# MINING, BUSINESS AND STOCKS

# TASK HAS PROVED ARDUDUS ONE

Experience Had in Unwatering Shaft at Ohio Copper Mine In Bingham.

FACE OF MASCOTTE TUNNEL.

It Shows Pay Ore Although Main Resource Has Not Been Reached.

Manager Colin McIntosh of the Ohlo Copper company has had to admit that the task of unwatering the main shaft at the Ohio mine in Bingham has been at the Ohio mine in Bingham has been just about the worst job that he has ever undertaken. The water is so heavily "copper charged" that it is noxt to impossible to keep the pumps in perfect working order. Pipes let down into the water are rendered useless after à day or two through the ravages of sulphuric acid which eats up the iron leaving a copper precipitate inslead. New pumps have been purchased and the cost of repair to the old ones and the cost of repair to the old ones has been no small item. For instance, it has been necessary to purchase several new plungers for the equipment and if a valve holds out more than 48 hours without being replaced with a new one it is a rare occurrence. However, the situation is being mas-

However, the situation is being mastered and Mr. McIntosh feels confident that the shaft will be entirely unwatered before the close of the present week, when the skip operating in the incline will keep out the flow so that progress of sinking will not be interfered with. But the water containing so much copper is only another evidence of what may be expected when the Mascotte tunnel encounters the main voin and convinces those who have watched the development of the property that it is destined to become one of the great copper mines of this state.

The Mascotte tunnel is being pushed ahead towards the footwall of the vein at a rapid rate, and according to reports received from the mine today, it is within approximately 350 feet of where it may be expected. Notwithstanding that the face is yet out in the country rock, it is in pay ore now. In fact, it has been for a good many weeks, and while Mr. McIntosh did not discuss values, the "News" learns from an authentle source that the rock carrles better than 1 per cent copper and from \$1 to \$2.50 in gold to the ton. It is an excellent concentrating material and will come into good play at the proper time.

No one knows the real magnitude of

No one knows the real magnitude of No one knows the real magnitude of the Ohio Copper mine, but that it will rank among the best in Bingham is not doubted. Some mining engineers cling to the theory that the origin of the mineral which has disseminated so thoroughly through the porphyries of the Utah Copper and Boston Consolidated mines was from within the present the Utah Copper and Boston Consolidated mines was from within the present domains of the Ohio Copper company. If that proves to be the case, and there are splendid reasons to believe that it is. Ohio Copper may prove to be the peer of either Utah Copper and Boston Consolidated. The economy with which Ohio ore will be conveyed to the place where it is to be subjected to mill treatment is a feature lacking in every other big mine in the Bingham camp. The company will not be dependent on the Denver & Rio Grande, or any other public utility corporation. It will be entirely independent as far as the conveyance of ore from mine to mill is concerned.

#### ON MINING EXCHANGE.

Dull Day for Brokers-Stocks Inclined to be Sharpish.

Weather conditions prevailing today may or may not have had an effect on mining stocks. At any rate, the market was dull and inactive with the total sales aggregating scarcely more than \$16,000. Mountain Lake, Iron Blossom, Colorado and Sloux Consolidated were bought, but at a reduction. Uncle Sam Consolidated was started off at \$1.02%, but sank back

to \$1. Only a trio of unlisted stocks recorded sales, these being: Western Nevada Copper, at 37; Uintah Treasure Hill, at 1812 and West Quincy at 10 cents. The closing quotations and sales

#### A GOOD INVESTMENT.

The officers of the Utah-Idaho Sugar Company, include Joseph F. Smith, President; Thos. R. Cutler, Vice President and General Mana-ger, and the other Directors are likewise well known and experienced. In the statement made to stockhold-ers April 10th, 1908, it was set out that

Undivided profits-\$1,109,323.91 Undivided profits—\$1,109.323.91

The sale of the sugar since then has given increased profit. The profits this year promise to be greater than any provious year. But the panic last year depressed the price of all stocks. SO THAT IF YOU HAVE THE MONEY NOW IS THE TIME TO BUY. The stock was purposely issued in shares of \$10 each to afford all an opportunity to own some. Dividends on the preferred stock ARE 17½ CENTS PER SHARE each quarter. Send us orders for the amount you want and we will forward stock certificates charging the fair market price the day your order reaches us. der reaches us.

#### BULLION BECK CONTROL.

Has Passed to United States Smelting Refining and Mining Company.

A deal involving a control of the Bullion Beck & Campion mine in the Tintic district, which has been pending for some time, was brought to a consummation yesterday afternoon whe between 50,000 and 100,000 shares of stock were transferred to the Centennial Eureka Mining company, which is a subsidiary corporation to the United States Smelting, Refining & Mining company. The transfer was made by Philo T. Farnsworth, under whose management the mine has been directed for a good many years. The consideration is said to have been above \$2 a share. The Bullion-Beck mine adjoins the Centennial Eureka and is one of the oldest lead-silver mines in the state. It has paid dividends to the amount of \$2,768,400; the last one, of 10 cents a share, having been disbursed last July.

Following the transfer, a meeting of the board of directors was held when the resignations of four of the seven directors were accepted and W. M. Bradley, Clarence E. Allen, George W. Heintz and Frederick Lyon elected to succeed them. The three remaining directors are: Joseph F. Smith, who is also vice president and treasurer; Philo T. Farnsworth and James A. Cunningham. A deal involving a control of the

#### PARK CITY NEWS.

Daly Company Has Pumps Working -New Era for Daly West.

—New Era for Daly West.

The management of the great Daly company is now getting in a position, says the Park City Record, where it can go ahead as desired with the work of further prospecting and developing in the mine, and to this end the water is now being pumped from the shaft preparatory to sinking. This will also hasten the connections being made botween the mine and the big drain tunnel, which, when completed, will be virtually the beginning of a new era for the Daly West. The mine, with all of its past records, is still but an infant in comparison with what the future has in store for it, it being the expert opinion of engineers and of all who have studied the proposition that at depth lies the true greatness of the Daly West.

at depth lies the true greatness of the Daly West.

Operations at the Nelson Queen property are yet at a standstill awaiting the arrival from the east of the new boilers, which have apparently become lost in transit. The management is anxiously awaiting the arrival of the new machinery and would like to have it placed before the heavy snows come so that work could be prosecuted all winter.

#### CONCENTRATES.

The directors of the Cedar Mining company have levied an assessment of cents a share.

The Wabash mine at Park City has made its initial shipment of ore to the Salt Lake smelters, the amount being about 15 tons.

Samuel Newhouse is expected to arrive in the city again tonight or to-morrow. He is about one of the storm. delayed trains in Wyoming.

Howard W. Throckmorton has been elected a member of the Salt Lake Stock & Mining exchange. His application was filed with the membership committee about a month ago.

N. A. Just, president of the Alta Copper company, is down from Idaho on a brief business trip. He believes the outlook for the Alta company is exceedingly bright and that the mine will eventually rank among the big producers of interior Idaho mining

The meeting of directors of the Talisman Mining company called for the purpose of ratifying the deal made with the Cedar Mining company looking to-wards consolidation has been postponed wards consolidation has been postponed until tomorrow. The mining was to have been held Saturday, but owing to the absence of one of the directors it was put over until yesterday, when something else happened to cause another two day's delay. Shareholders of the Cedar company ratified the deal last week.

### BUSINESS NOTES

The Salisbury company just bough 44x150 feet in the rear of the Salis-Estate company, from the Peterson Real Estate company, in order to admit of an enlargement of the plans for the Sallsbury building to be erected immediately to the north of the Boston block opposite the postoffice.

Today's local bank clearings amount-ed to \$975,721.14, as against \$1,463,327.90 for the corresponding—day last year. The Deseret National bank director

met this noon, and declared a regular querterly dividend of 3 per cent, amounting to \$15,000, payable at once. The directors of the Deseret Savings back also met, but transacted only reutine business.

A building permit was this morning issued by Building Inspector A. B. Hirth to Joseph Nelson, for a two-story brick structure at 170-176 west First South street. The building will be used for a store and will cost \$10-000. It is said the capital represented in the enterprise is furnished by the F. Armstrong estate.

Funerals Tomorrow—The funeral of James W. Silkeet will be held at 3 p. m., tomorrow from O'Donnell's chapel, under the auspices of the Woodmen of the World, Camp 338, with interment in Mt. Olivet. The funeral of Charles Frederickson will be held at 11 a. m., from the same

### WATER INTO CANAL NOV. 15.

Chief Engineer M. S. Darrow of the rrigated Lands company, is back from Price where he has just shipped a carload of machinery for equipment of carload of machinery for equipment of the Mammoth Reservoir. Capt Darrow has changed the course of the river there for the time being, and got in the coffer dam for finishing the remainder of the diversion dam which was one third done last spring. The tunnel has been finished and the water is to be in the great canal by Nov. 15. The rock through which the tunnel is run is bastard dolamite-a partly rubber fomation hard to blast out, as it falls right back into place again as the force of the blast subsides. The company has over 200 men and teams working on the reservoir which is to reclaim 16,000 acres.

#### OFFICERS ELECTED.

National Railroad of Mexico Holds Regular Annual Meeting Here.

E. E. Bashford of New York, assistant secretary of the National Rallroad company of Mexico and P. L. Williams, Harriman counsel in this state, voted 613,772 shares of stock of the corporation yesterday. These two men met in Mr. Williams' offices in the "News" building and elected the following divectors:

Ing directors:
E. N. Brown, City of Mexico.
Javier M. Cancino, City of Mexico.
Guillermo de Lauda y Escandon, City

of Mexico.
Jose M. de Landero, City of Mexico.
Julio M. Lunantoni, City of Mexico.
Fablo Macedo, City of Mexico.
Santiago Mendez, City of Mexico.
Roberto Nunez, City of Mexico.
Joseph P. Cotton, Jr., New York.
L. F. Loree, New York.
Caytano Romero, New York.
Walter T. Rosen, New York.
Henry Ruhlender, New York.
James N. Wallacc, New York.
George W, Wickersham, New York.
These directors will meet in New York shortly and elect officers.

#### BRYAN STARTS ON HIS FINAL SPEAKING TOUR

Chicago, Oct. 20.—Starting on a tour which in the next 10 days is to take him into some of the eastern states and to New York City. William J. Bryan left here this morning in his special car attached to a regular train on the Monon road. After speaking at various places in Indiana during the day Mr. Bryan tonight will address a meeting at Louisville, Ky. From then on up to the evening of the election he will be busy speech-making. In Ohio the candidate expects to speak at many places recently visited by Mr. Taft. He will run through West Virginla and New Jersey before reaching New York. New Jersey before reaching New York.

#### ONE KILLED, FIVE **HURT IN AUTO ACCIDENT**

Salinas, Cal., Oct. 29.—One man was killed and five others injured in an automobile accident last night at Comphore, three miles north of Sole-

The dead: John Hoit, The injured: C. M. Villa. Charles N. Cape.

Victor Massera.
Charles Lindstrom,
L. B. Dickey.
All were members of Salinas Grove

of Druids and were going to Soledad to assist in the initiation ceremonies of the grove at that place.

#### THAW WILL NOT BE SENT TO PITTSBURG

Pittsburg, Oct. 20.—In the federal court here today Judge Young dismissed the writ of habeas corpus requiring the presence of Harry K. Thaw in this city. This means that Thaw will not be brought here at

# STOCKS WERE STRONGER TODAY

New York, Oct. 20 .- Third Avenue opened today at a further decline of 2 and had an unsettling effect on the tone

of the stock market. of the stock market.

Strenth in dvidend-paying stocks overcame the unfavorable effect of the break in Third Avenue. Northern 1:a-cific was pushed up 1%, Union Pacific tax pushed up 1%, Union Pacific tax properties and St. Faul, Great Northern preferred, Reading, American Sugar, General Electric and Westinghouse Electric 1. Third Avenue fell 2½ before the buying by the shorts took effect and it rallied 1½. Trading was very dull at the high range of prices.

Northern Pacific was the influencing factor with its rise of 2%. When its advance was checked the general list also paused.

Bonds were steady.

Considerable strength was manifested after noon but the dealings lacked any spectacular feature, the rise continuing slow and orderly. Most of the Frogniz ed leaders were quoted between 1 and 2 points above yesterday's closing. Strenth in dvidend-paying stocks

#### WOOL.

ST. LOUIS.

St. Louis, Oct. 20.—Wool, firm. Territory and western mediums, 17@20; finemediums 15@17; fine, 12@14. BOSTON.

BOSTON.

Boston, Oct. 20.—The improvement in the local wool market which began a month ago continues with an active demand, prices firm and increased confidence in the situation. The inclination is apparently growing to hold on to stock.

Fine Montana clothing is selling freely at 15c. and Utah fine medium at 11½c. Quite a little Oregon Eastern staple has been transferred at 18½c., while good northern California is quoted at 17c. Other lines are also in demand.

#### LONDON.

London, Oct. 19.—The fifth series of the wool auction sales closed today. When the sale opened prices were un-changed from the July average, but good wools soon cased off. Later, under animated bidding from all quarters, the decline was recovered. animated bidding from all quarters, the decline was recovered.

Greasy merines at the close today were level with the July sales, and wool sutable for America showed an occasional advance. Secured merines and slipped crossbreds, however, were 5@10 per cent lower. Cape of Good Hope and Natal wool also lost 5@10 per cent. During the sales the continent bought 102,000 bales, the home trade 109,000 and America 8,000. At today's sales a miscellaneous collection of 11,938 bales was quickly sold at hardening prices.

PRODUCE. CHICAGO.

Chicago, Oct. 20.—December wheat opened at 981/2 to 983/4 and sold off to

opened at 98½ to 98½ and sold off to 98¼.

December corn opened a shade to ½ \$\pi\$
½ higher at \$\Pi\$ to \$\Pi\$\% and sold off to \$\Pi\$\%.

December oats opened unchanged at 48 and declined to 47%.

Provisions were easy because of a decline in live hogs. Prices at the start were unchanged to 5c. lower.

Close—Wheat—Dec., 28½; May, 1.01% \$\pi\$
1.02; July, 97%.

Dec., 63% \$\Pi\$ 63½; May, 62%; July, 62%
\$\Pi\$ 62¼.
