Consumption Can be Cured.
Schenck's Pulmonic Syrup, Schenck's Sea Weed Tonic, Schenck's Mankrake Pills, Are the only medicines that will cure Pulmonary Consumption.
Frequently medicines that will stop a cough will occasion the death of the patient; they look up the liver, stop the circulation of the blood, hemorrhage follows, and in fact they clog the action of the very organs that caused the cough. Liver complaint and dyspepsia are the causes of two-thirds of the cases of consumption. Many persons complain of a tightness in the side, constipation, coated tongue, pain in the shoulder blade, feelings of drowsiness and restlessness, the food lying heavily on the stomach, accompanied with acidity and belching up of wind.
These symptoms usually originate from a disordered condition of the stomach or a torpid liver. Persons so affected, if they take one or two heavy doses, and if the cough in these cases be suddenly checked, will find the stomach and liver clogged, remaining torpid and inactive, and almost before they are aware the lungs are a mass of sores, and ulcerated, the result of which is death.
Schenck's Pulmonic Syrup is an expectorant which does not contain opium or anything calculated to check a cough suddenly.
Schenck's Sea Weed Tonic dissolves the food, mixes with the bile, juices of the stomach, aids digestion, and creates a ravenous appetite.
When the bowels are costive, skin sallow, or the symptoms other than of a bilious tendency, Schenck's Mankrake Pills are required. These medicines are prepared only by J. H. SCHENCK & SON, N. E. corner Sixth & Arch Sts., Philadelphia.
And are for sale by all druggists and dealers.

EVENING NEWS.

PRICE OF GOLD.
Corrected daily by Deseret National Bank.
SALT LAKE CITY, October 23, 1877.
Buying at \$1.00; Selling at \$1.02.
LOCAL AND OTHER MATTERS.
Thermometer 61 degrees F. in the shade at 1 p.m. to-day. Clear.
Message.—There is a message at the W. U. Telegraph Office for Mrs. O. E. Fenwick.
Stealing Case.—A man, named Harry Rivers is under arrest on a charge of stealing \$17 from Mr. Robert G. Slesker. The case was set for trial this afternoon, in the Police Court.
Potatoes.—To-day Brother L. E. Forbush exhibited to us a couple of potatoes, grown on his place at Little Cottonwood. The two together weighed six pounds six ounces. However, they could scarcely be called two roots strictly, being an aggregation of a number of potatoes grown together in great bunches.
Corrections.—In the minutes of the late General Conference, the name of Norman Salmon is published as being called on a mission. It should read Norman V. Selman. Also, in the minutes of the Utah County Conference, one of the missionaries called was Samuel Westcott. The News printed it Westcott.
A Pleasant Change.—On and after November 1st, the Utah Central freight train, which has heretofore left Ogden at 5 a.m., will start at ten minutes before seven o'clock in the morning. This will be much better for the train hands, and the public will greatly appreciate the change. The train will arrive in this city about 10 a.m.
Tabernacle Services.—Elder Orson Pratt preached yesterday afternoon, on the creation and ultimate condition of the earth, and the origin and final destiny of its inhabitants. The subject was treated in a clear and comprehensive manner. The speaker quoted largely from the Bible and the revelations given through the Prophet Joseph Smith, especially the latter.
That Terrible Accident.—Mrs. Alouzo Cutler, who met with the accident at Ogden, which necessitated the amputation of both feet, was much improved in health this morning, and hopes were entertained of her recovery. Superintendent John Sharp has paid very attention possible to the unfortunate lady, to make her condition as comfortable as possible under the painful circumstances in which she is placed, and several ladies at Ogden are waiting upon her night and day.
Y. M. M. I. A.—The Young Men's Mutual Improvement Society at Kayville was engaged today in the laudable work of ridding the farms on the Sand ridge of a destructive horde of marauders, and at the same time obtaining food for the poor. One hundred young men started out for the range this morning, armed and equipped for the attack on the Jack-rabbits, which have lately increased at a marvellous rate, and they expected to return with many visible proofs of their manhood. The demolition of the rodents will be an "improvement" on the ridge, and rabbit will be an "improvement" on the pork or bacon, which forms the daily diet of many people in the country.
S. S. Organized.—Yesterday morning a Sunday school was organized in the 21st Ward, with the following officers: Superintendent, W. D. Owen; Assistant, William Sanders and Mark Lindsey; Secretary, John H. Burrows; Assistant Secretary, Charles Reynolds; Treasurer, Robert Ayson; Librarian, Arthur L. Fowler.
About 225 children were present, and Superintendent George Reynolds, of the 20th Ward Sunday school, distributed a number of presents to those who had been pupils in that institution.
The County Superintendent of Sunday schools, George Goddard, and his Counselors, Brothers Willes and Evans, were present and made suitable remarks.
A Good Work.—Bishop John Sharp has taken the contract for an improvement on the Weber River at Ogden, the U. P. and C. P. Companies joining with our local railroads in the work, and placing it under the Bishop's direction. The river a little distance above the U. P. bridge takes a short direct for the eastern bank, threatening to burst over the bounds and flood the buildings belonging to the U. P. Co. A wing dam will be constructed, and measures taken to turn the stream towards the west bank and into its proper channel, so as to do no damage on either side. The work is in good hands, and will proceed with that promptness and efficiency that usually mark the contractor's management.
Theatre.—The Alleghenians are great favorites with the public. They always give a good entertainment, and their performances are in excellent taste. This popular company will re-appear at the Theatre on Tuesday and Wednesday evenings, and give a matinee on Wednesday afternoon. They offer several novelties, including the celebrated German songstress, Miss Nani Zsch, the Turkish artist, The Vocal and Instrumental music in all good, and the bell-ringing of this troupe is first-class. The management, Mr. G. Waldron, is known all over the continent as a gentleman of long experience and excellent reputation, and his company should draw large and cultured audiences.

Arrested.—This morning a considerable stir was occasioned in the vicinity of the Police Court by the arrest of about half a dozen young and middle-aged men, on charges of immoral conduct. The first of the trials commenced at ten o'clock. The court room was cleared of spectators during its progress. We understand there is still a number of others against whom affidavits have been made before Justice Pyper, charging the same offense; it is probable therefore that more arrests will shortly be made.
R. E. Maganates.—The following gentlemen came down from Ogden on this morning's U. C. express: John Corning, Asst. Gen. Supt. C. P. R. R.; Capt. W. H. Moore, Supt. C. P. line of steamers; E. F. Gerald, Traveling Auditor C. P. R. R.; Major R. P. Hammond, Gen. Manager A. & P. Telegraph Pacific Division; and E. A. Head, a San Francisco capitalist traveling with these gentlemen. The title to the term "maganates" may be understood from the fact that five of them, yesterday, measured 50 ft. eight inches and weighed 1,182 lbs. They are welcome to Salt Lake.
District Court.—Monday, October 22nd.
Wells Fargo & Co. vs. G. W. Davis, placed on the calendar, by consent.
Sierra Nevada Lumber Association vs. Bullion S. Works, default and judgment.
Salt Lake City vs. James Robbins, passed.
Salt Lake City vs. S. Maltese, passed.
James F. Woodman vs. Wells Fargo & Co.; case given to the jury.
The People, &c., vs. R. D. McDonald; defendant's motion for a continuance allowed; bond continued in the meantime.
The People, &c., vs. John Redding, assault with intent to murder; jury trial; verdict of guilty. Defendant was sentenced to pay a fine of \$20 and costs, to be paid on or before November 5th, or be imprisoned for six months in the Salt Lake County Jail.
Suit For Damages.—We understand that to-day Dr. Jeter Clinton entered suit against U. S. Marshal Nelson and his securities for \$25,000 damages, for false imprisonment and maltreatment.
At the time of the arrest of Dr. Clinton, on a trumped up charge of murder, and his imprisonment in the Penitentiary, we took occasion to allude to the barbarously cruel treatment he received at the hands of those who held him in custody. The first night of his incarceration he was placed in an iron cage, outside the prison, exposed to a strong south wind and to annoyance and discomfort from quantities of dust that were whirled into his miserable place of confinement. His bedding was of a disgusting filthy character.
From there he was taken to an upper room of the building, with nothing to protect him from the scorching rays of the summer sun, but the shingles of the roof sloping to the south, and to still further add to his discomfort, he was placed in his cell, precluding the possibility of his either undressing or dressing himself. The same miserable bedding was given him that he had in the cage, which he knew as the "hot bed." He had to undergo all this while he was suffering from a severe attack of illness, which was intensified and increased, if not altogether caused, by this inhuman treatment. The climax of this brutal programme was reached, however, when some medicine he wanted to obtain to alleviate the sufferings caused by his ailment was denied him or kept from him by his keepers.
It should be remembered too that this treatment was bestowed, not on a person convicted, but who was merely accused of crime, and who was therefore presumably innocent in the sight of the law. However, such a regime would have been unwarranted and cruel even in application to a dangerous and convicted felon.
That the restrictions and cruelties inflicted on the Doctor were wholly unnecessary was shown subsequently when the U. S. Marshal, on two separate occasions, took him from the prison in a carriage, returning at nightfall, each time offering him inducements to communicate information against citizens whose arrest and conviction were desired.
In the first place the Penitentiary is not the legal place of confinement for persons accused of crime and awaiting trial.
In the second place the Penitentiary was never intended for an inquisition nor the officers of the U. S. for inquisitors.
In the third place a number of other citizens of respectability have, presumably because they were "Mormons," been taken to the same place, under similar circumstances, and have had to submit to various kinds of indignities and to maltreatment.
So far as we are concerned we think it is about time a check was put upon such unwarranted official conduct, and we are pleased to note that one, at least, among the number of offenders has determined not to let the matter quietly pass, and in doing so he performs not only a private but a public duty. We are in possession of other facts bearing on the same subject, which, for the present, we withhold.
