

CRISIS COMING IN THE BALKANS

Most Acute Stage Reached: Few Days Will Decide for Peace or War.

EFFORTS OF POWERS FAILED.

Austria-Hungary Expected to Deliver Ultimatum at Belgrade Forthwith.

If Serbia's Surrender is Not Complete, Believed an Army Will Cross the Frontier Immediately.

Paris, March 25.—It is understood in official circles that the Balkan situation on account of the irreconcilable attitude of Austria-Hungary has now reached its most acute stage and that a few days will decide between peace or war. The efforts of Great Britain, France and Russia to present a formal settlement of the difficulty acceptable to Baron Aehrenthal, the Austro-Hungarian minister of foreign affairs, having failed, Austria-Hungary is expected forthwith to deliver an ultimatum at Belgrade. After this, if Serbia refuses to make complete surrender, officials here think that Austria-Hungary will dispatch an army across the frontier. The Belgrade official announces that the absent officers belonging to the French regiment on the eastern frontier have been recalled. The minister of war says, "that certain precautionary measures have been taken on account of the tension of the Balkan situation." The government has issued a statement to the effect that it has agreed to accept without reserve the annexation of Bosnia and Herzegovina by Austria-Hungary. It is hoped that the government of Baron Aehrenthal's objection to the Serbian note formulated by Great Britain, France and Russia.

A \$75,000 PURSE.

Offered for Twenty Round Go Between Jeffries and Johnson.

Tucson, Ariz., March 25.—Col. Andy Mulhearn, the well known sportsman, has come to the front with an offer of a \$75,000 purse for Jim Jeffries and Jack Johnson. Mulhearn stipulates that the contest must take place in or near Tucson on or before Oct. 15 next, and that it must be for 20 rounds. He has placed a forfeit of \$50,000 with a local sporting writer, and as soon as Jeffries and Johnson consent to the match Mulhearn will place \$25,000 more. When the articles are signed he will put to the balance of the purse.

PRINCE GEORGE OF SERBIA.

Renounces His Right of Succession to The Throne.

Belgrade, March 25.—George, the Crown Prince of Serbia, has announced his right of succession to the Serbian throne. This action is the result of a bitter press campaign in which the crown prince was accused of being the cause of the recent death of one of his servants, a man named Kokolovic. In a letter to the Premier Novakovic this morning, the crown prince announces that he has taken this step rather than rest under the suspicion of having murdered his servant, and that by the renunciation he foregoes all special privileges and immunities that attach to the person of the heir to the throne. Continuing, he expresses his willingness to move abroad for a lengthy sojourn.

RAILROAD MAGNATES AT PASO ROBLES HOT SPRINGS

Paso Robles, Cal., March 25.—The Harriman special train of five cars arrived at Paso Robles hot springs last evening. In the party were E. H. Harriman, Mrs. Mary Harriman, E. T. Calkins, vice president and general manager of the Southern Pacific company, Dr. and Mrs. Dixon, Mr. and Mrs. Golet, Dr. McKenzie, Mr. and Mrs. Ahern, superintendent of the coast division of the Southern Pacific railroad, and a corps of secretaries and clerks. Owing to the inclement weather, the party decided to stay in the train for the night. It is the intention of the party to stay here for several days in order to permit Mr. Harriman to take the baths.

Mr. Louis Hill, president of the Great Northern railway, accompanied by his family, arrived at Paso Robles hot springs in his private car last evening, following the Harriman special. Mr. Hill has brought his automobile with him and intends to stay at Paso Robles a week or two, taking treatment in the baths and motoring about the country in the vicinity.

CONSIDERING TARIFF BILL.

Washington, March 25.—Both branches of Congress were in session today. The house of representatives will continue consideration of the tariff bill and it is expected that before the end of the week many speeches will have been made for and against the Payne bill. The meeting of the senate probably will be very short as it is not anticipated that any business will be transacted beyond the presentation of a number of bills following which adjournment will be taken until Monday.

PRESIDENTIAL NOMINATIONS.

Washington, March 25.—The president today made the following nominations: Ambassador extraordinary and plenipotentiary to Italy—John C. Latham of Pennsylvania. Envoy extraordinary and minister plenipotentiary to Spain—Henry Clay Hill of Vermont. Envoy extraordinary and minister plenipotentiary to Argentina—republican (Charles Eber) of New York. United States district judge, First division, District of Alaska—Thomas J. Hayes of Alaska.

FORCED TO DRINK CARBOLIC ACID

Mrs. Jessie Overton Culbertson Murdered in a Most Fiendish Manner.

SHE HAD BEEN THREATENED.

Had Received Letters Ordering Her To Give Up Husband—He Thinks He Knows GUILTY Parties.

Vincennes, Ind., March 25.—Mrs. Jessie Overton Culbertson, who was found in a dying condition last night as the result of the use of carbolic acid, died today. She was found in the shed at the home of her husband's father and mother, Joshua Brazleton and wife, bound and gagged. Her arm and head were bruised as if she had struggled with a robber. After being carried into the house she said, "A man and a woman dragged me out of the closet to the shed and forced me to swallow something." Then she became unconscious and continued so until her death. The woman's husband, Russell Culbertson, is a bookkeeper at Lawrenceville, Ill. He declares he is confident that his wife was murdered by persons whose identity he knows, but he would give no further information except to the police. Mrs. Culbertson lately had received several letters threatening that if she did not give up her husband she should be killed. The handwriting has been identified as that of a woman who was a friend of the Culbertsons before the husband was married. In the pocket of Mrs. Culbertson's apron the last of the letters was found. It bore only the word "Good-bye," and contained a cross-bone mark.

The Culbertsons were married last January. The wife came from several years ago from Texas as a trained nurse. Last Monday, when Mrs. Culbertson went to the railroad station to buy a ticket for Lawrenceville, Ill., where she visited her husband, she discovered she was being watched by a short heavy man of middle age, who hurried to a telephone as soon as he learned her destination.

Members of the Brazleton family say they know the house being watched and that they notified the police and took every precaution not to leave Mrs. Culbertson alone. Her husband's parents, supposed to live in the kitchen while the tragedy was being enacted in the shed. The entire police force is investigating the case, but so far no trace of the murderers has been found.

UTAH'S INTERESTS IN TARIFF SCHEDULES

Senator Smoot Will See That They Are Protected, for He Will Have Much to Say Regarding It.

(Special to the "News.")

Washington, D. C., March 25.—Senator Smoot will have charge of the silk schedule in the finance committee when the tariff bill reaches that body. He had a long consultation with silk manufacturers last night, during which many inconsistencies in the Payne bill were pointed out and which the senator will endeavor to correct. Present indications are that Utah will have a most important part in the formation of the tariff law of 1909, and the Utah senator will have a great deal to say relative to every schedule in which the state is in any way interested.

Senator Sutherland leaves for Utah tomorrow where he has legal business. He expects to be absent from Washington 10 days to two weeks.

In answer to the petition of many citizens of San Juan county, Utah, the commissioner of Indian affairs is willing that miners be given the privilege of prospecting for oil on lands withdrawn for the use of the Kaibab and San Juan Paine Indians and to locate mines and wells thereon. The commissioner of the general land office in a letter to Senator Smoot says that the Indian office favors the plan. He suggests that the widest possible publicity be given to the fact that such rights will be granted. All applications for permits should be addressed to the commissioner of Indian affairs.

THREE MEN KILLED ON SOUTHERN PACIFIC

Winnemucca, Nev., March 25.—Three men were killed and traffic blocked for hours by the derailing of 10 cars of a freight train today near Los Graves, a flag station on the Southern Pacific railroad, 15 miles west of here.

THE DEAD.

Lon Yerema, Winnemucca. Two tramps, names unknown. All of the train crew escaped injury. The train was in charge of Conductor Gilman and was thrown from the track by a broken rail. A wrecking car has arrived at the scene of the accident and it is expected that the track will be cleared by 6 o'clock this afternoon.

EIGHT WORKMEN KILLED BY FALLING WALL

Chicago, March 25.—Eight workmen were killed by a falling wall at the stock yards today. Three bodies were recovered soon after the wall, which was left standing after the fire, which destroyed one of Pacific & Company's warehouses recently collapsed. The men were at work demolishing what remained of the ruined structure when the accident occurred.

WRAPERS SAY THEY MET HERE

James H. Boyle Declares He Married Helen Falkner in This City.

RECORDS OF PAIR NOT KNOWN

Police Say They Do Not Know of Them—Marriage License Not Issued to Them Within Ten Years.

Cleveland, O., March 25.—That James Boyle, who, with his wife is under arrest here in connection with the kidnapping of Willie Whitt of Sharon, Pa., is not a stranger to the methods of the police, is the belief of the Cleveland authorities. Reports from other cities indicate that he has been in trouble before.

Dispatches from East St. Louis tell of Boyle being arrested at Springfield, Ill., about a year ago on the charge of uttering false mortgages. The arrest was requested by the East St. Louis police, but the case was dismissed with no prosecution.

Boyle was born in the vicinity of Sharon, Pa., and has a mother, sister and four brothers living there at present. About seven or eight years ago Boyle joined the army and was sent to the Philippines, where he remained for several years. He returned after a couple of years of service, suffering from a growth on the side of his neck. His relatives say that it also affected his mind somewhat and that he did queer things.

Boyle came to Cleveland about five years ago to seek treatment for his neck, stopping with relatives here who wished to help him. For some weeks he took treatment at St. Alexis hospital and the growth was finally removed. It was at that time that Boyle first gained his familiarity with Cleveland and became acquainted with the Ontario street saloonkeeper on whom he called shortly before being arrested. A few weeks later he disappeared.

MARRIED IN SALT LAKE.

Boyle says that he met Helen Falkner, the woman who is now in custody with him, in Salt Lake, and that they were married there.

Mrs. Whitt, the kidnapped boy's mother, has issued a statement warning mothers to take precautions to prevent the abduction of children. In her statement she says: "Mothers should teach their children never to accept candy or money from strangers. Children should be forbidden to go the length of a block with any unknown person, and mothers should tell their children that if a person should attempt to take them away by force they should scream."

There is nothing on the records at police headquarters concerning J. H. Boyle and Helen Falkner, although Chief of Detectives George A. Shea says he thinks he knows the Falkner woman but could not be positive, until he sees her photograph. As to Boyle, he says he knows nothing. A search of the records of the county clerk's office fails to reveal a marriage license which was issued to James H. Boyle and Helen Falkner within the last 10 years.

A search of the city directories in the library of R. L. Polk & Co. shows the name of Ellen Falkner, a domestic employed at 273 Fifth East street in 1907. Inquiry of Mrs. F. W. Scofield, who lives at that address, develops the fact that during several years she has never had in her employ any girl or woman of the name given. There is no Helen Falkner in any of the city directories published for the last ten years.

THE POPE WANTS TO SEE WILBUR WRIGHT FLY

Chicago, March 25.—The pope, according to a special cable to the Daily News from Rome today, wishes to see Wilbur Wright fly. He received Hart C. Berg, financial agent of the Wright Brothers, today, and said that when Wilbur Wright came to Rome he hoped the flying aviator would stay at the Vatican, so as to give its occupants a chance to see the aeroplane.

PRINCE EITEL NOT COMING.

Berlin, March 25.—The report published in the United States that Prince Eitel Frederick, second son of Emperor William, is to visit members of the Vanderbilt family at Newport this summer, was given official denial here today.

GREWSOME FIND AT DEPOT.

Former Salt Lake Man Figures in Old Case in Sacramento.

A very unusual discovery was made at the Sacramento railroad depot, a day or so ago, in which a former Salt Lake figure prominently, according to a dispatch received from there today. Dr. M. G. Varian, son of C. R. Varian of Philadelphia, was the person to whom the package was addressed, and he is stationed at Coram as physician of the Balaklava Copper company. The package was sent from a postoffice at Philadelphia, and it had got as far as Sacramento in perfect safety. At that place the package was accidentally broken and the contents were exposed. Three human heads were found. Mr. Varian then entered on the scene and according to the report today he is making a very vigorous protest to the prosecution of the coroner to hold three separate inquests over the heads.

COUNTY JAIL CROWDED.

The officials at the county jail are in hopes the county commissioners will see fit to either build a new jail or enlarge the one now in use. The jail is entirely full at present for the requirements, say the officials. At the present time there are 61 prisoners locked in the place, and the jail was built to accommodate only 25. Many of the cells are crowded by three prisoners and the quarters are entirely too cramped.

BOYLES INJECTED FOR BLACKMAIL

Charge Based on Payment by J. P. Whitt of \$10,000 for Recovery of His Son.

NO DOUBT AS TO IDENTITY.

Thomas F. Boyle of Sharon Said Prisoner Was His Brother James—Hunting Up Woman's Past.

Cleveland, Ohio, March 25.—The county grand jury has just reported an indictment against James H. Boyle and Rena Boyle, alias Falkner, charging them with blackmail. The charge is based on the payment of \$10,000 ransom by J. P. Whitt for the recovery of his son, Willie, here last Monday.

The last doubt in the minds of the local police officers as to the identity of the man held for the kidnapping of Willie Whitt, of Sharon, Pa., was removed today when Thomas F. Boyle, of Sharon, visited the prisoner. He said the prisoner is his brother, James. Thomas Boyle arrived here early today and was allowed to see his brother. Arrangements were made to obtain an attorney for the prisoner and take up his defense. The prisoner's brother also saw Mrs. Boyle, but could say nothing regarding her other than that she is the wife of James Boyle. He said he knew nothing of her and that she is unknown in Sharon.

The police are making efforts to learn of the woman's past history. Atty. J. P. Whitt, father of Willie, accompanied by Chief of Police Craig of Sharon, called upon Chief Kohler today to arrange the details for prosecuting Boyle and his wife. Mr. Whitt said he would lead every effort to this end and expressed his desire to work in harmony with the officials.

Whitt also checked up the \$9,548 taken from Mrs. Boyle. He identified the bills and their wrappings as those he prepared for the kidnappers and which he paid over in the little east end of the town last Monday. Mr. Whitt returned to Sharon today.

It was stated at police headquarters that the prisoner would be released to the Pennsylvania authorities as soon as the extradition papers were signed. This may be completed today, but is not expected until tomorrow.

WANDERLUST LADS RETURNED TO HOMES

Six Youngsters from Rural Points Start Out to See World But Come to Grief.

A gang of six youngsters, the oldest 13 years and the youngest only 9, were picked up by the police last night on a stop over to their attempt to circle the globe in search of adventure and fortune. Three came from Eureka, two from Bountiful and one from Nevada. They left their way to this city and intended traveling together to the coast where some expected to get aboard a ship and go on to Europe. The youngsters gave their names as Stanley Householder, aged 11 years, George Bray, 13, Horatio Bowen, 13 years, all of Eureka, Martinus Wright, 11 years, William Lee, 9 years of Bountiful and Howard Phelps, 13 years of Wood Cross.

The spokesman and boastfully stated they had "beaten their way to Salt Lake and didn't need money."

"We had just hit a freight" said he. "We had just hit a freight" said he. "We had just hit a freight" said he.

This morning, after spending a night in the jail, they changed their minds and were willing to return to their homes. They were accordingly sent back to their several places of origin, and each one was given a different idea about globe trotting and adventure.

TRAMP KILLED IN WRECK THIS MORNING

Fruit Train on Southern Pacific Goes Into the Ditch Near Cosgrove, Nevada.

Information of a wreck on the Southern Pacific near Cosgrove, Nev., in which an unknown tramp was killed and six cars of green fruit thrown into the ditch, was received at the headquarters of the Oregon Short Line this morning. The accident happened at 5:10 o'clock this morning, and was caused by the breaking of an axle on a refrigerator car. The train was extra No. 332, and was making preparations to stop down for entrance into the Cosgrove yard, being about a mile west of the town. The axle of one of the refrigerator cars gave way and precipitated eight of the other fruit cars on the train into the ditch.

The tramp was stealing a ride between the cars, and his crushed body was found after the train had been brought to a standstill. No one else was hurt.

Weekers were immediately sent to the scene from Sparks on the west and Carlin on the east, the crews reaching Cosgrove at 11 o'clock. The child has been removed over the road this afternoon.

The most widely read paper in the intermountain west. You can reach the Conference visitors through the Semi-Weekly News, issued Mondays and Thursdays.

BLINDFOLD UP IN WEST DENVER YARDS

Highwaymen Enter Pullman Car And Deliberately Rob The Passengers.

THREATEN TO KILL PORTER.

Only Woman Aboard Not Molested—Took Nothing but Money, Securing About \$100.

Denver, Colo., March 25.—Two highwaymen entered a Pullman car in the Denver & Rio Grande yards at West Denver early today, held up the passengers, six in number, and the conductor and porter and got away with about \$400 in cash. The only woman passenger, Mrs. N. B. Hussey of Booth Bay Harbor, Maine, was not molested.

The car was part of Denver & Rio Grande train number 4 which was held up at Military Junction a few weeks ago. The train was several hours late in reaching Denver and the passengers of the Pullman were awakened, but the car was backed down into the yards at West Denver to wait until morning. About five minutes after the engine had been detached, James F. Bruce, the colored porter, was dragged out of his berth by two masked men who threatened to kill him if he made an outcry. One of the two men stood guard covered Bruce while the other awoke the occupants of the car, lined them up with the porter and searched them.

N. B. Hussey of Booth Bay Harbor, Maine, was relieved of \$89. Mrs. Hussey was sleeping in an adjoining berth, but in response to Mr. Hussey's pleading she was not disturbed. William N. Wallace, of Muscatine, Iowa, was relieved of \$142; C. W. Griffin, of The Alta Mining & Smelting company, of Florence, Ariz., was relieved of \$100 and A. W. Forest of Columbus, Ohio, gave up about \$100.

The robbers took nothing but money. After completing their work the robbers searched the car, which will be given to the Pullman company and the conductor and porter into a compartment at one end of the car, closed the door upon them and then rushed to the other end of the car and jumped off.

PEEP BEHIND THE SCENES.

Public Will See Workings of a Newspaper Office in "The Bungle."

With rehearsal going on daily and the cast rapidly working into first class shape the performance of "The Bungle," the new play which will be given at the Salt Lake Theater on Wednesday next, promises to be about the best and most entertaining effort the Salt Lake newspaper men have so far essayed.

The third act in particular is being given the closest attention. The scene shows the interior of a newspaper office with the work of getting out the morning edition of the paper in full blast. The act was designed with the idea of giving the Salt Lake public a real glimpse into the manner in which a newspaper is gotten out. The city editor is a well known local newspaper man and his reporters are typical of the men who do the work of a modern daily. The sporting editor and the society editor will be found occupying their desks and engaged in all the busy and varied duties of their positions. Even down to the copy boy every detail is complete.

The costumes and stage settings are coming in for the most careful attention and some gorgeous effects may be looked for in both directions. The play is to some extent based upon "The Man of the Hour," and number of clever devices and situations to bring out local conditions. Politics is, of course, the theme, and many of the comments of those about town will have no difficulty in recognizing the idea in the scenes of the play. The cast will be announced in a few days.

SPOKANE MERCHANTS REJOICE

W. H. Stanley Says Recent Decision is Sure to Work for Beneficial Change.

W. H. Stanley, of Spokane, Wash., is registered at the Knutsford. Mr. Stanley is a business man of prominence in the inland empire capital, and is on a tour of the west for pleasure and business combined. In speaking of the condition created by the Spokane decision of the interstate commerce commission, reducing the freight rates between St. Paul and Spokane 14.2-3 per cent, he said: "Spokane business men are overjoyed at the decision in their favor, and though their joy is somewhat alloyed by the prospect for lengthy litigation in the courts before the railroad will yield to the decision of the interstate commerce commission, yet they believe the justice of their position will be eventually upheld in this event the effect of the decision will doubtless be to revolutionize rate making methods generally and must affect Salt Lake, Denver, Montana, and other basing point rates, and may effect a revolution in freight rates from east to west."

Mr. Stanley said he was pleased with Salt Lake and with what he had seen in the west generally.

IDAHO RURAL CARRIERS.

(Special to the "News.") Washington, D. C., March 25.—Idaho rural carriers appointed: Malad City, route 2, George S. Hansen, carrier; Percy Hansen, substitute.

MOTHER GOES BACK TO JAIL.

Marie McGuire Leaves Hospital for Prison Cell—Child is Adopted.

Marie McGuire, an unfortunate young woman, who was arrested here for vagrancy, sentenced to 30 days in the city jail, and who was taken to St. Marie's hospital about 14 days ago, where a child was born, today was taken back to the city jail to complete her sentence. She will serve 30 days more. The child has been adopted by a family here, and will be well cared for.

The young woman was brought back to jail because there is no place else for her to go. She persistently refused to divulge her real name or give the authorities any information that will lead to the discovery of her relatives.

CONFESSES THEFT TO SAVE HIS PAL

Ernest Dillard Says "Little Johnnie" Jones Merely Helped Tote the Load.

SENTENCED TO THREE YEARS.

Prosecution Will be Pushed in Hope Of Proving Him Accomplice After the Fact.

In an effort to save "Little Johnnie" Jones, a negro, from a term in the state prison, Ernest Dillard alias Ernest Little, another negro, pleaded guilty this morning in Judge Lewis' court to the charge of burglary and said that he committed the crime alone. Jones is now in the county jail with prospects of being released, while Dillard is on his way to the state prison to serve three years.

Dillard and Jones were arrested last January on the charge of entering the Daniels' tailor store at 21 West Second South street. When they were arrested they had an armful of clothes and several bolts of cloth. They were charged jointly in the complaint with burglary.

When Dillard was arraigned he gave his true name and then pleaded guilty. In his statement to the court he declared that he had entered the shop alone and stole the clothing. He met Jones on the street and asked him to help him with his load. Judge Lewis then gave him three years in the state prison. Despite the confession of Dillard, Jones will be arraigned in the district court and an effort will be made to prove that he was an accomplice after the fact.

LIED AND ADMITTED IT.

Then Judge Lewis Sentenced Leo Bradley to Five Years.

After telling the court a lie, Leo Bradley, who pleaded guilty to the charge of highway robbery in Judge Lewis' court this morning, was compelled to admit it when cross-examined by Dist. Atty. Fred Looftbourough. When he pleaded guilty he asked the court for leniency and gave his version of the robbery. Before Dist. Atty. Looftbourough got through with him, Bradley admitted that he had not given the correct version of the affair and he was sentenced to serve five years in the state prison.

Bradley was accused in the information of holding up Gus Molest, a miner, and robbing him of \$150 in Plum alley last December. Bradley and Molest had been drinking together and then Bradley took his victim into Plum alley, threw him down and robbed him of the money he had left.

In his statement to the court, Bradley said that Molest dropped the \$150 which was in change and that he picked it up and put it in his pocket. He said that he was intoxicated at the time and did not know what he was doing.

GILL IS COMMITTED.

Ruby Redman, a pretty 17-year-old girl, was committed to the State Industrial school yesterday by Judge Gowan of the juvenile court, on the charge of incorrigibility. Her mother is dead and she has been living with her father at 631 south State street. She has been a ward of the court for nearly two years.

DISTRICT COURT NOTES.

Mrs. Maud Margaret De Focke was granted a divorce from George August De Focke this morning by Judge Morse on the ground of desertion. They were married in San Francisco on March 2, 1902, and lived together until May 1, 1908, and fulfilled until Jan. 4, 1909, at which time the defendant refused to accept the monthly payments. The defendant is a father, and may effect a revolution in rate making methods generally and must affect Salt Lake, Denver, Montana, and other basing point rates, and may effect a revolution in freight rates from east to west."

Arthur Coates, a negro, 14 years old, was committed to the reform school at Ogden today by Judge Gowan after he had several opportunities to do better. He was before the court last Saturday and promised to reform. If he were given another chance within five minutes after he left the courtroom he stole a bicycle in front of a drug store a block from the Ogden city building. After riding it around the city several days he sold it. The bicycle was recovered by Julius Miller, who owned it, but had previously reported his loss to the police. When Coates was arrested for the theft he denied it. Then he confessed today when taken before the juvenile court and was committed to the state industrial school.

MASTER PAINTERS MEET.

The Master Painters met last night, and continued the preparation of a constitution and by-laws for the proposed new association. One of the master painters said today there is no city in the country where journeymen are being paid \$4.50 per day. He considers the demand in the nature of a bluff, which will in this time be called. The Master Painters' association will meet again Tuesday evening next, and in the meantime another effort will be made to effect an agreement with the men.

WILL RUSH THE WORK.

It is stated that Interstate Telegraph company which filed articles of incorporation yesterday, is represented by eastern capital and that it is the intention of the company to begin operations within the next few months. It will operate, it is said, in Utah and adjoining states and the attorneys of incorporation requiring the erection of poles within a certain time as proof that the company means business.

CASTRO BEAT OUT REVOLUTION

Says He Believes That God and Destiny Call Him Back To Venezuela.

RETURNS TO RECONQUER IT.

His Impetuous Nature, He Explains, Yields for Activity and Again Forces Him Into Fray.

Paris, March 25.—Cipriano Castro, the former president of Venezuela, and the members of his party left this city this morning for Bordeaux.

At the railroad station Senor Castro confided to a small group of Venezuelan adherents and admirers his intention of re-establishing his power in Venezuela by a revolution should this be necessary. After entering the car, where he donned the gilt embroidered skull cap that has figured in every description of Castro when he was an occupant of the yellow house at Caracas, the deposed president of Venezuela leaned from a window and spoke to his countrymen with an earnestness and passion which left no doubt in their minds that he was convinced that he was another Napoleon returning from Elba to reconquer his country.

"Like Francis I all I lost save honor," ex-president Castro declared. "I am going back to Venezuela. My country needs me and my mission."

Castro declared that his trip to Europe had been misunderstood both at home and abroad. He had come to the continent not only because he needed medical treatment, but also to serve his country by interesting foreign capital in Venezuelan industries. He spoke history of his fabulous wealth, and predicted that those now in control of the state would drive the country into bankruptcy. In conclusion Castro denounced as lies the stories of his fabulous wealth, and said he was not even rich enough to remain in Europe, where furthermore life had no attractions for him. His impetuous nature, he explained, yearned for activity and forced him again into the tumult. As the train pulled out of the station, Castro's parting words were:

"I believe that God and destiny call me back to Venezuela. I intend to accomplish my mission there, even though it involves revolution."

NELSON TRANSFERS STOCK.
