

# CROWD BURNED DOWN BUILDING. Went to See a "Genuine Spanish Bull-Fight," Which Was Stopped By the Authorities. COULD NOT GET MONEY BACK.

Announcement That it Could Not Go  
On Started a Riot Near the  
World's Fair Grounds.

St. Louis, June 5.—Incensed over their failure to see a "genuine Spanish bull-fight," which the authorities had ordered stopped, a riot was started in an arena near the world's fair grounds this evening by a crowd of 2,500 men and boys who were unable to get their money back and the building was burned to the ground. The price of admission charged was \$1. Four men were charged with the riot by the authorities of St. Louis county, charged with destruction of property. The crowd, thinking these men were connected with the show, made an attempt to mob them, and in their encounter with the deputy sheriffs a number were roughly handled and some received scalp wounds. The building is said to have cost \$2,500. It is a total loss, with no insurance. The initial performance by the company of Spanish bullfighters had been advertised widely, but the governor, in response to numerous complaints, ordered that it not be allowed to take place. Despite these orders, a large crowd assembled at the arena at the advertised time of opening. Before the regular performance a number of cowboys drove in some bulls, which they ran around the arena in true wild west style. The crowd soon became impatient of this and called for the bullfight. The announcement was then made that the bullfight would be proceeded with. As the matadors came into the ring a county official stepped up to the announcer and demanded that the bullfight be stopped. Failing to get this, the crowd went to the office, which was located in a small building outside of the arena, and began to stone the structure. This was followed by attempts to burn the arena, which is an immense building constructed of pine. Bits of burning paper were thrown at the woodwork, and finally someone went inside and dropped a lighted match in a pile of hay under the arena. The whole structure was soon on fire and before long was in ashes. The fire engine that responded to the alarm stuck in the mud and there was nothing to stop the progress of the flames. The crowd, however, got the whole exhibition was called out to protect the fair buildings should it become necessary, but the wind blew in another direction.

**Filipinos Visit Leavenworth.**  
Leavenworth, Kan., June 5.—The 50 Filipinos who are the guests of the United States government arrived here today and spent several hours at Port Leavenworth, where they were entertained by Gen. Bell. All the troops at the post passed in review before the visitors. This is the first stop the party has made since the departure from San Francisco. They continued east tonight.

**Japs Advance on Port Arthur.**  
Chefoo, June 5.—A Japanese correspondent from Dairen confirms the reported advance of the Japanese army on Port Arthur, news of which was brought here today by the Chinese. The correspondent states, however, that there are 15 miles between the Japanese and Port Arthur, instead of seven, as reported by the Chinese. The Japanese army is advancing along both coasts. It is reported that the peninsula division on the east coast fought a battle within 15 miles of Port Arthur June 3. The result of the battle has not yet been learned. A junk which lay off Port Arthur June 4, because of a lack of wind, heard desultory firing on the morning of the 4th and saw five Japanese torpedo destroyers as they disappeared below the horizon. Afterwards a tremendous explosion was heard and it was thought by those on the junk that possibly one of the destroyers had struck a mine. On the night of June 3 immense columns of flame and smoke were seen from the junk, in the direction of Dairen.

**RUSSIAN GUNBOAT SUNK.**  
Was Engaged in Clearing the  
Vicinity of Mines.

Tokio, June 6.—11 a. m.—The destroyer Ootsubo, engaged in clearing Port Arthur from the eastward reports that at 7:40 p. m. on June 4 a Russian gunboat of the Glik type was seen to explode and sink near Chentao-Shan. The vessel, with a crew of 100, was a destroyer and other steamers were evidently engaged clearing the vicinity of mines. When the explosion occurred the others hurried back into Port Arthur. Vice Admiral Togo expresses the opinion that the explosion was caused by a Japanese torpedo. The name of the gunboat destroyed is unknown but it had been seen before upon several occasions by the Japanese, acting as guard ship at the mouth of the harbor.

**ADVENTURE OF PHIPPS.**  
He Regrets the Publicity Given  
His Family Affairs.

Denver, June 5.—Lawrence C. Phipps, the Pittsburgh banker, who is reported to have kidnapped his two children from the apartments of his wife at the Netherlands hotel, New York City, arrived here tonight. The children, who were with him, Mr. Phipps refused to be interviewed by the company of newspaper reporters who were at the station when he stepped from the train.

**RING WORM AND DANDRUFF.**  
They Are Each Caused by a Pesticiferous Germ.

Ring worm and dandruff are somewhat similar in their origin; each is caused by a parasite. The germ that causes dandruff digs to the root of the hair, and again its vitality, causing falling hair, and, finally, baldness. Without dandruff there would never be baldness, and to cure dandruff it is necessary to kill the germ. There has been much propaganda that would do this until the discovery of Nessler's disinfectant, which positively kills the dandruff germ, allays itching instantly and makes hair glossy and soft as silk. "Take as good," sold by leading druggists. Send 10c. in stamps for sample to The Herpelde Co., Detroit, Mich. Z. C. M. I. Drug Co., Detroit, Mich.

# It Stands Alone.

Doctor Pierce's Favorite Prescription stands alone, as the one and only remedy for leucorrhea, female weakness, prolapsus, or falling of the womb, so absolutely specific and sure in curing these common ailments of women, as to warrant its makers in offering to pay, as they hereby do, the sum of \$500 reward for case of the above maladies which they can not cure. This is a remarkable offer. No other medicine for the cure of woman's peculiar ailments is backed by such a remarkable guarantee. No other medicine for woman's ills is possessed of the unparalleled curative properties that would warrant its makers in publishing such an offer; no other remedy has such a record of a third of a century of cures on which to base such a remarkable offer.

Miss Emma Weller, who is Secretary of the Young People's Christian Association, at 1819 Madison Avenue, New York City, says: "Your Favorite Prescription is a boon to sick and tired women. For it cures them when other medicines fail. I know whereof I speak, for I have had experience with it. For fourteen months I had constant headaches, seemed too weak to perform my daily duties, and when the day was over I was too tired to sleep well. I suffered from nervousness and indigestion, and everything I ate distressed me. Doctored with different physicians but received no relief. After reading one of your books I decided to give your 'Favorite Prescription' a trial. Am very glad to say I found it was what I wanted. I commenced to improve at once and kept getting better until, after seven weeks, I was entirely cured. I have remained in perfect health ever since, and remain a firm friend of your 'Favorite Prescription.'"

The dealer who offers a substitute for "Favorite Prescription" is only seeking to make the little more profit afforded by less meritorious medicine. His profit is your loss. Therefore, turn your back on him as unworthy of your patronage.

If constipated use Dr. Pierce's Pleasant Pellets. They cure constipation, biliousness and sick headache. They do not produce the "pill habit."

**WORLD'S DISPENSARY MEDICAL ASSOCIATION, PROPRIETORS, BUFFALO, N. Y.**  
The train. In company with the children Mr. Phipps went immediately to his residence here. Subsequently a statement over Mr. Phipps' signature was given out. It reads: "I deeply regret the publicity given my family affairs, particularly as there should have been no occasion for it. For reasons which I am not ready to state, I went to New York to remove my children from a hotel and bring them home with me. This I have done by going alone to their rooms and quietly walking out of the hotel with them. No force of any kind was resorted to, nor was there any occasion or intention of doing so. I requested the newspapers to kindly refrain from publishing anything more on the subject, and will appreciate their action in complying with my wishes."

**Thirty Japanese Soldiers Killed.**  
Seoul, Korea, June 5.—(Delayed in transmission.)—The Japanese consul at Gensan wires that during a skirmish which took place on the 3rd inst., 30 Japanese soldiers and one lieutenant were killed and three men were severely wounded. The Russians in retreating burned a number of Korean villages. The natives seized old flint locks and weapons of all sorts attacked the Cosacks, killing two and wounding several. There are about 2,000 Japanese troops now at Gensan. The merchants there have not left.

**Japanese Vessel Sunk.**  
Chefoo, June 6, 2 p. m.—The Russian consul here has received news that a large Japanese vessel has been sunk by a mine off Tallyman. The news has not been confirmed.

**REBECCA AT THE HOSPITAL.**  
Mrs. Bailey Arrested, Charged  
With Shooting Louis Miller.

Chicago, June 5.—When Mrs. Rebecca Bailey called at the Wesley hospital to see her fiancée, Louis Miller, who had been taken to the institution probably fatally wounded by a bullet, she was arrested on a charge of shooting him. At the time of her arrest the man was making an ante-mortem statement accusing her and the police were searching for her. With Mrs. Bailey was Miss Sophia Grabner, who was held as a witness of the shooting. Mrs. Bailey and Miller were to have been married within a week. Miller was believed to be dying early today.

The shooting took place in Mrs. Bailey's apartments, and it was four hours later before the police were informed. The man was found by Mrs. C. J. Snyder, who declares he said that he had shot himself. Mrs. Bailey had fled from the house. The police found the apartments deserted. Mrs. Bailey and Miss Grabner could not be found. It was learned that the woman had rented the apartments a few days before, and that she gave the name of "Mrs. Miller."

The theory of the police is that Mrs. Bailey shot Miller while in a jealous rage because of his failure to name a definite day for the wedding ceremony. Little is known of Mrs. Bailey's life prior to the death of her husband, Dr. S. G. Bailey, who was a member of the faculty of Wesley hospital and lecturer at the hospital clinics. Her maiden name was Barrett. Although never known in Chicago by the name of Hicks, Mrs. Bailey is said to have last become the wife of one Edward Hicks, and that divorce proceedings are pending in the superior court.

**CROSSED TELEPHONE WIRES.**  
Caused Three Fires at the Same  
Time in Riverside, Cal.

Riverside, Cal., June 5.—The crossing of telephone wires with a heavily charged power circuit near Colton tonight caused three fires simultaneously in this city, resulting in a loss of more than \$60,000. The residence of R. W. A. Godfrey was burned together with its contents. Loss about \$15,000. At the same time a blaze broke out in a fruit packing house near the railroad tracks owned by the Southern Pacific and used by the Riverside Fruit company. From here the flames continued to the Riverside Soda works and probably a dozen other small buildings. They were all destroyed. The loss on buildings was between \$50,000 and \$60,000, with insurance estimated at \$20,000. During the fire in the packing house an explosion of accumulated gas occurred seriously burning fireman Charles Hotchkiss.

**HOODLUMS ARRESTED.**  
Stoned Policemen Who Were in  
An Automobile.

New York, June 6.—In an attempt to stop the numerous attacks upon automobilists in some sections of New York, Police Commissioner McAdoo has sent out four big cars loaded with officers in citizen's dress to decoy the hoodlums into the hands of the authorities, as it had become a dangerous matter in the past few weeks for chauffeurs to reach the ferries along the East river. The ruse by the policemen worked well. They were assailed repeatedly and several arrests made. Most of the prisoners were half grown boys.

# FLEETS GATHER AT TANGIER.

Presence of American Warships  
There Has Effect of Attracting  
Those of Other Nations.

**SPANISH PAPERS ARE EXCITED.**  
Say United States Has Asked Sultan  
Of Morocco for a Port of  
The West Side.

Paris, June 5.—It is understood that France adopted a view favoring withdrawal of some of the American warships now at Tangier. The presence of the American ships there has had the effect of attracting ships of other nationalities, including Italian and British.

According to the French view, if a local agitation occurred, American, Italian and British ships might land forces to preserve order, and it is pointed out that this would devolve serious responsibilities upon the United States, and would also have the effect of discrediting France's paramount influence in Morocco.

The American officials say that the United States warships will be promptly withdrawn if France undertakes the entire burden of securing the release of Ion Perdicaris.

**AMERICAN FLEET AFFORDS SECURITY.**  
London, June 5.—The Times correspondent at Tangier says: "The sultan's authorization to comply with Rauls's demands cannot be received for a day or two. If the sultan fully acquiesces in the demands, the release of the captives may be expected shortly, but that by no means settles the situation, for having twice succeeded in defying Europe and the sultan Rauls's success will tempt the tribesmen to further outrages."

The presence of the American fleet affords a temporary feeling of security, but the moment the fleet is withdrawn, unless some permanent form of protection is substituted, the danger will become greater than ever. The European population is grateful to the Americans for having promptly sent warships. Full confidence is felt that the American government will not withdraw them until some guarantee shall have been given that Europe recognizes the situation and demands energetic action.

**SPANISH PAPERS EXCITED.**  
Madrid, June 5.—The newspapers are anxiously discussing the Morocco question. The Express thinks that the precipitation in sending a fleet to the Morocco coast gives force to the report that the United States has asked the sultan of Morocco for a port on the west coast.

La Correspondencia de Espana gives a rumor that an exchange of notes is taking place among the European chancelleries with a view of obtaining an assurance that American action will be confined strictly to measures for securing the liberation of the captives.

**SPANISH SHIPS LEFT.**  
Madrid, June 5.—The Spanish battleships Pelayo and Numancia and the armored cruiser Cisneros have left for Tangier, Morocco.

**WILL NOT GO TO TANGIER.**  
Lisbon, June 5.—It is stated here that the United States cruisers Baltimore, Olympia and Cleveland will not come to Lisbon, but will stay at Tangier pending a settlement of the difficulty arising out of the detention of Ion Perdicaris and Cromwell Varley, respectively citizens of the United States and Great Britain, by the bandit Rauls.

**War in Java.**  
Batavia, Java, June 4.—The Netherlands troops have captured a native fortress at Tampeling, in the Gajoe country. Island of Sumatra. The Dutch losses were 33 killed and wounded. One hundred and seventy-six Chinese were killed.

**CHINAMAN WAS SAVED.**  
Sing Weng Had Stabbed a White  
Woman.

New York, June 6.—Quick work by a policeman has saved Sing Weng, a Chinese laundryman, from the vengeance of a mob in Perry street. Weng had stabbed and mortally wounded a white woman. Her body lay on the floor of the laundry and Weng was looking quietly about when two boys discovered the crime and sounded an alarm. A crowd gathered in a moment and began to batter in the door. Weng watched them without displaying much interest. Finally the door fell and Weng was seized. There were threats of a lynching and the Chinaman was faring badly when a policeman fought his way through the crowd and seized Weng. The latter turned on the officer and he was only dragged away after a severe battle. Police reserves drove off the crowd. The Chinaman's victim was well known about the quarter. The laundryman refused to say why he stabbed her.

**Will Try Music Cure.**  
Boston, June 6.—The "music cure" has been taken up by Boston society, and its devotees are said to be numbered by the hundreds. Its advocates assert that music has an extraordinary power to cure many ills, especially those of a nervous origin. In one instance an aggravated attack of neuralgia of three weeks' standing is reported to have been cured in half an hour by the playing of music in a minor key on a piano. No particular instrument is favored, but a violin is most frequently employed.

**Will Raise Admission Price.**  
New York, June 6.—Owing to the unprecedented attendance of the tracks since the poolrooms were closed it is reported the associations controlling the various tracks about New York are making arrangements to raise the price of admission.

For grand stand tickets it is understood the figure will be advanced from \$2 to \$3, while 75 cents, the price for tickets to the field stand probably will be doubled.

**Martial Law Suspended.**  
Denver, Colo., June 6.—An order has been issued by Gov. Peabody, making effective today the suspension of martial law in Las Animas county, where a strike of coal miners, members of the United Mine Workers of America, has been in progress for several months. Martial law will remain in Trinidad, however, for an indefinite time in command of certain troops which will act only in case the civil authorities find them necessary. The governor says in his order that peace and good order in Las Animas county is being rapidly, if not

wholly restored, and that it has been shown to him that the civil authorities are able, ready and willing to control the situation.

**Liquor Dealer Delegates.**  
New York, June 6.—More than 400 delegates from all parts of the United States are expected to attend the annual convention of the National Wholesale Liquor Dealers' association, which meets here on Wednesday of this week. The sessions will continue three days and many subjects of great interest to the trade will be acted upon.

**Big Strike Threatened.**  
New York, June 6.—A strike of 16,000 members of the Rock Men and Excavators' union, which was to have taken place May 1, is now threatened in good earnest. Before May 1 the union made a demand on all contractors through the city for a new wage scale and recognition of the union. The strike was about to be declared, when the matter was placed in the hands of a committee for settlement. The men now claim nothing has been heard since from the employers, and they are determined to carry out the original plan.

**Porto Rican Student Drowned.**  
Williamsport, Pa., June 6.—Caesar Vivian, a Porto Rican student at Dickinson seminary, has been drowned in the Susquehanna river while swimming. His parents had just landed at New York, enroute here to witness their son's graduation.

**TIBETANS CHOOSE WAR.**  
They Return Col. Younghusband's  
Letter Unopened.

New York, June 6.—A dispatch from the correspondent of the London Times at Gyang Tse, Tibet, says a letter from Col. Younghusband of the British mission to the Tibetans demanding that the amban come to Gyang Tse with qualified Tibetan representatives to settle the outstanding differences before June 15 has been returned unopened and without comment.

The Tibetans have therefore, the correspondent says, deliberately chosen war. The Tibetans are now concentrating in the monastery and the town of Gyang Tse. Another concentration is rumored between Ralung and Khang Ma.

The present intention of the Tibetans is to prevent Brig-Gen. Macdonald from arriving at Gyang Tse, and it is possible that the recent experiences have taught the enemy how to make his advance a matter of greater difficulty than it was the first time.

**Don't Forget.**  
We carry the largest lines of shirts, belts, gloves, ties, suspenders, and hosiery in the city.
