There Was Plenty of Room at Federation of Labor Hall Yesterday Afternoon-The Resolutions.

Owing to some inlaunderstanding as to the hour of meeting, the attendance at the mass meeting held yesterday afternoon at the Federation of Labor hall, for the purpose of considering the provisions of the proposed railway commission bill, was much smaller than was expected. Many people were walting around the entrance to the hall at 8 o'clock last evening, thinking the meeting was to be held at that hour. Even the janitor of the building gave it out that the hall would be opened for the meeting at 8 o'clock, but the wait was fruitiess, as the gathering had taken place at 2:30 in the afternoon, with an attendance of 59.

However, those who were present car-ried out the intent of the call, and dis-cussed the measure pro and con and adopted resolutions calling upon the Salt Lake representatives in the state legislature to vote for the passage of the bill. The meeting was under the auspices

the bill. The meeting was under the auspices of the Utah Federation of Labor, the Manufacturers and Merchants' associa-tion, and the Retail Butchers and Grocers' association. Charles Vinson of the federation called the meeting to order and G. E. Brown, assistant man-ager of the M. & M. association was chosen chairman chosen chairman.

RAILROADS SCORED.

David I. Elton, secretary of the Fed-eration of Labor, was the first speaker. He scored in no gentle terms the man-agement of the railroads for permit-ting the coal shortage to fail upon the people, and advocated not only the pas-sage of the railroad commission bill, but an anti-pass bill as well. A. Hudson, of the Retail Butchers and Grocers' association, devoted a short talk to freight rates and shipping conditions as they now exist, saying

conditions as they now exist, saying that they could not be remédied ex-cept by the adoption of a measure like the proposed commission bill.

O. H. HEWLETT'S ADDRESS.

Orson H. Hewlett, president of the Merchants and Manufacturers' associa-tion, then addressed the meeting. He read statistics showing unjust dis-trimination on the part of the railroads in the matter of rates on coal and other commodities in favor of some communities and against others. He denounced th ecustom of the railroads in distributing passes to legislators to influence their action in regard to leg-islation.⁴ Mr. Hewlett discussed the situation from all sides, showing where such a commission would be of inestim-able benefit to the people at large and to all those who were compelled to transport commodities over any of the railroads entering this state. Charles Vinson was the next speaker. He took up the coal question and read statistics to show that the coal com-panies do not pay wages commensu-rate with the prices they charge for coal. GRAVE CHARGES. Orson H. Hewlett, president of the

GRAVE CHARGES.

E.C. Allen of the Butchers and Grocers' association said he was a former rall-road man, and charged that a personal injury case had been to his knowledge decided in favor of a railroad company because the judge of the court carried court carrie in his pocket an annual pass over the road. He favored the passage of an anti-pass law, J. N. Spaiding of the Federation of Labor addressed the meeting for a short time in favor of the railway commission bill.

"KIDNAPING DAY."

Labor Organizations to Observe Anniversary of Arrest of Moyer et al.

REV. CARLISLE P. B. MARTIN, L. L. D.

L. D. Of Waverly, Texas, writes: "Of a morn-ing, when first arising, I often find a troublesome collection of phlegm which produces a cough and is very hard to dis-lodge; but a small quantity of Baliard's Horehound Syrup will at once dislodge it and the trouble is over. I know of no medicine that is equal to it, and it is so pleasant to take. I can most cordially recommend it to all persons needing a medicine for throat or lung trouble." Sold by Z. C. M. I. Durg Dept., 112 and 114 South Main Street.

WHY SUFFER FROM RHEUMA TISM?
