

NAMED CANDIDATES.

Governor West Appoints Senatorial and Other Aspirants.

LEAVES SOME OF THEM OUT.

To Attend a Western States Conference at Topeka, Kan.—New Irrigation Congress Delegates.

This has been a day of particular interest, and under the circumstances, particularly appropriate appointments in the office of Utah's chief executive. They were made by the Governor under this condition of affairs: He had received an official request from the governor of Kansas, to appoint a delegate to the Western States Conference at Topeka, Kan., on October 1st at the instance of the governor of that state to consider the question of holding an inter-American exposition in the interest and support of the California deep water harbor.

In the official notification of the proposition conference and exposition, Governor West was asked to appoint a delegate, in which state there was to be two U. S. Senators and at least one representative or member in Congress. To comply with the latter part of the request would not be a difficult matter as Utah is supplied in that regard, but to make the Governor's name may have the honor to represent the new state, as senators, in the halls of national legislation was not quite so easy. However, after studying the matter over at length in view of the fact that the Governor's name would not be a difficult matter as Utah is supplied in that regard, but to make the Governor's name may have the honor to represent the new state, as senators, in the halls of national legislation was not quite so easy.

From this aggregation of honorable promises the Governor felt assured that Utah's first senators and representative will certainly be delegates from this Territory to represent Utah at the Third National Irrigation Congress to be held at Albuquerque, New Mexico, on the 10th and 11th of September.

The Governor also today appointed Hon. John Henry Smith and Hon. C. W. Bennett, as delegates from this Territory to represent Utah at the Third National Irrigation Congress to be held at Albuquerque, New Mexico, on the 10th and 11th of September. The Governor also today appointed Hon. John Henry Smith and Hon. C. W. Bennett, as delegates from this Territory to represent Utah at the Third National Irrigation Congress to be held at Albuquerque, New Mexico, on the 10th and 11th of September.

Wilson Will be Tried.
George W. Wilson, who has been in the Territory several weeks, in default of bail, on the charge of rape, was today taken before United States Commissioner Pratt today on preliminary examination. He was not held in custody, indeed there is no need for a preliminary hearing, and the Commissioner will formally discharge him. But this does not end the case; for the case which impels the Commissioner to act in this manner, requires the holding of Wilson in custody in the Third district court. He has been indicted by the grand jury on the charge of rape against him, and his wife were returned in his own today.

THIRD DISTRICT COURT.
Six judgments rendered by the Grand Jury—United Pacific Trustee.

Proceedings before Judge Marshall today:
Frank Andrews et al vs John Duggan et al; judgment on demurrer to complaint completed and case submitted.

John L. Perry, of Salt Lake County, trustee of England, was admitted to citizenship.

Gen. F. Morris was admitted to practice as an attorney at the bar of the Third district court.

In the matter of the estate of Albin B. Kiersey, deceased, the applicant R. C. Chambers, was allowed till Sept. 25, to file transcript, etc., on appeal.

The grand jury came into court and notified having found the defendant under territorial statutes. Warrants were issued, and bail fixed at certain amounts for the various cases, to be given before U. S. Commissioner Duggan.

Salt Lake Lithographing company has a list of mine and smelting contracts; demurrer to complaint in intervention withdrawn.

Oliver Ames, owner, et al vs Union Pacific railway; hearing upon motion to set aside order appointing trustee set for October 14.

DEMOCRATIC CONFERENCE.
Powers for State Chairman and National for Secretary—Finance Committee and National Meeting.

There was a long conference of the Democratic leaders in the Hooper block last night. The question of selecting a chairman for the state conference was one of the chief points of consideration. Judge Powers was asked to accept the position, but this gentleman declined vigorously on the ground that his professional business would not permit him doing so. But he informed the chairman that they should have his answer by Saturday night at 7 o'clock, at which time another meeting will be held. R. A. McDonald was made secretary of the committee and John A. Wiley, treasurer.

DEFENDER GETS THE RACE.

Decision Rendered by the Regatta Committee.

Victory Over a Boiling Bath and Race Down Upon the An.

New York, Sept. 11.—The regatta committee of the New York Yacht club has sustained the protest entered by Defender in yesterday's race. The committee gives the race to Defender.

The following is the letter of the regatta committee of the New York Yacht club, sustaining the protest of U. Oliver Smith on behalf of Defender regarding the first elapsed against Vainqueur.

NEW YORK YACHT CLUB,
Sept. 11, 1906.
C. Oliver Smith Esq.,
Dear Sir:—We beg to acknowledge the receipt of your letter of yesterday pointing out Vainqueur's protest against Defender. We have given the matter careful consideration and believe the fact occurred through miscommunication of distance between the two yachts at a critical moment. From our observations, sustained by that of a shore witness, we are in a good position to say we believe that Vainqueur is in error in her time of 2, of racing rule 10, but down upon Defender and fouled her by the swinging of her main boom when Vainqueur was within 100 yards of Defender's bow.

We also consider Defender's protest valid inasmuch as Vainqueur was within 100 yards of Defender's bow when Vainqueur was fouled by the swinging of her main boom.

Your protest is therefore sustained.

Agreed to Separate.
Chicago, Sept. 11.—A Washington special to the Daily News says that Francis Houston Burnett, owner of "Little Lark" Farming, will be divorced from his wife, Mrs. Burnett, who is now in London. Her husband admits that marital separation has been agreed upon on the ground of incompatibility of temper.

People are Jubilant.
Chicago, Sept. 11.—The Western part of the city are jubilant today over the action taken by the Council last night in ordering the filling up of the Eighth West street canal from North Temple to Fourth street. There has been a general outburst of joy in the neighborhood of late and a number of deaths, the cause of which, it is claimed, originated in the decaying vegetation of the canal.

Probate Court.
The following order was made by the probate court today:
In the estate of George W. Quinn, deceased, the court handed down his decision on the matter taken under advisement on Friday last. He vetoed the petition to the final decree. The account was approved by the court, and an order made that the residue of the estate be set over to the widow by virtue of power of attorney.

College Opening.
The Latter-day Saints College in this city opened this week under most favorable auspices, the attendance being larger than for several years past. The students are mostly of high attainment, many of them being the eighth grade being admitted.

The efficient faculty has taken the large number of students in hand in a most satisfactory manner. All the classes having been organized today, and work assigned for tomorrow.

At the regular meeting, afternoon planning exercises were held to mark the formal opening of the College for the term year. The program consisted of musical and literary exercises, with addresses by Principal Dore, Elders John Nicholson and John M. Cannon of the College and Noble Lewis, respectively, and Dr. Karl O. Mosser of the general board.

With enlarged family, extended courses, and earnest advanced students, the College has a most prosperous year before it.
