PRICE OF GOLD.

Corrected Daily by BANK OF DESERET.

SALT LAKE CITY, March 26, 1872.

Buying at $1.08; selling at $1.10.

LOCAL AND OTHER MATTERS.

LECTURE.—Remember the next lecture by Professor Pratt, which will be delivered to-night, in the Old Tabernacle.

CORROBORATIVE.—It will be seen by the dispatches from the west that Californians and Nevadans have been experiencing shocks of earthquake to-day, which is corroborative of the statement of Mr. Dunford about the shaking here early this morning.

SOME TRUTH IN THAT.—The Gold Hill *News* observes—

"A writer from Salt Lake declares that if the Mormons were poor and lived in mud huts, we should pay as little attention to their religion as we do to our own."

BEAR RIVER CITY.—"A. N." writes from Bear River City, Box Elder Co., that mail matter is received very irregularly there, and that the people would be glad of a change for the better in that respect. There is plenty of room there for good respectable settlers, there being a good stock range, and plenty of good farming and meadow land a short distance west of the settlement. A saw mill is in course of erection.

AMALGAMATED.—The firm of Calder Brothers and that of Daynes & Co. have amalgamated and, this morning, opened on the Calder premises under the firm name of Calder, Sears and Daynes. This consolidation of the two businesses will doubtless be mutually beneficial to the parties concerned. The gentlemen composing the new firm are known to the public as energetic and pushing business men. The musical instruments, sewing machines, stationery and other departments in their line will be conducted by them on an extensive scale.

FARMERS' & GARDENERS CLUB.—We received the following this morning from Draper, under date of March 25th:

"At a meeting of the citizens of this place held on the 20th inst., for the purpose of organizing an Agricultural Society, after the meeting had been addressed by several of our prominent citizens in a very lively and interesting manner, they proceeded to elect officers. Joshua Terry, Esq., who occupied the chair, was unanimously elected president; John Ennis, vice-president; ——Sessin, 2nd vice-president; R. M. Rogers, corresponding secretary; John Heward, recording secretary; J. Z. Stewart, librarian, and John Heward, treasurer.

Resolved, That a notice of the organization be forwarded to the DESERET NEWS for publication, and that this society be known by the name of the Draper Farmers' and Gardeners' Club.

R. M. ROGERS, Cor. Sec.

AN INGENIOUS INVENTION.—We were shown yesterday, by Mr. William Boaz, of the 8th Ward, a very ingenious machine for clearing snow from blockaded railroad tracks. The principle upon which the machine operates is exceedingly simple, and from a close scrutiny of the model we could not discern anything to cause us to think otherwise than that it would prove completely practicable for the purpose for which it is intended.

Perhaps a brief description of the machine may be interesting to our readers: Its entire length, including the car, will be thirty-seven feet. The forward part is tubular, the mouth of which is square and measures thirteen by thirteen feet. Passing through the center of this tube is a rod to which are attached three wings, which are scooped at the ends or near the mouth of the tube. This contrivance is so constructed as to operate on the same principle as an augur—that is when boring into any substance the core is thrown out at the back of the tube on to the car behind, just as the wood core is thrown upwards in the process of boring with an augur. The machine inside the great tube will be worked by a six-horse power engine, placed on a raised platform eight feet above the bottom of the car, so as to present no obstruction to the snow thrown out upon the car. The pressure to force the machine forward and enable it to cut its way through the snow is supplied by an ordinary locomotive in the rear. By having the cars to fold down at the ends a connected train of any number of cars could be filled with snow and run back and emptied. Br. Boaz proved the applicability of the principle upon which this machine is constructed by working a model in the snow by means of a small crank.

Naylor Brothers are in company with Mr. Boaz in the concern, and the model was to be forwarded to Hon. Wm. H. Hooper to-day for the purpose of having it patented. We hope the application for patent will prove successful, for it appeared to us in examining the model that it would take the machine but a short time to go through a mile or two of snow blockade.

EARTHQUAKE.—Mr. Dunford informs us that he felt, at his residence in the Twentieth Ward, a distinct shock of earthquake at eight minutes to one this morning. He states that it was impossible for him to be mistaken, as he was wide awake and was positive that there was an oscillating movement of the house, lasting, as near as he could calculate, about six seconds, and the bed upon which he was lying at the time rocked from side to side. In order to convince himself that he was not mistaken, he went to another portion of the building where there were other inmates and found that they also were awake and feeling somewhat frightened at the unusual moving of things in general.

Although the shock occurred at an hour when most are buried in slumber and probably not dreaming of being buried by an earthquake, there are doubtless numbers of others who felt the shock.

CHOIR PARTY.—The Tabernacle Choir held a social party in the 14th Ward last evening, which was numerously attended by the members of the choir and their many friends.

There was a complete absence of cold formality sometimes noticeable at gatherings of the kind. A spirit of freedom, good nature, peace and pleasure pervaded the assembly. It was a time of social reunion, all seeming to enjoy themselves greatly while threading the mazes of the dance. During the evening several pieces were sung, the chorus of "Joy, Joy, Freedom to day!" being splendidly rendered by the choir. "Her bright smile haunts me still," by Mrs. Carslees, was the gem of the evening, being beautifully and delicately sung. Bro. C. R. Savage's "Little Maud," with chorus by the choir, was very good. Bro. Morgan helped to enliven the occasion, by a good comic song. For his unique performance on the English concertina Bro. William Foster received a deserved encore. Bro. Jos. Daynes also treated the company to a performance on a diminutive piano, which was so small as to be carried away under his arm. The party broke up about 3 o'clock, all feeling fully satisfied with the evening's enjoyment.

ANOTHER REASON.—The stereotyped sensational reason adduced why the women of Utah vote for their husbands and brothers and fathers and other tried friends is because they (the women) are enslaved and compelled so to vote, but the Washington *Star* has discovered another reason for their voting for a State government—

"The Mormon women, who are electors under the new constitution, turned out en masse, and the female vote is very large. It is believed the ground of their interest in the election is the conviction that the admission of Utah as a State will be a death blow to polygamy. The Gentiles established no polling places, and the one-sided election passed off without excitement or enthusiasm.

Which last expression, being interpreted, means "without rowdyism, drunks, or fights."

ARRIVALS.

TOWNSEND HOUSE—March 26.

R S Brooking, G T Loker, St Louis; M L Monroe, Md; S W Valentine, N Y; H Davis, San Fran; Mrs Judge Miller, children and amse, R Tindel, Ophir; A W Cook, London, Eng; Gov Evans and wife, Miss Dowell, M S Chessman, Denver; G W Kidd, L Pike, S Reid, lady and Servant, New York; V V Hall.

A GREAT MEDICAL DISCOVERY!

MILLIONS BEAR TESTIMONY TO THE WONDERFUL CURATIVE EFFECTS OF

J. WALKER'S VINEGAR BITTERS

Which are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and A LIFE-GIVING PRINCIPLE, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to directions and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

They are a Gentle Purgative as well as a Tonic, possessing also the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver, and all the Visceral Organs.

FOR FEMALE COMPLAINTS, whether in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION. Headache, Pain in the shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

J. WALKER, Proprietor.
