

CHANGES ON THE SHORT LINE R. R.

Gen. Supt. Buckingham Is Slated For a \$7,500-A-Year Position.

AS THE LINEUP NOW APPEARS.

E. C. Manasse May Come to Salt Lake As General Superintendent in That Event.

The forthcoming changes on the Oregon Short Line, as already set forth, continue to be the topic in local railroad circles. Despite the fact that officials profess the profoundest ignorance regarding the matter there is a rumor that will not depend to the effect that General Superintendent E. C. Buckingham is to leave the Oregon Short Line. One is to the effect that he will go to the Union Pacific at Omaha on June 1, taking a better operating position than that which he now holds, while a Union Pacific man will be sent to Portland as vice president and general manager of the Oregon Railroad & Navigation company. The other story is that Mr. Buckingham will be promoted directly to Portland. It is understood that there is a salary of \$7,500 a year attached to this position. In either case, should Mr. Buckingham leave the Oregon Short Line, his successor will be E. C. Manasse, superintendent of the Idaho division of the Southern Pacific, who goes to the Oregon Short Line, who is now slated to go to Ogden to succeed W. E. Scott, superintendent of the Salt Lake division of the Southern Pacific, who goes to the Southern Pacific in California. General Superintendent Buckingham is now in Chicago and prior to his departure he stated to the "News" that there would be no announcement of changes, if any, at all for 15 days.

In the meantime circulars will be issued this week announcing the following appointments, aside from the Manasse promotion, which, as already stated, may be bigger than first anticipated: H. J. Roth, now trainmaster at Evanston, assistant superintendent of the Utah division, succeeding H. H. Hillier, promoted to superintendent, vice H. V. Platt, who goes to Los Angeles as superintendent of the coast line division of the Southern Pacific. E. N. Hottel, chief of Salt Lake, trainmaster at Evanston, vice H. J. Roth, promoted.

W. C. Beaver, chief dispatcher at Evanston, to Salt Lake to succeed Mr. Hottel, promoted.

MEDICAL FUND.

Union Pacific to Re-establish Its Sick Club at Early Date.

The medical department of the Union Pacific is now working on plans for the re-establishment of the trust fund for sick and injured employees of the company and their families. In 1878 this system was abandoned under the regime of President Burt and checks were made out paying every subscriber his pro rata of the balance on hand. The system has worked very well on the Oregon Short Line for years and for the small sum of 40 cents a month each employee is entitled to medical attendance in case of a mild ailment or a cold, or a cold, while suffering from an accident or infection demanding attendance and an operation hospital expenses and expert medical attention are included. When a man dies in destitute circumstances also he is buried free at the expense of the fund.

The Southern Pacific assumes its employees a month and furnishes artificial limbs and other "luxuries." The medical trust fund of this company has a credit balance of over \$200,000, while the Northern Pacific medical department is said to have a reserve of over \$300,000.

U. P. CHANGES.

J. E. Barron of Cheyenne Given Good Council Bluffs Position.

(Special to the "News.") Cheyenne, Wyo., May 23.—J. E. Barron, Union Pacific agent at this point, has been appointed agent in charge of the transfer station at Council Bluffs, Ia. Mr. Barron has been the agent of the Union Pacific here for several years, is well known and has a fine record. He will be succeeded by E. H. Breisch, formerly agent at Laramie. Mr. Breisch's place will be taken by J. W. Emmons, agent at Rawlins, and he in turn will be succeeded by E. C. Wright of Hanna.

LOOKS LIKE BUSINESS.

Gould Land Agent and Rio Grande Chief Engineer Here.

The fact that Chief Engineer E. J. Yard and E. A. Nock, land agent for Mr. Denver & Rio Grande, both arrived in Salt Lake yesterday and have held consultations with Resident Engineer Baxter and Atty. Van Cote today taken to inspect the proposed project of building a branch line from Brigham canyon to the new smelter site in the vicinity of Garfield beach is well under way, and that developments will be forthcoming in a few days.

On the other hand, as Mr. Yard is connected with the Western Pacific, there are some who aver that the present conference is the forerunner of securing a right of way for the Western Pacific. Needless to explain, however, none are doing any talking.

Geo. W. Heintz Traffic Manager

George W. Heintz, assistant general passenger agent of the North shore road, has tendered his resignation and will leave San Francisco for Salt Lake next week. As announced some time ago, Mr. Heintz comes to this city as traffic manager for the United States Mining & Smelting company. Prior to the merger of the Rio Grande Western with the D. & R. G. Mr. Heintz was general passenger agent of the first named road. He has numerous friends in this city who will be glad to see him return here.

SPIKE AND RAIL.

General Supt. A. E. Walby returned yesterday from his trip down the line.

The Salt Lake Road train, both coming and going, are being splendidly patronized by the traveling public.

The Burlington local agency is in the hands of the decorators prior to blossoming out new wall paper, burlap dindos and other improvements.

General Passenger Agent D. E. Barley of the Oregon Short Line, accompanied by Chief Clerk Durham, left this morning for San Francisco.

from Seventh East and Ninth South to the effect that a rough looking man, a desperate character, was in that neighborhood terrorizing women and children and making threats against them. The man was also begging, it was said.

Patrol Driver Will Armstrong and Officer Nick Gulbenken, and a "News" reporter boarded the patrol wagon and made a dash for the scene, fully prepared for a fierce encounter with a bad man. Upon arriving at Ninth South, the excited populace formed the officers that the bad man had gone west toward the Salt Palace, and that a little girl was following him at a discreet distance. The child was finally overtaken, and gave the exciting information that the bad man had gone south on State street. Whipping up the horses, Driver Armstrong finally caught the desperate man. The followed a terrible hand to hand struggle of almost five seconds, after which the alleged terror was landed in the patrol wagon. The bad man proved to be little Johnny Bull, an old-timer at police headquarters. There is a dispute among the officers as to whether Bull is 110 or 112 years of age. He was locked up on the charge of vagrancy.

INSURANCE MAN NABS A BURGLAR.

George D. Alder Has a Desperate Encounter With a Midnight Marauder.

MAN ESCAPES MINUS SHIRT.

Struggle Occurred in Mr. Alder's Home On First Street—Two More Attempts.

About 2 o'clock this morning, George D. Alder, manager of the National Life Insurance company, had a desperate encounter with a burglar at his residence, 55 First street. After parting with a considerable portion of his wearing apparel, the burglar escaped.

Mr. Alder encountered the fellow in the hall up stairs. He had heard a noise some time before this but did not pay any particular attention to it. Later he heard a noise in the hall, and arising quickly he stepped out of the room and saw the form of the intruder making for the stairs. Mr. Alder at once took after the burglar and managed to get hold of him. After a struggle of several seconds he threw the man to the floor. Both men fought desperately and they continued the fight until both rolled down stairs. During the struggle Mr. Alder struck the man several times, and the burglar tried to return the compliment and did manage to land a couple of blows. Owing to the darkness the intruder could not be recognized, but Mr. Alder did his best to have something with which to identify the man, and he managed to tear the fellow's shirt off, and also got his hat.

On the hat band there was the stamp of a maker in Los Angeles. After struggling for some time the burglar broke away and escaped through the laundry window, where he had gained entrance.

"I did not receive any particular injury," said Mr. Alder this morning. "I got a bruise or two and feel a little stiff but beyond that I was not hurt. I tried my best to hold the fellow but he managed to get away, but not until I got his shirt and hat. On the hat band there is a stamp indicating that the hat was made in Los Angeles. I know that some Los Angeles people were coming here to visit us, but I did not think they expected to be entertained in this way. As soon as the fellow got away I telephoned to the police. Mrs. Alder did not telephone, because she is blind. It was dark that I was unable to get a good look at the man and I do not think I would be able to recognize him."

Another fight between Mr. Alder and the burglar lasted several minutes, and was a desperate hand-to-hand encounter. Sergt. Hempel and Officers Carlson and Heath responded to the call made by Mr. Alder, but they were unable to locate the burglar.

At 3:15 this morning, an unsuccessful attempt was made to enter the residence of Mr. J. S. Richards, 317 First street, and exit via Wells on the same street.

TO TURN CHURCH INTO A THEATER.

Negotiations on for the Purchase Of First Methodist Property For This Purpose.

DEAL MAY BE CONSUMMATED.

Proposed Conversion Will Grate Harshly on the Feelings of Local Methodists.

For several days there have been parties endeavoring to secure the First Methodist church structure from Mr. Holmes, the present owner of the property, with a view to turning it into a first class vaudeville theater. The premises have been carefully examined by the prospective purchasers, and they find them well suited to their purpose. Mr. Holmes is ready to dispose of the property for first-class business or amusement purposes, and he rather thinks the amusement people will make up their minds to buy it. The present church edifice can be remodelled and made over with a medium of expenditure into a very desirable vaudeville theater.

This conversion of the historic First Methodist church edifice from a house of worship into a play house will grate harshly on the feelings of the Methodists of this city. To the old-time local members of the church the First church is associated with memories that they regard with tender affection, and the theater in the minds of Methodists generally is associated with the world, the flesh and the devil—particularly the latter. So there will be great regret expressed by them at this proposed transfer.

JURY FAILS TO REACH VERDICT.

After being out for 22 hours, the jury in the case of Theodore H. Auerbach against William H. Levy returned into court at 2 o'clock this afternoon and reported to Judge Lewis that it could not arrive at a verdict. The jurors were then discharged, and the case will have to be tried over again before another jury. The case has been on trial for more than a week, and has been a hard legal battle.

Plaintiff sought to recover the total sum of \$1,025, alleged to be due on two promissory notes executed by his nephew, the defendant in this case. The notes were given to secure the payment of the purchase price of a certain business bank east sold to defendant by plaintiff. The defendant claimed that the business was not a paying one as represented by plaintiff, and hence he turned it back to his uncle, and the chattel mortgage on the property was released. The plaintiff claimed that his signature to the release of the chattel mortgage was not genuine, and that it had been forged. The case was submitted to the jury, which retired at 4:30 o'clock, and the jurors have been considering the matter ever since but without arriving at a verdict.

SIX MONTHS FOR PLACE.

Pleads Guilty to Assault and Battery And Is Sentenced.

In the criminal division of the district court today, Charles Place withdrew his former plea of not guilty to the charge of attempting to commit robbery and pleaded guilty to assault and battery. He was sentenced to six months in the county jail. Place and Roy McNeill were charged with attempting to rob John Poth at the roadside on State street on the night of March 11. The case against McNeill was continued for the term and will probably be dismissed.

Damage Assessed at \$80.

The jury in the case of Charles E. Bird against the Oregon Short Line Railroad company, which was tried in Judge Ritchie's court yesterday, has returned a verdict in favor of plaintiff for the sum of \$80, at which amount it assessed the damages to plaintiff for the occupation of his premises by the defendant.

BIT AND WAS BITTEN.

Newspaperman Has Sorry Experience With Another Man's Dog.

A local newspaper man with sporting proclivities has been for some time looking for a dog, and in a moment of confidence unobserved himself to the police. The tender hearted guardians of the peace promised to maintain an open weather for the dog, and the young man to come over and get his puppy. He did so and found that a fine and unusually accomplished bulldog had been rescued from the pound by the police for the young man's special benefit.

He was pleased, he was delighted, and carried the dog away with a profusion of thanks. The young man stopped on the way home to buy two bits' worth of meat for the dog, which faithfully received the contribution to his inner craving, and was reporting to his new home, when a man and a child drove by in a buggy. The moment the child caught sight of the dog, he threw up both hands and began to cry. The man looked over at the dog, and called out, "Why, there's Patsy, sure enough. Here Patsy! Here Patsy!" The building gave one struggle and a leap and was out of the newspaperman's arms in jiffy, and into the buggy, where he licked the faces of both man and child and tumbled all over in ecstasies of joy. It was then developed that the dog belonged to the parties in the buggy, and as the police had instructed the reporter that if the lawful owner of the dog appeared, the canine must be given up, there was nothing to do but accept the inevitable and make the best of it. The young man is now looking for another dog.

HEALTH BOARD AFTER DOCTORS

Notifies Them That All Cases of Tuberculosis Must be Reported.

THE LAW WILL BE ENFORCED.

Not Necessary to Publish Names of Patients or to Inform Them of Report Made.

The state board of health is sending out today the following important circular to all physicians in the state, whose addresses are obtainable:

Salt Lake City, May 23, 1905.

Dear Doctor:—In view of the fact that many cases of tuberculosis are not reported to the state board of health in accordance with the law, copy of which is enclosed, it becomes the duty of the board to adopt stringent measures for the enforcement of the same, and you are notified that hereafter any case of failure to so report, which comes to the notice of the state board of health, will be investigated; and if it shall appear that the law has been violated, prosecution will be instituted.

It is unnecessary to argue the importance of the prompt report of all cases of tuberculosis. In no other way can it be spread be successfully combated. The only reasonable objection to the measure that could be urged is removed by the fact that in no case will the name of the patient be published or disclosed, and it is not even necessary that the patient should be informed that a report has been made. The circular of instructions for the prevention of the disease issued by the state board of health is enclosed, and is signed by the physician, be privately sent to the family of the patient and not to the patient direct.

You are again reminded that the state board of health will not accept of spurious form of charge upon request of physicians; mailing cases for transmitting same will be furnished by the board.
