WESTERN UNION TELEGRAPH LINE

There says he will only remain
President During the
Military Operations.

Railroad Companies Refuse to
Pay a Requisition of 2,000-
000 Francs Demanded
by the Commune.

The Communists will blow up
the Southern Forts, if Com-
pelled to Abandon them.

Secretary Tyndale, of Illi-
nois, Murdered.

WASHINGTON, D. C.
President returned to Washington,
reluctant to income assassination-
State dinner.

WASHINGTON, 23.—Horatio Balster
to-day was sentenced to be hanged,
June 9th, for the murder of his son
James. During the remarks of Judge
Oliver to the prisoner the scene was very
affecting. Balster sobbing aloud, and
the Judge was so overcome at times
as to be unable to proceed.

President Grant returned to Wash-
ington this evening from his visit to
the west.

Gov. Ho and the assistant minister of
Finance of the Chinese Empire, gave
entertainment to-night to a very
distinguished company, among whom
were Secretary Delano, Attorney Gen-
eral Ackerman, Acting Secretary Rich-
ardson and Admiral Porter.

The President will give a state din-
ner this evening to all the foreign Min-
isters and Charges d'affaires and their
wives. No other persons will be pres-
ent except Secretary and Mrs. Fish.

The following is a list of the Min-
isters, by Consul-General Pleasanton
and sent to Supervisor Fletcher, New
York: It appears there is a mis-
understanding as to the proper ex-
ecution of the act of Congress for as-
sessing the following decision will
be given.

The following decision will be given
on the act of July 1862. It requires every per-
son owning a lawful acre, whose gross income
from the land exceeds two thousand
dollars to make and render a return
to the assistant assessor of the
district in which he resides. Persons
whose incomes are less than two thou-
sand dollars are not required to make return,
nor is there any authority of law to
assessors to call for such returns.

NEW YORK.
The Erie case—A diabolical plot—News
of the French Revolution.

NEW YORK, 23.—A dispatch dated
Paris, Thursday, noon, 27th, says that
the national guard is not to inter-
fere with the railways. Since 6 o'clock
last night law has been broken down
and the city is in a state of anarchy.
The Tribune this morning says, in
the case of Health and Rappaport against
the Erie railroad and others, Judge
Blanchard has prepared a decision
which will probably be officially given
to-day. The decision covers a hun-
dred and twelve pages, and is in favor
of the plaintiffs upon all the constitu-
tional points involved.

Money is easy at 5 1/2 & 6. Gold firm.
The shipments of sugar are estimated
at one and a half to two million dol-
lars.

Government's opened steady and closed
strong; eight higher. 6's at 11 1/2;
7's at 12 1/2; 8's at 13 1/2; new, 67, 94;
to 100.

Stocks rather irregular, but closed
strong. W. U. 39 1/2; quicksilver, 12;
Mariposa, 6; P. M. 10; W. F. 43; P.
M. 47; N. Y. C. 100; Erie, 20 1/2.

Comptroller Connelley, to-day, issued a
circular, requesting the heads of de-
partments of the city government to re-
duce their estimates for the ensuing
year, as the total available amount
which the tax levy permits to be raised
is seven millions below the estimate.

In the suit of Health against the Erie
R. R., upon Judge Blanchard's de-
cision, argument was heard as to an
order to be entered, under the decision
on a demurrer. The court decided the
demurrer was sustained in every in-
stantial point, and asked for an order ac-
cordingly. It was then that Health
asked for an order that Health allow his
clients to amend this complaint.

Lake reports, which have been widely
circulated, that General Grant would
be in the State and Treasury Department, by

the retirement of Secretary Fish and
Boutwell, are emphatically denied from
Washington.

A strange story comes from New
Jersey that two daughters and a son-in-
law of a respectable old gentleman, of
New Brunswick, named Whitehead,
conspired, it is alleged, to put him out
of the way. About a year ago they
bribed his valet to let him into the house
and the sheets of his bed in kerosene
oil and, when he was in it, set fire to the
house. The plot failed, the intended
victim escaping through the window.
Since that time various expedients have
been tried to murder him. At last the
valet has informed against these alleged
criminals.

A dispatch from Paris on Thursday
evening says that on Wednesday night
in a reconnaissance by the 182nd bat-
talion, from a barricade at Villjuif, forty
Communists were surrounded by the
Versaillais, the Communists
resisted but four were captured and
immediately shot. One of the captured
regained the lines in a dying state and
was taken to Bicetre Hospital. The
Versaillais took the barricades in Rue
Rivoltaire but they were re-taken.

MacMahon is at Chateau Beaun.
The governor of Invalides has been ar-
rested.

They have been bombarded all day.
The sailors have abandoned their guns
and the fort is scarcely tenable. The
loss is heavy. The hospital Necker, in the
Rue de Sevres, with 440 beds, is full.
Civilian are forced to fight and also
soldiers of the late war. Yesterday
about fifty men and boys who were
hanging about the Northern Railroad
station were surrounded and pressed
into service.

PENNSYLVANIA.
A man burned to death.

PITTSBURGH, 23.—The carpenter shop
of Jas. Melien was burned this morn-
ing. Melien, in trying to save the
tools, was overcome by heat and burned
to death. The charred remains were
found in the ruins.

PHILADELPHIA.—Thomas Boyle,
aged 70, a bachelor, who had been bell
ringer at the Navy Yard for twenty
years past, died yesterday. He leaves
about eighty thousand dollars.

John Taggart, of the Sunday Times,
was convicted of libel, on Manager Fox,
of the American Variety Theatre, for
day, and sentenced, by Judge Paxton,
to pay a fine of a hundred dollars and
costs. Harry Taggart, his son, was
sentenced to pay a fine of twenty dol-
lars and costs.

LOUISIANA.
Crevasse increasing in width.

NEW ORLEANS, 23.—The city survey-
or reports the river falling and the
levees safe along the front of the city.
The Bonnet Carré crevasse now 1,200
feet wide. Otherwise there is no ma-
terial change in the situation. The
water is within half a mile north of
Kennerly, and has also made its ap-
pearance in the low ground east and
south.

OHIO.
Factory burned.

WARREN, 23.—The cash and bling
factory of Heimer & Co., was burned
this afternoon. Loss \$81,000.

ILLINOIS.
Bentley Murder—Sharp practice—Cen-
sures for the country.

CHICAGO.—Hon. Sharon Tyndale,
ex-Secretary of State for Illinois,
was murdered at 1:30 a.m. to-day, while
on his way from his residence to the
railroad depot. The place where the
body was found gives evidence of a
severe struggle. There is great excite-
ment in the city and the mayor has of-
fered one thousand dollars reward for
the discovery and arrest of the assas-
sins.

The Chicago Tribune's Washington
special has the following story. A
certain Idaho judge, who has just ar-
rived in the Territory, is charged with
perpetrating in that Territory, which
has come to light for a long time. A
certain lawyer in that Territory, taking
umbrage at some alleged insult put
upon him by the Court, over which this
judge presided, conceived the idea of
writing a letter of resignation to the
President and forging the signature of
this judicial officer. This was accepted
by the President and was couched in
language as to lead the Chief Executive
to nominate his successor at once. The
first thing the judge learned of this pro-
ceeding was upon the arrival of his suc-
cessor, who proceeded to enter upon the
duties of his office, without regard to
the protest of our judge, who was justly
indignant. He has come in here and
was applied of the facts as stated above.
He will await the return of the Presi-
dent to see what further steps will be
taken in the matter.

The same dispatch also says the census
bureau, to-day, in compliance with the
resolution of the Senate of last session,
has furnished complete returns of the
last census, which were not only sub-
jected to a few slight changes in the
township. The total population of the
States is 38,104,840; of the Territories
and District of Columbia 442,694; total,
38,547,534. This was accepted by the
President to complete the first volume of reports,
embracing statistics of the population,
in three months. It is not too late to
make a preliminary report, as was origi-
nally intended, and the necessary de-
tails will be forthcoming before they
will be required by Congress. The re-
port on the social and industrial statis-
tics are in such an incomplete state,
requiring so many corrections, alterations
and amendments that it is not expected
they will be ready for one year.

MISSOURI.
Noting to the murder of Mr. Smith.

ST. LOUIS.—The Lawrence, Kansas,
papers, in account of the mysterious
death of James M. Smith, in the city
on Wednesday night, say that Dr. Mc-
Devitt had paid Mrs. Smith marked at-
tention for some time past which, taken
in connection with the sudden death of
the Doctor, who was not long ago, has
given rise to suspicions that he
poisoned Smith that he might obtain
Mrs. Smith. The Doctor is under ar-
rest. It is also stated that Mrs. Smith
was in the city on the night of the
murder, and that she was doing some-
thing about the affair. Mrs. Smith was
formerly wife of Seymour Voileau, a
criminal lawyer of this city, and cre-
dited with the murder of a woman, which
was a scandalous case.

FRANCE.
Agreements with Germany to be started.

By Capt. Petroleum shells—Requisition
on railroad—Southern forts almost
entirely abandoned—Arrival of German prisoners.

PARIS, 23, evening.—The Commune
has issued decrees in relation to the
cutting off of cattle, milk and fish for
supplies. No goods trains will leave Paris
at present. Passenger trains, continue
to depart, but nobody is visible in
them.

Fort Issy fired some shells so badly
aimed that they fell on the plateau
Dillon.

An armor clad locomotive is shelling
Chateau Beaun vigorously. The Prus-
sian patrol has informed the mayor of
St. Louis that six sleep guns taken
from the redoubt by the national guards
must be restored.

Petroleum shells fired by the insur-
gents have set fire to the Chateau Men-
don.

There was heavy firing to-day south
and west of the city. It slackened dur-
ing the afternoon, but is now again
violent, the Versaillais are attacking all
points simultaneously. The creation of
barricades in the interior of the city is
hastened. The Commune has made
requisitions for 2,000,000 francs upon
the railway companies. Provisions de-
rive but seldom and are growing scarce.
Travel is stopped. The railroads re-
fuse to pay the Commune the money it
demanded of them.

Versaillais, 23.—McMahon went to
Reval to-day and returns to-night.
Fort Issy scarcely replies to the Ver-
saillais batteries. An attack upon the
fort is imminent.

Paris, 23.—The cannonade has ceased
all along the line. The southern forts
are dilapidated and it is believed will
soon be untenable. The Commune will
blow them up if obliged to abandon
them.

Versaillais, 23.—In the Assembly
to-day the minister of finance asked
for fresh credit to provide for the sub-
sistence of the German troops, accord-
ing to the preliminary terms of peace.
He said all the engagements made with
Germany should be scrupulously kept,
and all sums due paid.

Paris, 23.—A fresh conveyance of Ger-
man prisoners has arrived at Chertbourg,
by sea.

Government has ordered the entire
stoppage of the provisioning of Paris
to cease.

The Northern railway has paid three
hundred thousand and the Lyons rail-
way six hundred and ninety thousand
francs, demanded by the Commune.
The roads have no cash, and the
Western, Central and Eastern divide the
array in two; one for external and the
other for the internal defence of Paris. Dom-
browski commands the external and
General Thomas and LeCompte, who
divide the Western, Central and Eastern
divisions, divide the array in two; one for
external and the other for the internal
defence of Paris. Dombrowski commands
the external and General Thomas and
LeCompte, who divide the Western, Central
and Eastern divisions, divide the array in
two; one for external and the other for
the internal defence of Paris.

GREAT BRITAIN.
Protection to foreigners—Thiers moved.

LONDON, 23.—The Tribune's special
from Paris yesterday says, Groussat has
announced that the persons and goods
of foreigners shall be protected under
the guarantee of the rights of nations
and the universal hospitality of France,
and that no furniture, carriage, horses
or apartments of foreign citizens shall
be subject to requisition.

A dispatch from Versailles says
Thiers, in the course of some remarks
in the Assembly, was moved to tears,
when he declared he was disposed to
clemency except for the murderers of
General Thomas and LeCompte, and
that he should only remain President
during the military operations. He
said the taking of Moulins was of
great importance, as military rage
there reached the middle of the fort. Issy.
The Prussians have summoned the
insurgents to quit St. Quentin.

In the Commons last night, a motion
in favor of the reservation of a portion
of the fort of Issy, was proposed by
Mr. Lowe and Mr. Gladstone, because
the property belonged to the crown and
not to the public. Harcourt argued
that the public was the owner of the
ground, and not the crown. Upon a
division there was a majority of one
against the government.

BELGIUM.
BRUSSELS, 23.—The Revue publishes
a report from Paris, that four national
guards taken prisoners by the Versaillais
have been shot, the proposal
having been to shoot the Archbishop in
retaliation for the outrage, but was re-
jected.

PRUSSIA.
Catholics want Prussian intervention
with regard to Rome.

THURSDAY, April 23,
