The bill increases the tax on distilled spirits from ninety cents to \$1.25 per gallon and puts a tax on whisky which would produce \$200,000,000 annually. This will partially meet the expenses of removing the largest amount of the McKinley bill. Representative Wilson, of Georgia, said today he intended to submit the election of Mr. Black in his district on account of illegal voting.

## Another Carnegie Empire Dies.

PITTSBURGH, Dec. 18.—Louis S. Hinsdale, who worked at the Carnegie steel works at Homestead during the strike, died yesterday morning. Although it is believed he was poisoned, Cormier McDowell says he will have a chemical analysis made to ascertain if the man died of poison. He was said to be in failing health, having lost weight from 150 to 90 pounds.

The feeling against Beatty, the alleged Homestead poisoner, among union men at the mill is very bitter, and from rumors that he has been sent to the state under guard and suspicion, say it is believed he was poisoned. Cormier McDowell says he will have a chemical analysis made to ascertain if the man died of poison. He was said to be in failing health, having lost weight from 150 to 90 pounds.

## The Telegraphers' Strike Over.

OMAHA, Neb., Dec. 18.—William J. Allen, assistant general manager of the Rock Island road, told the newspaper's editor and the company was now fully able to transact all business. About seventy-five strikers were given their old positions, but whether any of them would be retained, he said, could not be determined. A conference between the company and its employees in the telegraph department will be held soon.

## Festus De Leos' Death.

PATRICK, Dec. 18.—Festus De Leos' enemies, Loucheur, will be formally sold on January 1st, in order to establish a uniform estate which will revert to his wife after his death. It is believed that Festus De Leos was compelled to appear before the magistrate. He said that the cause of the Legion of Honor was placed in his hands, and that he had no right to refuse it. It is known that an organization has been formed among nonunionists to put him out of the way if he should be given the title.

Patrick, Dec. 18.—It was stated here today on the authority of a physician who attended the case prior to the last stage, that the statements that poison were being used on many were at least partially true.

Patrick, Dec. 18.—It is known that a man named Gandy, who killed James Daugherty, who came home and died here on the 10th of last September after new week's service in the Homestead mill.

## Editor Pickering Dying.

SAN FRANCISCO, Dec. 18.—Loring Pickering, owner proprietor of the San Francisco Morning Call and Evening Bulletin, is reported to be dying. He is 84 years of age, and has been a member of the Loring family since Pickering is one of the oldest and best known newspaper men on the coast. Up to within a few days before the recent election he was active regularly in the affairs of the city. Following the effects of overwork, went to his ranch at Hayward, where his indisposition developed into a combination of kidney trouble. About a week ago he was taken to the hospital, at which time he was confined to his bed, and though the physicians have given up all hope, and say we will probably not live till morning. His doctor will care for him in the meantime. The owner of the San Joaquin Pitch, also a pioneer California newspaper man with Pickering, is one of the proprietors of the Call and Bulletin, and the present policy and management will still continue with both papers.

## The Mexican Rebels.

SAN ANTONIO, Tex., Dec. 18.—A dispatch received here today states that the rebels of the Mexican revolution, composed of state rangers, came upon two Mexicans, well armed and equipped, while scouting Starr county. The Mexicans are armed, but were unarmed, and the rebels appeared in straight story. Immediately upon their release they opened fire upon the rangers. The latter returned fire with a volley which completely routed both Mexicans who hurriedly left the place. It is also reported that the rebels claimed that the Mexicans were members of the band of revolutionists which recently invaded Mexico.

## Report Basis of Rates.

Mr. Fatt, Minn., Dec. 18.—At a conference to be held here tomorrow the Great Northern Railroad company will present to the Canadian, Union and Northern Pacific companies its revised rates for the interior terminals and lines, Helena, Spokane and Pacific Coast points, it being contemplated to make the rates effective during the early part of January. It is expected that the rates will be fully agreed with the point of the Great Northern company, which is said to have in contemplation a sharp cut of transportation across the continent in the interests of the cities west of the mountains. It is also expected that the adjustment will have due regard for the decision of the Interstate commission with respect to the class rates to Spokane, and that it also has in view the equitable adjustment of all other rates on the Pacific Coast points and interior cities.

## A New York Fire.

New York, Dec. 18.—The five-story brick building at the corner of Flushing Avenue and Myrtle street, Brooklyn, owned by George J. Jurgens, was totally destroyed by fire early this morning, with several adjoining buildings on either side. The fire will probably not be extinguished until noon. The building was severely damaged by fire, and was surrounded by fire and smoke. The fire spread to the entire block, and was seen from the top of the hill. The fire was very smoky, and the smoke was seen from a distance of miles or more from Texas to Mexico. I am told that there are times when the river is a racing, bounding stream, and the railroad tracks are crossed, so that the railroad tracks have been crossed with water.

On Sunday our party rode over this bridge to visit an old romantic church, the walls of which are covered with graffiti. The walls are about six feet thick, and the roof is remarkable for its age and uniqueness. The aged pews or pews are over eighty years, when after mass meeting and prayer were over, under the shade of the trees, the people gathered around, with drinking stands, cake stands, and gambling stands. The turnout was unusually large, for this Sunday was to be celebrated with a full night, a stone's throw of the old cathedral.

After coming into New Mexico we found a milder climate. We saw native women sewing at their sewing machines in the open air outside of the house, and the children playing in the open air. The change of scenery and climate made people created quite an attraction.

A slight accident occurred in our freight car near Colorado Springs by a mica explosion, to which three persons belonging to the car were killed. This delayed us for a short time. Our prospects are good for passing the cañon house easily and for the continuation of our journey on the Mexican Central.

## Y. M. I. A. NORMAL.

One of the Class Officers, Their Procedure and Results.

PHOENIX, Dec. 17, 1892.

## Editor Deseret News.

Perhaps a few words at this time from the Y. M. I. A. normal class which I believe hold would be welcome. This class, which has a course of five weeks, has been organized for the special purpose of training young men in the Mutual Improvement work. It is under the able supervision of Mr. M. H. Howard, and is doing a great work. The present class commenced on Monday, November 11th, in numbers forty-five, and is composed mostly of young men who have been called to take up missionaries this winter in the different States. There is in the interest of the Y. M. I. A. normal a fine organization, and I shall be glad to have you in touch with any member. His address is 100 South Main Street, having been in session a little over five weeks. The main-

goal of the class, and in enlightening the members concerning its workings, as well as impress upon them the necessity of harmonizing and continuing in their work. The trials in the course, as far as I can see, are with entire satisfaction to them, and he could see nothing ahead to mar their happiness. One question concerned in the meeting was in relation to the Word of Wisdom. The students, however, want more scope of wages for that period, and a meeting with railway officials will soon be held to adjust the matter.
