BRIGHAM CITY .- "A. C." writes from Brigham City, April 28th. He speaks highly commendatory of the progress of the pupils of Prof. Monch's school.

Between Brigham City and Call's Fort, and near Bear River, there is a large cooperative farm, upon which, during some days of last week, about sixty teams were at work. In seasons when rain is moderately plentiful good crops of wheat can be raised close to the river without irrigation.

The U. N. R. R. hands are busily at work; track laying, however, will be delayed a short time on account of a portion of the grade having been washed away about two miles north of Brigham

EXCURSION PARTY,-The following came per the Deseret Telegraph line-President Young's party, about one hundred and fifty, parted with the missionaries at Ogden, who took their departure east. The party arrived here at eight a.m., and found seven cars of the Utah Northern, which we occupied to Brigham, making the trip (four miles) in ten minutes. We wade met by Prest, L. Snow and 500 school etablishen, with banners and music. The children and citizens all joined in three hearty cheers to President Young and party, also three more to the Utah Northern and fits worthy president. We are now Utah Northern Junction, May 1, 10 a.m .ern and its worthy president. We are now back at this place, where we will stay until 2 p.m., expecting to be in the city at 7.30 p. m. They have a beautiful May pole erected at this place and I notice about sixty teams males with citizens and school children from Willard, with banners and music. to Brigham. The day is beautiful, the scenery lovely and the music and cheerful de day of rare enjoyment.

COULDN'T FIND IT .- Our traveling agent, who has just returned from a trip through Summit County, informs us that there is a great deal of snow in that part. Some idea may be obtained of the quantity which has fallen from the fact that a man started out, on snow shoes, into the kanyon to go to his saw mill. He arrived all right at the site of the mill, but he was unable to find it, as it was hid from view, being entirely covered by snow.

SHOULD BE REPAIRED.-Brother Robt. F. Goold, of Washington, Washington Co., called yesterday. He states that himself, team and wagon narrowly escaped being thrown from a bridge across the Sevier, in Juab county, through his horses taking fright. He states that the above mentioned bridge is very much out of repair, and conbridge is very much out of repair, and con-sequently dangerous for teams passing over it. It is narrow, having been built for a single track; the side rails have been tern away from the ends, besides being con-siderably damaged in the middle. Those whose duty it is to keep the bridge in re-pair should attend to it, and thereby ob-viate the danger to life and property which, according to the statements of Brother Goold, now axists. Goold, now exists.

Brother G. informs us that the early

fruits in Washington Co. have suffered considerably from late frosts. The health of the people is generally good.

YouTHFUL TRAVELERS. - The Utah Central special train which left Ogden at WALL 7. 15 last Sunday morning for Salt Lake had among its passengers four children, who had traveled alone all the way from Australia! In conversation with them we elicited the following particulars: Their names are Emms, Eveline, Josephine and Charles Carn, (properly Garn,) aged 12, 8, 7, and 5 years. Their father was the son of Ilanial Carn, a well known and respected citizen of Sait Lake. Young Carn left his fliends to go gold-bunting some twenty years ago, settled and married in Australia. His wife lost her reason and had to be contined in a lunatic asylum. He died about hi months ago, leaving his four children to the mercy of strangers. Their grandfather, hearing of their condition, sent means to have them forwarded to Sait Lake in charge of some competent person. The businers was conducted by Mr. Wm. Clayton, Notary Public, S. L. City. For some unverplained reason, they were sent from Dunedin to Port Chalmers without a guardian, and were shipped on the "Nebranks," making the passage to San Francisco in about aix weeks, having laid up eight days in Honolulu. A gentleman named Carr, at 'Frisco, with whom Mr. Clayton had corresponded, put tham on the cars for Ogden. Here they expected to find their grandfather, but he died and was buried a week before their arrival. They reached Mr. Clayton at Sait Lake in safety, and were soon placed with Mr. Carn's lamily, and are now happy and contented. It is something out of the ordinary affairs of life for four little things like these to travel so lar in safety without a human protector, and the hand of Providence is visible in their behalf.—Ogden Junction, May 1st. Australia! In conversation with them we behalf.—Orden Junction, May 1st.

SET AT LIBERTY,-A number of perso in whose cases a nolle prosequi was entered in the District Court yesterday, were set at liberty last evening by the Territorial Marshal, he having no authority to hold Marshal, he having no authority to hold them. Among them were Messrs. Hosea Staut, Wm. Kimball, John L. Blythe, B. Y. Hampton, A. Burt and James Toms. It will be gratifying to the public generally that those gentlemen are again at liberty. We doubt whether there be asybody who really and firmly believed them guilty of the charges which were hatched and preferred against them, while the public generally were imbued with a belief in their complete innocance. There is no doubt complete innocence. There is no doubt that all of these gentlemen are perfectly willing that a searching investigation of their cases be entered upon whenever it can be done in a legal and unprejudiced
