SALT LAKE CITY, FEB. 23, 1900.

BE NOT LED ASTRAY.

The visit of two gentlemen from Missouri to this city has occasioned some speculation as to the object of their presence, and, consequently, those who have indulged in guess-work about it have fallen into amusing errors.

The society to which the two gentlemen referred to belong, is called the Church of Christ. It is not a very large organization, and its members are chiefly found in the neighborhood of Independence, Jackson county, Missouri.

The site selected for the Temple to be erected in Zion, originally owned by the Church of Jesus Christ of Latter-day Saints, and lands in the immediate neighborhood owned by members of the Church, were vacated in consequence of mobocracy and the exterminating order issued by the governor of the State.

The idea that the two visitors from Missouri came as "representatives of the Josephites" as published here, is a palpable absurdity, and shows how misleading are imaginary notions about Church matters, entertained and put forth by persons who are not familiar with them.

The statement published that Mr. Hedrick and his followers separated from the Church at the death of Joseph Smith, the Prophet, is also a mistake. They recognize the fact that the Church in Nauvoo, that now has its headquarters in Salt Lake City, has followed the commands and counsels given through that great leader, but they are in doubt as to the divinity of those teachings.

The Latter-day Saints understand that the "redemption of Zion" will come in the due time of the Lord, and will be directed by revelation through the man who stands at the head of the Church as Prophet, Seer and Revelator, holding the keys which have come down in regular succession in the Priesthood from the Prophet Joseph Smith, who received them by direct ordination from heavenly beings.

This Church is ONE. It has many branches in various countries, but they all grow out of the parent tree. There are no "factions" in it. There is but one body, as there is but one Lord, also one faith and one baptism.

When the time comes for the fulfillment of the predictions concerning Zion, the world of the Lord will be given through that authority, and the Spirit will make manifest to the Saints that it is His will and His word concerning Zion. Till then none need go astray concerning it or be led by any rumors from unauthorized sources.

OUR NAVY.

It is said the aversion of young Americans toward enlistment in the navy is causing trouble in government circles. There are five battleships to be manned, and that cannot be done except by putting other ships out of commission. The navy department is said to be short nearly 6,000 men.

There is no lack of men for service in the Philippines. It is only what can be expected though. A country with so much inland territory and so, comparatively speaking, small coast line would, naturally, furnish more readily men for land service than for naval service.

The question of obtaining officers is also an important one. The present arrangement allows one cadet for each member of the House of Representatives, one for the District of Columbia and ten at large.

General Cronje, perhaps, has been forced to surrender, after a most gallant fight against great odds. The capture of a Boer army of 5,000 men with one of their most prominent generals must be a staggering blow to the republic.

Chicago Times-Herald.
