STRICTLY PURE.—It is a fact that while Dr. Price's Cream Baking Powder and True Flavoring Extracts, Lemon, Vanilla, etc., have been made for many years without reducing their standard of perfect purity, not another Baking Powder or Flavoring Extract in the market is free from adulteration. There are no coloring, poisonous oils or acids in Dr. Price's Flavors, nor chalk, alum, or other injurious substances in his Cream Baking Powder. We know the manufacturers take pride in having their articles strictly pure.

ONLY TWO TEASPOONFULS of Dooley's Yeast Powder to a quart of flour are necessary to produce extra biscuits, rolls, etc., while those of ordinary manufacture require nearly double that quantity. This is owing to its perfect purity and extra strength. Aside from this fact, each package contains the full amount that is represented. Hence, Dooley's is the cheapest, best, and most reliable in market, and takes the precedent of all others. Grocers keep it everywhere. Dooley & Brothers, Manufacturers, 69 New Street, New York.

IMPORTANT MEDICAL CORRESPONDENCE.—If all who are suffering from Coughs and Colds could read the letters continually received from all the country, giving the details of cases similar to their own that have been cured by Dooley's Honey of Horehound and Tar, the demand for that life-saving specific, vast as it is, would be doubled. It never fails. No cough can resist its tranquillizing influence. It strengthens weak lungs and prevents the possibility of tubercular consumption.

THE EVENING NEWS.

Tuesday, Nov. 3, 1894.

LOCAL AND OTHER MATTERS.

Thermometer 58 degrees F. in the shade, at 1 p.m. to-day. Some clouds.

Resuscitated.—The Footlights has reappeared. Mr. John C. Graham sole proprietor.

Fixed.—A couple of women of the town were before Justice Poyer to-day and fined \$100 each.

President and Party.—A telegram from President Young, received in this city last evening, dated Gunnison, stated that his health was daily improving. The party travel from Gunnison to Richfield to-day.

The Emigration.—The following telegram was received at President Young's office this morning:

"CHEYENNE, 2.

"Our company arrived here to-day at 3 p.m., all well; will be in Ogden on Wednesday evening."

"W. N. PIPE."

Broke His Arm.—Yesterday a little boy and girl were amusing themselves in an unfinished house, belonging to Mr. A. H. Kelly, swinging on a plank, sea-saw fashion, when the girl suddenly fell into position, letting the little fellow at the other end of the plank drop a distance of several feet to the ground, the consequence of which being that his arm was broken, between the wrist and elbow.

The Honor.—Some of the Beaver people seem anxious for that country and the Second Judicial District to have the honor of the first indictment for polygamy since the Poland bill became law. Bro. Wm. Fotheringham having been the Foreman's court a few weeks back. We presume that the good people of this district will be content for Bro. Fotheringham and the Second District to be in the van in this class of prosecutions.

The News, in referring to Bro. Reynolds as being the first indicted on that charge, intended the remark to apply to this, the Third District.

Rumored Misappropriation.—It is freely rumored on the street to-day that R. T. Neal, now trader at Camp Cameron, near Beaver, and "Pony" Duncan, U. S. Deputy Marshal, have been manipulating government funds, amounting to \$1,800, sent to Beaver by U. S. Marshal Maxwell for the payment of jurors' fees and other expenses of the 2nd District Court. It is reported that they have been buying up claims of parties holding accounts against the Court at a discount and giving them notes, payable at a given date, and in the meantime speculating with the money, which they failed to produce when called for. Mr. Duncan was the Governor's appointee for Territorial Marshal.

Imaginary Bargains.—Imagination does considerable for some people on the wrong side, particularly that class of people who think that everything they purchase at a second-hand store must be a bargain. This is a fallacy, however, that has been frequently exploded. That's what a hard-working, industrious young woman thinks now, who saved enough money from her earnings to send to England for her mother. In anticipation of her mother's arrival, she bought a second-hand dress at one of those trading stores, paying for it \$25, which was a little over \$20 more than its value, it being dilapidated and nearly useless.

A business establishment in this city wanted three stores with which to heat up their premises. The proprietors, having an eye to economy, visited several second-hand stores, the result of their investigations being that they priced three stores that would suit them at one of those places at \$10 each, and then went to a regular dealer and bought new ones, of exactly the same pattern, make and style, at \$7.50 apiece. It is probable that the experience in the article of stores shows how the matter stands with regard to other things.

Rich and Easy.—The champion telegraphical fabricator is still at work, as will appear from the following sent westward over the wires last Saturday, and which appeared in the Alta California of Nov. 1st—

"Salt Lake, Oct. 31st.—At the Brigham Convention this morning, Mr. Geo. M. Norton, mayor, in a quarrel shot and fatally wounded Dr. Bredemeyer, superintendent of the Neptune mine."

"The first iron ever manufactured in Utah was shipped East to-day."

A warrant was issued this evening for the arrest of George C. Bates, ex-U. S. District Attorney, for making two assaults on Leo Holmstrom with a pistol, one to force the payment of a promissory note, the other for publishing the facts of the first assault."

What the "Brigham Convention" alluded to, is, to us, a puzzle. Dr. Bredemeyer was shot at Brigham on Saturday.

The ignorance of this dispatcher is delectable; "the first iron ever manufactured in Utah." Why the

Our Country Contemporaries.

Ogden Junction, Nov. 2.

Wm. McWhorter, who escaped from jail in Nebraska last night, was confined on a charge of murder, last April, passed through here to-day in custody of Sheriff Taylor, on a train bound for Salt Lake City. McWhorter was released and arrested in Sacramento.

Thursday evening five prisoners escaped from the county jail at Evanston. Their names are Wm. Monahan, Jack Smith, John Thomas, Bill Kelly, and Bill Downs. While Fairbanks, the jailor, was at supper, one of the prisoners called for water, and when the assistant jailor Smith was about to supply them, he was seized and thrown down, and when the prisoners escaped.

Yesterday, Jacob Horn, who assists in manufacturing Buchmiller's celebrated beer, feeling tired, went to put himself in his bunk, and was awoken by the pillow when, bang! went a pistol from under the feathers, and the forefinger of his right hand was shot through and nearly torn from the hand. Dr. Brown rendered prompt assistance, and had to amputate the finger. Mr. Horn, doing well, is now in the hospital, and is expected to sleep, and put a revolver under his head, and on arising left his weapon there, and hence the accident.

Last August the body of a man was found eight miles from the road leading from Hilliard to Sloan & Co.'s Mill. A covered wagon was found near the corpse, but the team was gone. An inquest was held, and the murdered man was identified as a miner named Simpson. Subsequently the missing team was found on the ranch of the notorious desperado and jail-breaker, Charley Williamson, about five miles from the scene of the murder.

The body was discovered by Mr. James Blaneett, it was dreadfully mutilated, and a bullet hole perforated the skull from the right eyebrow to the back of the ear.

Suspicion pointed to Williamson, and the case has for some time been worked up by detectives.

Last Thursday Sheriff Brown received notice from Sheriff Taylor, of S. L. County, to meet him next morning at the depot. They went together in company with deputy sheriff Florida, to Evanston, where they obtained the services of Marshal Jack Burns as guide to Williamson's ranch.

They held warrants for the arrest of Williamson and two men named Barton and Phillips. Arriving at Hilliard, they found Barton there, arrested him, turned him over to Detective Rose, who had been in that neighborhood several days making investigations which led to the issuance of the warrants. They then started for the ranch, fifteen miles distant, and on reaching it learned that their men were absent, but obtained information as to their whereabouts.
