HERD GROUND.
HAVING obtained a grant for the herd ground known as "Promontory Point," we propose taking from one to ten thousand head of

CATTLE, HORSES & MULES
to herd on reasonable terms. This herd ground is situated on the north of Great Salt Lake, and bounded on the east and south by said lake, on the west by Blue Spring Creek, and on the north by Hunsaker & Co's. herd ground.
Persons having herds which they design taking to California will find it much to their convenience and interest by having their stock on the aforesaid ground in the spring, as they will thereby avoid the high waters of Weber, Ogden and Malad rivers.
The grass and water on said ground is unsurpassed by that of any other herd grounds within this Territory, and snow to any great amount is of rare occurrence on this promontory, even in the hard winters. 34-3 JOHN GALLIHER, WM. BRECH, Ogden City.

BEAUTIFY YOUR INHERITANCES.
THE ILLUSTRIOUS WASHINGTON wisely said, that he who made two blades of grass grow where but one grew, was a public benefactor. But how much greater a benefactor is he who sets out and causes to grow beautiful fruit trees where none grew before.

To enable every one desirous of accomplishing the above laudable object, the undersigned would most respectfully announce that he has on hand and for sale a most splendid and unequalled collection of TREES.

1000 3-year old PEACH trees. Several hundred of them have borne choice fruit the past season, and all of them fully set for fruit for next year. These are the trees for those who want fruit quick.

1000 PEACH trees, budded from the celebrated prize orchard of the Hon. Albert Carrington, 2 and 3 years old.

1000 APRICOT trees of the following choice varieties: Gates', Carrington's, Sprague's, Woodruff's, and several other kinds.

1000 Imported PLUMS, many of them one year from the bud, large and fine. Among them may be found the following choice fruit: Bolmer's Washington, Coe's Golden Drop, Smith's Orleans, Jefferson and the Sweet Damson. The above are some of the best Plums cultivated.

500 ALMOND trees of the soft and hard shell varieties, several of them one year from the bud and very thrifty.

5000 2-year old PEACH trees healthy and vigorous, grown on soil adapted to the peach.

All of the above trees are in good condition, and will be sold reasonable for cash, grain and produce of all kinds.

Printed instructions for correct management of trees will be given to those buying of the subscriber, gleaned from an experience of 26 years in the cultivation of fruit. C. H. OLIPHANT, 12th ward, 4 1-2 blocks east of Perry's store. 34-4

TO ALL THE SEVENTIES GENERALLY, AND THOSE WHO RESIDE IN THE CITY IN PARTICULAR.

THE Seventies who reside in this city have been partially informed by written notice of our intentions of improving our Council Hall.

It will be more satisfactory to give this general notice, that all interested may be posted and act accordingly.

We suggested that each Quorum pay \$25 for finishing the building and fencing the lot, viz: \$12.50 in Cash; \$5 in Lumber; \$5 in Wheat, that is 3 1-2 bushels if good and \$2.50 in Fire Wood.

We prefer the Wheat to the Flour from the fact that we wish to have it all floured at one mill and be an acceptable article to the workmen.

On making inquiry for Lumber we find it to be very scarce. The money will be just as acceptable and we can make a saving in having our bills filled to order at the mills.

A prompt response to this call is respectfully solicited.
JOSEPH YOUNG, President. 33-2
ROBERT CAMPBELL, Clerk.

INSTRUCTIONS. Including Conditions to be Embraced in the Contracts.

1. Fines will be imposed, unless the delinquency be promptly and satisfactorily explained by certificates of postmasters, or the affidavits of other credible persons, for failing to arrive in contract time; for neglecting to take the mail from or deliver it into a post office; and for suffering it (owing either to the unsuitableness of the place or manner of carrying it) to be wet, injured, destroyed, robbed, or lost.

2. The Postmaster General may annul the contract for repeated failures to run agreeably to contract; for violating the post office laws, or disobeying the instructions of the department; for refusing to discharge a carrier when required by the department to do so; for assigning the contract without the assent of the Postmaster General; for running an express; or for transporting persons or packages conveying mailable matter out of the mail.

3. The Postmaster General may order an increase of service on a route by allowing therefor a pro rata increase on the contract pay. He may change schedules or departures and arrivals without increase of pay, provided the running time be not abridged. He may also curtail or discontinue the service, in whole or in part, at pro rata decrease of pay, allowing one month's extra compensation on the amount dispensed with, whenever in his opinion the public interests do not require the same, or in case he desires to supersede it by a different grade of transportation.

4. Payments will be made for the service by collections from or drafts on postmasters, or otherwise, after the expiration of each quarter—say in February, May, August, and November.

5. The distances are given according to the best information; but no increased pay will be allowed should they be greater than advertised, if the points to be supplied be correctly stated. Bidders must inform themselves on this point; and also in reference to the weight of the mail, the condition of roads, hills, streams, &c., and all toll-bridges, ferries, or obstructions of any kind by which expense may be incurred. No claim for additional pay based on such grounds can be considered; nor for alleged mistakes or misapprehensions as to the degree of service; nor for bridges destroyed, or other obstructions increasing distance, occurring during the contract time. Offices established after this advertisement is issued, and also during the contract term, are to be visited without extra pay, if the distance be not increased.

6. The route, the service, the yearly pay, the name and residence of the bidder, (that is, his usual post office address) and those of each member of a firm where a company offers, should be distinctly stated; also the mode of conveyance, if a higher mode than horse back be intended. The words "with due celerity, certainty, and security," inserted to indicate the mode of conveyance, will constitute a "star bid." When a "star bid" is intended no specific conveyance must be named.

Form of Proposals.

This we do, understanding distinctly the obligations and liabilities assumed by guarantors under the 27th section of the act of Congress of July 2, 1836.

7. The bid should be sealed; superscribed "Mail Proposals, Territory of _____," addressed "Second Assistant Postmaster General," Contract Office, and sent by mail, not by or to an agent; and postmasters will not enclose proposals (or letters of any kind) in the quarterly returns.

8. The contracts are to be executed and returned to the Department by or before the 1st of February, 1859, but the service must be commenced on that date, whether the contracts be executed or not.

AARON V. BROWN,
