TO SEEK NORTH POLE IN ZEPPELIN AIRSHIP

Berlin, July 2 .- The proposal to reach the north pole in a Zeppelin airship is regarded as feasible by Erick von Drygalski, the well known geographer and president of the Aero club, who said today that the accomplishment of the project lies within the radius of action which Count Zeppelin already has demonstrated as possible for his craft. The dangerous and severe Arc tic storms must be reckoned with. Her Von Drygalski regards the geographic

and scientific aims of the expedition as fully justifying the venture and the expense entailed. Kiel, July 2 .- Prof. H. Hergezell, of

the University of Strasburg, has turned over to Emperor William complete plans for the proposed Zeppelin trip to the north pole. He explained the idea also to the Prince of Monaco, who probably will give financial assistance.
