

MEN COMPELLED TO CARRY RIFLES.

With Winchester and Shotguns
Express Wagons Were Guarded
in Chicago.

RIOTING FIERCE AND PROLONGED

Committee of Business Men Will Wait
On Gov. Deane to Ask for
State Militia.

Chicago, May 3.—Rioting in the streets today was so prolonged and of such a character that many of the leading business men have concluded that there will be neither peace in the city nor safety for outside interests until the state militia has been called out to restore order.

A committee of members of the Employers' association left for Springfield today to confer with Gov. Deane and to request him to give orders to the state troops. The labor unions have an extensive lobby at the state capital and it is likely that they will also be heard before any action is taken by the governor.

Chief of Police O'Neill says he is confident that he can control the situation and can keep peace in the city with the mayor's support, who has done all in his power to adjust the state of affairs.

FIRST RIFLE SHOT.

Despite the orders of Mayor Duane and the prohibition of the city council, the firing of the rifles of the strikers against the express wagons has been declared by the city council. The first shot was fired by a man named John J. Smith, who was carrying a Winchester rifle and a shotgun.

The first rifle shot during the strike sent the bullet whizzing through a crowd of people gathered in the street. The bullet struck a man named John J. Smith, who was carrying a Winchester rifle and a shotgun. The man was hit in the arm and was unable to move.

The request of the employers, made today, that the police be allowed to ride on their wagons was declined by the chief of police. Positive orders were published that under no circumstances must the officers mount the wagons, and they will march abreast the wagons.

The order, Chief of Police O'Neill explained, was simply intended to ward off criticism. While the officers might do just as good work while riding on the wagons, the chief declared he did not intend to have it said of the department that it was showing partiality or guarding private property especially.

One hundred and fifty wagons of the seven express companies went to and

For Pain

Take a Dr. Miles' Anti-Pain Pill, and the Pain will disappear Like Magic.

Not by paralyzing the nerves and glands, like opium, morphine, cocaine, and other dangerous drugs, but by increasing the natural secretions.

This action is obtained as a result of modern discoveries in medicine, making it possible to relieve pain without bad after-effects.

You can safely depend upon Dr. Miles' Anti-Pain Pills to relieve and cure such pains as Neuralgia, Headache, Rheumatism, Menstrual Pains, Rheumatism, Backache, Toothache, etc.

They will also, by their calming action on the nerves, almost instantly relieve such distressing feelings as Dizziness, Car-Sickness, Indigestion, Irritability, Sleeplessness, Nervousness, etc.

Not merely do they relieve, but they absolutely cure, because by persevering in their use, you do away with the cause.

Dr. Miles' Anti-Pain Pills are guaranteed that first package will benefit, or your money back. Never sold in bulk.

I am thankful for the good Dr. Miles' Anti-Pain Pills have done for me. Ever since the war I have had spells of severe throbbing headache, caused by overwork, and for six years ago I began taking Anti-Pain Pills.

The only remedy that ever gave me relief was the Anti-Pain Pills. I have had one hard attack, because I took a pill and it overcame the difficulty. —GEO. F. ANDERSON, Greenburg, Ind.

FREE Write to us for Free Trial Package of Dr. Miles' Anti-Pain Pills, the New Scientific Remedy for all pains. Our Special Agent will diagnose your case, tell you what is wrong, and how to right it. Write to Dr. Miles' Laboratories, Elkhart, Ind.

From across the city today, in many instances completely unguarded, and at no time under the supervision of any more than one or two policemen. Every wagon carried a guard, some of whom were armed with Winchester, and others with heavy double-barreled shotguns.

The guns were in plain evidence throughout the day and no attempt was made to interfere with any of the express wagons.

The trucks of the Scott Transfer company were also guarded in the same manner. Men carrying rifles were on every wagon and around their wagons were belts loaded with cartridges. The company transacted its business as though there had been no strike.

An accession to the ranks of the strikers was made when a strike was declared against the coal firm of Carver, Clinch & Co. This concern employs several hundred men and delivered coal to a large number of the most prominent of the buildings in the city. One of their employees was discharged for refusing to make deliveries and the rest walked out at once.

The gain for the Employers' association was made when the members of the Hay and Grain Dealers' association, which employs 1,200 men, declared that deliveries would be made to any place in the city, irrespective of strike conditions. If drivers refuse they will be discharged.

MOBS UGLY.

The mobs that filled the streets in the business section today were larger and uglier than on yesterday. There was fighting in all sections of the downtown districts throughout the day, and over a dozen police were compelled to use their clubs and the wagon guards who were armed with heavy canes,

The Perfume of Japan

swung them whenever they were attacked or thought an assault was about to be made.

In many cases these guards were not careful whom they hit, and there were a number of persons who were knocked down by the guards. One man was carrying a heavy club. This was the case particularly in a fight near the Majestic hotel, when a number of people who had been riding from the place were charged upon by private detectives, who were in charge of a number of coal wagons, and badly beaten up.

On the other hand, the strikers and their friends were equally indiscriminate in assaulting people. There were a number of instances where mobs boarded streetcars and violently attacked those riding in them, giving as a reason later that they were strike-breakers, when in fact they had nothing whatever to do with the trouble.

Edward Jamison and Edward Roswell, the latter colored medical student, were two sufferers in this direction. The mob that boarded a State street car on which they were riding dragged them off and beat them unmercifully.

Walter Norton, another colored man, while passing Van Buren and Market streets, was proclaimed to be a strike-breaker and beaten to death.

Up to 7 o'clock tonight a score of men had been taken to hospitals. The injured are:

W. Jamison, attacked by strikers while riding on street cars and badly beaten.

Walter Schultz, beaten by wagon guards in a fight at Harrison and Franklin streets; head cut.

Edward Howell, attacked and beaten at the same time as Jamison.

Walter Martin, shot in leg; not serious.

George Wright, shot torn off by a stone.

Simoon Johnson, beaten by strikers; head badly cut.

B. Scott, colored non-union man, shot in shoulder.

Police Officer Patrick Doyle, head cut with a brick.

Samuel Spriggs, colored waiter, taken for a non-union driver and badly beaten.

Isaac Foster, standing in a mob gathered near the Majestic hotel, badly beaten by wagon guards.

Emuel Foster, brother of preceding.

Michael Smith, bystander, struck on the head by a flying bottle.

Unknown colored driver, worked for the Paschay Coal company, attacked by a mob, rendered unconscious.

George Baker, struck on head by a bill in the hands of a private detective.

Edward Olsen, clubbed by wagon guards; head cut.

T. C. Carlson, may be fatally injured, by being struck on head by a missile.

David Love, colored non-union man, head cut and stabbed in left arm.

Besides the names given above there were fully twice as many who were injured in the various fights of the day, and whose names could not be learned.

In one fight at Harrison street and Michigan avenue four men were knocked down by wagon guards and carried off by their friends. Similar occurrences were the rule, whenever the police charged into a mob, and the number of injured tonight is probably closer to 50 than to 20.

Sidney Chambers, colored driver, beaten and kicked until unconscious; will die.

Policeman John Sharkey, head cut with a brick; badly bruised about the body.

Policeman James Kelly, cut about the head and body bruised.

Nash McNail, left eye cut and wounded in the arm.

NATURE'S ESSENCE.

Extracted From Forest Plants.

Go straight back to Nature for your health. There is your strength. Consider your body as an engine which supplies you with all activity, mind and body. Keep the machinery well oiled and it runs smoothly. It does not grind nor groan in the doing of its work. But let the stomach, which is the safety valve to the human engine get out of kilter and we soon meet with disaster. The product of undigested and decomposing food is poison to the system. We do not live on what we eat but on what we digest, assimilate, and take up in the blood. The blood in turn feeds the nerves, the heart, and all goes well with us as if the human filter within us does not get clogged up, if poison does not accumulate in the body from over-eating, indigestible food, over-drinking, heating, alcoholic beverages or hurriedly doing both. The smash-up occurs when the blood is poisoned by the stomach and liver being unable to take care of the over-load. The red flag of danger is thrown out in the shape of eruptions on the skin, or nervousness and sleeplessness, which become constant because the nerves are starved and the person feels tired, despondent and irritable. Nature's laws are perfect if we obey them, but disease follows disobedience. Go straight to nature for the cure, to the forest; there are mysteries there that we can fathom for you. Take the bark of the wild cherry tree, the root of the sandalwood, store root, stillingia, blood-root and golden seal, make a scientific, non-alcoholic extract of them with just the right proportions, and you have Dr. Pierce's Golden Medical Discovery.

It took Dr. Pierce, with the assistance of two learned chemists, eight years of hard work experimenting, to make this vegetable extract and alternative of the greatest efficiency.

he fell on a pile of coal on the river's edge.

The mob surged after him and again commenced to beat him. He was kicked in a savage manner, pelted at short range with pieces of coal, and three heavy shovels were broken over his head.

His nose was broken, his head was cut in many places, and his clothing was so much soiled when the police who had responded to the call reached him. He was taken to the county hospital, where it was said he was taken to the hospital.

EFFECTS OF THE STRIKE.

Chicago, May 4.—The effects of the teamsters' strike have reached the lake transportation companies, and serious crippled the large freight business which usually is done at this time of year. Owing to inability to have goods transferred from the railroad depots to the docks, all the principal steamship lines have been abandoned or curtailed their service.

The Michigan Steamship company has decided not to send out any boats until the strike is settled. This line has seven boats which usually go into service April 1, and are taxed to their carrying capacity at this time.

The Goodrich line and Graham & Morton have cut down their service from daily to tri-weekly on account of the falling off in business. The Manitowish steamship company and the Barry line also have been forced to abandon part of their freight business.

A. M. Crompton, chairman of the ways and means committee of the Chicago Commercial association, has issued a special notice to members with reference to orders and shipments. The notice reads:

"Exaggerated reports are being circulated throughout the country to the effect that the commercial facilities of Chicago are handicapped by reason of a strike of union teamsters.

"To the end that the commercial interest of Chicago may not be injured by this exaggerated report, the members of this association are requested to notify their traveling salesmen, and the trade generally of the fact that orders are being received and filled promptly. Shipments are being made as usual."

THREE MEN KILLED BY COLLAPSE OF BUILDING

Omaha, Neb., May 3.—Three persons were killed and six injured, none fatally, by the collapse of a three-story building at Thirtieth and Grace streets late today. The building was occupied by the Omaha Casket company, and the killed and injured were, with one exception employees of the concern.

DEAD.

Jacob Kirschner, aged 43, assistant shipping clerk.

L. Mon, Martin, a collector, aged 22.

Henry Dietl, aged 40, foreman.

INJURED.

John A. Simons, manager of the company, head cut and internal injuries.

Miss Lulu Hinton, bookkeeper, badly bruised.

Tony Liebig, Council Bluffs, legs cut, body bruised.

W. A. Smith, shipping clerk, scalp wounds, not serious.

William W. Stewart, left side and spine injured, serious.

William Kirschner, apprentice, head cut, bruised.

The collapse of the casket factory was a heavy wind storm, which struck at a point near the factory, assumed the proportions and action of a small tornado. The building was a substantial one of brick, three stories high. The collapse came without warning.

W. A. Smith, the shipping clerk, who was the first to extricate himself, said he saw a storm coming and went to a door to close it. Just as he reached the door the whirling storm struck the building. The roof was raised into the air and dropped, causing the heavy brick walls to collapse. Those inside the building were carried down, while they were at work.

STORM IN MONTANA.

More Than Thirty Inches of Snow Near Red Lodge.

Red Lodge, Mont., May 3.—The present storm is the worst in the history of this section, more than 30 inches of snow having fallen in the last three days. Sheepmen will report heavy losses as this is the lambing season. The cold is growing more intense and tonight the thermometer is rapidly dropping.

For the first time in years the stages leaving here have been compelled to abandon their trips. Merchants are unable to deliver goods on account of the depth of the snow. Considerable damage has been done to houses and buildings, many roofs having been broken in by the weight of the snow.

Tonight there is no sign of abatement, and sheepmen are attempting to provide temporary shelter in the way of sheds for their herds.

Butte Gambling Houses Closed.

Butte, Mont., May 3.—For the first time in years, the gambling resorts of this city are closed, the order having been issued by the county attorney, who today for the sheriff to close all gaming houses at 6 o'clock. No resistance was made to the order, and tonight all the big resorts of the camp are shut.

Why the order was issued is not known, as all the city officers, from Mayor John MacInnis down to the sheriff, express profound ignorance as to the action taken, other than that gambling is in violation of the law and it was proposed to stop it.

Garfield Has a Carbuncle.

Los Angeles, May 3.—United States Commissioner of Corporations James R. Garfield, who arrived in southern California Monday to investigate the oil conditions of this section, is suffering severely from a carbuncle, and consequently is temporarily hampered in pursuing the work of his investigation.

Both the Santa Fe and Southern Pacific railway companies have thrown open their offices and records to the commissioner and his assistants.

When he goes down here to Texas an Indian Territory he will continue the investigation.

Says Workmen Are Anarchists.

Seattle, May 3.—The strike situation is unchanged today. All plants are running as usual. The strikers issued a statement charging the trouble started over a dispute concerning the wage schedule. Manager Sweeney of the Seattle Brewing & Malting company claims that the unions had been arrogant and tyrannical, and to a large extent their members were anarchists. There was no violence today.

Run Down by a Streetcar.

Butte, Mont., May 3.—Robert M. Campbell, formerly an alderman in this

Chinese Impersonated Mexicans.

El Paso, Tex., May 3.—The Chinaman arrested last night entering the United States impersonating a Mexican, says many of his countrymen are successfully working this ruse. According to his story, hundreds of them fill the Mexican border cities, and are smuggling in at every opportunity.

Debs to the Fore Again.

Terra Haute, Ind., May 3.—Eugene V. Debs today confirmed the report that he is to head the industrial union, a new labor organization, which will be launched next week in Chicago. The organization will be a rival of the American Federation of Labor.

Maud Adams in "Peter Pan."

London, May 3.—Charles Frohman has arranged for the appearance of Maud Adams next season in the Empire theater in New York in "Peter Pan," which play was so successful in London. Maud Adams will visit Mr. and Mrs. James Barrie in England this summer.

Arrested for Robbing Mails.

Portland, Ore., May 3.—An Oregonian special from Salem, Ore., says B. J. Kupper, baggage-master for the Southern Pacific at Woodburn, Ore., was arrested by a deputy United States marshal today, on the charge of rifling a mail sack April 12, and stealing a registered package containing \$470.

Growing Aches and Pains.

Mrs. Josie Sumner, Bremont, Texas, writes: "I have used Balm of Goshen in my family for three years. I would not be without it in any emergency. It cured my rheumatism, my backache, my neuralgia, my toothache, my headache, my cold, my cough, my asthma, my bronchitis, my whooping cough, my croup, my diphtheria, my scarlet fever, my measles, my mumps, my smallpox, my cholera, my typhoid fever, my dysentery, my malaria, my fever and ague, my neuralgia, my rheumatism, my backache, my headache, my cold, my cough, my asthma, my bronchitis, my whooping cough, my croup, my diphtheria, my scarlet fever, my measles, my smallpox, my cholera, my typhoid fever, my dysentery, my malaria, my fever and ague, my neuralgia, my rheumatism, my backache, my headache, my cold, my cough, my asthma, my bronchitis, my whooping cough, my croup, my diphtheria, my scarlet fever, my measles, my smallpox, my cholera, my typhoid fever, my dysentery, my malaria, my fever and ague, my neuralgia, my rheumatism, my backache, my headache, my cold, my cough, my asthma, my bronchitis, my whooping cough, my croup, my diphtheria, my scarlet fever, my measles, my smallpox, my cholera, my typhoid fever, my dysentery, my malaria, my fever and ague, my neuralgia, my rheumatism, my backache, my headache, my cold, my cough, my asthma, my bronchitis, my whooping cough, my croup, my diphtheria, my scarlet fever, my measles, my smallpox, my cholera, my typhoid fever, my dysentery, my malaria, my fever and ague, my neuralgia, my rheumatism, my backache, my headache, my cold, my cough, my asthma, my bronchitis, my whooping cough, my croup, my diphtheria, my scarlet fever, my measles, my smallpox, my cholera, my typhoid fever, my dysentery, my malaria, my fever and ague, my neuralgia, my rheumatism, my backache, my headache, my cold, my cough, my asthma, my bronchitis, my whooping cough, my croup, my diphtheria, my scarlet fever, my measles, my smallpox, my cholera, my typhoid fever, my dysentery, my malaria, my fever and ague, my neuralgia, my rheumatism, my backache, my headache, my cold, my cough, my asthma, my bronchitis, my whooping cough, my croup, my diphtheria, my scarlet fever, my measles, my smallpox, my cholera, my typhoid fever, my dysentery, my malaria, my fever and ague, my neuralgia, my rheumatism, my backache, my headache, my cold, my cough, my asthma, my bronchitis, my whooping cough, my croup, my diphtheria, my scarlet fever, my measles, my smallpox, my cholera, my typhoid fever, my dysentery, my malaria, my fever and ague, my neuralgia, my rheumatism, my backache, my headache, my cold, my cough, my asthma, my bronchitis, my whooping cough, my croup, my diphtheria, my scarlet fever, my measles, my smallpox, my cholera, my typhoid fever, my dysentery, my malaria, my fever and ague, my neuralgia, my rheumatism, my backache, my headache, my cold, my cough, my asthma, my bronchitis, my whooping cough, my croup, my diphtheria, my scarlet fever, my measles, my smallpox, my cholera, my typhoid fever, my dysentery, my malaria, my fever and ague, my neuralgia, my rheumatism, my backache, my headache, my cold, my cough, my asthma, my bronchitis, my whooping cough, my croup, my diphtheria, my scarlet fever, my measles, my smallpox, my cholera, my typhoid fever, my dysentery, my malaria, my fever and ague, my neuralgia, my rheumatism, my backache, my headache, my cold, my cough, my asthma, my bronchitis, my whooping cough, my croup, my diphtheria, my scarlet fever, my measles, my smallpox, my cholera, my typhoid fever, my dysentery, my malaria, my fever and ague, my neuralgia, my rheumatism, my backache, my headache, my cold, my cough, my asthma, my bronchitis, my whooping cough, my croup, my diphtheria, my scarlet fever, my measles, my smallpox, my cholera, my typhoid fever, my dysentery, my malaria, my fever and ague, my neuralgia, my rheumatism, my backache, my headache, my cold, my cough, my asthma, my bronchitis, my whooping cough, my croup, my diphtheria, my scarlet fever, my measles, my smallpox, my cholera, my typhoid fever, my dysentery, my malaria, my
