To some of his visitors the president referred to the statement made public less night by Judge Alton B. Mr. Parker's assertion is in effect that such contributions have been made for improper motives, either in consequence of threats or in consequence of improper promises, direct or indirect, on the part of the recipient.

But there is not one particle of truth in the statement, etc.

Neither Mr. Parker nor his support-ers, the president declared, have been able to traverse or question the state-ments made in that answer. The presi-dent said that to his own knowledge about a dozen contributions offered by afout a dozen contributions offered by corporations had been declined by Chairman Cortelyou, but that others had been accepted. A contribution by the American Tobacco company, he said, had been returned. A prominent man had made a contribution of \$20,000 to the Republican campaign fund. As soon as his motives were understood the national committee returned his contribution. The president asserted to his callers that none of the corporations contribution. Lieut. Leckie Traced Course of Bullets Fired Into Houses, Saving Did Not Come From Barracks.

Washington, April 3.-Testimony of unusual interest was given today in the Brownsville investigation before senate committee on military affairs, the chief witnesses being Maj. Charles W. Maj, Penrose said he was awake when the tiring began on the night of Aug. 13. He heard two pistol shots from the road, he thought in the vicinity of the guard house. He testified to sending Capt. Lyon with company D to patrol the town, and of his return, accompanied by Mayor Combe and his brother, Joe Combe, and of their statement that soldiers had done the shooting. The witness said Mayor Combe told him none of the men of the Twenty-fifth should be permitted to enter the town, as he could not be responsible for the actions of citizens toward them. This applied to officers as well as enlisted men, as Mayor Combe said that the sight of a uniform might inflame the people. Maj. Penrose said he replied that he would allow none of his men to enter the town, and neither would he allow a citizen to enter the garrison.
