IF pestered by an eruption use GLENN'S SULPHUR SOAP, the ruling specific for diseases, irritation and abrasions of the skin, and a most salutary beautifier of the complexion. This admirable article is an inexpensive substitute for sulphur baths, and is equally as effective in banishing cutaneous maladies, and relieving the pangs of rheumatism and gout. Redness and roughness, tan, freckles, pimples, and indeed every imperfection of the cuticle is entirely removed by it. It is avouched, by ladies who have used it, to be the most effective means of clarifying and softening the skin that they have ever employed; its health promoting properties are widely recognized by medical men, and evidence in its behalf, emanating from other and equally respectable sources, precludes any doubts as to the genuineness of its claims to public confidence. Clothing and linen from the sick room is disinfected by it, and it prevents contagion when the danger of obnoxious diseases has been incurred by contact. Sores and ulcers, that resist the operation of salves and lotions are healed by it, and it soon relieves the swelling and pain caused by bruises and sprains. The opening of the pores, resulting from the wholesome stimulation of the superficial blood vessels that it produces, is the effect best calculated to ease the circulation when overheated, and carry off those offensive granulations which disfigure the cuticle and render existence a state of martyrdom while they remain. Eruptions, ailments that ointments will not cure, are entirely eradicated by GLENN'S SULPHUR SOAP.
