Preparations for the Step Taken at Four Schools:

EXERCISES AND GRADUATES

Many Fond Parents Present to Witness the Presentation of Cert ficates

The current school year is virtually at and end. All work will have ceased and an adjournment for the season be taken by tomorrow, when the last of the exercises of the grade schools will be held. The High school, like the grade schools, completes its work to-morrow. Its exercises, however, will not be held until next week. The program for this event has not yet been fully and formally decided upon further than that it will be rendered in the theater on Wednesday evening next.

Exercises were held in four of the schools this afternoon—the Lowell, Jackson, Webster and Fremont. In each an interesting program was given and many proud parents were present to witness the presentation of certificates of graduation from the grades which admits of entrance to the High school on the opening of school in September next.

The afternoon papers all acknowledge the prompt friendliness of the United States consul at Pretoria, Mr. Adelbert S. Hay, in insisting upon the release of a number of British officers to take command of the British prisoners in or-der to avoid a disturbance among the
