In Tow.

NEW YORK, April 8.—The steamer *California*, from Hamburg March 21st, arrived today in tow of the steamer *Chateau Margnax*.

Buried.

NEW YORK, April 8.—The remains of Jacob Sharp, over which funeral services were held last evening, were buried today in Greenwood cemetery.

The Congressional Programme.

WASHINGTON, April 8.—The Senate will probably take up the South Dakota bill to-morow and try to dispose of it by Wednesday night.

The bill to establish a bureau of animal industry is made the special order for Tuesday. When these two measures are disposed of the Shoemaker bill, authorizing the Secretary of the Treasury to invest in government bonds eight per cent. of the fund held for the redemption of notes of national banks "failed in liquidation, or reducing the currency," will be taken up. These three measures have been accorded the right of way by the caucus committees. The Freedmen's Bank bill is unfinished business for the morning hours, and the Blair confederate preferences bill, which awaits the formality of a second reading, is in position to come up at any odd moment, with the prospect as to its fate as uncertain as the time of its appearance or the direction and length of its debate. There is a possibility that the fisheries treaty may command attention in executive session during the week, also the nomination of Consul General Rathbone to Paris. This latter has borrowed interest in its possible bearing upon the open executive session question. The calendar of the House shows that all of the working days of next week have been parcelled out among the committees on the Pacific railroads, territories, foreign affairs, public lands and agriculture, for action upon measures reported by them, but the actual disposition of the time is likely to be very different, judging from the proceedings of the past week. The legislative work will open with the House constructively in the legislative day of Wednesday, April 4. Taylorss proposition to go into committee of the whole to debate the direct tax bill will probably meet with approval and for a day or two fictitious progress will be made. When the phase is reached where the motion to order the previous question is in order if any regard is had for the sentiments expressed by the opponents of the tax bill it will soon become evident that the conclusion is as far off as on last Tuesday morning when the bill was first called up. A faint hope is felt in some quarters that the appropriation committee will be able to break the deadlock by securing the consideration of one of the appropriation bills now on the calendar, but the republican members profess to be willing to antagonize any such effort, and they undoubtedly have it in their power to do so successfully.

The C. B. & Q.

NEW YORK, April 8.—Fifteen hundred members of the Brotherhood of Locomotive Engineers and Firemen met today at Tammany Hall, discussed the C. B. & Q strike, and resolved to give the strikers all the assistance asked for. Among the resolutions adopted was the following: That we favor conservatism when it is adequate to the ends in view, but when dealing with radicalism and oppression we do not feel bound to be more conservative than our opponents.

Negotiating with the Czar.

BERLIN, April 8.—No change is reported in the Emperor's condition today. Dr. McKenzie has postponed his departure for London by special request until Queen Victoria arrives in Berlin.

The conflict between the Emperor and Prince Bismarck over the proposed marriage of Princess Victoria to Prince Alexander has ceased for the present.

Negotiations on the subject are passing between Emperor Frederick and the Czar.

Irish Riots.

KILRUSH, April 8.—On Saturday night some policemen who were trying to prevent the erection of a platform for the meeting announced to be held today were pelted with stones by a mob and the police were compelled to charge into the crowd. Many civilians were badly injured. Mr. Tanner, member of Parliament, held a meeting outside Macroom at 5 o'clock this morning. He there burned a copy of the government proclamation. At 2 p. m., the advertised hour, he attempted to hold another meeting, when the police removed him from the grounds and there was only slight excitement. About 6,000 persons belonging to various league branches of Kilrush were assembled. At 2:30 p. m. a large contingent of police on horseback, led by the magistrate, charged the crowd injuring many. A number of triumphal arches were torn down. Father Glynn was attacked by policemen with rifles. A farmer felled one policeman with a stick. A riot being imminent the Berkshire regiment with fixed bayonets charged the crowd and many persons were badly wounded. Order was finally restored, on the crowd being appealed to by priests and Messrs. Redmond and Crilly, members of Parliament, who advised the people to disperse.

ENNIS, April 8.—Messrs. Davitt, O'Connor, the Rev. Mr. Cory and other league leaders, left Kanis this afternoon and drove ten miles into the country, followed by eighty hussars under Col. Turner, and by preconcerted arrangements Mr. Condon, M.P., remained in town to hold the proposed meeting in an unoccupied store. This programme leaked out and a cordon of soldiers was placed around the building. The doors had been barricaded, but soon gave way to sledge hammers in the hands of the police. This aroused desperate resistance on the part of the people present and many were injured. Fifty persons were arrested, among them Mr. Dunleavy, editor of the Clare *Independent*.

LOUGHREA, April 8.—O'Brien held his meeting today. While the police were dispersing the people he spoke ten minutes. He called the police cowards for not arresting him instead of ill treating the people. Reaching the platform outside of the town, followed by 4000 people, he was met by an imposing force of police and military. O'Brien called the people to a halt and addressed the magistrate to the following effect: "I wish to hold a meeting to tell the people the truth about the English rule in Ireland, but no meeting will be held if it has been resolved to disperse the people forcibly." O'Brien then said if force was to be used to use it on him and not on the people. The crowd advanced toward the platform and the police immediately attacked them, knocking down those who resisted.

After Bounty Money.

NEW YORK, April 8.—The organization of veteran soldiers and sailors which terms itself the veteran association of the regular army and navy of the United States, has recently been agitating the matter of securing bounty lands and means for improving the same from the United States government. The organization held a meeting today, delegates from various grand army posts being present, and adopted a petition to Congress. It is urged that thousands of veterans would like to take and cultivate bounty land, but are unable to do so unless financially assisted by the government. The petitioners urge Congress to pass an act entitling all honorably discharged soldiers and sailors to assistance to any needed amount to enable the veterans and their families to reach, occupy and cultivate bounty land; and in the event of the passage of such a bill government will be asked to locate the lands, lay out highways, build schools and furnish each settler with a small house, team, agricultural implements, seed, etc. In return the settlers would pay the loan to government within ten years, with interest at three per cent., and would pledge themselves to serve as militia of their several states.

Dead.

NEW YORK, April 8.—Lilian Olcott, the actress, died at Westminster Hotel this morning, of inflammation of the bowels.

BALTIMORE, April 8.—Lewis J. Williams, medical director of the United States navy (retired), died here today in his 69th year.

An East Indian Tornado.

CALCUTTA, April 8.—A tornado has done great damage in the native quarter of Dacca. Nineteen persons are reported killed.

Arrived.

LONDON, April 8.—The steamer *La Bretagne* from New York arrived at Havre today.

W. H. Barnum.

ST. LOUIS, 8.—W. H. Barnum, chairman of the National Democratic Committee, arrived here this morning. During the afternoon he took a drive through the city, and stopped at the exposition building and made a short examination of the music hall, expressing himself as highly pleased with the facilities afforded for a large convention.

Flood in Iowa.

DES MOINES, Iowa, April 8. — The Desmoines River at this point is higher now than for seven years and is still rising. It is thought that before morning the entire south part of the city will be submerged.

The Gross Exchanges.

BOSTON, April 8.—A table compiled from specials to the *Post* from the managers of leading clearing houses of the United States, shows that the gross exchanges of the week ended April 7, were $1,049,908,880, an increase of 57 per cent. over that of the corresponding peirod of last year.

Boulanger Elected.

PARIS, April 8.—At tumultuous meeting attended by 25,000 electors was held at Valenciennes today. Laguerre was frequently interrupted and Foucard was unable to obtain a hearing. The meeting terminated in disorder. The crowd followed Laguerre to his hotel shouting, "Vive Boulanger."

Doumer is elected in Aisne district. Boulanger's return for Dordogne is assured. Ferroul is returned for the Aude district, receiving 21,515 votes. In this district Boulanger received 7,151 votes though not nominated.

Bismarck's Successor.

BERLIN, April 8.—It is confirmed in ministerial circles that the crisis terminated on Friday. The *Cologne Gazette* states that the matter was settled as Prince Bismarck desired. Semi-official organs are either silent on the subject or simply state that the crisis continues. In liberal circles Prince Von Hohenlohe is spoken of as the successor of Bismarck. It is reported that the Emperor proposes to address Bismarck a rescript marking out the main features of the German foreign policy, especially advising rapprochement with Russia on the Bulgarian question.

Persistent Sluggers.

KANSAS CITY, April 8.—W. E. Gibbs, of Kansas City, and W. A. Ross, of California, were to fight near Kansas City this morning, but the sheriff, with a posse appeared just as the men were stripped and put the crowd to flight. The pugilists were not dismayed, however, and went to Shawnee, Missouri, where they fought late tonight.

The Centennial.

MARIETTA, Ohio, April 8.—The town was filled with excursionists. The centennial exercises closed with a public meeting, addressed by Dr. Storrs, of New Jersey, whose discourse was a scholarly discussion of the economic questions that affect nations.

Dispersed.

KANTURK, April 8.—Several hundred men with national league cards displayed on their caps paraded here today, in accordance with announcement of a league meeting. Messrs. Healy and Flynn attempted to address the crowd of people that had assembled in town. They failed, however, as the crowd was immediately dispersed by the police. The proposed league meeting at Ramsgrange was postponed for a week on account of the presence of a formidable police force. Three thousand persons assembled at Milltown, Millibay, but dispersed quietly on the advice of their leaders, when the police threatened to charge.

Arbitration.

LONDON, April 8.—A dispatch from Tangier says: A treaty was signed today whereby the Sultan agrees to leave the dispute between the United States and Morocco to the decision of a Moorish representative and an American consul. If they fail to agree a referee will be nominated whose decision shall be final.

The "Exposition Universelle de l'art Culinaire" awarded the highest honors to **Augostura Bitters** as the most efficacious stimulant to excite the appetite and to keep the digestive organs in good order. Ask for the genuine article, manufactured by Dr. J. G. B. Siegert & Sons, and beware of imitations.

The Breath of a chronic catarrh patient is often so offensive that he cannot go into society and he becomes an object of disgust. After a time ulceration sets in, the spongy bones are attacked, and frequently, entirely destroyed. A constant source of discomfort is the dripping of the purient secretions into the throat, sometimes producing inveterate bronchitis, which in its turn has been the exciting cause of pulmonary disease. The brilliant results which have attended its use for years past properly designate Ely's Cream Balm as by far the best if not the only real cure for hay fever, rose cold and catarrh.

Sufferers from Coughs, Sore Throat, etc., should try **"Brown's Bronchial Troches,"** a simple but sure remedy. Sold only in boxes. Price 25 cts.
