After the loss of Saturday's game to the Lagoon team, Ogden's position in the pennant race is not so bright as it was yesterday. The home team has eight games to play, and if it should win all of them, it would be tied for first place with the Lagoon team. Ogden wins the game, and it is thought that the championship will go to the Lagoon team.

SATURDAY'S GAME.

Good and Bad Baseball, Bad Umpiring and a Lively Row.

There was a good deal more to Saturday's game than those who witnessed it expected to see.

In the first place the Farmers fell and Mr. "Pink" Hawley's curves in the pitcher's hand were not to be trusted.

Tomorrow Night's Races.
Twenty Mile Match Motor Paced Race Will Be the Feature.

If everything goes right tomorrow night's race meet will be the best of the season. Manager Rishel has arranged an excellent program. Besides the twenty-mile race between Gus Layman and Charley Turville, there will be a one-mile handicap professional for \$35, \$15, \$10; and \$5; and a three-eighths mile amateur open for \$15, \$10, \$5 and \$2.50.

Rock-a-Bye Baby

These are sweet words, but how much pain and suffering they used to mean. It's different now. Since Mother's Friend has become known expectant mothers have been spared much of the anguish of childbirth. Mother's Friend is a liniment to be applied externally. It is rubbed thoroughly into the muscles of the abdomen. It gives elasticity and strength, and when the final great strain comes they respond quickly and easily without pain. Mother's Friend is never taken internally. Internal remedies at this time do more harm than good. If a

woman is supplied with this splendid liniment she need never fear rising or swelling breasts, morning sickness, or any of the discomforts which usually accompany pregnancy.

The proprietor of a large hotel in Tampa, Fla., writes: "My wife had an awful time with her first child. During her second pregnancy, Mother's Friend was used and the baby was born easily before the doctor arrived. It's certainly great."

English Not Hopeful.
Europeans Do Not Have Much Faith in Shamrock II.

New York, Aug. 5.—According to Foxhall Keene, who returned from Europe on the Celtic, English yachtsmen have little hope that Shamrock II will "lift the cup."

"I heard many comments," he said, "and from them I judge the general belief exists in yachting circles that she is not up to the mark."

Mr. Keene, who was accompanied by his wife, said they had a delightful trip on the Celtic, but it was marred by the death on the voyage of his famous prize Ailsdale terrier, Rock Princess, which was purchased for \$1,000, but became more valuable when it was judged champion of the world of its class. The voyage was too much for the dog and it died on the second day out.

"While I was on the other side," said Mr. Keene, "I played about eight games of polo. I was disappointed, however, at not being able to get together a team to play for the champion cup. I am certain a good team of Americans would have won it. I thought Lipton, 'off the cup.' They play good polo over there, but I have seen many superior games here."

"We can beat the English in almost everything," our race horses are winning every day, and the American jockeys are outwitting the English brothers. There is no feeling against the American trainers and jockeys."

Mr. Keene said he intended to participate in the polo championship, polo was to be played in Boston during the first week in September.

Walshour vs. Stinson.
New York, Aug. 5.—Another bicycle record may be broken tonight, when Walshour and Stinson race the square Garder in a 15-mile motor paced race. Walshour has been breaking records right and left recently and tonight will, if he beats Stinson, have to do better than the mark made for the Garder track by his opponent. Stinson holds the world's record for forty miles.

Will Give Up Baseball.
Binghamton, N. Y., Aug. 5.—Ernest G. Crabb, the star pitcher for the Binghamton state league baseball team, announces that he has decided to give up baseball as a profession and enter evangelic work.

Mr. Crabb was converted during revival meetings last winter, and since then has given much study to the Bible.

Brighton Beach Meet.
New York, Aug. 5.—The full list of entries for the Brighton Beach trotting association's first meeting, beginning Monday next has just been announced. The meeting will continue for a week.

On the first day the cracks of the trotting turf will meet for the free for all \$10,000 purse. Thursday the Kings-Creascos 224 and the Abbot, 2,094 will trot for \$12,000 grand special prize. There will be three events on the card each day and the cards are well filed.

Special Cup Today.
Newport, R. I., Aug. 5.—Although there is to be more racing for the 50 foot cup defenders until next Saturday the 50 foot yaws, which have had many interesting contests and two of the 70 footers will go out for races for two special cups today. The yaws—the Vigilant, the Navahoe and the Ethel-bell Altsa—will race for the cup offered last Monday by the owners of the three imported cutters.

The race for 70 footers will be between the Virginia, Wm. K. Vanderbilt, Jr. owner, and the Rainbow, owned by his cousin, Cornelius Vanderbilt, for a cup offered by Mrs. W. K. Vanderbilt.

No new developments as to the future of the Independence have come out except in an indirect way. The crew of the Independence before they turned in were singing "The Last Race, Jennie" when Mr. Lawton who was aboard, said that there were yet four or five races for them. He did not say, when or where, but it is thought

he meant that the yacht would race next and the week after in Long Island Sound.

Fight Against Gambling.

New York, Aug. 5.—There is much speculation regarding the outcome of the fight against gambling, says the Saratoga, N. Y., correspondent of the World. The arrest of Richard A. Canfield, proprietor of the famous club house at Saratoga, is looked upon as the beginning of the long-threatened attack of the pool room men against the club house. Lawyer Steinhardt, of New York city, who represents the pool room syndicate, says that Canfield's club house will be closed up tight.

Saratoga also says that he intends to arrest persons who are responsible for the violation of the law at the race track. He intimates that he will obtain the necessary evidence at once.

The officials of the race track profess that they are not alarmed over the threatened trouble. Canfield declines to talk about his arrest. He will not criticize those behind the reform crusade because they have not proceeded against the proprietors of the other club houses.

Dan Stuart, a western man, is said to be the owner of the pool room at the race track. The trap up of his pool room by the local authorities is regarded as the direct cause of the fight against Canfield and his club house. Stuart, so his friends say, has announced that he will spend \$5,000 to stop gambling in Saratoga unless pool rooms of also permitted to be kept open.

Stuart is represented by Caleb Mitchell, who says that Canfield was responsible for the closing of his place a couple of weeks ago. Mitchell claims that he is fighting the track people, however.

PREPARING FOR LABOR DAY.
Grand Parade in Forenoon and Sports at Lagoon in Afternoon.

The labor day committee of the Federation of Labor met yesterday afternoon to formulate in a general way the program to be carried out during the day. There were no definite features decided upon, but it was concluded to give the big parade in the forenoon in which every industry in the State will be represented. In the afternoon they will repair to the Lagoon where it is expected there will be a league ball game and other attractions.

One rate fare on the Rio Grande and Oregon Short Line has been promised by the officials of both those roads and consequently large delegations are expected from Ogden, Park City, Eureka and Bingham. The smelter men at Murray were visited by the committee yesterday and they assured the latter that they would participate in the celebration of the day with all their might.

Another meeting will be held at Federation hall next Friday evening when the program will be arranged as to detail and sub-committees will be appointed to look after the various features of the day's events.

SIGN OF THE FOUR.
Anonymous Note Received by Bridegroom George Washington Jones.

George Washington Jones has a case for Sherlock Holmes. The "Big Four," as anonymous as any quartette that ever slunk through Doctor Holmes' novels, sent G. W. J. a note telling him to get out of town in less than 48 hours or he would be tarred and feathered.

Jones has just been married, which fact may have had something to do with the case, and it may not, there is no extraneous information on this subject. On Wednesday Jones went into the county clerk's office and was united in bonds of wedlock with Miss Hilda Larsen, on Saturday he came around for protection from Frank Emery, who now occupies the place formerly filled so well by "Cupid" Seare. A note naming him to leave town in 48 hours was exhibited, and Jones asked for help. Mr. Emery told him to go home and when the "Big Four" came around to kick 'em out of the house.

George Washington Jones does not know what the "Big Four" are, or why they should persecute him.

LATEST FROM SALINA.
Editor Howard's Prize Fish Story of the Season.

Everybody knows that George Burns has a very intelligent dog. George is a trainer of animals, and in addition to the dog, has a horse and cat, each of which can do all sorts of circus tricks. A few years ago George owned a badger which was so tame that it would eat off a man's hand.

A few days ago George went fishing over at Redmond lake, which abounds with fine fish. Of course, he took his dog along. Along in the afternoon, some Redmond boys happened along and paused to admire the dog. They asked if the canine could do any tricks.

To show them that the dog was all wool and a yard wide, George reached down into one of his pockets and pulled up a half-dollar. Then he threw the coin far out into the lake and told the dog to fetch it. The creature made a spring into the water, diving beneath its surface, and presently reappeared with a 5-pound carp which it brought to its master and laid at his feet. Together with 35 cents in change, Redmond people have gone wild over Burn's dog—Salina Sun.

A Cure for Cholera Infantum.
"Last May," says Mrs. Curtis Baker, of Bookwalter, Ohio, "an infant child of our neighbor's was suffering from cholera infantum. The doctor had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days' time the child had fully recovered, and is now nearly a year since a vigorous, healthy girl. I have recommended this Remedy frequently and have never known it to fail in any single instance."

UNITED STATES THEIR CHAMPION

Protection of the Weaker Nations
On the American Continent.

LIKES THE MONROE DOCTRINE

President of Nicaragua Touched a Popular and Responsive Chord in His Message to Congress.

New York, Aug. 5.—General Santos Zelaya, president of Nicaragua, has touched a popular chord in his message to the Nicaragua congress, just assembled, by advocating the Monroe doctrine and declaring his anxiety for the construction of the Nicaragua canal by the United States, says the Managua, Nicaragua, correspondent of the Journal and Advertiser. "At the head of our continent appears," he said, "the grand republic of the United States, with the Monroe doctrine on its forehead—the grand international principle that forbids European colonization of the American soil."

"With that government, the friend and protector of the weak nations of our continent, we maintain, as is natural, closer and cordial relations."

"We have, moreover, with the great American republic, the common interest of our respective lands in the opening of the interoceanic canal through our territory, which to her means the realization of her dear purpose to occupy among the nations of the earth the proper position as a maritime power of the first class, and to us means the incalculable benefits which we will obtain by our future progress and aggrandizement."

The realization of this event is as it promises, Nicaragua and the United States will come closer and travel united in the future because of this wonderful link that entwines in a positive way their natural interests."
