

SHEETS-KEARNS PARTY AIRING

Usual Brand of Rabid Oratory
On Tap at Lagoon
Yesterday.

"SPENDERS," NEW EDITION.

A. J. Weber Promises Auditors That
Next Year Will See Money Fly
—If Ticket Is Elected.

The "American" party took itself out for an airing yesterday. This followed the Sheets resignation of Tuesday, and in turn is followed by the announcement today that Mayor Thompson is confined to his home with illness. Lagoon was chosen as the spot in which the "party" might best restore itself to natural conditions and make as large a shout as possible after trying to run its collection of skeletons to the most available closets. Ex-Chief Sheets was not on hand to rejoice with his brothers of the Sheets-Kearns party. Detective Raleigh also was not on hand, as he probably was busy at home figuring up how much his position is worth with the chief already deposed from office.

PROMISED TO SPEND MORE.

The big thing the party orators had to explain was the reckless expenditure of money, and Judge A. J. Weber started out by saying that he cheerfully admitted the spending of the money, and followed this with a promise to spend more next year in case of a successful campaign.

The day began with a series of sports in the afternoon, the feature of which was a bull game between a picked team of the "American" party and a team selected from the streetcar men's union. The union men won without effort, piling up a score on their antagonists and winning a prize of \$25.

After the sports, came the speeches, which were delivered in the dancing pavilion by A. J. Weber and J. E. Darmer, once a discredited leader who has been recalled by force for which he has declared he has but little use.

DARMER IS PROUD.

"I wish to say I am proud of the 'American' party," said Darmer. "Today shows us that the need for this party is as great as ever before, and that its issues stand out clearly and without a cloud upon them. The 'American' party, he shouted again, "has made a city of a village in Salt Lake." He, however, neglected to mention that the ethics of the city government had been those of a certain other western city not a thousand miles away where a mayor makes his appointments from a place in which he resides not through choice.

The day was meant to open the fall campaign, and this done with a promise from Darmer and another from Weber that another term for the "American" party means another two years of reckless expenditure.

"MORMONS" ON TOAST.

In unwinding on this political theme Judge Weber proceeded to read all Mormons out of their rights as citizens and to advocate a ban on them one and all. "The 'American' party," he said, "was born because conditions demanded such a party, because the church parties were both receiving active aid, or were fervently praying for it while the voters went to the polls." The "hierarchs" of which most "American" party orators have so had an at-

There never was a clearer demonstration of merit reaping its reward than in the case of

DR. FRANCIS ARRIVES.

Pastor of Church in Russia Will Spend Sunday in Salt Lake.

Rev. Dr. Francis, pastor of the English-American Presbyterian church at St. Petersburg, Russia, arrived in this city this afternoon, to remain over Sunday. He was a delegate and one of the more prominent speakers at the international convention of the Society of Christian Endeavor held in Seattle last month, and will speak at one of the local churches next Sunday morning. Rev. Dr. Brannan and wife of Willamette, Pa., also delegates, will be in Salt Lake tomorrow, to remain over Sunday, and an effort is being made to have him address the C. E. prisoners at the state prison that morning. A feature of the day will be the arrival from the Yellowstone by special train of 10 New York state Christian Endeavorers who attended the Seattle convention. They are to be breakfasted at the Kenyon hotel and after being shown around the city, be given a special organ recital at the tabernacle. Pres. C. E. Marks of the Utah state union and wife will do the local honors, assisted by Pres. Jacobs of the Salt Lake Christian union and other local lights of the young people's evangelical societies.

NEW MANAGER ARRIVES.

J. A. Colt, of Indianapolis, Takes Helm of Utah Implement Co.

A. J. Colt of Indianapolis, the new manager of the Utah Implement-Vehicle company, has arrived, and will take up his duties at once. Mr. Colt resigned the management of the local branch of the Western Moline Plow company to accept the Salt Lake position offered him. Mr. Colt brought his family with him, and is now domiciled here. He has many years of valuable experience in the agricultural implement and wagon trade, and understands the needs of the western country, so that he comes here well prepared to effectively handle the properties entrusted to him. Mr. Colt personally represents the eastern controlling interests of the company and is from the Connecticut family of the same name, and one of the oldest and most respected families of the commonwealth. He succeeds Mr. John Q. Critchlow, who still retains the position of secretary, but by relinquishing the management is able to give more attention to other lines of commercial activity in which he is interested.

W. D. HAYWOOD ARRIVES TONIGHT

Was Given Big Reception at Pocatello This Afternoon, Where He Was Met By Band.

(Special to the "News.")

Pocatello, Ida., Aug. 2.—William D. Haywood and party, consisting of his family, his mother, sister and others, arrived here at 12:35 this afternoon on No. 2, the eastbound Oregon Short Line passenger train. The party occupied a special Pullman sleeper, the Elmitra. The federation officer was given a big reception, mostly all the unions were out in force, and many ladies. A crowd of 2,000 people was at the depot and the Citizens' band was in attendance.

The committee in charge had Haywood mount one of the baggage trucks on the depot premises, and the ex-prisoner was introduced by George B. Sanborn, after which the visitor made a brief speech, exhorting the men to unite in federation work and along political lines. After the address followed a general hand-shake.

Haywood and party left for Salt Lake City on No. 10, and will arrive there at 8 p. m.

REVENUE FROM RESERVES.

Utah Is to Receive Approximately \$13,557.38 From the Government.

Utah will receive approximately \$13,557.38 from the government this year as its portion of the revenues from the forest reserves in the state, which is an increase of \$4,500 over the revenues from that source last year. Gov. Cutler today received word from Washington that the amount stated above had been apportioned to Utah this year, which is 10 per cent of the gross revenues received by the government from the reserves in this state.

The Utah reserve produced the largest revenue of any of those in this state, the total amount received by the government from that reserve being \$44,527.8. The last legislature passed a law setting this money aside as a fund known as the "County road and school fund from forest reserves." The state board of examiners apportions the money among the various counties in which the reserves are situated according to the size of the reserve.

BURGLARS GET WATCHES.

Alcorn Hardware Co. at Bingham Junction Visited by Crooks.

The Alcorn Hardware company of Bingham Junction was broken into last night by burglars, and goods to the value of about \$75 were taken. The sheriff's office was notified of the burglary this morning, and deputies are now working on the case, but as yet no clue as to the parties has been obtained. The list of goods stolen is as follows: Five Ingersoll watches, two gold-filled watch chains, three watch fobs, one 32-caliber Iver Johnson revolver, one 38-caliber Iver Johnson revolver, 17 stilettes, 12 razors, one Gillette razor, and one silver bracelet.

HUSBAND IS WILLING.

Wilford Rynearson Is Prepared to Provide Home for Wife.

In his answer filed in the district court today, Wilford Rynearson denies that he has failed to support his wife, Susie Rynearson, for the past year or that he has compelled her to teach school for a living, or to rely upon the charity of relatives for support. To the contrary, he alleges that he has always been willing to support her and their child and to provide a home for them, but that his wife insists upon living at a boardinghouse instead of keeping up a home for herself and husband, all of which is distasteful to the defendant. He asks that her complaint for divorce be dismissed, as he is willing and able to provide a home for her if she will only accept it.

HIGHER PRICES ON LIGHT BUSINESS

New York, Aug. 2.—Prices of stocks moved upward on a light volume of opening dealings, except for a few of usually inactive stocks. Union Pacific, Great Northern preferred, Rock Island preferred and Reading rose large fractions.

A moderate demand caused a higher range of prices for the Hill and Harriman stocks and certain of the metal stocks, but the grangers and other leaders showed little sympathy with the movement. The general tone was firm.

The demand dwindled to unimportant proportions and prices sagged. Smelting lost its gain of 15.

Bonds were steady. Late in the day the market began to display a hardening tendency again, but it failed to get back to the high prices of the morning.
