

CITY COUNCIL.

First District Court.

Proceedings before Judge Sandford.

Tim Holland vs. Kelpie Mining Co., appeal dismissed.

J. E. Bamberger et al. vs. Joseph Marion et al.; continued.

Frank McLaughlin et al. vs. R. C. Chambers et al.; docket for defendant.

W. P. Howe et al. vs. V. Schmidt et al.; submitted and taken under advisement.

Wm. Glasemann vs. Mary O'Donnell; on trial before the court.

On Monday, December 10th, at 10 a. m., a further call of the equity calendar will be made and cases will be set to fill up the time of the court to December 20th.

The Coming Examination.

A host of witnesses are being summoned for the examination of the charges against Receiver Dyer and the attorneys made in the petition submitted by Judge Zane. Judge Powers will appear as counsel for the Receiver, Mr. Williams and Mr. Peters will act in their own behalf, and it is understood that the most important counsel are to be associated with Judge Powers in defending the course taken by Receiver Dyer. Whether or not Judge Zane and his partner, John M. Zane, will have assistance is not yet decided, though it is stated that they will also be aided by leading lawyers. A few more demands for "compensation" out of the funds which it is proposed to escheat will leave but little for any other purpose.

Surrendered Himself.

Today Trefle Doutré appeared before Commissioner Norrell and gave bail in the sum of \$2500 to appear at the next term of the First District Court and stand trial on a charge of murder in the first degree, the grand jury at Provo having found an indictment against him for that offense. He is accused of having taken part in the killing of Mr. Nokes, in Millard County, a few months ago. Jerry Patnode and Alex. Doutré, the latter a brother of Trefle, are now in the penitentiary awaiting trial for the same deed. Trefle came from Nevada where he learned that he was indicted, to answer to the charge, of which he says he is innocent. He says that he was about a mile distant when Mr. Nokes was killed, having been shot by Alex. Doutré. Patnode was with Alexander Doutré at the time of the homicide. Judge Powers defends Trefle Doutré.

Shocking Suicide.

From Conductor W. B. Green, of the Montana Central Railroad, it is learned that a horrible suicide occurred near Wichita this morning. Mr. Green said that he and Hugh Kirkendall were standing on the rear end of the smoking car, and when out about 200 yards this side of Wichita they noticed a man sitting in a car within a few feet of the track. The train was not moving very fast, so Mr. Green thought the fellow was about to board the car and steal a ride. As the train neared the man stepped up to it and deliberately placed his body under the wheels. The rear wheels of the ladies' car and the sleeping car passed over him, almost severing his head from the body. Conductor Green saw the man spring under the car, and says it was the coolest work of self-destruction he ever saw or heard of. He stepped the body as far as possible. The poor fellow was dead and must have died instantly, not writhing a particle as he was taken to the hospital. The body was taken to Wichita where an inquest will be held this evening. The conductor, Mr. Kirkendall, and Express Messenger Simpson were the only witnesses to the suicide.

No one at present is able to identify the man, as his countenance is disfigured beyond recognition. He appeared to be 35 years of age, was fairly well dressed, and had on a light suit of clothes. He is believed to be a prospector. — *Butte Inter-Mountain*, Nov. 30.
