

# WILL RECLAIM BIG TRACT OF LAND

Otter Creek Reservoir Co. Will  
Impound Water to Irrigate  
20,000 Acres.

CHOICE LAND NEAR RICHFIELD

Water Will Be Furnished Subscribers  
at Actual Cost on Easy Payments—To Cost \$150,000.

Special Correspondence.

Richfield, Sevier Co., Aug. 17.—The Otter Creek Reservoir company held an important meeting today at which it was decided to forthwith commence the construction of another reservoir at the Barnson and Sevy ranch in Piute county. In addition to building the reservoir the company will enlarge and extend the Sevier Valley canal which will be made of sufficient capacity to carry at least one-half of the water to be stored. The cost of enlargement and extension will be borne ultimately by those who subscribe for and draw water through this canal. The contemplated reservoir is estimated to have a capacity of storing sufficient water to irrigate at least 20,000 acres and the water will all be applied on lands situated in Sevier county, the main body lying on the west side of the valley between Richfield and Redmond. The estimated cost of the whole project is \$150,000, which amount it is proposed to borrow from the state reservoir fund. The company proposes to furnish the water to the people at a small cost, allowing them to repay their subscriptions in 10 equal annual payments with interest at 5 per cent. Water right sufficient for one acre of ground is estimated to cost about \$15. Lands can be had by means of government entry, also by purchase at a cost of from \$250 to \$10 per acre. The second completion of this project means much for Sevier county. From 10,000 to 15,000 acres of additional land, some of the best in the valley, will be brought under cultivation. It will mean homes for several thousand more people and the terms upon which these homes may be procured are the most liberal.

WILL CHOOSE CHAIRMAN.

Democrats Meet Tonight to Select Successor to M. F. Cunningham.

Tonight in the office of James H. Moyle a meeting of Democrats will be held to choose a successor to M. F. Cunningham as city chairman. Mr. Cunningham announced that he would not be a candidate at the close of the first city campaign in which Mayor Morris was his candidate for reelection. The city chairman is a partial fusion in the mayoralty fight by nominating a man suitable to the Democrats and also suitable to the "Americans" who hesitate for words when they think of the city councilmen who represent the past and of the administrative record of the past two years. It may be brought into question if Mr. Cunningham is a candidate for reelection. The city chairman is a partial fusion in the mayoralty fight by nominating a man suitable to the Democrats and also suitable to the "Americans" who hesitate for words when they think of the city councilmen who represent the past and of the administrative record of the past two years.

CONDUCTOR MISSING.

F. E. Mitchell With \$177 of His Own Money Disappears.

Frank E. Mitchell, 528 north Second West street, a freight conductor on the Salt Lake Route, has dropped out of sight and his wife and friends are deeply concerned as to his whereabouts. He was last seen on Friday afternoon in the office of his wife's mother, Mrs. J. H. Mitchell, at 1015 S. Main street, where he had his wife's money in his possession when he was going to take a check to the bank. Just why he should carry a check in a saloon instead of carrying it to the bank is one feature that puzzles the police. It is believed that he is missing because he is desirous of a change of scene. At the time Mitchell was wearing glasses which hid to an extent two black eyes and a cut on the brow. Mitchell appeared to be sober and related a story how two men had attempted to hold him up in West Temple street in the vicinity of the tabernacle block. But for the timely arrival of a second Mitchell says they would then have got his money.

PASSED BAD BILL.

Joseph Fish Arrested at Saltair by Deputy Sheriff Edgington.

Joseph Fish was arrested at Saltair yesterday by Deputy Sheriff Dick Edgington upon the charge of obtaining goods by false pretenses. ONE PARDON, ONE PAROLE.

State Board Exercises Leniency in Two Cases—Others Turned Down.

At the meeting of the state board of pardons Saturday afternoon one pardon and one parole were granted. Henry Dahms, who was serving a term for burglary in the second degree, was pardoned, and Isiah Taylor, serving a term in the county jail for petit larceny was given a parole. The board denied the application for pardon of Mrs. Dora Work, who was recently sentenced to one year for stealing a diamond from Bowers' jewelry store. The woman appeared before the board and made a plea for pardon stating that this was her first offense and that she stole the diamond because her husband had been unable to work and she was in need of money. The members of the board could see no reason for granting her application at this time. She has only been in prison a few weeks. Applications for pardon of Robert Danter, serving a term for attempted burglary, and M. H. Petersen, serving time for burglary, were denied. Other applications were continued for one month.

UNIVERSITY PAMPHLET.

Supplementary Catalogue Announces Discontinuance of Preparatory Work.

A new pamphlet, supplementing the university catalogue has been issued from the University of Utah, setting forth the courses offered by the preparatory school. First year work will be given to students who are placed upon it that only holders of normal scholarships will be allowed to enter this work. Second year work will also be given to students who are placed upon it that only holders of normal scholarships will be allowed to enter this work. The announcement of the future plans for the preparatory course is made in the statement that it will shortly be abolished, and that admission to the university can only be gained through the completion of a four years' course in high school.

WESTERN STOCK SHOW.

Premium List and Regulations for Next Exhibition Just Issued.

The premium list and rules for the third annual exhibition of the Western Stock Show association has just been issued and is being carried out. The next show will be held in Denver on January 20-25 inclusive. The premium list is the largest ever issued. The association is hanging up \$10,000 and the special prize is made in much more, making a very attractive competition for the stockmen. This year the show is to be national in character but the national association has provided some special classes in breeding stock for breeders west of the one hundred second degree of longitude, which is practically the eastern boundary line of Colorado. Among the new classes is one for the best fat steer, fed and bred west of the ninety-ninth degree of longitude and which will draw a prize of \$1000 at any state or county fair in 1907. Another special is for the best fat steer under four years of age owned and fed by a boy under 18 years of age, which will have been the property of the boy for at least four months prior to the show. A feature of the horse division will be the introduction of a class for carloads of range horses. Twenty head will constitute a carload and it is expected that the horses will be sold at auction after the show. The Western Stock Show has proven one of the greatest educators for western stockmen and to get a full benefit from it it will pay a stockman to attend the competition. The indications are that the show next winter will be the greatest ever held in the west and to take care of the animal in its farthest shape than last year and next year it is expected that a great pavilion will be constructed. Anyone desiring a copy of the classification and premium list can secure it by addressing the Western Stock Show, Stockyards station, Denver.

WHAT'S THE USE?

To Pour in Coffee When It Acts as a Vicious Enemy.

Fasters have gone without food for many days at a time but no one can go without sleep. For a long time I have not been sleeping well often lying awake for two or three hours during the night, but now I sleep sound every night and wake up refreshed and vigorous," says a Calif. woman.

"Do you know why? It's because I used to drink coffee, but I finally cut it out and began using Postum. Twelve since then I have drank coffee and both times I passed a sleepless night, and so I am doubly convinced coffee caused the trouble and Postum removed it."

"My brother was in the habit of drinking coffee three times a day. He was troubled with sour stomach and I would often notice him getting soda from the can to relieve the distress in his stomach; lately hardly a day passed without a dose of soda for relief."

"Finally he tried a can of Postum and liked it so well he gave up coffee and since then has been drinking Postum in its place and says he has not once been troubled with sour stomach."

Even after this lady's experience with coffee her brother did not suspect for a time that coffee was causing his sour stomach, but easily proved it.

Coffee is not suspected in thousands of cases just like this, but it's easily proved. A ten days trial works wonders. "There's a Reason."
