BOLD ROBBERY
AT O. & S. L. DEPOT
Two Highwaymen Hold Up Agent
And Passengers of Bamberg-
er Road, Getting \$700

POSTOFFICE HALF HOLIDAY.

Federal Building Will be Ready for
Occupancy by August. Postmaster
Shurtliff Named as Custodian.

OGDEN, July 5.—One of the boldest
robberies that have occurred in this city
in a number of months was that at the
Bamberg-er depot on the corner of
Thirty-second street and Washington
avenue at 9:30 o'clock last evening,
when \$700 in cash was taken from
Agent P. A. Cook, and a number of
others were relieved of their money
and valuables.

The agent had just left for Salt Lake
and Agent Cook had put the receipts
for the day in a hand satchel and was
preparing to catch a streetcar to the
city. Two men, of short stature,
dressed in dark clothes appeared, and
with automatic guns made Agent
Cook hand over the satchel. It also
contained some railroad tickets over
that road. A number of passengers
who were sitting in the waiting room
and who had missed the train were
lined up against the wall and
relieved of their valuables.
Among these was John L. Geyer, a
friend of Battling Nelson who had been
to the depot to see his friend off for
Salt Lake. Geyer was relieved of his
pocket book containing about \$40.
As soon as the men completed their
work they left the building and went
along the railroad track west. Agent
Cook advised the police of the robbery
and as soon as possible a number of
officers were detailed on the case. Des-
criptions of the men were also tele-
phoned to the near-by towns and all
outgoing trains were closely watched.

POSTOFFICE HALF HOLIDAY.

OGDEN, July 5.—Postmaster L. W.
Shurtliff has received advice from
Washington that beginning next Sat-
urday the employees of the local post-
office will be given half holiday every
Saturday during the summer months.
The hours of the postoffice will remain
the same during the months of July,
August and September except on Sat-
urdays when all departments close at
noon.

With the order Postmaster Shurtliff
was advised that he would be allowed
to increase his clerical staff with two
additional men, also that the clerks and
carriers except two would have their
salaries increased.

It was announced that the new fed-
eral building would be ready for oc-
cupancy on August 1. Postmaster
Shurtliff is named as custodian with
Asst. Rufus Garner as assistant cus-
todian.

CRUEL PRACTICAL JOKE.

OGDEN, July 5.—Nellie Riley, a 13-
year-old girl, living on lower Twenty-

first street, caused considerable excite-
ment in that neighborhood, gained a
lot of notoriety and worried her mother
to distraction late Saturday afternoon,
over playing a practical joke by leav-
ing a note for her mother, saying that
she had gone to the river to drown her-
self. After writing a note to her mother
the girl went to the city where she was
found later by Captain Brown and Pa-
trickman Cooper, who had been called
upon the case by Mrs. Riley. The girl
received a reprimand from her mother
and the police for playing such a cruel
practical joke.

ARRESTED FOR HORSE STEALING.
OGDEN, July 5.—Charles Adams, bet-
ter known as "Skidoo" Adams, was ar-
rested Saturday evening upon the
charge of grand larceny for appropri-
ating a horse belonging to the Smith
Brothers' mattress factory which an
employee had tied in front of a store
while in the city on an errand. Adams
took the horse and, riding it several
blocks, then removed the bridle and
saddle and hiding them he turned the
horse astray, where it was later found.
Adams was arrested later by Officers
Bob Burke and Bob Chambers.

LECTURE BY JUDGE HOWELL.
OGDEN, July 5.—The Mutual Im-
provement associations of the Third
ward were held last evening by
Judge J. A. Howell upon the subject of
"Crimes and Their Causes." There
was an unusually large attendance and
a special musical program was ren-
dered.

PROVO.

The "News" is delivered by carrier
every night (Sunday excepted) at 10
cents per month. All payments and
complaints should be made to T. J.
Dugdale, agent for daily Saturday
Evening News, 205-32

DISTRICT COURT HELD AT PROVO

Divorce, Civil and Criminal Cases
Heard by Judge
Booth.

(Special Correspondence.)
PROVO, July 5.—The following busi-
ness has been transacted in the Fourth
district court before Judge Booth:
Anna E. Dart of Salem was granted a
divorce from Fred E. Dart, on the
ground of desertion.

Ida Comer of Provo was granted a
divorce from Alma Jesser Comer on the
ground of cruelty. The parties were
married at Lehi in 1908.
Elizabeth Briggs of Pleasant Grove
was granted a divorce from Parley P.
Briggs on the ground of intemperance.
The parties were married in 1908.

Joseph Broadbent and Betty Broad-
bent, residents of Provo, and natives
of England, were admitted to citizen-
ship.
State of Utah vs. Gerold Green, de-
fendant, who was charged with assault
with a deadly weapon, plead guilty; time
for sentence set for Wednesday, July 7.
State of Utah vs. George Beesley, de-
fendant was fined \$50 and in default
he is imprisoned in the county jail for 60
days.
Susie Lewis vs. R. G. W. Ry. Co.; de-
fendant's motion for a new trial granted.
Moroni Smith vs. Edward Wadley, ver-
dict for plaintiff, no cause of action.
Wm. S. Evans vs. James T. Powell; de-
fendant's motion for a new trial taken
under advisement.

CHILD HAS NARROW ESCAPE.
PROVO, July 5.—Saturday evening the
3-year-old daughter of Mr. and Mrs. J. A.
Smith fell into an open sewer
trench 12 feet 8 inches deep on Academy
avenue, and fortunately escaped without
injury. The little one was walking be-
hind her mother when she suddenly
fell into the trench. The screams of the
mother brought a large crowd to the
place and the child was soon placed in
the arms of the distracted mother, ap-
parently none the worse for the unusual
experience.

WEDDING BELLS.
PROVO, July 5.—The following couples
have received marriage licenses:
Raymond E. Jones of Robinson and
Sarah J. Johnson of Spanish Fork.
Willie Smoot and Florence Sarah Kim-
ber, both of Provo.

INCREASE IN P. O. BUSINESS.
PROVO, July 5.—The receipts for sale
of stamps of the Provo postoffice for the
quarter ending July 1 are \$5,228.52. For
the same quarter last year the receipts
were \$3,175.72, an increase of \$2,052.80,
or over 64 per cent. The average increase
through the country is only 8 per cent.
This shows well for the progress of
Provo.

I. P. DARTON'S FUNERAL.
PROVO, July 5.—There was a good at-
tendance at the funeral services for the
remains of Isaac P. Darton held in the
First ward meetinghouse. Surviving
speakers were Elder John Footé and
Bishop O. H. Berg.

**OFFICERS ELECT OF
MERCUR PYTHIAN SISTERS**

(Special Correspondence.)
MERCUR, Tooele Co., July 3.—Follow-
ing are the officers-elect of the
Pythian Sisters lodge: M. E. C. Elbel
Sallis; E. S. May Rose; E. J. Ella
Macfarland, manager; Edith Baker;
M. of F. Nellie Johnson; M. of R. and
C. Sadie Kemp; protector, Lillie
Whimpey; guard, Tena Kemp; past
chief, Nina Underwood.

MERCUR BRIEFS.
The fire department did good work at
the Gates fire Thursday.
Donnie Dunlevy has been elected
chief of the fire department, vice Thomas
Reese, resigned.

Lucern hay is scarce here, even at \$27
per ton.
A dramatic club has been formed in
Mercur, and is expected to present a first
class drama about the middle of July.

**SESSION OF THE
PARK CITY COUNCIL**

(Special Correspondence.)
PARK CITY, July 2.—The city coun-
cil met last evening, when the follow-
ing bills and pay rolls were allowed:
Miscellaneous bills, \$778.83; streets, al-
leys and bridges, \$1,189.03; police de-
partment, \$604.50; city work, \$171.01;
fire department, \$42.00; teaming, \$148.75;
city officers, \$242; total, \$3,256.42. The
treasurer reported on hand June 1,
\$4,327.06; on hand July 1, \$3,113.22.
The city justice reported having tried
45 cases, had collected \$225 in fines, and
turned the same over to the treasurer.
The sexton reported 6 deaths in the
month of June, 3 adults and 3 children,
had collected \$16, and had turned the
same over to the treasurer.

ceipts, in fact anything in the print-
ing line.
We guarantee satisfaction.
THE DESERET NEWS.

EUREKA LILY SENDS ITS SHAFT TO DEPTH

Bullock Soon to Resume Operations—
Many Leasers Taking Out Ore
In the Tintic District.

(Special to the "News.")
EUREKA, July 5.—Last Wednesday the
sinking in the shaft at the Eureka
Lily was again taken up, and it is
learned that considerable work has
been done on the 200 level in the mine
during the last few months, but the
management has decided to discon-
tinue this work until the shaft has
been sunk to the 500 level, which will
be 200 feet deeper than it is at the
present time. Two shifts are being
used in sinking the shaft and it is ex-
pected to complete the same in less
time than two months. The workings
will have reached the depth of 500 feet
when prospecting in different directions
for ore bodies will be undertaken again.

At the Tintic Standard, a neighbor
of the Lily, the new shaft is going
down with record-breaking speed.
When sinking was started at the sur-
face, raising was also commenced at
the 200 level and the connection be-
tween the two was made Saturday.
Sinking from the 225-foot level has
commenced, and a raise from the 400-
foot level has been started. In this
manner it is expected to complete the
400 feet of work of the new shaft with-
in 60 days, and considering the size of
the shaft and the fact that no ma-
chines are in use in the mine, this is
certainly good work. E. J. Radtitz,
the manager of the property, visited
the mine during the week. He was ac-
companied to the district by Dr. Wil-
liam Hale of Jackson, Michigan, who
is also interested along with Mr. Rad-
titz and others in the Tintic Standard.
The drift at the Provo property has
reached a point 50 feet from the shaft
on the 200 level. The first 30 feet the
drift was in the hardest kind of rock,
but during the last few days the for-
mation has gradually been softening
up and at the present time the pros-
pects of encountering the East Tintic
Development are very encouraging.

Several leasers working at the var-
ious properties in the southern part of
the district are meeting with success in
their operations. Gabe Westberg, of
Silver City, who has a block of ground
in the old Undine mine shipped about
24 tons of good ore to the Tintic smel-
ter last week. Jesse Poyner of this
city and Will McIntyre of Mammoth,
who have a lease at the Snowflake
property near the old Shovelridge
mine, in the south end of the dis-
trict, shipped about 20 tons of copper
ore last week, to the Tintic smelter.

BULLOCK TO RESUME WORK.

The Bullock Mining company is
making preparations to resume work
at an early date, or shortly after to-
morrow when a meeting will be held
and an assessment of one cent per
share levied.

At the end of the new ore body in the
Grand Central, which was struck
some time ago to the west of the shaft
on the 200 level, has opened up suffi-
ciently to indicate that the find will
make a new mine of this old-time
producer. The strike is an important
one because it is the first time ore
has been encountered in the western
part of the company's ground. The
drift was pushed out about 100 feet
from the shaft when the ore was en-
countered. Another drift is now head-
ed toward this ore on the 1,300 level,
and drifting in the same direction will
soon be started upon the 2,100 level.
Some of the men in the mine, who are
men of the district declare that it is
the Centennial Eureka vein that the
Grand Central is now opening up in
this new locality. The character of the
ore is rich in gold, silver and copper,
which goes to help bear out this the-
ory.

Things are looking exceptionally
bright at the Tintic Central. The shaft
has cut the lime at a depth of 300 feet.
No drifting has been done or attempt-
ed by the management up to this time
and the shaft will likely be dropped
down considerably deeper in the hope
of cutting the ore in the shaft. Seven
claims belonging to the company have
been surveyed in the past few days
with the intention of getting a portion
of its ground patented.

**FUNERAL OF MRS. VILATE
WHITE AT MURRAY**

MURRAY, July 5.—Impressive services
were held yesterday in the Murray
First ward chapel over the remains of
Mrs. Vilate Bishop White, Bishop Mi-
chael Maass in charge. The choir ren-
dered beautiful selections. The speak-
ers were Bishop W. G. Miller of Mur-
ray and Bishop W. D. Kuhn of San-
dy. There were many other offerings.
Mayor Brown and the city council
members have accepted an invitation
tendered them by Mayor Goff of Mid-
vale to attend the first Independence
day celebration in the history of the
newly incorporated town.

TERRIFIC EXPLOSION OF POWDER AT TOPLIFF

Three Men Killed and Three Injured
At American Quarry on
Saturday.

(Special Correspondence.)
TOPLIFF, Utah, July 3.—Lightning
this afternoon struck the wires con-
nected with a store of nearly two tons of
powder in kegs and a frightful explo-
sion occurred, killing three men and
seriously injuring two others. The dead
are B. B. Bowman, Matt Regan and
Pat Campbell. The explosion occurred
at the American quarry, the property of
the American Smelting & Refining com-
pany.

The five men were working in a 30-
foot tunnel, and had with many other
workers, about completed the task of
laying the powder for a gigantic blast.
All but the five men had quit, and
these were left to finish tamping the
powder before setting it off. The blast
was to be set off by means of an elec-
tric battery, wired to the explosive.
This battery, however, was not attach-
ed to the wires when today's catastro-
phe took place. The wires had been
connected with the powder and led to the
mouth of the tunnel, where the ends
lay exposed. A lightning storm pre-
valled at the time, and a bolt, striking
the wires, was instantly dashed to the
powder, causing it to explode with a
terrific roar.

There was a tremendous upheaval
of rock, which, in again falling, buried
two of the men under an incalculable
weight. Men were at once engaged in
an effort to reach the bodies of the un-
fortunate men. Medical help was
summoned from Lehi, 25 miles away,
by messenger.

**OIL BUSINESS BOOMING
IN BIG HORN COUNTRY**

(Special Correspondence.)
COWLEY, Big Horn Co., Wyo., July
1.—A very lively interest is taken in
the oil business here. Work is being
rushed on the refinery. Mr. C. R. Ly-
man and assistants did some splendid
work, unloading and moving a 1,600
pounds still. Representatives of the
Utah company are now moving drill
machinery from Byron preparatory to
drilling east of Cowley.

COWLEY BRIEFS.
Haying is in progress, an average cut-
ting being harvested. A good program
is prepared for Independence day.

through the united action of Lovell,
Byron and Cowley.

Sunday games, sports and excursions
have ceased and Saturday adopted as
a special day each week for all sports,
when parents promise the young people
this day or as much of it as necessary
for such purposes.

Shoshone river is unusually high,
only one small break has occurred thus
far from floods to the canal. The new
board of management is making very
successful efforts to keep the water in
the canal.

Recently Dr. Croft remarked he "never
knew of so little sickness according to
the population in his life before."

**TABER COUPLE
MARRIED IN SALT LAKE**

(Special Correspondence.)
TABER, Can. June 28.—R. C. Beck of
Cardston has purchased the residence
and other personal property of G.
Goodman, and will in the near fu-
ture make Taber his permanent home.
Mr. Goodman is one of Taber's ear-
liest pioneers. He is in his 70's, is a
native of Iceland and will return to
Spanish Fork, where most of his child-
ren reside.

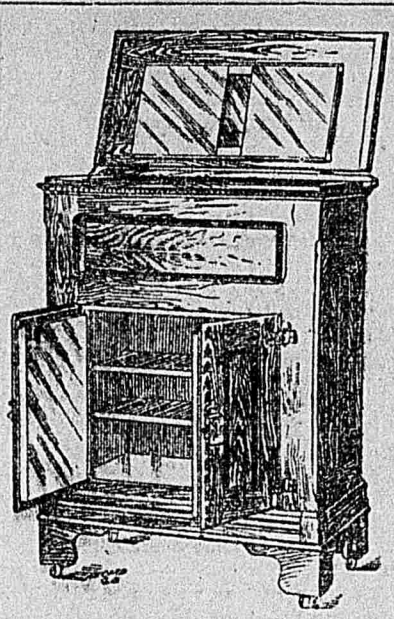

A herd of 13 antelope was seen near
Taber Monday last.
Hugh Johnson, son of Mr. and Mrs.
Aaron Johnson, and Miss Maggie Van
Orman, oldest daughter of Mr. and
Mrs. R. A. Van Orman, left recently
for Salt Lake City to wed.
The "Taber Concert Band," under
the direction of Bandmaster Ivey, is
progressing satisfactorily. The boys
will undertake the making of a creditable
showing at the celebration on Domin-
ion day, July 1.

Taber was the center of a severe
hail storm on the afternoon of the 18th
inst. It is calculated that at least
125 window lights were destroyed. No
damage was done to the crops.
The water in the Belly river has
greatly receded during the past few
days, being three feet lower than it
was one week ago.

The welcome stork has been kept
busy during June. Of the Utah people
he has visited Mr. and Mrs. Willis
Johnson and left a son.
The homes of Mr. and Mrs. Samuel
Benett, Mr. and Mrs. J. H. James and
Mr. and Mrs. Walter Berryessa were
each provided with a daughter.

Three head of cattle yesterday, near
Coal City, were seen fording the river.
When near the center, where the un-
der current is treacherous, they sud-
denly disappeared from view and were
drowned.

Cool Off in the Lake
At Saltair. Water perfectly deli-
cious. Good suits. Round trip 25c.
