid to make a rough house at the canyon resort.

From the information received here last evening it appears that Graves went to the canyon resort, and proceeded to try and run things to suit himself. Kuchler remonstrated with him when the burly railroadier became abusive and while Kuchler was at the telephone calling for an officer, Graves struck him on the back of the head, inflicting an ugly wound, which required several stitches to close.

Within a few minutes after the incident happened Deputy Sheriff Naylin appeared on the scene and the "bad man" became as docile as a lamb and was soon taken to the county jail. Late last evening City Atty. Davine drew up a complaint charging Graves with assault and the case will come before Judge Murphy in the municipal court at an early date.

CHILDISH PLAIN.
Tobaccoists Would Amend Law Respecting Sales to Minors.

Ogden, April 25.—E. A. Munsey, the cigar merchant who was found guilty by Judge Murphy in the police court yesterday morning of selling tobacco to minors, and who was fined \$50 by Judge Murphy, did not spend last night in the city jail as he said he would do before he would pay the city any of the fine. All the cigar merchants are very indignant over the case, and are going to appear before the council to have some additional chapters added to the ordinance. The tobacco merchants allege that they have no "come back" at the boys who falsely tell their age in order to secure tobacco. It is very probable that the mayor, clerk or other members of the council will investigate the question of selling tobacco to minors, and will make some recommendations to the council.

Giffman, the new bishop and by the guest of honor, in a very appropriate speech Mr. Woolley was presented with a beautiful gold watch, which was engraved: "A Token of Appreciation from the Fourth Ward Amusement Hall, April 23, 1908." The evening closed with a dance and a most enjoyable time was had by those present. The entire affair was a splendid tribute to the high esteem in which Bishop Woolley is held by the people of the Fourth ward.

Frank A. Munsey on the Business and Political Situation

IN the May Number of Munsey's Magazine, Mr. Munsey has an article on the panic and the causes that brought it about. He says some things and says them straight from the shoulder. He hands it out good and hard to Wall Street and to the Grand Dukes who have been running things in this country with a high hand—running them as the Grand Dukes of Russia have run things over there. The title of the article is—

There isn't money enough in the world today to do the world's work

Mr. Munsey takes emphatic issue with Wall Street and the followers of Wall Street who hold the President responsible for the panic. It is not his purpose in the discussion to acquit Mr. Roosevelt of blame, but rather to get at the facts, as the facts are necessary to intelligent progress in the recovery of our business activities.

"If these facts," Mr. Munsey says, "acquit the President, he is, as a matter of common honesty, entitled to the acquittal." What we want to know, and should know, is the truth. And

the basic purpose with Mr. Munsey has been to lay bare the truth.

Mr. Munsey in this article clears away a vast amount of the distorted and awfully befogged ideas about this financial crash. The article is clear, convincing, forceful. It is not a dry, ponderous handling of the subject, but is swift and dramatic in expression, with all the sweep and picturesqueness of a novel. You cannot afford to miss reading it. No one who has any interest in the vital things of the day can afford to miss reading it.
