

JEROME AFTER INSURANCE MEN

More Arrests May Follow in Connection With Investigation Of New York Life.

A TERRIBLE MISTAKE MADE.

Perkins' Attorney Says Grand Jury Totally Misapprehended the Evidence.

New York, Jan. 10.—More arrests may be made in connection with the investigation of the affairs of the New York Life Insurance company, according to an announcement made today by Dist. Atty. Jerome. The announcement was made while the district attorney was opposing an appeal of counsel for G. W. Perkins, under indictment in the New York Life case, for an inspection of the entire minutes of the December grand jury. Mr. Jerome said that it would be in defiance of his policy to grant such a request, as there are persons mentioned in the evidence who have not yet been arrested, but who may at some future time. No decision was reached today, the counsel directing counsel for both sides to submit briefs in duplication of the verbal arguments.

Lewis L. DeLafield, speaking for Mr. Perkins, said a terrible mistake had been made in that the grand jury had misapprehended the evidence. The attorney declared that there was no evidence that a crime had been committed. He said that the facts generally surrounding the case were such as to cause the court to probe into the sufficiency of the evidence on which the indictments were found. Mr. DeLafield said that his client had not been subpoenaed and that he had been warned of his constitutional rights.

Mr. Jerome answered that a mere trial was not sufficient to gain the inspection of the minutes of the grand jury. Mr. Jerome said he would consent to Mr. Perkins examining a transcript of his own testimony, but that the other side's evidence before the jury must remain secret. "I may say to your honor," the district attorney continued, "that the evidence given before the grand jury refers to a number of persons who have not been arrested at yet, but who may be subsequently arrested. Public policy demands that this evidence should not be spread abroad. I heard all the evidence in this case and I concurred in the truth of the presentment but not in its wisdom. The motives of the men indicted were undoubtedly, to my way of thinking, altruistic, but there is a vast difference between motive and intent."

THE HOUSE DISCUSSES THE ARMY CANTEN.

Washington, Jan. 10.—The army canteen was again today under discussion in the house of representatives. While the army appropriation bill was up Representative Morrell, of Pennsylvania, intimated that he would like to attach a paragraph doing away with the anti-canteen law, in line with a bill he had introduced in the first session of the Fifty-ninth Congress.

Mr. Hull, of Iowa, in charge of the bill, stated that the paragraph would be new legislation and that a point of order would therefore be in order. He stated, however, that the testimony of army officers was almost uniformly to the effect that the canteen was a good temperance measure and that its abolition had resulted in desertions and a greater degree of drunkenness. On the other hand, he said, he was receiving all the way from 100 to 100 letters a day whose authors were distributed all over the country, contending that the canteen would be a crime against society and protesting against its removal. Between the two widely separated views it was the disposition of Congress to let conditions go on as now, providing the posts with post exchanges and furnishing hot coffee.

This gave Mr. Morrell an opportunity to tell the house some things about the discrimination practiced between officers and men regarding post exchanges. "If," he said, "the army of drunkenness continues in the army at the present rate, it may become a very serious matter in preventing men from enlisting in the army." He said the anti-canteen law was doing the reverse of what had been intended.

THAT IOWA LYNCHING.

Judge Kelly Instructs Grand Jury Thoroughly to Investigate It.

Charles City, Ia., Jan. 10.—Denouncing as murderers the men who last night lynched James Cullen, slayer of his wife and stepson, Judge C. Kelly today instructed the grand jury to conduct a rigid investigation with a view to placing the blame. He insisted that Cullen was legally entitled to a full protection of the law from the mob.

"The crime of which James Cullen was accused and which was doubtless committed by him," said the judge, "pales into insignificance when compared with the deliberate act of an organized mob. You have nothing to do with the guilt or innocence of James Cullen. His case is in the hands of God. But he was murdered, and every person who actively participated in the act is equally guilty of murder."

Judge Kelly heard testimony from a number who saw the lynching, among them Eusebio Raper, of the Salvation Army, who last night invited the condemned man to pray.

BROKE JAIL.

Kid Barker, the Kennewick, Wash., Desperado.

Spokane, Jan. 10.—A Frosser, Wash., special to the Spokesman Review says: Kid Barker, the Kennewick desperado who was in the fight last October when four men were killed and Sheriff McNell wounded, died last night with three other prisoners, R. C. Berr, alias Sidney Davis, a horse thief, George Simpson, alias Charles Elston, a forger and Fred Thomas, alias Ed Williams. The latter was quickly recaptured.

BROWNVILLE RIOTS REPORT.

Washington, Jan. 10.—Asst. Atty. Gen. Purdy, who investigated the Brownsville affair, returned today from Texas. His report to Secy. Taft will not be made public until transmitted to the senate.

It is understood the president will accompany the report with a special message, and it is expected that he will indicate that he has decided to amend the original order dissolving the battalion of the Twenty-fifth infantry, so as to remove the bar against future employment.

Nothing Too Good For the American People

BOXES A MONTH, proving that the American people recognize, that what is BEST FOR THEM is none too good.

Why this enormous patronage?

The answer is simple: Cascarets are pure, clean, sweet, mild, fragrant, harmless but effective little tablets for the treatment and cure of Constipation and all Bowel Troubles. They are put up in neat little enamel boxes, easy to buy, easy to carry (in vest-pocket or purse), easy to take and easy of action, always reliable, always the same, they "work while you sleep" and wake you up feeling fine in the morning.

They not only regulate the movement and stimulate the muscular walls of the bowels, but they keep the ENTIRE CANAL CLEAN and antiseptic, forcing out and destroying all disease germs that breed in the accumulated filth unless promptly and regularly discharged. Therefore, they are a great preventive of disease, and may be taken continuously as a precautionary measure.

The new Pure Drugs Act, adopted by Congress on June 30, 1906, and in effect January 1, 1907, is a GOOD LAW and means better and PURER drugs for the American People. We endorse it and will live up to it in SPIRIT and LETTER—an easy task, as we have always been actuated by the same principles and no changes are required in our formula or packaging.

We adopted OUR OWN PURE DRUG LAW in 1895 when the first box of Cascarets came on the market and have lived and worked and produced under it ever since.

To-day, after a record of nearly 100,000,000 boxes sold, Cascarets STAND the greater in PURITY, QUALITY and MEDICINAL MERIT than any other preparation for Bowel trouble in all the world.

This should be a great argument for any one, to try Cascarets AT ONCE, and be healthier and happier for it. Some people have CHRONIC CONSTIPATION with all the horrors derived from it; others have HABITUAL CONSTIPATION from carelessness and neglect, but nearly EVERYBODY has OCCASIONAL CONSTIPATION, which, if not promptly taken care of is liable to result in its degeneration into the worse forms and cause great suffering and perhaps death.

Cascarets, if taken patiently and regularly, will remedy all of these awful troubles, but if taken promptly, at the very first sign of an irregularity of the Bowels, will act as the FINEST PREVENTIVE ever discovered and will keep all the machinery running in good order.

We advise you to get a little 10c box of Cascarets TO-DAY and carry it in your purse or vest pocket. Take one when you feel anything unusual about your bowels. Your own druggist will sell you the little box, under GUARANTY of satisfaction or money refunded. All druggists, 10c, 25c, 50c.

A CLEVER SWINDLE.

A Payette, Ida., Bank Is Robbed of \$1,300 by Forged Checks.

Boise, Idaho, Jan. 9.—A remarkably clever swindling scheme has come to light at Payette, the forger realizing \$1,300. A young man giving the name of J. Williams deposited \$400 in Wells Fargo bank in December saying he was engaged in buying and selling hay. On Dec. 31 he presented a check for \$900 signed by Peter Pence of Payette and drawn on a Payette bank. The check was paid and the young man departed, leaving little or nothing in his account. The check was paid by the Payette bank, but when Mr. Pence came to check up his account he pronounced it a forgery. A similar check for \$400 was sent through an Ontario bank with the same name forged.

ARCHBISHOP MONTGOMERY DEAD.

San Francisco, Jan. 10.—Archbishop Montgomery died at 1:30 this afternoon. He was operated on for appendicitis a few days ago. He rallied after the operation and was believed to be recovering when a relapse occurred and he remained in a state of coma most of the time until his death.

Cardinal Gibbons ordained him in Baltimore, Dec. 23, 1879, and he was appointed bishop and coadjutor to Monterey and Los Angeles by Archbishop Hordan in St. Mary's cathedral of this city, April 8, 1894.

MILBURN HOME BURNED.

Place Where Pres. McKinley Was Taken When He Was Shot.

Buffalo, N. Y., Jan. 10.—The former residence of John C. Milburn on Delaware avenue, to which the late President McKinley was taken after he was shot and where he died, was badly damaged by fire this morning.

There is NOTHING TOO GOOD for the American People—that's why we started to make Cascarets Candy Cathartic. The first box made its appearance in 1896, and the enthusiastic endorsement of the people has been bestowed upon Cascarets ever since.

AMERICAN ANTIQUITIES

Steps Taken to Carry Out Provisions of the Act for Their Preservation.

PERMITS TO EXAMINE RUINS

Will be Granted to Reputable Museums, Universities and Recognized Scientific Institutions.

Washington, Jan. 10.—Steps have been taken by the secretaries of war, interior and agriculture to carry out the provisions of the act for the preservation of American antiquities approved June 8, 1906. It has been arranged that jurisdiction over ruins, archaeological sites, historic and prehistoric monuments and structures, objects of antiquity, land marks and other objects of historic or scientific interest shall be exercised as follows:

By the secretary of agriculture over lands which are in the interior limits of military reservations; but the secretary of the interior over all lands owned or controlled by the government of the United States.

Under the rules adopted by the executive committee no permit will be granted for the removal of any ancient monument or structure which can be permanently preserved under the control of the United States and remain an object of interest. Permits for the examination of ruins, the excavation of archaeological sites and the gathering of objects of antiquity will be granted to reputable museums, universities or other recognized scientific or educational institutions or to their agents. It is also provided that every collection made under the authority of the act shall be preserved in the public museum designated in the permit and shall be accessible to the public.

It is made the duty of officers in charge of land owned or controlled by the United States to inquire and report as to the existence on or near such lands of ruins and archaeological sites, historic or prehistoric ruins or monuments and other objects of historic or scientific interest with a view to their preservation and exhibition.

JAP SQUADRON WILL NOT VISIT PACIFIC COAST.

Tokio, Jan. 11.—The Japanese government has decided that on account of the anti-Japanese agitation on the Pacific coast the training squadron will not visit the Pacific coast, but will go as far as Honolulu only.

Washington, Jan. 10.—Members of the California delegation, in discussing the

Japanese intention to abandon the proposed trip of the training squadron to the Pacific coast on account of the anti-Japanese agitation, expressed the opinion that San Francisco would have extended a welcome to the fleet. Representative Kahn of San Francisco suggested that the action of the Tokio government may have been on advice of the Japanese consul general at San Francisco.

"I think," said Mr. Kahn, "that I know the people of California well enough to say that the great mass of the population would resent any harm that might be done to the military or naval forces of the United States. The Japanese consul should visit San Francisco. It may be possible that the Japanese consul at San Francisco, Kinsuro Uyeno, has advised his government that as a precautionary measure it would perhaps be advisable not to allow the squadron to visit the Pacific coast until the school controversy has been settled. While the people are opposed to the wholesale importation of Japanese coolies, we respect the rights of the Japanese who are now here, and of the training squadron would certainly be as safe in the bay of San Francisco as it would be in a home port."

COL. PATKO ANDRIEFF OF LODZ ASSASSINATED.

Lodz, Russian Poland, Jan. 10.—Col. Patko Andrieff, chief of the gendarmes of the Lodz district, was shot and killed this morning on Poudniowa street. A passing infantry patrol fired a volley at the assassin but only wounded several innocent persons. The assassin escaped. Poudniowa street is closed by troops and the police began making a strict search of all the houses fronting upon it.

"THE EPISCOPAL NATION."

Paris, Jan. 11.—The Petit Parisien says that a papal document will be published in Rome today on the church situation in France, in which France will be addressed as the "Episcopal Nation."

SWITCH ENGINEERS WIN.

Houston, Tex., Jan. 10.—Recommendation that the Southern Pacific switch engineers, who returned to work last Monday after their strike was settled,

should be allowed their former seniority rating, was made by the general adjustment committee. The charge that the Southern Pacific abrogated its contract with the firemen is yet to be considered. The committee met here today in accordance with the agreement whereby the firemen's strike was declared off.
