

does not desire that the Russian papers shall add fuel to the flames. An imperial ukase has been issued placing several merchantmen purchased abroad during the last few months on the navy list, four of them second class cruisers. These four have been christened "Don," "Ural," "Terek" and "Kouban." The other three have been renamed "Artysh," "Andry," and "Argun," and are listed among the transports. The former identity of these vessels is now revealed. There is reason to believe that the cruisers will be sent at once to the Red sea to replace the volunteer steamers, the war status of which is in doubt.

The lack of press comment is noteworthy. Even while the British are calling for the most energetic action against Russia some of the Russian press is content to dwell upon the advantages of a Russian-British understanding.

The Russian government has not received through the American embassy here any representations on the subject of the sinking of the Knight Commander, or the capture of the Arabia or other vessels having American goods on board. Great Britain also has not yet.

Great Britain also has not yet made a formal protest, but there is reason to believe that the general right of warships to sink neutral vessels is being discussed both here and in London and the seriousness of such acts will be emphasized in the presentation of the specific case of the Knight Commander. It may be that there will be considerable delay on account of the lack of information on which to make an issue, as both the British crew and passengers of the Knight Commander, it is asserted here, are held as witnesses on board the vessels forming the Vladivostok squadron.

DEFENSE COMMITTEE MEETS.

London, July 27.—A lengthy meeting of the defense committee took place today under the presidency of Premier Balfour, at which the attorney-general, Sir Robert Finlay, was present. The attorney-general does not usually attend these meetings, but it was stated that the questions at issue between Russia and Great Britain were of such importance and Sir Robert was called in to advise on the questions of international involved.

THE MALACCA.

British Flag Will Replace That Of Russia.

Algiers, July 27.—The Peninsular & Oriental Steamship company's steamer Malacca, which was seized in the Red sea July 15 by the Russian volunteer fleet steamer St. Petersburg, has arrived here with a prize crew on board. The Malacca came from the British and Russian consuls at Algiers. Captain Schwartz, commander of the prize crew, it was announced that the Russian flag would be replaced by the British at 6 o'clock this evening.

The orders to surrender the Malacca were evidently a complete surprise to Captain Schwartz who immediately after his arrival notified the French naval authorities that he required 600 tons of coal and a good supply of water and provisions to take him to Libau, in the Baltic. It was not until an hour later that the Russian consul, M. Tsvetkov, boarded the Malacca and informed Captain Schwartz that the settlement of the difficulties regarding the Malacca since the vessel sailed from Port Said, the prize crew will be landed this afternoon. Lodgings will be provided for the crew by the French naval authorities. The Malacca's British crew recently arrived at Marseilles and it is expected that they will be summoned to take charge of the ship, which will resume her interrupted voyage eastward.

It transpires that during the Malacca's voyage in the Mediterranean to this port two British warships escorted her for a short time, and then disappeared.

RAIN PROMISED.

Weather Man Holds Out Hope That Warm Spell Will Go.

The weather continues hot, oppressive and muggy, but the temperatures are not as high as formerly, and the local weather office continues to prognosticate rain. The thermometer began at 7 a. m. at 72 degrees, and had risen to 82 degrees at 11 o'clock, showing 10 degrees of temperature were 60 and 94 degrees. It has been cloudy all day, with traces of rain in northern parts of the state, and a heavy fall in localities in the southern part of the state. It was cooling off so this afternoon, that hopes of local rains revived.

KENNEY TAKES TIME.

Assault of Mrs. Nichols Will Plead Saturday—Police Cases.

Clarence Kenney, the assailant of Mrs. Mary Nichols, took until Saturday morning to plead to the charge of attempted murder, when brought before Judge Dineen this morning.

S. H. Williams, charged with embezzling funds from the Salt Lake City company, had his case continued until Thursday.

The case against Peter Peterson, the backslider, charged from burglary, unlawfully removing goods upon which there was a lien, was continued indefinitely. It is thought the case will be dismissed.

City Inspector Keith has filed a complaint against J. W. Houston for failure to make sewer connections on property at 22 east Third South street.

Suit on a Note.

The Utah Commercial & Savings bank today filed suit in the district court against Martin A. Beckstead, Mary A. Beckstead, Nimrod G. Beckstead and the State Bank of Utah to recover the sum of \$1,200 alleged to be due on a promissory note executed June 16, 1903, and secured by a mortgage; also for interest at the rate of 10 per cent, \$125 attorney's fees, and costs of suit.

Troubles Lead to Divorce.

Sarah F. Gerber today filed suit for divorce against Aaron E. Gerber, alleging failure to provide and asking for the restoration of her maiden name, Sarah Frances Wright. The parties were married in this city, December 22, 1897.

The defendant in this case was arrested a year ago charged with a felony, but on a hearing of the issue he was discharged as there was not sufficient evidence to convict. The proceedings for divorce are doubtless the outcome of the troubles of that time.

Mabel J. McCormack was today granted a divorce from George F. McCormack on the ground of failure to provide. The testimony went to show that McCormack had not lived with his wife, or contributed anything to her support, since their marriage.

Amusements.

The scenery for Ethel Barrymore's production of "The Sign of the Cross" is being put on the stage this morning from California. The young star had to cut her coast dates short, but the arrival of her scenery promises that she will fill her season here, Aug. 15-16.

Manager Pyper today received a dispatch from Sousa's band, asking him to secure the Tabernacle for a concert of his famous organization in November.

100 Doses For One Dollar

Economy in medicine must be measured by two things—cost and effect. It cannot be measured by either alone. It is greatest in that medicine that does the most for the money—that radically and permanently cures at the least expense. That medicine is

Hood's Sarsaparilla

It purifies and enriches the blood, cures pimples, eczema and all eruptions, tired, languid feelings, loss of appetite and general debility.

"I have taken Hood's Sarsaparilla and found it reliable and giving perfect satisfaction. It takes away that tired feeling, gives energy and puts the blood in good condition."

Miss Effie Conover, 1245 10th Street, N. W., Washington, D. C.

Hood's Sarsaparilla promises to cure and keeps the promise.

Jap Occupation Confirmed.

St. Petersburg, July 27.—A telegram from Gen. Kuropatkin was received today confirming the occupation of Ta Tehe Kiang by the Japanese July 25, and adding that a Japanese division had moved on to Chin Cheng.

Men Wanted for Crime Committed at Bingham on July 4 Were at Pueblo.

Escaped Arrest by Hours.

Were Killed by Bessemer and Answered to Their Names, but Soon After Disappeared.

That the authorities of Salt Lake county, Utah, are not now in the possession of Jarne Nucle, an ex-leutenant of the Austrian army, and his brother, Frank Nucle, wanted for a cold-blooded murder at Bingham Junction, is because the notices calling attention to the murder and the descriptions of the men were not promptly furnished to the officers of Bessemer, says the Pueblo Chief of Police.

The two men, brothers, were in Bessemer for several days during the past week and made but little attempt at concealment. The day before the police were furnished with the descriptions and photographs, the men departed and the date of their capture has been indefinitely postponed.

FIRE, TUMULT AND PICKETING.

They Were the Elements That Contributed to Make Stirring Scenes in Chicago.

SWIFT'S CENTER OF EXCITEMENT

Fire Broke Out in Lard House—All Engines of District Called Out—Rumors of Incendiarism.

Chicago, July 27.—Fire, tumult and picketing contributed to stirring scenes at the stock yards today, while the packers, firm in their stand, went ahead slaughtering stock and doing as much other work as possible in the circumstances. Convinced of an improvement in the situation, as far as available nonunion help and capacity otherwise of the plants were concerned, the packers had sent word to shippers to be somewhat more generous with their consignments, and as a result the receipts of cattle, hogs and sheep were considerably larger than had been the rule during previous days of the strike. There were more men working, according to the employers, and more work for them to do.

The chief excitement of the day centered about Swift's lard refinery, far in the interior of the stock yards, almost a mile from the main entrance.

FLAMES BURST FORTH.

Flames were seen bursting from the upper floors of the building, and before long the whole of packing town was in a turmoil. There was a wild rush from all directions and despite the efforts of the police, the fire engines found great difficulty in making a way through the crowds.

Naturally the rumor spread that the fire was the result of incendiarism, but this was later declared emphatically to be erroneous.

Not far from the damaged building is the centralized power house from which above the fire swept lard refinery ran a network of cables which were damaged, interfering badly with the power for the wholesale plant of Swift & Co.

NINE WOMEN IMPRISONED.

A feature of the blaze was the temporary imprisonment of nine women stenographers in an elevator in Swift's office building. The cage was caught between two floors and the young women were in a panic. Office employees put up ladders, cut the wire work of the elevator cage, and carried them out to safety.

To minimize the danger of rioting, should the packing companies attempt to deliver meat to local consumers with non-union teamsters, Chief of Police O'Neill has given instructions that all hauling shall be done on Halsted street, which will be strongly patrolled.

INTENTION OF PACKERS.

While it is said to be the intention of the packers to ship practically all the meat to outside points by rail, and make no effort to take care of the by-products, the strikers expect to cause them much inconvenience by shutting off supplies as far as possible.

Nine wagons loaded with meat were sent out today from the Schwarzhild & Sulzberger plant at the stockyards. The wagons had been repainted, the lettering removed, high sides placed on them, and covered with tarpaulins as a disguise. They were escorted from the yards by a dozen policemen, who were relieved by another detail to guard them on their way to the north side of the city.

Eighty negro strike-breakers on the way to work in the stockyards were arrested today for carrying concealed weapons.

Stockyard teamsters joined the packing employees today. Seven hundred of the drivers for the packing companies refused to go to work, the teamsters joint council having endorsed the vote to strike, and ordered the members of every other local union in Chicago to make no deliveries to the stockyards.

Wagons of merchants containing supplies and materials for the various plants were turned back from every gate. Pickets guarded the barns to make sure no non-union drivers were employed to take their places.

Practically all the striking live stock handlers returned to their work in the yards today for the Union Stockyards and Transit company, an agreement having been made with them that they would not do any weighing or delivering stock consigned to the packers involved in the strike. They are handling all stock for the independent packers.

GIRL MOBBED BY GIRLS.

Kitty English, forewoman in the sewing department of the Swift plant, was mobbed and badly hurt by a crowd of girl strike sympathizers. They beat her, tore her clothing and finally slashed her face with a knife. After a desperate struggle Miss English escaped. No arrests were made.

As a result of the teamsters' strike managers of several of the plants took places of drivers on the buses and speedily the army of workers was transported into the yards.

It was said that the packers at the present would make no general attempt to employ non-union teamsters. Plans have been arranged to deliver meat by railroad to packing house branches throughout the city.

KANSAS CITY TO VOTE.

KANSAS CITY, Mo., July 27.—Tonight the members of allied trades in Kansas

100 Doses For One Dollar

St. Petersburg, July 27.—A telegram from Gen. Kuropatkin was received today confirming the occupation of Ta Tehe Kiang by the Japanese July 25, and adding that a Japanese division had moved on to Chin Cheng.

UTAH MURDERERS SEEN IN COLORADO.

Men Wanted for Crime Committed at Bingham on July 4 Were at Pueblo.

Escaped Arrest by Hours.

Were Killed by Bessemer and Answered to Their Names, but Soon After Disappeared.

That the authorities of Salt Lake county, Utah, are not now in the possession of Jarne Nucle, an ex-leutenant of the Austrian army, and his brother, Frank Nucle, wanted for a cold-blooded murder at Bingham Junction, is because the notices calling attention to the murder and the descriptions of the men were not promptly furnished to the officers of Bessemer, says the Pueblo Chief of Police.

The two men, brothers, were in Bessemer for several days during the past week and made but little attempt at concealment. The day before the police were furnished with the descriptions and photographs, the men departed and the date of their capture has been indefinitely postponed.

Jarne Nucle was reasonably well known among the Austrians of Bessemer. So far as he learned the man was a distinguished officer in the armies of Franz Josef. Lying in garri- son the young officer fell into the habits of his own practices and Jarne, with his brother Frank, fled the country and came to America.

On July 4 the two brothers cruelly did to death a fellow countryman, the slay of such a man in any community connected with the crime cannot be learned and the first intimation received in Bessemer was that the men were wanted for the murder, the li- brary and the authorities there by a circular sent out by C. Frank Emery, sheriff of Salt Lake county.

The two Nucle came to Bessemer last Saturday and were about the streets until Wednesday night when they left for parts unknown. The following day copies of the notices from the hands of the officers and they made search for the two men but to no avail, for from the time last Wednesday night when the men were seen on east Northern avenue by officers and citizens, until the present time, not a trace has been found of the men against whom so serious a charge is made.

That there can be no doubt as to the identity of the two men is shown by the fact that they were killed by the name of Nucle and responded. The salutation was heard by several, but the thing excited no attention from the fact that at the time the men were in Bessemer no one knew that they were wanted for a crime committed. Since Wednesday night not the slightest trace has been found of the soldiers and his brother and no one has been found who saw them after they were seen standing on east Northern avenue. Whether the men thought it best not to stay too long in one place or whether they were given a tip by someone that their presence in Bessemer was known to the Utah authorities cannot be learned, suffice to say that the men have disappeared leaving no trace.

ALL READY TO STRIKE.

East St. Louis, Ill., July 27.—The allied trades here today were ready to go out. This word is expected today or tomorrow. If the sympathetic strike by these allied trades is not ordered, it is said that almost all the members of these unions in East St. Louis will walk out anyway.

The packers continue to employ non-union men, but it is asserted by the strikers that the packers are doing very little killing, and that much of the by-products are wasted as the result of unskilled labor.

RUMORS OF A CONFERENCE.

Amid the warlike demonstrations there were reports of plans for another peace conference between the packers and the striking butchers.

Members of a state board of arbitration appeared at the office of President Donnelly today and held a conference with the labor leaders. The strike situation was gone into thoroughly and the arbitrators then left the office to seek a conference with the packing interests. Later, President Donnelly and several of his aids, left for Chicago to attend a second conference with the state board of arbitration.

Besides the fire, another cause for tumult was the fact that today, for the first time, wholesale picketing was inaugurated. Promptly a class occurred.

Francis T. O'Brien, secretary of the Acme Manufacturing company, approached the entrance to the yards on a wagon, himself holding the reins. He was delivering a load of sleeping equipment for non-union men, but pickets compelled him to turn back. He protested to President Donnelly, but to no avail.

SITUATION AT PORT ARTHUR.

Japanese Operations Have Not Advanced so Far as Supposed.

HILLS RECAPTURED BY ASSAULT

Main Force of Besiegers Are on the Average at a Distance of Twenty Miles.

Liao Yang, July 27.—A Russian correspondent of the Associated Press, who has just arrived here after two months' stay at Port Arthur, gives an important and interesting narrative of the situation at the beleaguered fortress when he left there July 14, which shows that the Japanese operations until then had not advanced so far as supposed. Several Russian successes are chronicled, but the report of a Japanese reverse, with the loss of 20,000 men, is definitely disposed of, not being even mentioned by the correspondent, who says:

"When I put to sea in a junk the land position on the Russian side of the tank, surrounding Green and Semaphore hills, which the Russians had lost, had been recaptured by assault. The heights of Hunsin, which the Japanese defended desperately, alone remaining in their hands. But I am convinced that this position also has since been retaken. The very morning of my departure, July 14, the position was being bombarded by six-inch howitzers and shells were falling repeatedly into the Japanese works, causing great disorder."

"To sum up, by the fighting of July 24 and 25, which was a desperate struggle, the Russians were acting on the offensive, the Russians regained on the land side the positions they had held in front of the fortress previous to the battle of Kin Chai."

GERMANY IS INDIFFERENT TO THE DARDANELLES

New York, July 27.—In 24 hours there has been a remarkable change in the attitude of Germany, says the Berlin correspondent of the Herald. As soon as the St. Petersburg government had given the Berlin cabinet full satisfaction in the matter of the seizure of the Prinz Heinrich and the Scandia, all idea of backing up England in a protest regarding the passage of the Dardanelles by the Russian volunteer fleet was abandoned, and it is authoritatively stated that the question no longer interests Germany.

LATE LOCALS.

Utah lake is now two feet below compromise point.

The Knights of Pythias are planning for an excursion to one of the summer resorts.

Boise must have had the hottest day in its history today, with the mercury at 106 in the shade.

The Signal corps has been increased by the enlistment last evening of Roy Booths and Herbert Schuller.

Today's local bank clearings amounted to \$469,968.30, as compared with \$515,573.63 for the same day last year.

Mr. and Mrs. L. H. Young will leave for Brighton, where they will occupy the Pyper cottages.

A. C. (Bert) Morris left the hospital today and was conveyed to his home on Canyon road. Dr. Benedict thinks he is now out of danger.

J. G. Albright, formerly editor of the Albuquerque Citizen, is stopping in this city for several months, in connection with his work of Red Men's organization.

Local astronomers call attention to the fact that in a week immense aggregations of sun spots can be seen, one of them being 60,000 miles in diameter. The earth could be dropped into this very readily, and not be missed.

John F. Wolf of the U. S. man-of-war Pensacola, at San Francisco, has written to Postmaster Thomas, inquiring as to the possible whereabouts of Martin I. Wolf, who was supposed to be in this city or immediate vicinity.

Cleveland Commission company has given through the Elks, 500 pounds of flour to the Orphan Home and Day Nursery and the Orphanage. The Elks expect to net a neat sum for the aid of the local orphan institutions, by their picnic of Aug. 4.

UTAH MURDERERS SEEN IN COLORADO.

Men Wanted for Crime Committed at Bingham on July 4 Were at Pueblo.

Escaped Arrest by Hours.

Were Killed by Bessemer and Answered to Their Names, but Soon After Disappeared.

That the authorities of Salt Lake county, Utah, are not now in the possession of Jarne Nucle, an ex-leutenant of the Austrian army, and his brother, Frank Nucle, wanted for a cold-blooded murder at Bingham Junction, is because the notices calling attention to the murder and the descriptions of the men were not promptly furnished to the officers of Bessemer, says the Pueblo Chief of Police.

The two men, brothers, were in Bessemer for several days during the past week and made but little attempt at concealment. The day before the police were furnished with the descriptions and photographs, the men departed and the date of their capture has been indefinitely postponed.
