PROMOTING FISH INDUSTRY.

Divorce Suit—Funeral of Elwood Beebe—Death in Hospital.

Special Correspondence.

Provo, Utah, Jan. 25.—County Fish and Game Warden Brigham Madison has gone to Salt Lake to appear before the legislative committee on fish and game. He has some very positive ideas on the fish conditions, and the steps necessary to be taken for the improvement of fish, which he claims should be done by paying more attention to artificial propagation, and stocking the waters of the state with fry. He is now very much interested in the proposed bass hatchery in Powell's sloughs, which will be completed in about two weeks, when, with a small appropriation from the state it is proposed to hatch 500,000 bass this season.

DIVORCES.

Sophia Olson of Pleasant Grove has removed suit for divorce against Andrew R. Olson, charging cruelty as cause of action. She asks for an acre of land with a house on it or \$500 in cash. The parties were married here July 25, 1902.

Sarah Ann Rattenberry, of American Fork, has been granted a divorce from William A. Rattenberry on the ground of failure to provide.

Anna B. Robins of Pleasant Grove, has filed a cross complaint in the divorce suit commenced against her by her husband, William Robins, in which she asks for divorce on the ground of desertion. Mrs. Robins alleges cruelty, and that plaintiff took her to her former home in Pleasant Grove, and has since failed to provide for her. She asks for a divorce, \$25 a month alimony and for \$100 attorney's fee.

SUIT FOR DIVORCE.

After being married for almost 29 years, Juliet Stone has filed a divorce suit in the Second district court against William Stone. The complaint alleges that the couple were married Aug. 20, 1888, and that two children have been born to them; that for considerable time defendant has neglected to provide for his family. A decree of divorce is asked for, also, that the children be given permission to choose which parent they will live with.

DEATH OF “DOPE” FIEND.

John Hunsaker, a man about 35 years of age, a “dope” fiend, died last night at the county jail from exhaustion, caused through the excessive use of drugs. He had been in the jail for about 10 days, suffering from morphine. His home he claimed was at Los Angeles, California, where he is supposed to have relatives. His body was removed to Larkin & Sons' morgue.

SCOTCH HONOR BURNS' BIRTHDAY.

Tonight the Scottish people of Ogden will hold forth at the Congress dancing academy, in a grand celebration of the birth of Robert Burns. The affair is under the auspices of a large circle of friends, who have arranged an excellent program of vocal and instrumental music, speeches, etc., which will be followed with a fine ball, also the dancing of the Highland fling, sword dance, sailor's hornpipe and the playing of the bagpipes by the Campbells. It

promises to be one of the pleasurable events of the season and will be enjoyed by a large crowd.

BASKET BALL LEAGUE.

A basket ball league, made up of Ogden teams exclusively, has been organized. The four teams are the Weber state academy, Ogden high school and blind school and the state industrial school. The following schedule was agreed upon:

was in the old days over the Diamond mountain.

There is about 19 inches of snow on the level in Vernal, while the road from White river to Dragon is dry and dusty, then on the mountain between Dragon and Mack some reports say there is 20 feet of snow. The weather is not intensely cold.

The pioneer settlers on the old reservation, now becoming known as the Duchesne ward, will have every opportunity for testing their endurance. Mr. and Mrs. Ed Samuels came from Salt Lake just before the blockade and they report balmy weather where they have been.

President Thomas Smart and Le Grand Young came in from Price during the week. They encountered about three feet of snow at the deepest part.

Enos Bennion left Vernal a week ago to attend the high sheep convention at Salt Lake. He is going to Dragon and couldn't get any further so returned Saturday by stage.

Prof. Horace Cummings came into Vernal on the last day of the open road, and Miss Jane Felt left for Dragon last Friday to go over the pass at the first opportunity. They are viewing the scenery around the splendid hotel at Dragon these days.

PLAIN CITY.

Death of David B. Smith at Garrison, Montana, Native of Utah.

Special Correspondence.

Plain City, Weber Co., Jan. 18.—David B. Smith died at Garrison, Mont., on Jan. 18, 1907, of pneumonia, after a few days' illness. Deceased was born in Plain City, Weber county, Dec. 27, 1838. He was the grandson of David Booth of this city. He worked with his father, Joseph Smith, at the Garrison depot and for the Northern Pacific railroad company in different capacities for a number of years; was a faithful employee, well liked by all his associates. He was buried at Deer Lodge, Mont.

Funeral services were conducted at the Latter-day Saints church when comforting remarks were made by some of the traveling missionaries in that locality.

CHEYENNE, WYO.

SENATOR WARREN RE-ELECTED

In Joint Legislative Session—New Bills Introduced.

Special Correspondence.

Cheyenne, Wyo., Jan. 23.—The legislature of Wyoming in joint session this morning ratified the ballots taken separately in the two houses yesterday, electing Hon. Warren E. Warren, United States senator from Wyoming. Senator Warren, who was not able to be present, sent a telegram expressing his appreciation of the vote.

He, and thanking the members of both houses for their handsome vote. Cook of Laramie county offered a resolution to elect Senator Warren for the next term, and for an additional term of good work he has accomplished in the past for Wyoming and assuring him of the hearty support and appreciation of his constituents.

After the election both houses adjourned until Monday morning, Jan. 28, at 10 o'clock, to enable all members who desire to attend the National Live Stock convention to do so, as nearly all the members are livestock men. A special car will probably be chartered to take them to Denver.

A bill which will undoubtedly create some comment was the one introduced this morning by Bradley of Albany county, prohibiting mixed marriages and prescribing certain regulations for the issuance of marriage licenses.

A bill was introduced by the Sweetwater county delegation providing for an appropriation for the Rock Springs hospital and for an addition thereto.

The land and irrigation committee were introduced two bills providing for a complete change in the system of handling applications for water rights.

The Dwindle appropriation bill was set for final action in the senate next Tuesday.

SLAUGHTER ESTATE.

Charity Will Receive Large Benefits, It Is Said, From It.

Chicago, Jan. 25.—Charity, it is said, will be a large beneficiary of the estate of the late A. O. Slaughter, who died at San Antonio, Texas, last Tuesday. The late broker's estate, according to persons in close touch with his business affairs, is valued at approximately \$2,000,000.

The bulk of Mr. Slaughter's holdings, outside of the charitable bequests, it is believed, will go to the late broker's sons, A. Slaughter, Jr., and Rochester S. Slaughter, and to his daughter, Mrs. Wentworth Field.

The estate consists largely of railroad bonds and securities in various corporations, as accounted by Mr. Slaughter in his many years of business activity in Chicago. In addition to this, Mr. Slaughter owned vast property interests in the west, his principal holdings being in Kansas and Texas. In Graceland, Tex., the broker held title to a business block valued at several hundred thousand dollars, and in Kansas City he also had real estate holdings which consist of several pieces of business property, some of which is improved and said to be valued at more than \$500,000.

SCARLET FEVER EPIDEMIC.

Decreasing in Chicago, but Many Significant Discoveries Made.

Chicago, Jan. 25.—The combined efforts of a health department, building department and factory inspectors' office showed result yesterday in a marked decrease in the number of scarlet fever cases reported. This result, however, was accomplished by the greatest number of new cases of diphtheria reported in any day of the epidemic as well as an increase in the actual number of deaths from contagious diseases.

There were nine deaths during the day, 67 new cases of diphtheria were reported, and there were 17 cases of scarlet fever.

The work of the health department inspectors and those sent out by Building Commissioner Barten resulted in many significant discoveries. The girl was found to have died of diphtheria without medical attention; the principal of a school was reported to have continued his duties, going to and from his home, where his two children were confined with scarlet fever; and inspectors from the factory inspector's office found many violations in the city's sweat shops.

EARTHQUAKE IN SPAIN.

Madrid, Jan. 25.—A severe shock of earthquake is reported to have occurred in Alicante yesterday. No damage ensued.

FREIGHT RATES ON STOCK SHIPMENTS

Stockmen Allege That They Are Excessive and the Service Poor.

TIME OF TRANSIT TOO LONG.

Everything in Cattle Cars But Cattle.

Special Correspondence.

Denver, Jan. 24.—Freight rates on stock shipments from the west to the Missouri river and Chicago markets were the subject of a hearing in this city today before C. A. Prouty of the United States interstate commerce commission. The hearing was a continuation of the one opened in Chicago a few weeks ago in the case of the Texas Cattle-growers' association against various railroads.

The stockmen ask for a reduction in rates on livestock and want the extra \$2 terminal charges made in Chicago for switching abolished. They also allege that stock rates are excessive, and that the service is poorer than ever before.

S. H. Cowan, attorney of the Texas Cattle-growers' association and of the American National Livestock association, conducted the examination of witnesses.

A. E. De Riquelme, general manager of the American Livestock and Land company of Denver, testified that the time consumed in the transit of cattle from the northwest had increased from 24 to 48 hours.

He declared that the stockgrowers were always prompt in loading and unloading, and that the railroads were wholly responsible for delays. He thought this condition was due to the want of discipline. The service seemed to be demoralized by an effort on the part of the railroad superintendents to give good service, but the want of discipline was due to the want of discipline.

When asked if he observed the use of cattle cars for hauling coal or other commodities, he replied: “They haul everything except cattle.”

He cited cases where shippers were compelled to hold their cattle for long periods, in one case for two months, before cars could be secured for shipment.

Mr. Mackenzie said rates were more unreasonable today than several years ago. He said that the cattle men would do something to help the stockmen in getting their cars shipped it would be just as well for the cattle men to get out of business. He said that during the past year tens of thousands of cattle and sheep in Texas, New Mexico and Arizona had been held on the range because the railroads could not get cars for shipment.

J. A. Lockhart of Colorado Springs, a cattle shipper and vice president of the American National Livestock association, said it averaged four days for a shipment to go through from Rocky Ford, Colo., to Kansas City, a distance of less than 600 miles, while 10 years ago shipments would go through in 24 hours.

PURITY OF PROCESS

Means Excellence of the Preparation.

Think of nearly ONE HUNDRED MILLIONS of boxes of Cascarets sold in the last eleven years, all on the pure merit of this wonderful preparation, and every tablet of nearly a BILLION TABLETS having exactly the same Purity, Quality and Medicinal Merit as the rest of them. It is the PURITY OF PROCESS that made this seeming miracle possible—purity in the sense of exactness, nicety, care and selection.

When, in 1896, Cascarets were first created, the purpose of its makers was to make the best Bowel Remedy ever designed and compounded. The preparation was to be pure and harmless, made by PURE PROCESSES, and sold under a pure promise that it would accomplish always what was claimed, with the alternative of a guaranty or money refunded.

The grateful recommendation of hundreds of thousands of pleased patrons who found Cascarets to be TRUE and dependable was by far the greatest element in the promotion of their success.

Now that the PURE FOOD AND DRUG ACT has gone into effect, we cannot refrain from welcoming it for the benefit of the people, and the same time from claiming that we adopted OUR OWN PURE DRUGS ACT in 1896, and by steadfast adherence to the principles then set to guide us, have convinced the world of the power of purity and truth as exemplified by Cascarets, a pure, honest, harmless, reliable article for the prevention and alleviation of all diseases of the stomach and bowels.

What stronger argument than the favor of millions of satisfied friends, of whom hundreds of thousands have been relieved of great sufferings, can be offered to him or her who has not tried Cascarets when in trouble? The slightest attack of irregularity, costiveness, colic, headache, flatulency, all the signs of impending CONSTIPATION should be heeded as a warning, and immediate recourse be taken to that great preventive of disease, Cascarets.

The specific purpose of Cascarets is not alone as a treatment for the cure of Constipation, but even more so, to keep the entire food-canal clean and antiseptic, destroying all disease germs before they can form a lodging and start their iniquitous activity.

Those who have never tried Cascarets, as an immediate laxative, a reliable cathartic, a positive preventive and the best all-around FAMILY MEDICINE, should go to their own druggist TODAY and buy a little 10c. box—surely not too risky an investment. They will be convinced and added to our millions of friends. Be sure you get the kind you ask for—Cascarets, the only original, genuine, every tablet marked “C. C. C.”

gave similar testimony.

The hearing was adjourned at noon to Amarillo, Texas, where it will be continued tomorrow, and later testimony will be taken at Fort Worth, Texas.

“I have been somewhat costive, but Doan's Regulax gave just the results desired. They act mildly and regulate the bowels perfectly.”—George B. Krause, 306 Walnut Ave., Altoona, Pa.
