Prince and Peasant, the Millionaire and Day Laborer, by their common use of this remedy, attest the world-wide reputation of Ayer's Pills. Leading physicians recommend these pills for Stomach and Liver Troubles, Costive ness, Biliousness, and Sick Headache; also, for Rheumatism, Jaundice, and Neuralgia. They are sugar-coated; con ain no calomel; are prompt, but mild in operation; and, therefore, the very best medicine for Family Use, as well as for Travelers and Tourists. "I have derived great relief from Ayer's Pills. Five years ago I was taken so ill with

ITS THEORY be cooked in fresh air freely admitted to the even. This is done by discarding the close even deer heretofore used, and substituting for it a door containing a sheet of Wire Gause nearly as large as the door itself.

Through this Gause Beer the air freely circulates, facilitating the process of cooking, and producing food that is an equalled in flavor and nutrition, and actually cooked with less consumption of the than in an oven with a closed door.

It makes an enormous saving in the weight of meat. weight of meat.

If also produces larger Leaves of Bread, requires less attention from the cook, and promotes the health of the family by the SUPERIOR QUALITY OF THE FOOD COOKED IN IT.

OPINION OF AN EXPERT. Man Many B. Welch, Teacher Domesue Economy, Iowa State University, says:
"My deliberate judgment is that the oven of
the Bange, as compared with others, is not
only more equally heated in every partfront and rear—but as a result of its superior ventilation the food placed therein is
better cooked, while retaining a sweeter
favor, and a larger proportion of its best

The first witness, a detective, gave he jury the details of the confession made by Hronek. Hronek said many of the bombs found in Lingg's possession were made by a man named Schneider. Schneider also made the bombs which he (H.onek) had. The dinamite which Hronek had in his house, some 120 sticks, he got from a man named Kara-

The state rested its case after the delense had cross-examined inspector Bonfield. FOR THE DEFENSE. Hronek was put on the stand. He denied that he was an aparchist, and said he never had been one. He had

said he never had been one. He tad never belorged to an anarchistic soci-ety, and did not think there was such a thing in existence. He then made a sweeping denish of the truth of Chle-boun's (he informer'r) story. He tad always suspected that Chleboun was playing a bad part. He de-ned also that he was present at the Haymarket rict, and as he had never Haymarket rict, and as he had never been harmed by Bonneld, Gary or Grinuell, he had no reason for seeking revenge on them nor did he ever do so. He explained the alleged visit to Grin-He explained the alleged visit to Grin-nell's house by saying that on July 4th Capek and Chleboun asked witness to go with them to the lake, where they would take a bath. THAT COMBINE.

CHICAGO, Nov. 28.-It was ascer tained that the plan which has been made public of forming a hugh railroad combination to embrace all the territory west of Chicago and St. Louis, with a clearing house for competitive business and a commission of petitive business and a commission of presidents to control rates, is, after all, only one of the plans that was considered at the New York conference, and is not the one that was formally adopted. The plan that received the most favor in fact was a much stronger form of agreement and more severe in its restrictions as to the use of the rate making power. J. W. Midgely, who was pre ent at the conference in the

making power. J. W. Midgely, who was pre ent at the conference in the capacity of an adviser, said today:

"This plan is one of several that were considered. I am positive that it will not be adopted, for the reason that it is not strong enough to answer the purpose for which it was intended. Aside from the arbitration feature it is but little different from the agreement of the Western Freight association. This talk about trusts as applied to such an agreement is the sheerest nonsense. The truth is that the railroads have BECOME DESPERATE

at the prevailing condition of affairs. Something must be done or they will be driven to the wall. The meeting at New York represented the financial interests of these roads. It was composed of men who own the property and who believe it should yield some returns. They were determined, if possible, to save the railroads from bankruptcy. The inter-state law prohibits pooling arrangements, and, of course, it was necessary to devise some other means of checking the demoralization." some other means of checking the de-moralization."

Mr. Midgely said if the present con ditions, which were in the main at tributable to the operation of the inter-state law, should continue two years longer, there would not be a selvent rallroad west of Chicago. When asked if there was any movement on foot to petition Congress for a repeal of the law he said:

law he said: "No such movement has been taken as yet, and no appeal sent to Congress It is not regarded as the most favor-able time to present such a movement between two administrations," THE PROJECTORS

of the scheme for the maintenance of rates and Mr. Midgely were agreed on one point and that was that the subordinate officers of the railroads must be deprived of the rate-making power be deprived of the rate-making power and that any assumption of this power must be pushed by diameteral. Before the plan was completed it was submitted to the presidents of some of the important western lipes. Favorable replies have been returned by the president of the Union Pacific, the Strickney system and the Chicago, Milwankee & St. Paul, while President Cable, of the Rock Island, has gone to New York to p. rsonably express his views on the surject. ally express his views on the surject.
President Marvin Hughett, of the Chicago & Northwestern Railway, was asked today if he was favorable to the scheme. He replied:

about it except what I have read in the newspapers. I am not prepared to say anything as to its merits or as to the probability of its deing adopted.

FULLER & YOUNG,

110 Main Street.

VICAN W. has not been represented at any conference for has it been consulted on the question of the new agreement. We ask at present parties to the agreement of the Western Freight Association and also to a passenger agreement and have no present intention of going into any other. We shall certainly not go into any new plan until we have thoroughly considered it."

Vice-President S'onc, of the C. B. & bout it except what I have read in the

Vice-President S'one, of the C B & Q., said he had paid iffue attention to the proposed scheme, and as he had not been consulted in regard to it, there was nothing for him to say on t le subject. It seems probable that if t le framers of the plan fall to unite ill the raifronds to the northwest, west, and southwest of Chicago, AN AGREEMENT

will go into effect west of the Missouri River, since the Southern Pacific, Union Pacific, Messeuri Pacific and Atchison are all in accord with the movement and they practically control the territory.

Mr. Midgley says he has called no meeting to consider the matter, as the proposed plan is not completed.

CHICAGO, Nov. 28.—The representatives of the lines in the Transconvential Association met again today. The entire day was devoted to a revision of entire day was devoted to a revision of the tariffs with a view of securi g greater uniformity in rates.
