THEATRE.-The play of "Little Em'ly" was performed last night at the Theatre, a large assembly occasionally giving hearty applause in testimony of their satisfaction. The piece was well mounted, some of the scenery being very fine, especially the cathedral, lighted up with its stained gothic windows, and choristers chanting inside. The leading characters were tolerably well sustained, the following being specially noteworthy: Mr. Thorne as "Urlah Heep;" Mr. Chaplin as "Daniel Peggotty;" Mr. Marden as "David Copperfield," and Mr. Harris as the idiotic "Dick." The Misses Walters, Jones, Clawson and Spencer acquitted themselves creditably. All who admire the creations of the deceased novadmire the creations of the deceased novelist, Dickens, and his wonderfully truthful defineations of character should at-tend the Theatre to-night, when "Little Em'ly" will be repeated.

THIRD DISTRICT COURT.—This morning, after the reading of the resolutions of respect to the memory of ex-Governor Johnson, the time was principally occupied in providing arrangement for the order of business of the Court. There was a good deal of discussion among members of the court behind regular time. deal of discussion among members of the bar with regard to the character of the rules which should be adopted.

Whereas, it has pleased divine providence to remove from our midst, by death, while still in the prime of his mannood, our beloved and respected brother, the Hon. J. Neely Johnson;

And Whereas, in all the walks of life, whether as a ctuzen, in the practice of his profession or fitting the highest executive and judicial stations of the state in which he lived, the deceased, by his abilities, his erudition, his positive character and sterling integrity, no less than by the urbanity of his deportment and the amisbility of his disposition, won the respect and confidence of all men and the esteem and friend-snip of those with whom he came in con-

Hesolved: That as members of the bar of Utah, and for the past year his associates, we pay this tribute of respect to the memory, and deeply deplore the death of Ex-Governor J. Neely Jonason. Resolved: That we cherish, with reverence, the memory of the many virtues that adorned his life, and that made him an ornament of the profession of which he was a member, a worthy man, an upright officer and a respected citizen.

Resolved: That we recognize in him a highminded and honorable gentleman, a true and steadfast friend, a generous professional antagonist, and a man, who not only won and garnered up, but preserved while he lived, the love and confidence of all who knew him.

Resolved: That we tender to the afflicted wido w and children of our lamented brother our profoundest sympathy and sincerest condolence, in their great bereavement, which, while it has lost to them a cherished husband and a kind and indule the sympathy and indule the sy dulgent father, has taken from the bar a worthy member and from the community one of its best citizens.

Resolved: That, by the permisson of the court, these proceedings be spread upon its minutes, that a copy thereof be forwarded to the family of the deceased, and that they be published in the several daily papers of Salt Lake City.

Chors-Accident.—A friend from Smith-field, Cache Valley, informs us that the

field, Cache Valley, informs us that the crops in that vicinity are unusually fine, the harvest generally yielding abundant returns. Bishop Rozkelly was absent with a large force of men at work on the Cotton-wood fill, and the peeple were awaiting impatiently the advent of the iron horse in the valley, a consummation certainly looked for this fall.

On Friday last, Sister Mouritson, of Smithfield, while driving an unruly pair of mules, was thrown violently to the ground, the wagon running over her body, fracturing two ribs and seriously injuring her back bone. Dr. Anderson, of Salt Lake City, being sent for, rendered such surgical assistance as was required, and it was supposed, though dangerously injured, she would recover.

THE CAUSE. - The cause of the engine running of the track at the point of the mountain south, on Sunday night, was the falling upon the line of a large quantity of sand from the embankment which runs parallel with the track at that point.
