The Daily and Saturday News delivered by carrier. Any complaints as to service will be promptly rectified by the circulator.

Advertisements for the Daily, Saturday and Sunday News accepted on the same terms as at the Salt Lake office.

OGDEN, UTAH, - JULY 27, 1904.

WEBER COUNTY TAX LEVY FOR 1904

Fixed at 8 Mills, Reduced from Last Year—Salary Schedule For County Officers.

OGDEN CITY TAX LEVY 10 MILLS

Balloon Accident at Huntsville—Stoker Children Remain With Father—Small Blaze—Wedding.

The board of county commissioners had an important meeting yesterday afternoon fixing the tax levy for this year, also the salaries for the county officials and other matters.

The tax levy has been reduced 3-10 of a mill from last year's levy, and was fixed as follows: For general county purposes 5 mills, poor 1 mill, interest on county bonds 4 mill, county schools 15 mills. The state levy for state purposes is 5 mills and for state schools 3 mills.

The salaries for the ensuing term of county officials were fixed as follows: Commissioners, \$600; attorney, \$1,200; assessor, \$1,000; clerk and auditor, \$1,100; recorder, \$1,000; treasurer, \$1,000; sheriff, \$1,200; county superintendent of schools, \$200; surveyor, \$100.

A petition was received signed by 92 of the residents and tax payers of West Weber, petitioning the board to withdraw what formerly composed the West Weber school district from the present consolidated district No. 1, so that the district as it was may be legally annexed to pay to Thomas Etherington \$112, which he, as trustee loaned to the West Weber district to aid in building a fine school building. Shortly after the loan was made West Weber was taken in as part of the consolidated district No. 1, and Mr. Etherington was unable to get his money, but if the district is withdrawn he can recover the amount, which he should legally and justly have. The matter was referred to the committee of the whole with the county attorney added. It is expected it will report on the petition at the next meeting.

Commissioner Stanford submitted a resolution which was carried providing for the appointment of a committee to draft ordinances regulating the width of sidewalks, the location of water lines, planting of shade trees, erection of telephones and telegraph poles throughout the county, that there may be uniformity and order throughout. Chairman Stanford and the county attorney were appointed a committee to prepare the ordinance.

Supt. Taylor, of the county infirmary reported, that as in years past the stealing of fruit has already commenced at the grounds. Proper steps will be taken to arrest and prosecute such violators of the law.

CITY TAX LEVY.
The city council last night fixed the city levy at ten mills, four for contingent expenses, five for improvement of streets and sidewalks, seven-tenths of a mill for construction of sewers and drains, three-tenths of a mill for maintenance of the Carnegie library.

The county treasurer and county auditor will fix the levy for the city school levy, having it on the estimate furnished by the board of education.

L. C. Kelsey was awarded the contract for building the sewers in district No. 6. Six members voted for the majority report submitted by Councilman Davidson, and four for the minority report submitted by Councilman Chambers. Those in the minority were Chambers, Faine, Emmett and Moyes. Having a veto by the majority, Kelsey will get the contract.

Contracts for paving on Wall avenue were ordered let to T. J. Moran.

BALLOON ACCIDENT AT HUNTSVILLE.
Pearl Frieste was injured last night at Huntsville, suffering a severe fall while endeavoring to make a balloon ascent. A rope attached to the basket broke, letting Frieste drop about forty feet, breaking one arm and other ribs bruising him up. He was brought to Ogden, where he was attended by physicians who pronounced his injuries not serious.

CHILDREN REMAIN WITH FATHER.
Judge Holapp yesterday afternoon heard the petition of Sarah A. Stoker to have the decree of divorce granted from Thomas W. Stoker modified, and the custody of some of their minor children be awarded her instead of to the father. The court heard the testimony of the parties concerned, and denied the petition, it appearing that both parties to the action have married again, and therefore he would not modify the decree.

NANCY HUGHES NUPTIALS.
Marriage license was granted to Herbert Hughes, 25, and Miss Jane Nancy, 22, of Kaysville, Davis county.

AUGUST TRIAL JURORS.
The following venire of jurors was drawn for the August term of the district court:

Charles H. Kitcher, Elmer E. Anderson, Alva L. Scoville, W. J. Dunlop, Joseph W. Levedahl, Martin F. Stafford, George A. Whittemore, A. V. McIntosh, J. M. Shirk, Isaac N. Pierce, William H. Williams, J. Stanley Frost, Thos. C. Chatland, Morris Hardman, Moroni H. Thomas, Henry Bateman, Ogden John Dial, Farr West, Francis Ritter, Riverdale, Thomas Etherington, West Weber, T. J. Wilson, J. Wilson, Samuel P. Draney, Plain City, David Byrne, Clinton, H. B. Ekins, Slaterville, B. H. Bingham, Wilson, Thomas Gibson, West Weber.

SERIOUS FIRE ADVERTED.
As the result of an overheated cook stove in a summer kitchen at the rear of the houses of Percy Plyer and H. Haselo, 271 Twenty-third street, a fire broke out in the building, which would have destroyed both houses had it not been for the prompt action of the fire department. The damage done amounts to about \$150.

The savings department of the Pioneer National bank will remain open Saturday's until 3 p. m. for the purpose of accommodating those desirous of making savings deposits.

PROVO.
The Daily News is delivered by carrier in Provo early every evening (Sundays excepted) on the same terms as in Salt Lake—5 cents per month. All complaints requests for changes of address and payments of accounts should be made to R. J. Hughes, at the west office, where all Advertisements and orders for church works also received.

NEW BISHOP AT LINDON.
Youngster Suffering from Effects of Dangerous Experiment.

Special Correspondence.
Provo, Utah, July 27.—Apostle Reed Smoot and President S. L. Chipman of Alpine stake visited Lindon ward in the Alpine stake Sunday afternoon. At a meeting held there Elder Albert L. Cullimore was sustained as Bishop in place of Bishop James Cobble, who has resigned on account of removing to the Bear river country.

A DANGEROUS EXPERIMENT.
The nine-year-old son of A. J. Southwick decided yesterday to explode some of the caps used in torpedo canes in a bicycle pump, and put quite a number in the machine. Then he struck them with the piston and was successful in causing an explosion, but the piston was torn from the pump and passed through the body of the boy's right hand between the index finger and the second finger, and injured the fingers quite severely by tearing the flesh. The injury was dressed by Dr. Robison, and it is not believed it will be necessary to amputate the fingers.

NELSON-INGLEFIELD WEDDING.
John Inglefield, 49, of Provo Bench, and Milley Nelson, 33, of Fountain Green, were married here last night by Elder H. S. Pyne.

GARDEN CITY NOTES.
A meeting of the county Republican central committee has been called for next Saturday at 10 o'clock.

Attorney M. M. Warner yesterday afternoon left for Salt Lake, where he will practice his profession.

Sheriff Bowman of Davis county was in Provo last evening with a patient for the mental hospital.

Sheriff Cronin and City Marshal Stillman of Eureka were in Provo yesterday on official business.

W. L. Vance and W. S. Smithers were fined \$2 each by Justice Noon for fighting.

The infant daughter of Mr. and Mrs. Alma Baker, who died yesterday morning, was buried yesterday from the home.

Judge Saxey is over from Spanish Fork.

AMERICAN FORK.
COMMEMORATE PIONEER DAY.

Sons and Daughters of Pioneers in Utah County Have Pleasant Time.

Special Correspondence.
American Fork, Utah county, July 26.—Pioneer day was very fittingly observed here yesterday. The seventh annual reunion of the Sons and Daughters of the Pioneers of Utah county was celebrated.

All morning trains brought scores of visitors, and at 10 a. m. from 1,500 to 1,800 people gathered in the beautiful Apollo hall, which was beautifully and appropriately decorated, the colors being yellow, green and red, yellow representing the sunflower, the green the sage and red the paint which decorated the Indians' faces.

Having around the hall were the many well known Pioneer citizens now gathered with their fathers, President Brigham Young being conspicuous among the rest. Many old relics of Pioneer days were also in evidence, home made plow, the first to break ground in American Fork and made and owned by John Eldredge, a Pioneer, also long gone to his rest.

When the Pioneer wagons, ox yokes, spinning wheels, cooking utensils, etc., used in crossing the plains.

A genuine buffalo skull, brought from the plains by our fellow townsman, A. A. Green, Sr., was also exhibited.

An Indian, who lived on the Indian reservation and some of our young boys and girls fittingly represented the children of the desert, and in another corner was a room beautifully furnished, representing a modern Indian home.

Senator Reed Smoot, the president of the organization, was master of ceremonies. A splendid program was rendered of short and appropriate speeches, inspiring songs, patriotic music by Pleasant Grove silver band and the Provo Mandolin club was also enjoyed.

The banquet in Science hall was a grand affair, from 400 to 500 were sumptuously feasted by American Fork's sons and daughters. We had 30 of the pioneers present and one of this number, Bro. John S. Gleason, was one of the original 145, who were seated at the head of the table with Apostles Lyman and Smoot on either side.

The committee in charge with President Chipman at their head, certainly by morning's work in the arrangement of the whole affair. A ball in the Apollo hall from 3 to 6 p. m. where refreshments were also served, closed the day's proceedings, and on every side were expressions of heartiness and the greatest and best reunion of the sons and daughters of the Pioneers of Utah county.

NEPHI.
THE PIONEERS HONORED.

Appropriate Program With Sports and Children's Dance.

Special Correspondence.
Nephi, Juab Co., July 26.—Pioneer day was appropriately celebrated here yesterday. The band with about thirty pieces, serenaded the town in the afternoon, and the children's dance was rendered at the tabernacle, consisting of speeches, songs, recitations, etc., appropriate to the occasion.

The pioneers who came to Nephi in 1847 and who settled Nephi before 1855, were given seats of honor, and when the census of these was taken, it was found that eight were present who arrived in Utah in 1847, and twenty-six who settled in Nephi previous to 1855, while there are a great many more in the town who were not present.

The children's dance and the sports in the afternoon were very much enjoyed, especially the baseball game between the Pats and the Leans. Cashier G. M. Whitmore was in the box for the Leans and shut the fat men out during the first innings.

After the second inning he went to pieces and was batted out of the box. The score stood 12 to 13 in favor of the fat men. In the evening a game of basketball was played between Nephi and Nephel, which was won by the former winning by a score of 19 to 11.

MORGAN.
THE TWENTY-FOURTH.

Program of Speeches and Music, With Sports Galore.

Special Correspondence.
Morgan, Morgan Co., July 25.—Pioneer day was appropriately celebrated today by the people of Morgan City. They gathered at 10 a. m. in the stake house and listened to a well prepared program of speeches, interspersed with music by the local band, and a number of sweet songs by the children.

In the afternoon the children participated in all kinds of outdoor sports on the public square. The Morgan City girl basketball team played the married men and beat them 7 to 1.

Last Saturday Heiner Brothers played baseball with the Wasatch Indians and gained an easy victory, scoring 18 to 9.

HUNTINGTON.
PIONEER DAY CELEBRATION.

Lively Bout With a Field Fire—Trigitation Reservoir a Blessing.

Special Correspondence.
Huntington, Emery Co., July 26.—The people of Huntington do not say much about their celebrations but they have some fine ones nevertheless. The Fourth was celebrated most appropriately and patriotically and yesterday, pioneer day, was locally honored.

The brass band discoursed sweet music during the early morning. There was a fine procession, also a well rendered program in the meetinghouse in the morning, and in the afternoon a dance for the children, and various amusements for the older ones, including tug of war, foot and horse races and other things.

Mr. George M. Miller, manager of the Huntington Mercantile company, a few days ago went to the field to help haul hay, while the boys were loading the wagon Mr. Miller went ahead of the team four or five rods and set fire to a bunch of barley grass. When the fire commenced to spread the team got into the field setting fire to the hay. Mr. Miller and his assistants succeeded in getting the team and wagon out without much damage, but lost the load of hay and hay rack, but they got a good scorching while doing it.

The farmers of Huntington and Lawrence are feeling pretty good over the returns their partially completed new reservoir is giving them. There is 1,000 inches of water measured over a drop board running out of it, divided among three or four ditches. It will mature the grain and give us an extra crop of lucern.

CEDAR CITY.
DISASTROUS FLOOD.

The Worst in Memory of Oldest Inhabitant—Pioneer Day.

Special Correspondence.
Cedar City, Iron Co., July 25.—Pioneer day was celebrated in a very quiet way today. A meeting was held in the morning at which suitable speeches were made and a pioneer picnic was enjoyed. A children's dance is now in progress and an adult dance this evening will close the celebration. A stake celebration is scheduled to come off at the village of Enoch, some six miles north of this city, under the auspices of the Young People's associations of this stake, this, together with a small contingent of our citizens taking in the celebration at Fangung lake east of us some 30 miles, and the number of our people located in the mountains on their summer ranches, detracts very considerably from our home celebration.

RAIN, HAIL AND FLOOD.
We have been visited with hail and rain almost daily for a week, but on Friday last, the 23rd inst., the climax was reached when we were visited about noon with the largest flood that has come down the canyon for at least 35 years, in fact some of our pioneer settlers say it was the largest in their knowledge. A portion of the flood came down the main canyon, and the rest from the east range of mountains through what is known here as Fiddler's canyon, about three miles northeast of the city. City creek channel affords a very excellent means for conveying flood water, mud and debris that usually accompany such deluges, but on this occasion its banks were taxed beyond its capacity for in some portions of the east and north of our city the flood overtopped the banks and did some damage to barns, hog pens and chicken coops. The north branch of the flood passed into the north field, doing considerable damage to crops, covering the field over with a layer of mud and debris, filling water ditches, tearing out dams, etc. An approximate estimate of the damage is placed at about \$3,000.

IN SAD PLIGHT.
Witnesses in Murray Sunday Saloon Case Have a Varied Experience.

The county officials seem to be somewhat unfortunate in the selection of their witnesses in the prosecution of the Murray saloon men for violations of the Sunday liquor law. The case against J. H. Birch, one of the offenders, was called in justice McOmie's court this morning.

He is now in the city jail at Murray under the sobriety process, and when this is complete he will be placed in the witness stand. City Attorney Haigh is prosecuting the case, while Attorney Webster is looking after the defense.

GLENDALE.
MEETING OF FRUIT GROWERS.

Addressed by Members of the State Board of Horticulture.

Special Correspondence.
Glendale, Kane Co., July 22.—Messrs. Thos. Judd and B. H. Bower of the state board of horticulture spoke to a good sized audience here last night.

Bishop Cutler made some timely remarks in opening the meeting, and introduced Mr. Bower, who spoke at some length on the primary elements of horticulture. He said the orchard should be given the best location on the farm, where it would be freest from danger by late spring frosts.

The ground should be cleared of all weeds and brush, and the trees should be given to the selection of trees, so as not to have too many sorts.

The different insects mostly injurious to trees in Utah were explained, and remedies given for their extermination. The people were urged to grow choice fruits to supply their own tables and to market.

Bishop Judd followed in his forceful style, showing by his energy his deep interest in the work. The citizens were urged to make the best of their environments, and produce something to sell and also for their own use, that money be sent out for their extermination. The people were urged to grow choice fruits to supply their own tables and to market.
