The fire in the ship Atyemia is be-lieved to have originated by sportaneous commontant. It is well known to knows pointers and those employed about mis-dinary that if old rangs are used to view up all and then thrown into a long it is quiet place, in the source of some locurs annote will offers be seen braining from the bearp and the whole range will have fire a common will have fire a con-taining from the bearp and the whole range will have fire a containing the destruction of buildings. The cause of the fire is to be found in the chamical action which takes place between the oxygen of air, the oils and some of the constituents of the rangs. The theory that the air, the oils and some of the constituents of the range. The theory that the air holds the microses of de-sirection and conveys them to the th-flammable solutiones will explain spins baseone combination.

There is at least one person on recurd who had lived long enough. This was the late Mrs. Nancy Britt Kennelly, of Augusts, Mr. Nancy Britt Kennelly, of Augusts, Mr. Nies was said to be 118 years old, though nodedy really knew lar up. Perhops her can night be dained as an anorer to proyer. Missarcos early in the morroug of a cold December day and began to year that she might the Three quarters of an hour sinc thus prayed carnelly, at the end of width this choice for projection of the first project of the form that the might then the project carnelly, at the end of width this other sank upon the floor dead. This is a good fact for population standards to weak on.

Draind new half dollars, quarters and bracest pieces, stamped with a sew de-age, will see be on the market. They will be handouse come, and the only brouble will be to get enough of them.

The hypophosphites of me and soda combined with

The hypophosphites of time and soda combined with cod-liver oil in Scott's Emulsion improve the appetite, promote digestion, and increase the weight.

They are thought by some to be food: but this is not proved. They are tonics; this is admitted by all.

Cod-liver oil is mainly a food, but also a tonic.

In Scott's Emulsion the cod-liver oil and hypophosphites are as combined as to get the full advantage of both.
