

LIBERALS SCORE A GREAT VICTORY.

At Brighton E. Villiers Defeated
Gerald Loder, Unionist, by a
Majority of 817.

ISSUE WAS FISCAL QUESTION.

House of Commons Scene of a Remarkable Demonstration Over
Result of Election.

London, April 5.—The most striking event of the day was the defeat of the Unionist majority in the House of Commons. The Liberal majority was 817. The Conservative majority at Brighton in the past 20 years was never less than 2,000. Mr. Loder was seeking reelection at this time on his appointment as junior lord of the treasury.

The election turned almost altogether on the fiscal question. The Liberals did not expect to win, but would have been well satisfied with a reduction of the hitherto consistent Conservative majority.

The house of commons tonight was the scene of a remarkable demonstration based upon the defeat of a government candidate in the bye-election for Brighton, a constituency which for 20 years had been returned to the Conservative or Unionist candidates for parliament by majorities of 2,000 and upward.

The house had been engaged in consideration of a resolution offered by Sir William Tomkinson, (Conservative), declaring that "in view of the peril to which the industries of the United Kingdom are exposed by too great dependence on the produce of cotton, the resources of the colonies, dependencies and protectorates for the maintenance of employment in one of the great national industries."

A number of members of the British cotton growing territory, Mr. Emmett (Liberal), said the cotton growers of the United States were already jealous of the government's experiments in the West Indies.

Mr. While, a somewhat desultory and uninteresting debate was dragging on, there was a rush of opposition members from the lobby shouting as the Liberal victory in Brighton, where Gerald Loder was seeking reelection on his recent appointment as junior lord of the treasury, the Liberal candidate being E. Villiers. "Villiers in" was the cry, which was received with great cheering. Premier Balfour, who was just then entering the house, was greeted with shouts of "Resign, Resign."

Colonel Secy, Lyttleton, who had been speaking when the interruption came, after the demonstration had been quieted, continued saying: "Since 1902 the production of cotton inside the British empire had tripled. The government, he added, had not relaxed its efforts looking to a further increase. He trusted that Lancashire would assist the work more liberally in the future."

The resolution was adopted unanimously. Mr. Balfour quitted the house almost immediately.

In a motion to adjourn an extraordinary scene occurred. Mr. Lloyd George, (advanced Liberal), said he had intended to question the premier on the fact that he had been a member of the administration at Brighton. He complained that on receiving notice that the question would be raised the premier

had fled. "Part of our Kaitiaki force engaged in driving the enemy, occupied Kuyushu, three miles northeast of Mien-huachien on the afternoon of April 4. On the afternoon of April 3 the enemy with mounted artillery and machine guns advanced south from the direction of Tawo, on the Fenghua road, and on the morning of April 4 opened a bombardment on Chichese-tun."

"Simultaneously a large force of infantry advanced from the vicinity of the main road, two other columns descending to cover the retreat."

"They approached within 400 metres of our position, but at 6 o'clock in the evening we entirely repulsed them."

"Our casualties were 27 men wounded. The enemy's loss is uncertain, but it is estimated at over 200 killed and wounded."

TROUBLE IN WARSAW.
A Funeral Forbidden and Cossacks Are Called Out

Warsaw, April 6, 1:15 a. m.—In anticipation of the funeral of a girl who died of wounds received in the fighting on Sunday, the workmen of all the factories in the northern part of the city left their work yesterday afternoon and crowded the streets, the police, fearing a hostile demonstration, forbade the funeral and summoned Cossacks, who, using their knouts and swords freely, finally succeeded in dispersing the gathering.

Owing to the close of the University of Warsaw, 1,600 students were dismissed yesterday. All students whose description was postponed during their university year will be compelled to serve now.

A non-striking woman at the gas works whom the strikers had conspired to death was shot and severely wounded yesterday by a workman, who escaped.

The police and military made a further house to house visit in the suburbs of Warsaw Tuesday night, where they arrested 14 persons and discovered great quantities of revolutionary proclamations.

Several members spoke supporting Mr. Lloyd George and declaring that the government ought to resign.

Winston Churchill said it looked like the beginning of the end, and that it was retribution for his shame and shuffles and for the manner in which the premier had treated parliament.

Sir Alexander Acland-Hood, representing the Conservative Unionist bench, having declined to accede to the request to adjourn till Monday in order to enable the government to consider its position the house adjourned until Monday.

UNIONIST EDITORIAL COMMENT.
London, April 6.—Unionist editorial articles this morning reflect the consternation caused by the unexpectedly heavy blow of the Brighton election. Various attempts are made to explain the defeat away. The Standard appeals to Premier Balfour to issue a stirring address or call a meeting of his followers and take them into his confidence.

Mr. Balfour had a long conference with Joseph Chamberlain last night. The position of Gerald Loder, the defeated candidate, is very peculiar. His position is that of a party whip, but he has now no seat in parliament.

JAPANESE ARE ACTIVE.
They Drive the Russians Out of Changtu.

Tokio, April 5, 3 p. m.—Imperial army drove the Russians out of Changtu, two miles north of Changtu, and also out of Sumenchen, nine miles west of Tausu, and occupied both places on April 5.

"After driving the enemy from the neighborhood of Soumlatou, six miles northeast of Tausu, our force reached the vicinity of Santoukuen April 4 at noon, where they were fired upon fiercely by about 500 Russian cavalry retreating north along the railway. Our force dispersed them."

The celebration of the victory at Mukden has been postponed until next Monday, owing to a storm which occurred today. The business men and labor guilds today arranged an enormous procession, which, picturesquely garbed, formed a long parade and marched to Uyeno park. Passing the palace each unit halted and cheered the emperor, his cabinet and the commanders of the army and navy. Exercises were held in Uyeno park, where there was a large crowd. Lieut.-Gen. Terauchi, minister of war, responded in behalf of the army, and Baron Yamamoto, minister of the navy, in behalf of the navy. Fireworks and sports concluded the exercises.

Imperial army headquarters reporting today says:

"Part of our Kaitiaki force engaged in driving the enemy, occupied Kuyushu, three miles northeast of Mien-huachien on the afternoon of April 4. On the afternoon of April 3 the enemy with mounted artillery and machine guns advanced south from the direction of Tawo, on the Fenghua road, and on the morning of April 4 opened a bombardment on Chichese-tun."

plotted that I had been appointed on the new commission," said Mr. Wallace, "but know nothing of the particulars. Of course, I knew something of my appointment, as the matter was discussed with me by Mr. Taff when he visited the isthmus last December. Everything is quiet in the canal zone and I know of nothing new there."

Speaking of the difficulties of building the canal Mr. Wallace said:

"It is surprising what wrong impressions prevail in this country about the canal. The control of the charges river, for instance, has been much misunderstood. The cost of this work will be only 5 per cent of the total cost of building the canal. The difference in the cost between the Pacific and Caribbean can be controlled by tide locks, although this is not necessary with a sea level canal. The tide in the Pacific rises to a height higher and falls to a lower than it does in the Caribbean. The canal, however, will be 47 miles long and will take up the difference. We do not place locks at Sandy Hook to control tide into the Hudson and that river is always navigable. So will the canal be navigable at all times. I go immediately to Washington."

MUNICIPAL OFFICERS.

Cannot be Recalled and Others Elected in Their Places.

San Francisco, April 5.—The California supreme court today decided that the people of a municipality cannot recall an officer and elect another in his place.

The opinion was rendered in the case of J. P. Davenport, who was elected a councilman in Los Angeles in 1903, and who, a few months later, was recalled by his constituents, who elected a successor in his place. The supreme court decided that Davenport should be reinstated and should receive his salary for the full term.

Chief Justice Beatty dissented from the majority opinion of the court, holding that a government can be conducted as a private business; that the people are its directors, and can for good cause dismiss from their service any officer who has not been true to his interests. According to the jurist, the voters need not wait for the next regular election to come around. They can elect when they feel an action is demanded for the public good.

Gen. Grant's Sister Dead.
Orange, N. J., April 5.—Mrs. Mary Grant Cramer, sister of the late President U. S. Grant, and widow of Dr. M. J. Cramer, was found dead in bed today at the home of her sister, Mrs. Virginia Grant Corbin, in East Orange, N. J. Mrs. Cramer retired last night in apparent good health.

COLORADO'S CONSTITUTION.
Amendment Consolidating Highest Courts Fully Celebrated.

Denver, April 5.—Under a constitutional amendment adopted at the election of Nov. 8 last, consolidation of the Colorado court of appeals with the state supreme court took place today. The event was celebrated with simple ceremonies in presence of a large assemblage of lawyers.

Former Judge Wilbur F. Stone delivered an address on "The History of Appellate Courts in Colorado." Tyson S. Dines spoke on "The Relation of Bench and Bar," a congratulatory address was given by Platt Rogers, and to all these speeches Chief Justice Gabbert made a response.

The members of the reorganized supreme court are William H. Gabbert, Robert W. Steele, John Campbell, Julius C. Gunter, J. M. Maxwell, G. W. Bailey and Luther M. Goddard.

LIZZIE HAMILTON CASE
Minnesota Supreme Court Effectually Disposes of It.

St. Paul, April 5.—A special to the Dispatch from Helena, Mont., says: Holding that the compiled statutes of Montana referred solely to railroads of commerce and not to street railway companies, the supreme court has effectually disposed of the case of Lizzie Hamilton against the Great Falls Street Railway company, a personal injury case. Miss Hamilton recovered judgment of \$20,000, but was made paid by the company, a personal injury case. Miss Hamilton recovered judgment of \$20,000, but was made paid by the company, a personal injury case.

The court, however, held it was applicable only to steam railroads, which has just been affirmed by the supreme court.

W. F. Nevada Bank Directors.
San Francisco, April 5.—The Examiner says today:

"It is generally understood in banking and financial circles that J. M. Schiff, E. H. Harriman and Col. Dudley Evans, all of New York, are to be three of the new directors of the newly consolidated Wells-Fargo-Nevada National bank. They will be formally elected in the course of a few weeks."

Call for Government Deposits.
