

HANGINGS BY THE WHOLESALE.

Six Hundred People Have Been Executed in Warsaw and Others in Moscow.

RUSSIA'S INTERNAL STATE BAD.

War Has Resulted in an Almost Complete Paralysis of Business.

London, May 25.—The Daily Mail's correspondent at Shimonski, Japan, under date of May 25, says that only minor operations are now proceeding on the peninsula of Liao Tung and that the main attack will be postponed for some time. At present the disposition of the Japanese army on the peninsula seems to be as follows:

The first, third and fourth divisions of the second army have already been landed, and the fifth and eleventh divisions are now on the way. The third army will consist of the ninth, tenth and eleventh divisions and one brigade of artillery, but these have not yet left Japan.

The standards correspondent at the headquarters of the Japanese first army, under date of May 25, says there is no change in the situation. The Russians seem to be perfectly content to remain on the defensive and are vigorously strengthening their position with Liao Yang as the base. They are a little more active, however, northwest of Feng Wang Cheng, where the patrols of both armies are in touch almost daily.

The Standard publishes a dispatch from a Russian correspondent, in which the paper says that great confidence, containing most sensational statements regarding the alarming condition of Russia as a result of the war. The correspondent asserts that disturbances in various cities have been followed by wholesale executions without any civil trial. It is said that 600 persons have been hanged in Warsaw alone, and that many others have been hanged in Cronstadt and Moscow. At the latter place the troops buried eighty coffins containing the bodies of those who had been hanged. The bodies were buried secretly, in the dead of night, presumably in the woods.

This correspondent asserts that the war has resulted in the utter paralysis of all business and that even the most sober-minded are drawing ominous conclusions from the significant fact that regiments stationed in European Russia have been retained in their places and that only a few reserves have been mobilized for the front.

The Standard in an editorial says it published this correspondent's statement under all reserve, but it thinks there are indications, such as, for instance, as the sinking of the battleship Orel, that the normal disaffection of the population of Russia has been greatly stimulated by the war.

Millionaire McColl Gets Divorce.

Chicago, May 25.—Frances H. McColl, millionaire yachtman and member of prominent clubs in New York, San Francisco and Chicago, has been divorced from his wife on the grounds of desertion. The decree was granted by Judge Chetlain, before whom suit was recently filed here by McColl. The plaintiff is president of the American Knit Can company and vice president of the "Trust."

Mrs. McColl is said to be a sister-in-law of W. J. Pope, president of the Pope Manufacturing company and a multi-millionaire, and her brother, Geo. Linden, is said to be partner of the American ambassador to Italy, George L. von Meyer. Mrs. McColl is living at present in Brooklyn with her daughter.

Admiral Cooper to Retire.

Washington, May 25.—Rear Admiral Cooper, commander in chief of the Atlantic squadron, has requested that he be relieved of that command and placed on the retired list in the early fall. It is expected that Rear Admiral Sterling will succeed him.

Big Military Preparation.

Washington, May 25.—Military measures on a large scale begun recently by Venezuela are giving rise to a great deal of uneasiness and apprehension here. It is said that a French company sold Castro's government one and a half million livres worth of artillery, which is being placed in fortifications at Puerto Cabello and other important coastal ports. The company also contracted to supply a force of skilled artillerymen to man the guns for a certain period.

Just what this expensive armament means when Venezuela is so poor is a matter of speculation here, and there is some fear that it is the forerunner of a revolution by Venezuela of liability for further payments of installments of indemnity under the awards of the recent arbitrations.

Excursion Train Fired On.

Mobile, Ala., May 25.—An excursion train on the Mobile & Ohio railway was fired on today near Yellow Pine, Ala. Conductor W. S. Ash of Birmingham was killed and Joseph Richardson of Meridian and a negro passenger were seriously wounded.

Attacked by Strikers.

Portsmouth, O., May 25.—Virginia negroes imported to fill the places of the

Is there a lack of harmony in your Department of the Interior?

A little less meat.
A little more "FORCE."
Often that restores the balance.

Sunny Side

The brain worker must select his food to fit his habit of life. He should eat most excellent food for ten hours a day on "FORCE" line. It is a healthy diet to the "indoor" digestion—no indigestion.

striking employees at the Hanging Rock (Ohio) iron furnaces were fired upon last night. The strikers stormed their camp houses, firing several hundred shots. The terror-stricken negroes barricaded themselves in the main plant and the rioters finally withdrew. There were no fatalities, but another outbreak may occur at any time.

Accused of Forgery.

Everett, Wash., May 25.—W. F. Allen, a sewing machine agent, is under arrest here charged with forgery at Oklaheima, Ia. Allen admits forging notes to the amount of \$7,500. He conducted a music store in Oklaheima. He says he dabbled in stocks and forged to make good his losses.

Miles for Filipino Independence.

Boston, May 25.—Lieut. Gen. Nelson A. Miles was principal speaker at the dinner of the Massachusetts Reform club at Young's Hotel last night. Gen. Miles advocated emphatically independence of the Philippines and reciprocity with Canada.

Laramie County for Hearst.

Cheyenne Wyo., May 25.—The Laramie county Democratic convention met here today and elected delegates to the state convention, instructed by William R. Hearst for president. Laramie county is the principal county in the state and the Democratic leaders at the capital here say that its action will be followed by every other county in the state and that the Wyoming delegation to the national convention will be instructed for Hearst.

POOLROOMS FLEECED.

Was Done by a Sharper Tapping The Wires.

Hot Springs, Ark., May 25.—The poolrooms were unmercifully fleeced today by a clever wire-tapping, easily executed on account of the recent stoppage of the Western Union service. Four races were had and the poolrooms were left to lose thousands of dollars.

In the first race at St. Louis they paid on Sylvan Belle to win, which was third. In the third race settlement was made on Jingle to win, which was not in the money. P. J. Somers, in the first race at Chicago was wired a winner, when Watermelon won, and in the third race Aunt Katherine was given as the winner, when La Londe came in first.

It was the most disastrous day in the history of local poolrooms. Chief of Police Shevlin is working on the trail of the instigators. Two suspects have been arrested. It was framed up to send in Sting, in the fifth race at St. Louis, and Elfin King, in the fifth at Chicago, but by this time the local poolrooms realized that everything was not right and mutually agreed to take the money and not pay off until the next day, and as a result betters on the last two horses, which really won, are holding winning tickets which will be cashed tomorrow.

Japs Ambush Cossacks.

Liao Yang, May 25.—A wounded Cossack who arrived at Sayolenta yesterday reports that a fight took place north of Takushan, on May 20, in which the Japanese ambushed a column of Cossacks and nearly wiped them out.

The Cossacks were patrolling to the north of Takushan for a distance of 15 miles when they fell in with three squadrons of Japanese cavalry, which retreated. The Cossacks followed and fell into an ambush, a body of Japanese infantry being concealed behind a small hill.

Commander Beckmoresheff ordered his men to draw their sabres and cut their way out, when his horse was shot and he had just time to order the column to scatter when he fell wounded.

The Japanese then closed in on two sides, firing volleys in close range. Two remaining officers fell and the column retreated with the loss of three officers and thirty men.

A DESPERATE CONVICT.

Shoots Two Guards and Then Commits Suicide.

Columbus, O., May 25.—Frank Green, a convict in the Ohio penitentiary, is dead, Henry Gebhart, a guard, is dying, and Albert Hubler, another guard, is suffering severe injuries as the result of a tragedy at the prison today. The shooting was all done by Green, who shot the guards, then committed suicide. Green was a desperate character, having been sent up for participation in a bank robbery. No one knows the cause of the tragedy or where Green procured the revolver. He lay in wait for the men and without a word began to fire.

Merchant Marine Inquiry.

New York, May 25.—When the merchant marine commission resumed its investigation into the causes of the decline of American shipping today former Congressman John M. Farquhar of Buffalo spoke in favor of the tonnage bill of 1891, which failed of passage by Congress. The bill provided for a bounty passed on mileage covered by the ships. Mr. Farquhar advocated the building of ships for the foreign trade by railroads, saying that all overcharges for operating and constructing could be saved in this way. The commission will sit at Philadelphia tomorrow, visiting Cramps' ship yards the following day. Baltimore and Boston also will be visited. Later sub-committees will hear testimony in Chicago and other points along the lakes, Tacoma, Seattle, on the Pacific, and possibly Norfolk, Va., and New Orleans.

ANTI-"MORMON" RESOLUTION.

General Federation of Women's Clubs Thanks Senate for the Smoot Investigation.

MRS. ALLEN WAS VERY BITTER

Miss Alice Reynolds of Provo Defended the Women of Utah, but All to No Purpose.

St. Louis, May 25.—The General Federation of Women's Clubs before adjourning left the even tenor of its way to make an attack on the "Mormon" Church. This attack took the form of a resolution, which was unanimously adopted, and was as follows:

"Whereas, We recognize in the permanence and sacredness of the marriage relation a principle great in its significance,

"Resolved, That each federation inform itself on its state laws governing marriage and divorce, and that concerted and systematic effort be made to secure strict and uniform laws governing these important subjects.

"Resolved, That we extend our thanks to the United States senate for its investigation into an organization which controls its adherents morally, politically and commercially.

"Resolved, That in view of the systematic effort of that body to undermine the Christian standards of marriage and to dominate state and national legislation each state federation urge upon its senators to take such legislative action as will prevent the recognition of a power which undermines moral standards and the continuance of practices which are contrary to the principles of the American people."

The resolution was supported by Mrs. C. E. Allen, wife of ex-Congressman Allen of Utah in a bitter speech. As a voter, she said, she had been asked by her constituents what she stood for. To them she replied: "For the integrity of the American home. As a mother, as a clubwoman, as a patriotic American citizen, I ask the adoption of the resolution."

She was followed by Miss Alice Reynolds of Provo, Utah, who is an instructor in the B. Y. university at that place. "There are two sides to every question," said Miss Reynolds, "and I ask this gathering to hear my side. I, too, am for purity of the American home, no less than the other ladies who have preceded me in their attack on my religion. Every Mormon woman is for purity, the American home and for the defense of every law of the nation. I am a Mormon, and a voter. I am a Democrat, but never in voting have I distinguished between the religion of the candidates. I have never been approached and asked to vote one way or the other. We Mormon women vote absolutely as we please.

"Only once have we sent a man of our religious faith to Congress. Look over the facts and you will see that we have always been true to our contracts."

At this point her argument was cut short by the chair bringing down the gavel, a signal that the time limit for discussion had expired. The incident created a sensation partly because it came so unexpectedly, but the unanimous vote in favor of the resolution showed how heartily the federation endorsed the sentiments it contained.

TWO MILLION DOLLAR FIRE.

Every Important Business House In Yazoo City Burned.

Jackson, Miss., May 25.—Fire in Yazoo City today destroyed every business house of any importance, together with a large number of private residences, the principal hotels and the passenger station. The fire started at 8:30 this morning and burned until 5 o'clock this afternoon, destroying 300 buildings. The burned district is three blocks wide and 12 blocks long. The estimates of the loss are between \$1,600,000 and \$2,000,000.

The water supply was inadequate and efforts to stay the flames were futile. A citizen named Chambliss was killed by falling walls, and Mayor Holmes was severely hurt, his condition tonight being reported as precarious.

In the afternoon the fire jumped a bayou and spread to Latonia, a residence district, where it destroyed some of the finest homes.

The Yazoo county courthouse and the Ricks memorial library escaped destruction, and the vaults of the banks and the postoffice protected their treasures. Yazoo City is 40 miles distant from Jackson and has 6,000 inhabitants. It is impossible tonight to place an accurate estimate upon the loss entailed by the fire, but it is thought that the total will be between \$2,000,000 and \$2,500,000. Some estimates are even as high as \$3,000,000. The local insurance loss is between \$800,000 and \$1,000,000.

Robbery at Nampa.

Nampa, Ida., May 25.—Thieves forced entrance through the rear door to the general store of Dr. Kahler at this place last night and carried away a quantity of stock consisting of shoes, pocket-knives, purses, jewelry and a small amount of money. No clue to the burglars. This is the second time during this month this store has been looted.

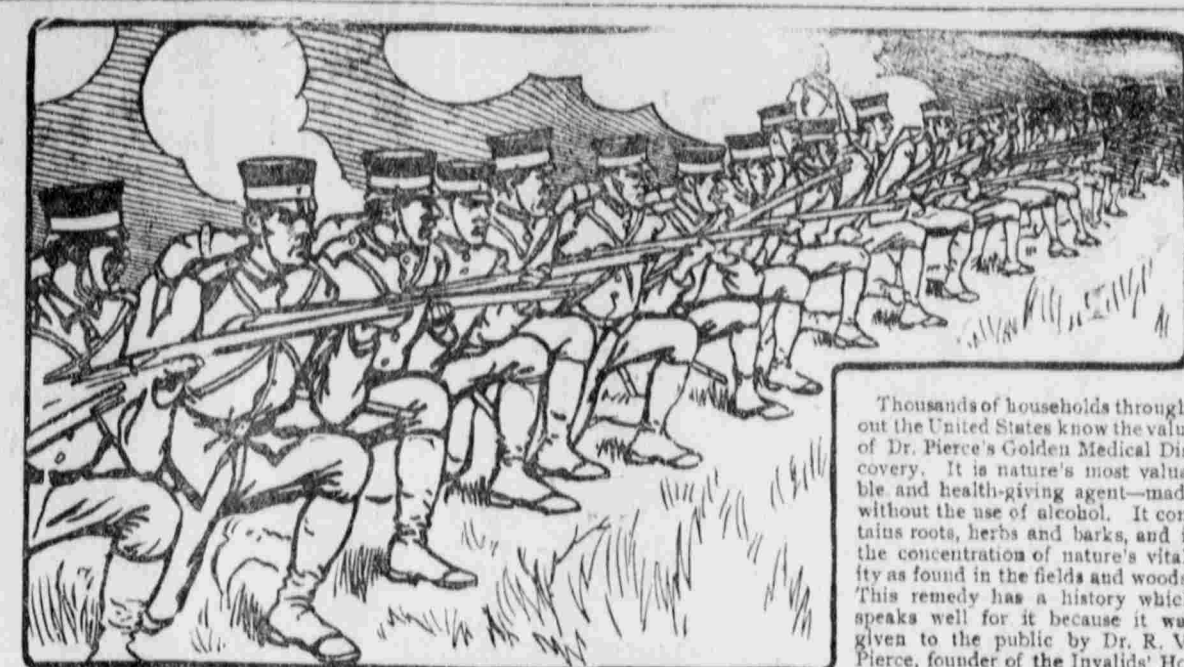

GOT HER HUSBAND'S BODY.

Police Saved Widow from Undertaker's Extortion.

New York, May 24.—Mrs. James S. Gookins, widow of a son of the late Chief Justice Gookins of Indiana, has been compelled to call upon the police in order to force an undertaker to surrender her husband's body.

Col. Gookins, who was a well known civil engineer and a jurist, died suddenly at a hotel here Monday. When Mrs. Gookins and her son arrived from Chicago they found the body had been removed by an undertaker who demanded \$300 for his services. Other undertakers told the widow \$20 was sufficient for the office he had performed.

10¢ a day

JAPAN VS. RUSSIA.

"On the Firing Line."

Thousands of households throughout the United States know the value of Dr. Pierce's Golden Medical Discovery. It is nature's most valuable and health-giving agent—made without the use of alcohol. It contains roots, herbs and barks, and is the concentration of nature's vitality as found in the fields and woods. This remedy has a history which speaks well for it because it was given to the public by Dr. R. V. Pierce, founder of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., nearly forty years ago, and has since been sold by druggists in ever increasing quantities. Some medicines, tonics or compounds, enjoy a large sale for a few years, then disappear from the public attention, but Dr. Pierce's Golden Medical Discovery has proved such a reliable blood remedy and tonic that it often enjoys the confidence of several generations in a family, and its increased sales year by year coming from the recommendations of those who have tried it, prove its lasting merit, so that every bottle bears the stamp of public approval.

WHAT A SOLDIER SAYS.

"Thirteen years ago I was wounded by a ball passing through my lung," says George H. Belcher, Esq., of Dorchester, Pike Co., Ky. "I have had a bad cough ever since with shortness of breath, and it was very easy to take cold; the slightest change of weather would cause the cough to be so bad I would have to sit up in bed all night. I could not eat nor sleep at times; I was all run down; I could not work at all. A few months ago I began using Dr. Pierce's Golden Medical Discovery. I have not used more than two bottles and now I can eat, sleep and work, and I feel like a new man. I cannot find words to sufficiently recommend Dr. Pierce's Golden Medical Discovery, or tell the good it has done me."

are based on the necessity of controlling large bodies of men in order that their combined force may be directed toward a point of attack. The rules of health which guide and direct the human system in its struggle against disease, are fully explained in the "Common Sense Medical Adviser." Send Dr. R. V. Pierce, Buffalo, N. Y., 31 one-cent stamps for this great doctor book of 1008 pages. Many a siege of sickness has been avoided by his help.

It matters little where or how you obtain it, but it matters all the world that by some means you possess good blood. Good blood is first, last and always the making of manly men and womanly women. It is the source of all courage, virtue and happiness. When manly mentality and womanly courage have been sapped and undermined by the subtle disintegrating poison of physical debility and malnutrition, the spirit ceases to be "willing" because the flesh is weak, the blood is impoverished, the nutritive powers depleted. It is by overcoming these physical disabilities and restoring the forces of nutrition to full and complete vitality that Dr. Pierce's wonderful "Golden Medical Discovery" gives back to men and women their true birthright of hopefulness, endurance and heroism. It works in the natural way, purifying the blood, toning up the stomach and gently stimulating the liver and bowels to renewed effort. It reaches the root of the disease and stamps it out from the system, so that the patient is cured to stay cured. For nearly forty years it has stood the test of time, and stands to-day in a proud position of superiority.

"Blood will tell," is an axiom that all the ages have never gained. Every man who does a brave, heroic act carries within his veins a quality of blood that unites and sustains him. No matter whether he inherits it from a long line of famous ancestors or from the sound and healthy constitution of his immediate parents, whose only distinction is honorable toil and a simple, virtuous life, pure blood is the best protection possible against disease of any nature whatever. This is the reason why the blood gives against the germs of disease is one of the mysteries of modern medicine, but it is a universally admitted fact that the blood has this power, the only question in the mind of scientific men being as to the exact manner in which this is accomplished. Some think it due to a peculiar

and she refused to submit to the extortion. The undertaker declared he would send the body to the morgue and the police were called upon. They acted at once and the undertaker surrendered the body.

RUSSIA WILL MOBILIZE.

Preparing to Put Two Million Men Under Arms.

Paris, May 25.—The St. Petersburg correspondent of the Echo de Paris says: "I am able to affirm that Russia is preparing to mobilize 2,000,000 soldiers in European Russia on the conclusion of the war with Japan. Foreign Minister Lamsdorff has informed several members of the diplomatic corps that he was uneasy on the subject of China. Russia, he said, had adhered unreservedly to the terms of Secy. Hay's note, but if China should violate or permit the violation of neutrality, whether through bad faith or weakness, Russia would act."

Freight Embargo Being Lifted.

New York, May 25.—The embargo on southbound freight at the Mott Haven yards of the New York, New Haven & Hartford Railroad company, resulting from the strike of firemen on the river transfer boats yesterday was being gradually lifted today, and the officers of the company announced that they expected to see how traffic moving without interruption through the night and day. It was said that had been entirely relieved.

Along the East river front there was practically no change in the conditions which obtained yesterday.

SALT LAKE WOMAN HURT.

In Wreck of Overland Flyer Near Hallville, Wyo.

Rawlins, Wyo., May 25.—Union Pacific train No. 1, known as the overland flyer, in charge of Conductor Kerigan and Engineer Robinson, was wrecked today near Hallville. The entire train left the rails, one car turning completely over. All the passengers were badly shaken up, but none was seriously injured. A broken rail caused the wreck.

The following were more or less seriously injured:

H. C. Rapp of Monterey, Cal.
Mrs. James Scott, San Francisco.
Mrs. Mary B. Frazier, San Francisco.
Mrs. E. Conaghy, Salt Lake.
E. F. Bennett, Saratoga, Wyo.
None of them were compelled to go to the hospital.

JAPANESE TRIUMPH.

Austrian Commissioner to St. Louis Sounds a Warning.

Chicago, May 25.—Warning of the dangers which threaten the United States and the entire white race in event of Japanese triumph in the war against Russia has been voiced before the Twentieth Century club by Baron Ernst von Hesse-Wartegg, of Trebschen, Switzerland, Austrian commissioner to the Louisiana Purchase exposition. The baron, who has had an experience of many years in the orient, spoke to the subject "The seat of war in the far east," and stated that the sympathies of Caucasian races should be with the Russians. His views seem to meet the approval of many of the club members, who applauded him vigorously.

THE PERDICARIS CASE.

Negotiations for His Release Progressing Slowly.

Washington, May 25.—Consul Gummere reports little progress in the attempt to secure the release of the American, Perdicaris, who was kidnapped from his country home near Tangier last week. In a cable received from him at the state department today, the consul says:

"Situation at Tangier is not assuring. The sultan has sent strong orders to the authorities to act in accordance with the orders of the British minister and myself. The negotiations are proceeding in a highly unsatisfactory manner, although the sultan seems to be trying to stimulate the local officials to active efforts."

Six Hours in Denver en-route to St. Louis

The Burlington Route's daily through sleeper, Salt Lake to St. Louis, is halted in the Colorado capital from 4:00 p. m. to 10:35 p. m. "Seeing Denver" cars leave the union depot every hour and will carry you all over the city in two hours for 50 cents. Afterward, you may take dinner with your friends there, spend the evening at their house, attend the concerts in the City park or do whatever else your fancy dictates. Meanwhile the car porter is guarding your wraps. You do not have a thing to worry about.
