

SENATORS TELL SOME FISH YARNS

Story of a "Firm" That Dyna-
mites a Ton of Trout
A Month.

MORE WORK FOR SHERIFFS.

New Bill Provides That County Offi-
cers Must Protect Fish and
Game in Utah.

The senate convened today with prospects ahead for an interesting debate on the fish and game law late in the session. Senators tell stories in their informal discussion of a firm which ships out large quantities of trout from Park City. The leader, according to statements made to at least one senator, works the "graff" by dynamiting the fish in the headwaters of the Provo, the Weber and on the Duchesne. He gathers them at an ice house near Park City and sends them in to be freighted on a cart composed of the two front wheels of an ordinary wagon, on which is built an ice chest. The driver sits on top of this with a number of quilts and a bunch of hay to disguise the nature of his load. The operations of the firm are claimed to account for the disappearance of over a ton of trout per month when the streams are open.

Another story is that market hunter operating near Salt Lake ships a box a week of dressed ducks to an outside market, the box being innocently labelled "fruit."

To meet these two conditions a provision of the new bill puts the responsibility on county sheriffs of watching the county's game and fish, and an amendment offered by Senator Park prohibits the selling or offering for sale of ducks or other wild game within the state.

Other bills up for final action were S. R. 63, and 89 and H. B. 99, 98, 132 and 136.

The public lands committee reported favorably Austin's H. B. 59, creating a state board of park commissioners.

SOLONS TO DANCE.

May Take a Junket to American
Fork for that Purpose.

The house received an invitation this afternoon from Thomas E. Steele, manager of the Apollo dancing hall at American Fork, to visit that resort some time during next week, for the purpose of testing "the best dancing floor in the state." The invitation set forth that the San Pedro railroad had agreed to run a special for this event, and it was suggested that the trip be made either Tuesday or Thursday next. On motion of Austin of Utah county, the invitation was accepted with thanks, with the proviso coming from Representative McCrea that the committee furnish the necessary sweethearts for this occasion.

COMMITTEE REPORTS.

The committee on penitentiary and prisons reported having found the state penitentiary in a very efficient, healthy and sanitary condition; that the state board of corrections and those in charge of the penitentiary are entitled to the thanks of the state for the present high standard of law and order. The committee recommends the following appropriations:

General maintenance \$21,660
Trusty house and milk house 2,500
Combined 300
New armory equipment 350
12 houses to rent to guards 12,000
Paints, oil, glazes 600
Insurance 750
Gratuities 2,000
Total \$411,690

The committee on labor recommended the passage of H. B. 81, by which, for the protection of employees as members of labor unions.

The committee on judiciary recommended the passage, with amendments, of H. B. 102 by Merrill, relating to the state board of equalization; also the passage of H. B. 140 by Marks, providing for the disposition of property found upon a deceased person; also the passage of H. B. 147, by Maughan, relating to trespass and injuries to property; also the passage of H. B. 161, by McCrea, relating to the punishment of persons guilty of altering marks or brands on animals; also the non-passing of H. B. 162 by Hays, relating to taxation of transient stock.

SIDELIGHTS ON SENATORS.

Senator Park's armory board bill came up today and compelled him to make a speech. Tall tales are no more in favor with Park than with Walton and Lawrence.

President Lave says the senate is good to the Democrats. "It made the Three Bees exclusive members of a conference committee yesterday, and he has allowed one Democrat a place on the mental hospital board.

Senator Galtner has an undisputed axe for the old and land commission, and consequently he sees much virtue in his bill of yesterday.

Senator Walton points out that there is a difference between a "voucher" and an "order" and that it was the "orders" and not vouchers which were forged.

Officers of the legislative bodies today received notices to cash up on State Chairman Spry, to cover unpaid campaign bills. The letters read that

the state committee was looking to those enjoying the results of the victory, to help out in the expenses.

Senator Johnson is still detained at home through illness in his family.

DEMAND IS MADE.

Committee of Inquiry Calls Upon Atty.
Cannon to Produce Books.

The house committee of inquiry appears determined to go farther and farther into the accounts of John Q. Cannon, the recent secretary of the Utah-St. Louis fair commission, as will be seen by the following which was given out at 3 o'clock this afternoon:

Salt Lake City, Feb. 15.
John M. Cannon.
We hereby demand from you all books and documents, notes, checks, vouchers, and papers of whatsoever nature now in your possession relative to the matters of the Louisiana Purchase exposition commission. Please turn the same over to the sergeant-at-arms, who will present this to you, and take his receipt for the same.

Yours very truly,
CLEBSON S. KINNEY,
Chairman.
GEO. M. MILLER, Secy.
Investigation Committee.

The communication was presented to Mr. Cannon on the date given and a reply received that he did not have the desired papers. In view of the testimony of Mr. James who audited the books for Secy. John Q. Cannon that the books are in the possession of the Cannon association the committee's suspicions have been aroused.

FUNERAL FROM ASSEMBLY HALL.

The funeral of the late William Pinner, superintendent of school building construction in this city, will be held from the Assembly hall on Sunday at 12 o'clock noon, instead of from the Nineteenth ward chapel, as heretofore announced. The change in the place of holding the services is occasioned by the fact that the Assembly hall is more centrally located and will accommodate many persons who would probably not be able to secure admission in the chapel.

WYOMING SHERIFF HERE.

Arrives With Requisition Papers for
Cody Bank Robbers.

Sheriff F. E. Fenton, of Big Horn county, Wyo., arrived in the city last night with requisition papers for the return to that state of Bert Caldwell and Dave Fraughton, who are held at Vernal, Utah, on suspicion of being the murderers of Cashier J. O. Middaugh of the Cody bank. Sheriff Fenton called upon Gov. Cutler this morning and presented his papers and was requested to call again later in the day after the governor had looked over them.

It is understood that the requisition will be granted by Sheriff Fenton of Vernal, who first arrested the two men. A message has been received from him asking the governor not to honor the papers and from that it appears that both sheriffs lay claim to being in the possession of the men. They were first arrested by Sheriff Fenton on the charge of grand larceny and Caldwell was released upon bonds. The two men were then identified as being implicated in the Cody bank robbery and murder and Sheriff Horton of Carbon county again arrested Caldwell. Now both sheriffs lay claim to the reward of \$5,000 which is offered by the Wyoming officials for the men and it is likely that there will be an interesting contest over the matter too.

MISS OLSEN THE WINNER.

Miss Hannah Olsen was last night declared Goddess of Liberty of the Second ward. During the election she received the greatest number of votes. The number cast for the winner was 8,855, while Miss Veda Stringham was second with a total of 8,247 votes. Miss Olsen will be crowned tonight with regal ceremony, after which she will be the central figure in a series of beautiful tableaux arranged for by the committee.

ADMIT TWO HOLDUPS.

Street Car Bandits Plead Guilty on
Two Counts This Afternoon.

Arthur Bouton and John Gentry, or Gouray, this afternoon pleaded guilty to two charges of highway robbery. The first charge was the holding up of the case of the Salt Palace street car on Wednesday night, and the second that of holding up and robbing William Lundstrom of the Auditorium rooming house of three dollars earlier on the same night.

This last development came out in the police court this afternoon when it was stated that Mr. Lundstrom positively identified the young men as his assailants.

Judge Diehl bound them over in bonds of \$2,000 each on the first count, and \$1,000 each on the second, to await the action of the district court. In default of bail the boys were taken to the county jail.

HUMOROUS.

"I don't believe in granting women the right to propose during leap year," said the young bachelor.

"We would be sure to get it if women did the proposing at all times," responded the man with the ingrowing hair.

"Instead of urging us on to make fool of ourselves," Chicago News.

"I'm awfully thirsty," remarked the weary mosquito.

"Come in me into the next room," said the housefly.

"Because why?" queried the mosquito.

"Because that's where the nearest mosquito bar is located," replied the housefly.—Chicago News.

H. T. Marcroft Granted a Divorce Today
By Judge Armstrong.

Judge Armstrong today granted H. T. Marcroft a divorce from Susan Marcroft on the ground of desertion. The testimony of plaintiff and his 16-year-old son showed that the defendant deserted plaintiff on two occasions and went to live with some man in San Francisco. The last time she deserted him was about a year ago. Plaintiff was awarded the custody of the two minor children. The parties to the action were married in this city on June 10, 1886.

BOTH DRANK.

Two More Divorces Granted Because
Husbands Had Improper Thirsts.

Two decrees of divorce were rendered this afternoon by Judge Armstrong in favor of plaintiffs. In both cases the defendants failed to appear and the cases went by default. Selma Soderlund was granted a divorce from Oscar Soderlund on the grounds of failure to support and habitual drunkenness. They were married at Mantle on May 10, 1892, and have four children, the custody of whom was awarded to plaintiff. The court also awarded plaintiff \$30 per month alimony and \$50 as attorney's fees.

Sadie Leek was also granted a divorce from John Leek on the same grounds as in the above case. They were married in this city on April 11, 1903, and have one child which was awarded to plaintiff.

The spell of beautiful weather continues, and the maximum thermometer is high as ever, viz. 56, which is above the normal. There is not a below zero sign on yesterday's weather map, and even at Winnipeg it is 16 degrees above zero. The fair weather is likely to continue for several days yet.

Gov. Cutler and his staff in full uniform visited the Grand Army veterans last evening, at their entertainment in the Federation building, and were given a warm welcome. The veterans expressed their gratification, as this was the first time that the executive of the state had visited a Grand Army gathering. So there was a good time all around.

MORGAN NEEDS A STRONG BOX.

County Clerk Testifies That He
Had No Suitable Place to
Keep the Ballots

SOME PACKAGES WERE TORN.

Contestee in Judgeship Proceedings
Tries to Show They Were
Tampered With.

(Special to the "News.")
Ogden, Feb. 24.—In the election contest case this morning, the contestant, Mr. Hamer, put a number of witnesses on the stand to testify in regard to the manner of keeping the ballots of Morgan county since the election. The ballots have been brought down by Deputy Sheriff Sebring, G. R. Belnap and Mr. McCormick, who were appointed by the court for that purpose.

County Clerk Robinson, of Morgan, testified that he received the ballots the day after election, and having no vault or safe in which to keep them he had placed them in a box in his office. He said that no one had ever interfered with them in any way since they came into his possession. About three weeks ago he had been told by Judge Rolapp over the telephone to bring the ballots to Ogden. He packed them in a sugar sack and went to the court for that purpose. While waiting for the train he telephoned to Judge Rolapp and was advised not to bring them at that time. He then returned the ballots to the box in his office, and there they remained until Mr. Sebring took them away. Mr. Robinson testified that no one but himself had a key to the office. He said that on one occasion he loaned his key to W. W. Francis to get into the office to get a paper. He admitted that he had some persons stepped out of his office and left persons there who were transacting business, but he was sure that the ballots had never been touched. When he received the ballots some of the packages had been torn, and they were further damaged when he took them to the depot, but he had never been broken open.

W. W. Francis testified as to having secured the key to the office on the occasion mentioned, and said that he had not touched the ballots.

County Recorder Heintz, of Morgan county, Rheinhardt Olsen and O. E. Anderson, of Morgan, testified that they had been in the office of the county clerk but had never interfered with the ballots. The last three witnesses were placed on the stand by the contestant to prove that (namely) as the clerk had no vault or safe in which to preserve the ballots, they had not been properly taken care of, and should not be counted at this time.

From the testimony brought out it is clearly manifest that there is great need for suitable vaults or safes for the preserving of ballots, and court files in the county of Morgan.

SPORTING GOSSIP OF LOCAL INTEREST

Jockeys Who May Head the List
During the Coming
Season.

A REAL JIU JITSU MATCH.

Local Jap and One from the Coast
Will Engage in One as Preliminary Monday Night

The comment that has been made on the match to take place at the Theater on Monday night between an unknown Jap and Eddie Robinson of this city, has been the means of bringing about a straight Jiu Jitsu contest between two Japanese. It will take place as a preliminary to the main event, and should prove almost as interesting to the spectators as the big match.

When the unknown Jap, who is to meet Robinson, arrived in the city from the coast, he was attended by a brother Jap who is also a jiu jitsu expert. The latter acted as trainer. Learning of his presence in the city, local Japs conceived the idea of one of their number who is a jiu jitsu expert, going on with the coast athlete. The latter agreed to the match, and it will therefore be a straight jiu jitsu affair. It is claimed by local Japanese that when these little brown men get to going on the mat, the spectators will witness a most exciting event.

It is a little too early to make a prediction as to the result of the match, but it is discussed among horsemen nowadays. Who will be the rider to head the list of jockey jocks during the coming season?

For several years past the leading American jockey has been a promoter at either the California or New Orleans track. With the addition of the Ascot park and Hot Springs meetings this year, winter tracks will send riders east with good records back of them.

Last year the leading rider was Hildebrand, who came from California, having ridden at the Oakland and Ascot park tracks. He was before the Grand National and was at the top, and he hailed from New Orleans. The latter place can boast of a number of good jockeys who are developed, as Mitchell, Winnie O'Connor and several others made riding records at that track before coming north.

This year there are four riders who are expected to head the list—namely, W. Davis at Oakland, McDaniel, at Ascot park; Nicol, at New Orleans, and Sperling, at Hot Springs. Two of these, McDaniel and Nicol, are new to eastern jockeys, but from all accounts they are good riders, and should they continue to ride to their present form, the race for honors in the jockey list will be very interesting.

W. Davis will ride for Sidney Paget, and Nicol will in all probability be seen wearing the colors of James R. Keene. McDaniel will be before the Grand National and Sperling will be before the Grand National and Sperling will be before the Grand National.
