# COMING QUILL MEN.

Program for the Entertainment of the Western Editors.

MEETING HELD THIS AFTERNOON.

Among the Speakers at the Convention Will be Gov. West and Hon. George Q. Cannon.

Preparations are still going on for the grand editors' meeting in this city on next Tuesday and Wednesday. In response to a letter mailed by Secretary Tobin to President George Q. Cannon, asking him to speak at the Convention and appending hint of the fact that he had been chosen as chairman of the reception committee of one hundred, he replies that while he is not likely to fulfill expectations officiating to the ability to act in those positions, still he holds himself in readiness to do whatever he can in those directions. In obedience to the request of President Rigdon made to Judge Powers, asking him to act as toastmaster at the banquet, he replies: "The American people usually obey the voice of the Press, and I am not an exception, therefore you may expect myself and Mrs. Powers, and I will do all in my power to aid you in making the occasion a pleasant one for your guests." The secretary has also on receipt of a letter from Frank H. Hitt, Yellowstone National Park outfitter, stating that should the editors desire to take a trip to the park he will do all in his power to make their trip a success. He says if they do not delay their trip till the first part of October they will have the full benefit of the game laws and can engage in more hunting.

The badges for the convention are being printed and bear the words, "Convention of Western Editors, Salt Lake City, Utah, Aug. 27-28," together with the name of the committee printed at the bottom.

The Utah Press association held a meeting at 4 o'clock this afternoon and appointed committees on reception, banquet and ball. Governor West has kindly consented to deliver an address before the convention in behalf of the Territory.

On Tuesday morning at 10 o'clock the great meeting will be called to order in the Theater. Music will be furnished by the 20th Infantry band under the leadership of John P. Rieth. The exercises will consist of addresses of welcome by Utah's delegates, after which responses will be made by the different states represented. Next in order will be the electing of a permanent organization, appointment of committees on credentials, permanent organization and order of business, following which an adjournment will likely be taken until the afternoon to allow the committee time to prepare their reports.

In the afternoon, after hearing the reports of committees, a discussion of the following subjects will likely be entered upon: Libel law, newspapers and railroads and irrigation of arid lands. In the evening the editors will enjoy a trip to the Lake, where they will have the pleasure of a dip in the briny water and to float as they never did before. Then comes the banquet at which Judge Powers will act as toast-master, following which will be a grand ball in the spacious pavilion, giving the ladies an opportunity to trip the light fantastic to their heart's content.

The second day's proceedings will depend greatly on the amount of business transacted on the first day, but will probably be a continuation of Tuesday's discussions, with a likelihood of resolutions being passed, setting forth the wants of the Western newspaper people.

Arrangements are being made for a ride to Park City on the third day, but as yet nothing definite has been decided upon.

The Pullman company has authorized its Ogden representative to give such Pullman passes to each of the editors as have come here by way of Ogden. This is an unusually liberal concession and will be greatly appreciated by those to whom it applies.

Henry Wong, a Chinaman, swore out a complaint against Maud Noble, who lives on West Second South street, opposite the post office. STRONG COMPANY ORGANIZED.

The Old Trust Company Absorbed by a New and More Powerful One.

A meeting was held at 2 o'clock yesterday afternoon in the office of Young, Young & Marshall, attorneys, by a number of prominent men interested in the water question. A company was organized with Robert T. Burton as president and H. J. Faust jr., as secretary. The water question was discussed and maps were produced by the old company and handed over to the new.

The object of the new company, as was also that of the old, is to utilize the water of the sixty-two lakes at the heads of Weber and Provo rivers which were drained by Faust & Co. three years ago. The survey was finished two years ago.

The storage of this water means a great deal to ten seven counties, Wasatch, Utah and Salt Lake on the Provo side, and Summit, Morgan, Weber and Davis on the Weber side. From the report it was shown that there is plenty of water in the lakes to irrigate every acre of land in these counties and to supply the needs of Salt Lake City besides. The company's plan is to interest every farmer and citizen in the counties to be benefited and profess against farthest drought.

The lakes have all been surveyed and mapped and estimates made for the construction of dams, and there will be a force of men put on the job to carry on the work.

The following are members of the company:

W. R. Fraser, R. T. Burton, John R. Winder, Salt Lake; W. W. Cluff, Coalville; D. H. Peery, Ogden; M. F. Wooley, Wm. Van Dyke, Le Grand Young, Salt Lake; Wm. Boye, E. D. Boye, Heber City; Jos. A. Faust, F. Armstrong, T. G. Webber, O. W. Moyle, Richard W. Young, Orson Hamel, Geo. Gibson, Jas. H. Moyle, D. C. Calder, Chas. Wheelock, James Sharp, John Sharp, Salt Lake; Joseph L. Rawlins, Smith Cottonwood; Wm. Dwyer, Ogden; W. H. Walker jr., W. H. Wanser jr., Kamas; John Crafts, N. A. Empey, Nathan Tanner, W. G. Barton, Geo. D. Pyper, Geo. Naylor, R. E. Savage, Dr. J. H. Paul, H. J. Faust jr., J. S. Richards, White and Bond, Salt Lake; Wm. L. Parr, Kamas; A. O. Smoot, G. L. Beattie, T. F. Williams, W. S. Duvenneck, S. H. Freeman, J. C. Sullivan, J. S. Parry, H. T. Reynolds, Provo.

The next meeting at which active gigantic enterprise will be discussed will be October 5th, conference time, when it is expected that the leading citizens of the seven directly interested counties will be in the city. In the meantime the perfection of plans will go on.
