THIS IS WHY.
You keep your house insured, because it may burn, and you don't know when. You want to be safe. Do you know what disease will attack you or your child? To be safe and save life and Doctor's bills, keep on hand **BROWN'S EXTRACT BLACKBERRY AND GINGER**, a safe, pleasant and reliable remedy for Diarrhea, Dysentery, Cholera and other diseases of the stomach and bowels. Physicians and druggists endorse it everywhere. Ask your druggist about its merits, he keeps it.

Why shake, when **EUREKA AGUE PILLS** will cure you? When taken in connection with **BROWN'S VEGETABLE LIVER PILLS**, they never fail to cure, and you suffer none of the bad effects that result from dosing with Quinine. All of **Brown's Family Medicines** for sale by **Utah Dispensaries**, **Coffin, Pitts & Co.**, and **Moore, Allen & Co.**, Salt Lake City. Trade supplied.

Fat People Eat "Sunstroke."
Fat people are not only liable to sudden death from heart disease, apoplexy, etc., but statistics show that they are more liable than others to "Sunstroke" and affections arising from extreme heat. An extensive experience in the treatment of corpulence has resulted in the introduction of Allan's Anti-Fat, a safe, certain and speedy remedy, for the cure of this terrible condition. Its use insures a reduction of from two to five pounds per week. If corpulent people who are exposed to the rays of the sun value life and comfortable existence, let them use Allan's Anti-Fat. Sold by drug stores.

SCHOOL BOOKS.
Parents, Trustees, Teachers and Scholars will save money by buying at their School Books at Dwyer's. Bargains in School Books are offered.

EVENING NEWS.
Published August 16, 1878.

LOCAL AND OTHER MATTERS.
The Hottest Yet.—At 2 o'clock the mercury in our thermometer lacked only a hair's breadth of reaching 100 degrees in the shade. Who, what are we coming to!

A Fall.—A young countryman, riding a dashing colt, was violently thrown to the ground near the post office, this morning, by a stable of his steed. The latter rolled completely over the rider, who was slightly lamed by the fall.

Sunday Services.—Sunday schools at 10 a.m.; meeting in the Tabernacle at 2 p.m., and in the various wards at the usual evening hour.

Home missionaries will attend the latter.

Cricket.—A match game of cricket commences at 12 o'clock on Thursday next, between a club from Fort Douglas and a civilian eleven. The soldiers, however, will be assisted by three cricketers from the city, Messrs. M. H. Walker, Cooper and Parr.

Sewing Machines.—Messrs. R. B. and J. O. Young have opened an office three doors south of Z. C. M. I., for the sale of sewing machines. They are agents for the "New Howe" class, which is claimed to possess desirable qualities found in no other.

Diphtheria.—An informant states that there have been twenty-four deaths from diphtheria in Draper, during the past few months, whereas in the previous twenty-two years there was comparatively no sickness of any kind.

The same dreadful disease is reported as causing many deaths in Nephi and other adjacent settlements.

Juvenile Instructor.—No. 16 of this excellent paper comes to hand from the press. It contains articles on Biblical subjects, an interesting illustrated paper on birds' nests, besides appropriate editorial thoughts, remarks on the death of Elder Joseph Standing, and scientific and musical contributions. All together the present issue is one of the best numbers we have seen.

Cholera.—Dr. Plant informs us that there are two cases of cholera in the city. As the dreaded Asiatic cholera is unknown in these localities, we presume the persons referred to are suffering from aggravated attacks of cholera morbus.

The Doctor has a very efficacious remedy which he has tried for 40 years, and which he advertises in another column.

Musical Soiree.—The musicale given by Miss Amy Sherwin, on Thursday evening, was quite an enjoyable affair. As announced a committee was elected to take charge of the operatic performances contemplated by Miss Sherwin, the Philharmonic Society, and other ladies and gentlemen of this city. The following are the names of the managing committee: Messdames Harkness, Conklin, and Hugh Anderson; Messrs. S. E. Olsen, Emma White and George Clawson; Messrs Van Horn, Barnes, Jones, Carless, Whitney and White.

Woman's Work.—Sister S. M. Kimball furnishes us with the following report of her visit north with Sisters Snow, Horne and Heywood:
We left Salt Lake City on the 7th of July, visited Southfield and Hyde Park in Cache County, and passed through Logan Canyon into Bear Lake State, where we visited all the settlements except Rancho and Woodruff, and found the organizations of the State exceptionally complete. Met with the Relief Society's 1st annual conference of the State at Paris, July 17th and 18th, where we were gratified to meet many efficient co-laborers, among whom we would make honorable mention of Mrs. Julia Lindsey, State president of the Relief Society and Mrs. Nancy Pugmire, president of the Young Ladies Improvement Association. The conference was largely attended and the various organizations ably represented.

On Pleasure Boat.—Judge P. T. Van Zile, ex-Secretary George A. Black and Bolivar Roberts, Esq., have gone to the north on a fishing and hunting expedition.

Base Ball.—The Denver Browns, who made so good a record here last year, both for gentlemanly bearing and ball playing, will surely be here to play their long expected series with the Deserters, beginning next Saturday. The team is in every respect first class and will be remembered as playing the best games of the season here last year. Otero, the lightning pitcher, Blake and Butler are the only men retained from last year's team, the balance of the nine being made up exclusively of eastern college and professional players.

A Legend of the Lake.—An amusing incident is related of a young man who went on one of the late excursions to the lake. He had been taking a bath in its pleasant waters, and preferring to be unencumbered with bathing costume, had got some distance away from the body of the party. He finally came on shore to dress, when he found that his clothing had disappeared. Of course he searched as far as he was able, but excursionists were promenading along the beach in various places, and he was compelled to keep out of their sight. After standing in the sun for two hours, being hidden from the multitude, however, by two cedar posts, he accosted a lady friend near by, told her his misfortune, and plead for some assistance. Her kindly heart was at once exercised in his behalf, and after some seeking she returned with a ponolaise, which she deposited near the blistering mortal and took her leave. With tears of gratitude in his eyes he donned the unique costume and wore it during the remainder of the day. One of the angry men in town to day is the wearer of that same ponolaise.

A reminder of the very embarrassing and ludicrous position in which he was placed almost makes him weep, and to add his name in such a connection would be downright cruelty. We forbear.

THE FLIPPER nuisance.—Again we are reminded, this time painfully, that that newly invented though dangerous plaything, the flipper, is becoming a curse to our city. Our feelings upon this point being just now rather tender, we simply ask parents to disarm their children of these weapons, and respectfully call the attention of the city authorities to the fact that in many other cities ordinances have been enforced against the nuisance. The matter is becoming quite serious and we hope some steps will be taken in regard to it. Not only are persons injured, but only are persons injured, but only are persons injured, but only are persons injured, but only are persons injured.

Progressing.—The work of laying the water pipes from the 20th Ward to the 21st Ward Square has commenced in earnest, and the suffering people in the neighborhood are correspondingly delighted. Push on the work.

OUR SUMMER GOODS
MUST GO.
To make room for New Fall Goods Shortly to Arrive.

Past experience has taught us that in this age of fast changing Styles and Fashions, it is better to sell goods subject to Season at a loss than to carry them over at an expense of storage, insurance, &c., only to find next season that we have compelled the sale at a loss anyway, and rather than blind the public by offering Calicos at less than cost, we offer the following
