

BIG MEETING AT PORTLAND.

Sixteenth Session of Transmississippi Commercial Congress to Be Held There.

OFFICIAL CALL JUST ISSUED.

Will Push Scheme for Department of Mines and Mining—Subjects for Discussion.

The official call for the sixteenth annual session of the Transmississippi commercial congress, to be held at Portland August 16 to 19 inclusive, has just been issued. The official roster accompanying names Samuel Newhouse of Salt Lake City as second vice president; John Henry Smith as a member of the advisory board; W. N. Williams as vice president for this state; George Romney and L. W. Shuriff as members of the executive committee for Utah, with John S. Merrill and Andrew Kimball occupying similar positions for Arizona. The call is addressed to the governors of states and territories, mayors of cities, boards of county commissioners, chambers of commerce, boards of trade, industrial, mercantile, maritime and kindred organizations, and is as follows:

The sixteenth session of the Transmississippi Commercial congress is hereby called, to meet at the Auditorium, Lewis and Clark exposition grounds, Portland, Oregon, Aug. 16, 17, and 18, 1905.

In making this announcement the executive committee directs attention to the fact that the Transmississippi Commercial congress will convene in Portland during the exposition, which is held to commemorate the Lewis and Clark occupation, an event which served to the nation the great "Oregon Country," from which are carved the states of Oregon, Washington, Idaho and parts of Montana and Wyoming, forming the northwest jurisdiction of the congress. The inspiration out of which has grown this splendid exposition met the hearty endorsement of previous sessions of the Transmississippi Commercial congress, and the executive committee requests that the commercial, industrial and maritime bodies west of the Mississippi River take this opportunity of displaying efforts to the people of the Pacific Northwest and to the whole country their deep interest and appreciation by cooperating with the executive committee in making the sixteenth session of the congress a great success.

The great importance of the fair cast as a field for commercial expansion, and the contiguity of the states of the Transmississippi region to the new markets into which the nations of the world are now entering with activity, forces us with a sense of responsibility upon the attention of the Transmississippi Commercial congress. As this organization, comprised of delegates from the commercial, industrial and maritime associations, is vitally interested in everything that enhances the commercial possibilities of the states and territories west of the Mississippi river, and as the trade relations between the United States and the oriental countries require most vigorous exploitation to the end that the question may be exhaustively considered and right conclusions formed as to the best method to be adopted that the states of the Transmississippi region may realize the commercial advantages to which they are entitled by reason of their contiguity and their ability to supply the demands of that trade, the executive committee earnestly urges this question upon the serious consideration of Congress.

The executive committee would also direct attention to the increasing demand for a department of mines and mining, with its head a member of the cabinet of the United States. Special efforts are requested in behalf of this measure which has from time to time been brought to the attention of the national Congress by the executive officers of this organization with partial success.

SUBJECTS FOR DISCUSSION.

Among other matters upon which discussions and recommendations will be required are:

(1) The improvement of rivers, harbors and waterways. (2) The union of interests between Pacific coast ports and ports of the Gulf of Mexico. (3) The Isthmian canal and its effect upon commerce. (4) The merchant marine. (5) The consular service. (6) Statehood for the territories. (7) Interstate commerce commission and the betterment of rail and water transportation. (8) Preservation of the forests. (9) Co-operation in laws concerning navigation, irrigation and mining between the United States, Mexico and Canada. (10) Encouragement of home manufacturers. (11) Expositions and their influence upon the development of the country. (12) Technical schools and experimental stations for the west. (13) American scenery and its influence upon travel. (14) Alaska. (15) Livestock interests of the Transmississippi region. (16) The necessity for differentials favoring Pacific coast ports in the building of naval vessels. (17) Parcels post. (18) Good roads. (19) Irrigation and the reclamation of arid lands.

Any question germane to the objects of the Transmississippi Commercial congress may be introduced by any delegate, but it is the desire of the members of the executive committee to confine discussion to subjects of general interest, and to exclude those which are of a political nature.

REPRESENTATION.

The governor of each state and territory may appoint ten delegates and not more than twenty delegates.

The mayor of each city, one delegate and one additional delegate for each 6,000 inhabitants provided, however, that no city shall have more than ten delegates.

Each county may appoint one delegate through its executive officer.

Each business organization, one delegate and one additional delegate for every 50 members; provided, however,

YOU CAN'T AFFORD

To experiment with your health. If you're sick get a bottle of Hostetter's Stomach Bitters at once, and let it make you strong and robust again. It has been doing this for over 50 years.

HOSTETTER'S STOMACH BITTERS

will restore the appetite, strengthen the stomach and relieve Headache, Bloating, Indigestion, Dyspepsia, Constipation, Heartburn, Female Disorders and Malaria. Don't fail to try it.

Mr. Otto A. Fleissner's KIDNEYS WERE DISEASED BY CATARRH.

Pe-ru-na Promptly Cured Him.

Mr. Otto A. Fleissner,
Rahier Grand Hotel,
Seattle, Washington.

Mr. Otto A. Fleissner, American Epicurean, formerly chef to Col. W. J. Cody, (Buffalo Bill), now chef at the Rainier Grand Hotel, Seattle, Wash., writes:

"I suffered with kidney and bladder trouble until life did not seem worth living. I had tried many medicines but did not get any relief until I took Peru-na. It was really wonderful how much better I was after I had used this medicine only a week. I did not expect that it would help me permanently, but as long as it was doing me good I continued to use it. At the end of six months I found to my relief, that it had rid my system of all poisons, and that I was cured to stay cured. You certainly have a splendid medicine and I gladly endorse it."

Catarrh of the Kidneys a Common Disease.

Catarrh of the kidneys may arise from the spread of catarrh from other organs, or it may arise from some irritation of the kidneys directly in the organs themselves. It may also result from a cold.

Peru-na promptly cures the catarrh when all of these disagreeable symptoms disappear.

TWENTY YEARS AGO TODAY.

(DO YOU REMEMBER?)

The flag was hoisted at half mast, as a token of mourning, on the Salt Lake city hall. Much trouble ensued.

TEN YEARS AGO TODAY.

Squire John House of Jeffersonville, Ind., celebrated the Fourth of July by marrying nine clipping couples.

John Cunningham, an aeronaut, fell 1,200 feet and was mashed to a pulp, at Miami, Mo.

FIVE YEARS AGO TODAY.

The Democratic national convention met in Kansas City.

Fifty-two people were killed in a street car accident at Tacoma, Wash.

Andy Brixen, a well known Salt Laker, was buried.

that no such organization shall have more than ten delegates.

Governors of states and territories, members of the Congress of the United States, and ex-presidents of this congress are ex-officio members, with all the privileges of delegates except voting.

Permanent members have all the privileges of delegates except voting.

RUFUS P. JENNINGS, Chairman, San Francisco, Cal.

TOM RICHARDSON, Vice Chairman, Portland, Ore.

ARTHUR F. FRANCIS, Secretary, Portland, Ore.

Cured of Bright's Disease.

Robert C. Butte, El Dorado, N. Y., writes, "After I started to use Peru-na, I had to get up from twelve to twenty times a night, and I was all bloated up with dropsy and my eyelids were so impaired I could scarcely see. My father always told me to give up the gout of living. When a friend recommended Peru-na's Kidney Cure, one 10 cent bottle worked wonders and before I had taken the third bottle the dropsy was gone, as well as all other symptoms of Bright's disease." Sold by F. J. Hill Drug Co.

The time, July 4th, the place, Saltair, 2d train.

TO BUILD PIPELINE.

James H. Anderson Will Furnish Bingham Junction With Water.

The county commissioners have granted James H. Anderson a franchise to construct a pipe line along and across the public highways between Sandy and Bingham Junction for the purpose of furnishing water for culinary and domestic purposes to the residents of the latter town. The pipe line will cost about \$15,000, and it is proposed to organize a stock company among the farmers and residents of Bingham Junction who will furnish the required funds.

Baseball Players and Foot Racers.

Louis J. Kruger, ex-champion long distance foot racer of Denver, Colo., and Honolulu, won Oct. 21st, 1901: "During my training of eight weeks' foot races at Salt Lake City, in April last, I used Ballard's Snow Liniment to my greatest satisfaction. Therefore, I am highly recommended Snow Liniment to all who are troubled with sprains, bruises or rheumatism." Sold in 10 cent bottles. Sold by Z. C. M. L. Drug Dept.

Ho for a bath! Saltair, July 4th, train every 15 minutes.

TELLS TALE OF WOE.

Mrs. Joseph Davis Walks to Denver From This City.

A woman who gives her name as Mrs. Joseph Davis, and who tells a checked story of adventure seldom experienced by one of her sex, was picked up by Police Officer Miner yesterday, just after she had been put off a Rio Grande train. She is now being held for trial in the county jail while an effort is being made to locate members of her family who are said to reside here.

The woman says that in the month of May she walked the entire distance from Salt Lake to Denver, except for two short rides on horseback. She walked along the railroad tracks, and the journey consumed four weeks. At section houses and ranches along the way, she was hardly received, food and some times money being supplied her. Arriving at Denver, she was arrested in jail for several days, and then a ticket for San Francisco was given her and she was placed on board a boat for the Orient.

Judge B. B. Lindsey addressed the city council last night, when he reviewed the work accomplished among the boys in Denver. The judge urged the council to establish a detention school in this city. Two years ago our wife opened in Denver, where it had done a great deal of good. No boy had been known to run away from it, and the boys sent there were weaned from their evil habits. The establishment is conducted by a former school principal and his wife at \$100 per month, and youthful offenders instead of being thrown into jail are taken away from the contaminating influences of the jails. The judge said he was on his way to Portland to attend there a meeting of trinomologists, and he would be glad to tell them of the progress made in Salt Lake.

Speaking of her early life, Mrs. Davis said that she was born at Mrs. Hart's farm, and her mother separated, and the girl drifted to Butte, where she claims to have married a minister. After being divorced from him, she went to Idaho Falls and there married a stone-

SEWER PROJECT TO BE ENLARGED.

Plans So Modified as to Include Southeastern and Western Parts of City.

WILL COST ADDITIONAL \$35,000.

Scheme Contemplates a Main Sewer On Ninth South to Eighth West Street.

At a meeting of the special water sewer and engineering committee of the city council yesterday afternoon, it was decided to enlarge upon the proposed sewer improvements in the southeastern and western parts of the city which will mean the expenditure of \$165,000 instead of \$150,000 as provided in the bond issue. The additional money will be taken from the general revenue fund of the city. The new scheme contemplates a main sewer on Ninth street from East Temple to Eighth West street, which was not included in the original plan.

PLAN AGREED UPON.

The plan now agreed upon by the committee covers:

Execution of the gravity outlet sewer beginning at the present terminus at the intersection of State and Fifth South streets, thence south one block to Sixth South street, thence east one block to Second East street, thence south one block to Seventh South street, thence east one block to Third East street, thence south one block to Eighth South street, thence east one block to Fourth East street, thence south one block to Ninth South street.

An intersecting main sewer beginning at the intersection of East Temple and Ninth South street, thence west one block to Eighth West street, thence north 19 blocks to Ninth North street.

A pumping station and pump to be located at some point on the intercepting main sewer between Third North and Ninth North streets and a pipeline running easterly thereto to connect with the gravity outlet sewer.

Doctors said He would not Live.

Peter Fry, Womarid, Pa., writes: "After doctoring for two years with the best physicians in Waynesburg, and still getting Worse, the doctors advised me to have another physician to write to. I had better attend to it at once, as I could not possibly live another month as there was 50 years for me." Peter's Kidney Cure was recommended to me by my doctor. His recommendation and my own were to take the medicine and in a few days I began to feel better taking three tablets. I began to get better and continued to improve until I was entirely well." Sold by F. J. Hill Drug Co.

DESERET NEWS BOOK STORE, 6 Main St.

IGNORED REGULATIONS.

Men Arrested for Shooting Firecrackers in Restricted District.

The Chief Biscuit caused the arrest of two men at an early hour this morning for an infraction of the firecracker regulations. The men were John Hanson and Joseph Burns, who were firing off large crackers on First South street. B. Uno, a Jap, was taken in for a similar offense on East Second South. Some pins which were set fire to by H. Levy on Main street, and he was taken to the city hall. The four left \$2 each for their appearance in court.

Constipation and piles are twins. They kill people inch by inch, sap life away every day. Hollister's Rocky Mountain Tea will positively cure you. No cure no pay. 25 cents, Tea or Tablets. Ask your Druggist.

UNIQUE OUTING.

Salt Lake and Ogden Boys Will Enjoy Camp Life in Weber Canyon.

Arrangements are being made whereby Salt Lake boys to the number of about 75 will join an Ogden crowd of 45 in a two weeks outing at the head of Weber canyon. Those having the matter in charge are F. J. Lucas, secretary of the boy's section of the Y. M. C. A., Salt Lake, and J. T. Ruskin, S. J. Griffin and Prof. Walter.

APPLICATION DENIED.

Ssaloon on Thirteenth South Will Have To Remain Closed.

The application of C. H. Brown for a license to run a saloon at Thirteenth South and State streets has been denied by the county commissioners. The saloon was formerly owned by Faletto brothers and the residents in that vicinity presented a petition to the commissioners asking that the license for the place be revoked for the reason that it was kept open on Sundays and was a very disorderly place.

The commissioners did not revoke the license but gave it out that the license would not be renewed. It is claimed by the protestants that the sale of beer to Brown is not bona fide and is simply a scheme to get another license for the saloon. After getting advice on the matter from Asst. County Atty. Hanson, the commissioners decided to deny the license.

LINDSEY TO COUNCIL.

Denver's Juvenile Court Judge Urges Detention School.

Judge B. B. Lindsey addressed the city council last night, when he reviewed the work accomplished among the boys in Denver. The judge urged the council to establish a detention school in this city. Two years ago our wife opened in Denver, where it had done a great deal of good. No boy had been known to run away from it, and the boys sent there were weaned from their evil habits.

The establishment is conducted by a former school principal and his wife at \$100 per month, and youthful offenders instead of being thrown into jail are taken away from the contaminating influences of the jails.

The judge said he was on his way to Portland to attend there a meeting of trinomologists, and he would be glad to tell them of the progress made in many thousands of American homes.

The first bottle is guaranteed to help you, or druggist return your money.

Soften extreme heat, close confinement and intense mental strain incident to the liability of nervousness and insomnia.

It gives me pleasure to say that I have used Dr. Miles' Nervine with very good results in the treatment of these afflictions. I am now off my fifth bottle, and eat and sleep well. In fact have almost forgotten that I possess nerves.—R. E. DALY, Asst. Cashier, State Bank, Sacramento, Calif.

Speaking of her early life, Mrs. Davis said that she was born at Mrs. Hart's farm, and her mother separated, and the girl drifted to Butte, where she claims to have married a minister. After being divorced from him, she went to Idaho Falls and there married a stone-

Underwood, of Ogden. The Salt Lake contingent will leave on Thursday, riding as far as the Lagoon, and then walking to the camping ground, one mile below Huntsville. The Ogden party will start on Friday, walking the entire distance to camp. Prof. Underwood will be with the boys as physical director, and the others mentioned will each spend some of the time there. Streets will be carried out for early rising and retiring, and there will be opportunities for swimming, fishing, with a game of baseball daily between the respective cities represented. The boys will be divided into parties of 10 for each tent, and the work incidental to camp life will be allotted to each member. The cost of the outing, which will be very slight, is to be met by parents of those who participate. On Sundays religious services will be held by ministers from Salt Lake and Ogden.

The finest tea the world produces crosses the Pacific Ocean and comes through the Golden Gate—hence the title

Golden Gate Ceylon Tea

Queen of all teas. Packed in flavor-tight cartons.

A new flavor—a new delight. Use half usual quantity.
