UNION SAFETY LAMP.

IS conceded by all who have seen it to be possessed of great merit, and to be altogether the best thing of the kind ever put in the market.

The Lamp is constructed with two tubes, the smaller one for the admixture of the burning fluid and the outside one to contain the oil as it rises in the wick. As there is no connection between the inner tube and the oil in the outside tube, it will be evident that there is no possibility of gas ever collecting in the oil and as long as the oil in the lamp can be kept perfectly cool there is, of course, no chance for an explosion.

The Lamp is strongly and well made, attractive in appearance, and something entirely new and novel. It will burn Kerosene adapted to any burner. With all of these advantages it combines cheapness; and from present indications it is destined to become very popular.

In case of accident, the Lamp falling or thrown over, by which many explosions occur, is the cause of the oil running to the flame. In this Lamp it is not so; it can be thrown over and cannot send the oil to the flame; it will run from it, so here is no danger of catching fire.

The public may rest assured that the Lamp is all that we claim for it, and we confidently invite the most critical to examine and test it, feeling confident the verdict will be the same as that of the most scientific men of the entire States—that it is superior to all LAMPS that have yet come to public notice.

This Lamp can be filled from the fount, on the top of which is a screw.

This Lampcan be attached to any Chandelier or Bracket made.

THIS IS THE

MEDICINE OF NATURE

For Destroying and Expelling all Kinds of Worms, Cleansing the Body, Blood, &c., &c

SYMPTOMS OF WORMS:

A FEW OF THE MOST COMMON SYMPtoms which indicate the presence of Worms: Changeable Appetite, Offensive Breath, Pains in the Stomach and Head, Grinding of the Teeth during Sleep, Pale Face with Hollow Sunken Eyes, Itching of the Nose and Fundament, Irregularity of the Bowels, a Short Dry Cough, Loss of Spirits, Feverishness and Disturbed Sleep, Rising in the Throat causing Sickness, &c.

DO NOT LET YOUR CHILD DIE.

Shall the bud of infant bloom
Soon be hurried to the tomb?
Mother, your wide watchful eye,
Do not let your darling die,
Mark the dullness of that eye,
All irregularity,
Mark that paleness, white and deep,
And the feverish, fitful sleep,
Be the stomach, full and hard,
And the bowels ill cured,
Mark the spirit, even low,
All bespeaking pain and woe.

SAVE IT, SAVE IT.

Why has your darling ceased to smile?
The worm is in your precious child,
And grows with vital power each day,
Its prey to feed and nourish on.
Hear then, the only welcome sound,
Save! a remedy is found.
Plain, never-failing cow or and syrup,
A cure most sure and easy make;
Kindled at once the dull and the gloom,
Chases to rosy cheeks with and bloom;
It never fails, it never can,
It cures the child, the youth, the man,
It's sure, it's safe to be
No drugs nor calomel are in.
Hundreds who have tried all else
In the cheap stuff they've sold,
Try it, try it, try it, try it
Ere you purchase, now or buy it;
Wait not till another day,
The fever chance has passed away;
Make at once the solemn vow
That you will try it—try it now!
Mother, you with watchful eye,
Do not let your darling die.
