CONGRESSIONAL.

SENATE.

A Personal explanation.

Davis, of Kentucky, obtained leave to make a personal explanation. He sent to the desk and had read, by the clerk, an extract from a New York paper of Friday's date, purporting to give an account of a scene in the senate of the previous day, between Cimeelf and Representative Butler. Davis then entered into a lengthy explanation in vindication of his conduct.

HOUSE.

Kendall, of Nevada, offered a resolution instructing the committee on judiciary when appointed, to enquire what legislation is necessary to prevent damage to public lands of the United States, by the diversion of the waters of lake Tahoe by a corporation organized under the laws of the State of California; the preamble setting forth that the corporation is now making surveys for the avowed purpose of diverting and draining off the waters of the lake, so as to supply the City of San Francisco and intermediate places with water for domestic and irrigating purposes, at prices to be fixed by the corporation; that the United States have not parted with their title to the lake or to the lands adjoining to the same; and that such diversion would render valueless and practically prevent the sale or occupation of a large area of public land, which could be irrigated and rendered available by the natural flow of water from the lake.

WASHINGTON, D. C.

WASHINGTON, 6.—Treasurer Spinner, who has been confined to his bed for two weeks, having had a surgical operation performed, is now convalescent, being able to sit up. At one time his condition was considered critical.

It is not true, as reported, that Trieschard, the French minister, has been taken to an insane asylum. He is now in Washington attending to the business of his legation.

NEW YORK.

Joint High Commission—Communists rallying in Paris—Stocks.

NEW YORK, 6.—It was telegraphed from Washington last night, on well informed authority, that the labors of the joint high commission will be finished in a fortnight from the present time, and that a treaty, which will be the basis of a settlement of the points of difference between the two countries, will be ready to be submitted to the Senate at that time. It is not improbable that the Senate will be in session two weeks hence, and that the treaty will be considered before adjournment. General Schenck has expressed the opinion that the work of the commission will be finished in time for him to sail for England by the 1st of May.

Baron Schlosser, the new Prussian minister, arrived from Mexico yesterday on his way to Washington.

There were twenty-six bids for gold to-day, amounting to $5 313,000, from $109.81 to $110.43. The awards will be about $2,000,000, from $110.27 to $110.43.

New York, 6, 2p. m.—Governments steady. 6's 81, 104; 64, 122; 65, 12[illegible]; 68, 111; 67, 111; 68, 111; 10-40's, 8[illegible]. Currencies, [illegible]. Stocks firm. W. U. T., 88; Pacific Mail, 43; Wells, Fargo, 41; Union Pacific, 26.

World's special dispatch, Versailles, 5.—Notwithstanding their defeats the Communists have rallied all their forces in Paris, and a desperate conflict will take place before the Government troops enter the capital. The Commune has ordered all citizens between 17 and 35 years of age to enter the ranks, and this decree is enforced with rigor. Massy, Blanqui and Gambon having incurred the suspicion of their colleagues, having been arrested, and are in danger of execution.

Prince Joinville has fled to London.

NEW YORK, 6, 9 a.m., Versailles, 5.—Forts Issy and Vanvres are resolutely bombarding Chatillon. The insurgents were unsuccessfully attacked at night on the bridge of Sevres. There are rumors of disturbances at Limoges.

CONNECTICUT.

More to the election.

HARTFORD, 5.—The revised count of the votes, furnished by the town clerks, gives English a majority of 17, with the probability of scattering votes enough to put the election into the general assembly. The Congressional majorities are: first district, Strong 274; second district, Kellogg, 47; fourth district, Barnum, 1181; third district, Starkweather, 1463. In the Legislature the Senate has 18 Republicans and 8 Democrats; the House 130 Republicans to 108 Democrats. The *Times* throws out 23 Republican votes in Cheshire, which the Republican papers count, and makes English's majority 32. The *Post* figures his majority at 12, and the scattering vote at 14. It claims the election will go to the Legislature, but seven of these votes returned as scattering will be counted as canvassers. The chances now are about even, with possibly slight odds in favor of Jewell. There is a possibility that Nichols, Republican, for Treasurer, is elected.

FOREIGN NEWS.

FRANCE.

Retaliatory measures — Skirmishes — Conciliatory meeting — Assemblyists troops enter Marseilles.

PARIS, 5.—The artillery duel between the Communists and Assemblyists continues, with insignificant skirmishes. An attack is expected to-night. A monster conciliatory meeting will be held to-morrow. The *Avier Nationale* says there is yet no understanding between the deputies. It is reported that an infantry engagement occurred at Chatillon to-day. The centre of action is removed to Montrouge. The prices of provisions are rising. A manifesto will be drawn up demanding the maintenance of the republic, that the municipal body of Paris shall decide all questions relative to the organization of the city, to instruction, finances and public worship, with the guard of Paris to be the nationals, as a basis of constitution. The Assemblyists occupy all the roads to Versailles. It is probable the whole column of Borgeret are prisoners. Five hundred women and children accompany the Federalists.

A proclamation by the Commune announces retaliatory measures regarding prisoners. The *Soir Liberte*, and the *Nationale* are suppressed.

VERSAILLES, 6.—Thiers has issued a circular stating that the troops had entered Marseilles taking 500 prisoners. The committee fled and warrants were issued for their arrest. Throughout France tranquility prevails, allowing reinforcements to be sent to Algeria.

Thiers has issued another circular, reporting slight disturbances at Limoges. The Communists had assassinated a Colonel, but were soon suppressed.

If Issy and Vanvres are attacked, they will soon fall. The insurgents are alarmed and are proscribing one another. Except Paris all the towns rally to the support of the government.

RUSSIA.

ST. PETERSBURG, 6.—The *Official Journal* publishes a ratification of the Turko-Russian convention, abrogating the Euxine limitation.

GREAT BRITAIN

Peace conference—Churches pillaged—Vessel ashore.

LONDON, 6.—A large French war ship is ashore on the Goodwin sands, supposed to be full of troops. Assistance has gone to it.

Ashbury's yacht *Livonia* has been launched.

LONDON, 5, 8:30 p. m.—The Archbishop of Paris is arrested by the Commune, charged with conspiracy against the security of the State. At last advices from Paris the cannonade continued.

The Peace conference at Brussels held a session of two hours to-day. One of the French Plenipotentiaries has gone to Versailles to consult with the government.

LONDON, 6.—The *Times'* special from Paris says a levy has been ordered of men between seventeen and thirty-five. The churches of Madeline and Assumption have been pillaged.

CANADA.

TORONTO, 5.—Winnepeg dates to March 18th are received. The parliament was in session and working harmoniously. The Attorney General was going to introduce a new Supreme Court bill. It is said to be very simple, and does not copy the French law of the provinces. The Indians are looking uneasily for a settlement from the home government for their lands.
