Dr. Miles' Nervine will cure nervous prostration. It will bring sweet sleep and rest; it will relieve the mind of the tendency to worry; it will make the nerves strong and the patient well. It has cured thousands. It will cure you. Try it to-day.

"Some years ago I was stricken with nervous prostration caused by overwork and worry. I was in such a weakened, exhausted, run down condition that I was unable to do my housework. I felt too weak and tired to even make calls on my neighbors. Pre-quently when out driving I would become so exhausted that it seemed that I would die before I reached home. I was also troubled before I reached nome. I was also troubled with sinking spells at night which left me so weak that I thought I could not live until morning. I was in this deplorable condition when one day Dr. Miles' Nervine was brought to my notice. I had little faith in proprietary remedies but determined to give the Nervine a trial. After the second dose of the Restorative Nervine I was able to sit to the triale and rat a meal something. I had t the table and eat a meal, something | been unable to do for many days. I have ince taken a number of bottles of Nervine. I consider myself cured. I am doing my own work and give Dr. Miles' Nervine credit or my general good health. My object in writing this is to recommend your medicine but I cannot write as strongly as I feel."--Miss ADDE B. VARBLE, 405 E. Marion St., Guthrie, Oklahoma.
