What Nature denies to many  
Art secures to all. Hagan's  
Magnolia Balm dispels every  
blemish, overcomes Redness,  
Freckles, Scouriness, Rough-

Blotches, and removes all evi-  
dences of heat and excitement.  
The Magnolia Balm imparts  
the most delicate and natural  
complexion to the skin—no de-  
fection being possible to the closest  
observation.

Under these circumstances a

of a crime. Magnolia Balm

Political.

NEW YORK, 19.—Ex-Governor  
Ward, of Louisiana, at Long  
Branch said to a reporter that he  
didn't think the republican ap-  
point count on a single southern electoral  
vote in 1880. The democrats prefer  
Bayard, but they want candidates  
from New York, New Jersey,  
Connecticut, Indiana and  
California and possibly Ohio, and  
they fear Bayard cannot do this.  
Tilden was never their choice, and  
since 1876 his course has been a  
disappointment.

The Tribune's Washington special  
says: Congressman Morrison, of  
Illinois, arrived here yesterday.  
He said that the fraud issue will be  
made more prominent in Congress  
next winter than last session, and  
that it will undoubtedly constitute  
the leading question in the pre-  
sidential canvass. He thought this  
would not involve the necessity of  
putting forward Tilden as a demo-  
cratic candidate.

## ROAD AGENTS' WORK.

LOS ANGELES, New Mexico, 19.—  
The stage out from Santa Fe on  
Monday, was stopped by three road  
agents, 20 miles from Vegas at 5 p.  
m. Two passengers, who were  
Army of New Mexico, and J. P.  
Strahn, of New York, were robbed,  
and the road agents rode off on the  
stage horses and are still at large.  
Army officers are now at the scene.

## After Desperado.

CHETOP, Kansas, 19.—From the  
reports of soldiers who have been  
180 miles west of Vinita, in search  
of the body of the murdered Capt.  
Chester, it is learned that there  
is a band of 50 desperadoes who  
are ravaging that country, and  
are getting bolder on account of  
continued success, and are likely  
to attack road wagons if not soon  
checked.

## \$50,000 FIRE.

DETROIT, 19.—The loss by the  
fire which destroyed the Waldron  
Block, Hillside, last night, will  
reach about \$50,000 on the building  
and contents of the street and or-  
ders. Total insurance, \$30,000. The  
building was the largest in the  
city, contained six stories and a  
large number of law and medical  
offices, city offices and the post of-  
fice.

## A Cold-blooded Murder.

BOSTON, 19.—Frye was murdered  
by the three men arrested by the  
police last night, they having en-  
gaged him to his cellar on pre-  
text of looking through his premises.  
The Greek Ardit then stabbed him  
with a scissor. Frye resisted, and  
an Italian boy, Nicolio, shot him.  
The details show that the death  
of the murderer being entertained  
by Frye while they plotted and  
committed the murder.

Ardit is 22 years of age. Nicolio  
is 19. The former was two months  
in the country and fled from home  
to escape the consequences of a  
murder committed there. The de-  
ath of the latter was a great sum.  
They arranged a game of billiards  
with Frye and then induced him  
to go to the house. When they  
reached the cellar, the Greek who  
was armed with a pair of bar-  
ber's shears attacked Frye furiously  
and after a desperate struggle he  
which Frye begged the boy Nicolio  
to spare his life. Ardit ordered Ni-  
colio to shoot, and terrified by threats  
he did so, causing instant death.  
They then fled to the police station  
where they were arrested. The de-  
ceased man, and then captured the  
silverware. They left the house  
and met in Hanover Street with  
Larry, their friend, who was watch-  
ing the police. A barber friend re-  
luctantly hid the body in the chimney  
but subsequently they took it away  
and buried it. Larry's real name is  
Santis Chevarro, he is 18 years old,  
sallow complexion and medium  
height. He made his escape from  
the police not being known to the  
police.

## Gov. Talbot Withdraws.

Governor Talbot writes the chair-  
man of the republican State com-  
mittee: Early in the year, after  
careful deliberation, I determined  
to withdraw from office at the first  
opportunity. The reasons for this  
decision are entirely discon-  
nected from matters of State or  
political consideration. They are  
entirely personal to myself and my  
judgment of sense and duty. They  
are imperative and conclusive.  
Action is final.

## Revolutionary Rumors.

ST. LOUIS, 19.—The colored ex-  
ecutive committee by were the  
planners to report on the suitability  
of Kansas for colored emigration,  
say, as it was expected they would,  
that the land is not fitted for colored  
men, and that now there would  
gladly return South if they could do  
so without expense. They think  
the trip will be the means of stop-  
ping the exodus from the south for  
the present.

## WESTERN.

The Western Commercial War.

SAN FRANCISCO, 19.—A Bureau  
New dispatch says: A portion of  
the sheriff's posse has just returned  
from the scene of the Fish Creek  
fight. They corroborate the state-  
ment hitherto telegraphed that the  
goal burners opened the fight, firing  
the first shot. Not half the burners  
were armed. After the first volley  
from the officers the rioters fled  
precipitately; three of them were  
killed outright and two so badly  
wounded that they expired after a  
few hours. Fourteen prisoners were  
taken, but only three were brought  
to town, as the rest were found to  
be unarmed. Deputy Sheriff Simp-  
son was in the act of serving a war-  
rant on one of the fugitives when  
the conflict began. The officers  
claim that they were in a close  
place and were compelled to fight  
or be killed. There was no chance  
for retreat. The rioters were met  
on the road three-quarters of a mile  
from any camp. The officers do  
not believe that there were any  
wounded. There is a deep feeling  
among the Italian residents of Ex-

North Ogden, on his way to Penn-

Our Present Relations with Eng-  
land.

LONDON, 19.—The Times says:  
The Hon. John West, United  
States Minister to England, who  
leaves London on Monday, is gen-  
erally regretted, but it is satisfac-  
tory to feel his retirement is not in  
any way due to any difficulty arising  
out of his mission.

The only controversy which has  
arisen during West's mission is the  
claim of the United States relative  
to the British North American  
fisheries. West has brought out a  
phase of the difficulty to a critical  
point, by last week depositing a  
demand for \$108,000 damage for the  
fisheries. This is a large sum, and  
though it is satisfactory to ob-  
serve the better tone in which such  
controversies are treated by both  
countries.

The point is a technical one and  
may be discussed without heat on  
either side; as also the larger ques-  
tion of policy involved in the pro-  
posal to abrogate existing arrange-  
ments as to the fisheries. Though  
these negotiations excite no strong  
feeling here or in America, they  
must necessarily be carried on with  
great delicacy. The United States  
Government at Washington will  
also doubtless appreciate the im-  
portance of selecting a representa-  
tive who will state the American  
view relative to bi-metalism with  
clearness and force, and carry  
conviction if possible to our  
opponents of the highest rank.
