Wired from Washington.

WASHINGTON, 19.—At the opening of the Hill investigation, Thomas announced that his engagements compelled him to retire temporarily from the case.

A circular was issued to-day from the office of the Third Assistant Postmaster General, officially notifying postmasters throughout the United States of the reduction in postage rates, to take effect on the 1st of October, and directing them to make preparations for it. Postmasters are notified that it is desirable to have as small a stock of the present three cent stamps and stamped envelopes as possible on hand when the reduction goes into effect. They are accordingly instructed to limit their requisitions for stamps and envelopes of this denomination to such quantities as upon careful estimate they may deem sufficient to last until the 1st of October. He also directs that as no arrangements have been made for the redemption of three cent stamps and envelopes in the hands of postmasters, or for exchange by postmasters of these stamps and envelopes in the hands of private holders, until further notice postmasters will not make exchanges for the public nor return to the Department the stock that remains on their hands after October 1st. Postmasters are, however, notified that as two and three cent stamps and envelopes of the present issue will continue to be valid after that date, they must be accepted in payment of postage when offered in the proper amount; that three cent stamps can be used in combination with other denominations on letters requiring more than one rate, and on parcels; also announces that the Department will be ready to issue two cent stamps of the new design an the 15th of Sept., but these stamps and envelopes must not be placed on sale or used by postmasters before October 1st. Also, that no three cent stamps will be issued after Sept. 14th unless the requisition therefor is accompanied by the statement that they are needed for immediate use; that the fully supply asked for will become exhausted by October 1st. Further, that no three cent stamped envelopes will be sent after the 31st of August unless requisitions for them are accompanied by a similar statement. The circular further instructs postmasters as to the design for the new two cent and four cent stamped envelopes. It notifies them that the prices for envelopes, exclusive of postage, will remain the same as at present; that no change will be made in postage due stamps; that rates on drop letters will remain the same as at present.

A telegram was received at the Department of State to-day from Campbell, U. S. Consul at Monterey, dated Laredo, Texas, confirming the press report of the assault upon Shaw while acting as Consul at Monterey.

Governor Foster and ex-Speaker Keifer are in Washington on business connected with the internal revenue service in Ohio.

The Treasury Department to day purchased 469,000 ounces of silver for delivery to the San Francisco, New Orleans and Philadelphia mints.

$3,000,000 Fire.

NEW YORK, 19.—At about 10.30 o'clock this morning, a spark from an engine fell into a pile of jute which had just been landed on Harbeck's dock from the ship *Lawrence Dilop* from Calcutta. The dock was filled with heaps of jute and coffee. The flames spread with rapidity, and in a few minutes the entire dock was ablaze. *Dilop* was the first vessel to catch fire, and all her rigging was burned before she could be towed out. Next to her on the south side of the dock was the ship *Perseverance*, also from Calcutta, which arrived yesterday; and on the north side lay the ship *Col. Adams* from Calcutta. To both of these vessels the flames communicated, and the crew jumped overboard for safety. When the firemen reached the dock the supports of the roof gave way, burning over a dozen firemen and dockhands beneath the ruins. A rescuing party was quickly formed, and the men dragged out from the blazing rafters; none dead, but all more or less burned and bruised. Just then a break occurred in the crowd and the chief of the batallion gave orders, "clear the dock," as the ship *Lawrence Dilop* which was now on fire above and below contained 4,500 pounds of saltpetre. A rush was made by the crowd to the further end of the dock. While this was going on, a hoisting derrick from which the supports had been burned, fell over on the wharf with a crash, knocking two dockmen overboard.

Custom House Inspector Harradin, in attempting to escape from the ship *Col. Adams*, was severely burned about the face and hands. The ships *Perseverance* and *Col. Adams* had by this time been towed far out into the stream, and the firemen were pouring streams into their holds. The efforts of the firemen were mainly directed to extinguish the flames on board the *Lawrence Dilop*, on which it was momentarily feared an explosion would take place. At 11.50 she was still blazing fiercely, but the extent of the losses were unknown, though undoubtedly heavy.

Later.—The district officer at Harbeck's Docks stated that the captain of the *Lawrence Dilop*, with his wife and three children, was reported drowned. Two dock hands were also reported drowned, and one sailor killed by falling timber. The loss is now estimated at between two and three million dollars.

Three men were seen to throw the trunk of Captain Grove of the ship *Lawrence Delop* overboard, containing £2,000 and $4,000 worth of jewelry belonging to his wife. It was picked up by river thieves who rifled it. The wife and child of Grove were saved. Twelve firemen were badly injured by the falling in of the burning roof of the pier, but only one is thought to be fatally hurt. The ship *Delop* was burned to the water's edge. She was valued, with cargo, at $150,000. The ship *Col. Adams* was burned at the pier. The bark *Perseverance* floated into the stream and burned to the water's edge. The total loss is now estimated at $1,000,000.

The Lightning Strikers.

WASHINGTON, 19.—At 1 p.m., ten men of the Western Union Telegraph Company's day force in the Washington office had stopped work; nine were yet in the office, but the manager was not sure that all would remain. Nearly all the members of the night force are congregated on the sidewalk at or near the office. Members of the Brotherhood connected with the Baltimore & Ohio Company are all out.

It is rumored here that the report that General Grant had dropped dead on the street in New York was the signal agreed upon to communicate to the operators the instant to strike, it being well understood that the operators might be relied on to spread that story rapidly. An active officer of the Brotherhood is authority for the statement that no strike is to be apprehended from the operators working wires leased by brokers, newspapers or private individuals, where such operators are employed and paid by the lessees, unless an attempt is made by the Western Union Company to utilize these operators in handling matter connected with business for such private firms.

Chicago, 19.—Reports received by officials of the company here from superintendents at various points are to the following effect:

Cincinnati—Everything working elegantly in this district; every office fully equipped except Cincinnati; have 35 operators now and more coming.

St. Louis.—Working every circuit; 69 operators, the full day force, on duty.

Cleveland—Good working forces on duty at Cleveland, Detroit, and Toledo, and more coming in.

Minneapolis—All circuits manned by 3 p.m.

Omaha—Will have nearly the full force at principal points by to-morrow morning; any number of volunteers. Don't worry about this district.

San Francisco—Full regular force, 28; 16 joined the strike. All vacancies will be filled to-night.

St. Joseph—Full force returned to work; claim it was through a misunderstanding.

Des Moines—Only one striker.

The report from the Indianapolis district, embracing Indiana, Western Ohio and Eastern Illinois, shows all points except three or four with full forces.

F. H. Tubbs, superintendent of the Chicago district, reports 80 good operators at work immediately after the strike, and business practically clear at 3 o'clock, with constant accessions to the ranks. The West stone system between Chicago and New York has worked to its fullest capacity ever since the strike, and is doing excellent work. Reports from the Chicago district, embracing most of Illinois, Wisconsin, Minnesota, Iowa and Dakota, show nearly full forces at most points, and the business generally clear.

New Orleans, 19.—Of 42 operators employed by the Western Union in this city 37 struck. The company obtained five other operators, enabling it to handle press reports and a quantity of general business.

New York, 19.—The general business of the Western Union Company was in such a satisfactory condition this evening that General Eckhart, acting president, went home as usual to Long Branch.

Late to-night it was reported that everything was running smoothly at the Western Union.

Reports from different points at 10 p.m. show every office manned. The only criminal act thus far reported is that line men cut the wire at Asbury Park.

A general order has been issued from the Western Union office, stating that all business will be accepted, subject to delay.

Chicago, 19.—At midnight business in the Western Union office is moving with small delay. The officials express confidence in their ability to beat the strikers. The striking operators held meetings most of the day and evening, the time being chiefly given to short addresses counseling moderation and good behavior. Committees counsel to prevent any over-indulgence in liquor, and the patrol committees to keep the strikers from assembling in bodies around the Western Union building, were appointed. Whenever one of the "loyal" operators appeared, he was surrounded by strikers, who tried to persuade him to quit work. All was conducted quietly, however. No cases of violence are reported.

Pacers and Trotters.

CHICAGO, 19.—The fifth day of the Chicago Driving Park summer trotting meeting furnished rare sport. All conditions were favorable. Weather very warm, little wind blowing, track unusually fast. Contests close and exciting, and the average time made was never before equaled for any one day at any place exclusive of one jog around the track alone. Eight heats were trotted and paced at an average of 2 16¾. The average of four trotting heats was better then 2.18¾. The average of four pacing heats was better than 2.13¾

The sensational event of the day was the meeting between the famous New York gelding Majolica and the great Wisconsin stallion Pollux, in which the latter was victorious, reversing the verdict at the Gentleman's Driving Park, New York, a few weeks ago. The following is a brief outline of the racing:

Purse of $2,500 for three minute class; $500 extra to beat 2.27; Majolica a strong favorite against the field, on the strength of having trotted in 2.17 in his first race. Majolica won the first heat without urging at any point. In scoring for the second heat at starting the judge gave the word "go," and by mistake sounded the recall bell at the same time. All came back except Majolica, who was jogged round and given the heat under the rules, the others being allowed to start. The third heat was trotted at once. Majolica went away at the post and was seven lengths in front of Pollux at the half-mile post. Then Pollux began trotting very fast, overhauled the leader at the three quarter post, trotted him to break, and won the heat in 2.16½, making a record unsurpassed except by Smuggler and equaled only by Jerome Eddy. The next two heats were a repetition of the third, except that Majolica did not secure such a commanding lead in the first half mile.

Johnston's phenomenal pacer came out between heats of the trotting race, and went a mile for a purse of $2,000 to beat the best pacing time, 2:11½, made by Little Brown Jug at Hartford in 1881. He went to the quarter in 33½ seconds, to the half in 1:05½; the three-quarters in 1:38, and the full mile in 2:11¾, just equal to the best time, but not winning. The mile was done without a skip.

St. Julien also appeared between heats, and was jogged slowly around the track in a walk-over for the stakes in his match of $1,000 a side against Clingstone. No time.

Richball, winner of to-day's pacing race, was bought before the race by Frank Spearwood, secretary of the Gainsville, Texas, Driving Association and one or two others for $10,000.

FOREIGN.

British Isles.

LONDON, 19. — The Sergeant-at-Arms of the House of Commons today reported to that body that Bradlaugh had brought an injunction against him to restrain him from preventing Bradlaugh from entering the House.

The shooting for the Elcho shield took place at Wimbleton to-day, between the English, Scotch and Irish riflemen; the latter were victors. They scored 1,600 against 1,589 for the Scotchmen and 1,564 for the Englishmen.

It is rumored that a case of cholera has appeared at Trieste, Austria. Much doubt, however, is expressed as to the truth of the story.

Glasgow, 19.—This evening seventeen more corpses were recovered from the stoke hole of the sunken steamship *Daphne*.

General Items.

Berlin, 19.—The harvest in Prussia promises well, especially in the northwestern provinces. It will be less in Pomerania and Brandenburg. Wheat in the former is below the average.

In Sohleswig-Holstein, Westphalia and Reinish Prussia, the drought did much damage to fruit, but roots and potatoes are everywhere good.

Madrid, 19.—A credit of 1,000,000 pesetoes was voted the government to defray the cost of all possible measures to prevent the introduction of cholera into Spain.

Pesth, 19.—According to official returns of the condition of crops in Hungary, an average yield of wheat and rye is general throughout the country. It is expected that barley will be below the average. Oats are everywhere good.

In the Jew-Christian trial, the public prosecutor demanded that an anti-Semite deputy named Onody be summoned as a witness. Onody threatened the prosecutor with a stick in the street, and challenged him for a duel. The prosecutor declined to accept for the present.

Port Said, 19.—Cholera has ceased at this place.

Alexandria, 19.—Number of deaths at Cairo yesterday from cholera, 68. Also during the same time 21 deaths from cholera at Damietta; 32 at Mansurah; 24 at Samanoud; 30 at Ghizeh; 22 at Chiblin.

BRIEF TELEGRAMS.

NEW YORK, 19.—The lock-out of cigar makers still continues, and neither side shows any signs of yielding.

Concord, N. H., 19.—Two ballots for U. S. Senator.

First, 160 votes necessary to a choice. Chandler 73, Bingham 114.

Second, 114 votes necessary to a choice. Chandler 74, Bingham 110; the remainder of the votes on each ballot was distributed among a dozen other candidates.

Bridgeport, Conn., 19.—The funeral of Tom Thumb took place to-day with Masonic ceremonies. Fully ten thousand people viewed the remains.

Chicago, 19.—Chicagos 6, Bostons 4.

Detroit.—Providences 7, Detroits 3; 14 innings.

Cleveland.—New Yorks 4, Clevelands 6.

Buffalo.—Buffalos 25, Philadelphias 5.

Chicago, 19.—It is understood that the nickel plate road has made formal demand for twenty per cent of the east bound dead freight business, and that the matter will come before the next meeting of the Joint Executive Committee for consideration.

Chicago, 19. — The corporation counsel decided that saloon licenses are not transferable. This leaves several persons with a large number of licenses on their hands, taken up as a speculation at $103 each before July 1st, when the State law making a tax of $500 went into effect.

Jacksonville, 19.—General Charles R. Stone, Chief Engineer of the Florida Ship Canal, arrived this evening from New York. He will personally examine three routes on which his surveyors have pronounced the construction of a Ship Canal feasible, and will report to the board of directors at a meeting in August.

Lima, 19.—Bulletins from the battlefield say Caceres had 4,000 men, six Krupp cannon and an abundant supply of rifles, while Col. Garastiaga had only 1,200 men. Caceres, it is thought, lost 1,000 killed on the heights. Caceres, Racabarron, Elias, Prado and other chiefs, it is said, escaped unhurt.

Chicago, 19.—This afternoon the employees in the Bessemer steel works at South Chicago presented a demand to the company for a change from work by the day to work by the ton. The company refused the demand, and 2,000 men struck. The officials claim the advance asked by the men was about 100 per cent.

New York, 19.—The joint executive committee (freight department) of the trunk lines met to-day at the office of Commissioner Fink. It decided to admit the Chicago & Atlantic and New York; Chicago & St. Louis (Nickle-plate) companies into the pool. The principle discussion was upon the allotment of the percentages which should be awarded them. The question was not decided.

Chicago, 19. — Francis Adams, counsel to the corporation, has presented to a council committee his opinion on the question whether the charter originally granted twenty-five years ago to the city railway companies by the State Legislature to run twenty-five years, remained valid, or was superseded by a subsequent act extending the franchises to ninety-nine years. He holds the extension valid.

Bismarck, Dak., 19.—On Wednesday of this week, while General Terry, Senator Edmunds, Chief Justice Waite and a party of army officers were riding around Mount Washburn in Yellowstone Park, the pony ridden by Chief Justice Waite bucked and threw the rider violently to the ground, and he struck on his side, injuring and probably fracturing a rib. A special train was sent to the end of the track for the party, which will pass eastward to-day.

Toronto, 19.—The *Globe* publishes crop reports for Ontario and Quebec to show that the country suffered no more from rains this season than in former seasons, or from other causes. Taking 100 as the basis of the average percentage, the average crop promise is as follows: Fall wheat 78; spring wheat 90; barley 90; oats 90; peas 89; rye 93; hay 122; potatoes 93; corn 75; roots 93; apples 64; other fruits 80.

The Ontario government grant $5,000 relief for sufferers by the London floods.

Richmond, Va., 19.—The State Central Republican Committee elected John F. Dezendorf, chairman, vice J. Cochran, resigned. The resolution endorses Dezendorf, condemns the national administration for throwing its influence against republican candidates at the instance of the bosses of the readjuster party, and in removing from office republicans who have always been active supporters of the party and policy, and in placing those in their position who refuse to acknowledge themselves republicans. A resolution declared James G. Blaine the choice of the republicans of Virginia for President.

FIRE! FIRE!
"A High Private in the Rear Rank."
TO OUR MANY PATRONS:
ON ACCOUNT OF THE GREAT heat, the Merchandise Department of the ART BAZAR is removed to the store lately occupied by David Yearsley, in the Hooper & Eldredge Block. The Photographic Department, in charge of Mr. Ralph Savage, has also been transferred to John Olson's new gallery, on Commercial street. Persons having paid for portraits in advance at the old stand can have them retaken after July 4th, free of charge. No pains will be spared to keep up the standard of excellence hitherto maintained. Rally! Rally! Rally! A new series of views will soon be taken. Nothing was saved from the upper part of the Art Bazar.

[Special to the DESERET EVENING NEWS of July 3rd, 1883.]
Trial of a Twine Binder.
Yesterday afternoon there was an exhibition of the Osborne Twine Binder, on the farm of Mr. John Briggs, in Sugar House Ward. The main points of excellence claimed by the company for this machine are, its simplicity, ease of draft and management, perfect binding, power to elevate and the width of cut, the smallest machine having a six foot blade, while the largest one's blades are ten feet long.
The machine did excellent work, binding equally firm and even in long and short grain and not missing a single bundle. Notwithstanding the fact that the grain was green and heavy, the elevator did perfect work, and the grain was bound so tight that it was next to impossible to shake the bundle out. Considering the inexperience of the driver and team the acre of grain was cut in a notably short time and to the satisfaction of all present. A number of local farmers who were present gave Mr. Mellor, the manager, a testimonial to that effect.
JULY, 2nd, 1883.
We, the undersigned, having witnessed the cutting and binding of about one acre of heavy green wheat, in the farm of John Briggs near Salt Lake City, by an OSBORNE, No 11, TWINE BINDER, certify that it did the work to our entire satisfaction, and did not miss a bundle.

WEST JORDAN, July 5th, 1883.
Messrs. D M. Osborne & Co., Salt Lake City:
GENTLEMEN:—The new No. 11 Twine Binder purchased of you this season, was started on my farm to-day in ripe rye cutting and binding to my entire satisfaction. The draft is light, it misses no bundles, and is the simplest and most perfect self binder I ever saw. I would recommend all farmers in want of binders to purchase the Osborne No. 11.
THOS. ROBINSON.
