Beynon Davies, who is charged with complicity in the bounty frauds in this county, has been reduced by Judge Diehl from $2,000 to $1,500 and last night bondsmen were secured and the young man was released from custody and returned to his family. A Hanauer, Jr., Alvin A. Beesley and the Beesley Music company are the bondsmen.

Charles E. Claypool, a Fairbanks, Alaska, attorney, now stopping in this city, says that his town, though only 18 months old, has now 3,500 inhabitants its own electric light plant, water system, police force, city hall and court house, and stores that carry everything that may be wanted. There are already three churches and there is no telling how much more the town will grow.

Judge Diehl started after vagrants in his court yesterday afternoon, and he proposes to deal with them in no gentle manner in the future. Yesterday afternoon there were seven Weary Willies lined up before him and in each case they wer convicted and sentenced to 30 days in jail. Besides this string of "vags," there were a large number of Sunday drunks, and each was assessed $5.

Burglars broke into the hardware store of the West Jordan Lumber company at Bingham Junction Sunday night, and carried away several dollars worth of hardware and jewelry. Local fire insurance men speak approvingly of the activity of Chief Engineer William Bywater of the fire department in his capacity as fire marshal. He has compelled business men and property owners to clean up their premises with such thoroughness as to make him not a few enemies among store keepers who have long been careless about keping their back premises free from inflammable rubbish, a policy, however, which has greatly improved conditions against fire.

In the Eighteenth ward amusement hall last night a pleasant entertainment was furnished by the graduating students of the Lafayette school. The play, "Three Little Kittens from the Land of Pie," was presented by members of the class, Reeve Richardson, Moyle Gray, Clinton Newman, Clyde Edwards, Orson Schettler, Calvin Smith, Bernice Young, Mabel Wells, Gertrude Romney, William Patrick and Heber Romney. The proceeds are to go towards buying reference books for the school library.

The union shops job printer strike has been settled, and no further trouble is anticipated so far as the immediate future is concerned. As stated in last evening's News, the matter was referred for arbitration, and during the evening a meeting of the Allied Printing Trades council listened to the presentation of the case from both sides. The claim of the proprietors was that one apprentice should be permitted to be employed to every three and a fraction feeders. The Allied Council affirmed this contention, and the strike accordingly came to an end.

At the regular meeting of the Reapers on Monday afternoon, a special program was rendered in commemoration of the one hundred and first anniversary of the birth of Eliza R. Snow, which occurred on Saturday, Jan. 21. Selections from her poems were read and impressions of her and her work were given by Mrs. E. J. Stevenson, Mrs. Wilcox, Caroline S. Thomas, Amelia Maeser, Julia A. Druce and Emeline B. Wells. All spoke of the nobility of her character and of her inspiration as a writer, especially exhibited in the well known hymn, "O My Father."

Miss Marie C. Brehm, the W. C. T. U. organizer, concluded her meetings in this city, with an informal gathering yesterday afternoon, in the parlors of the First Presbyterian church, where she told of the growth of the union work. At the close of her adress, it was decided to establish a department of oratory in connection with the Salt Lake branch of the order, with Mrs. P. A. Simpkin as chairman. MANITOU HOTEL SALE.

Property Passing From Ownership of H. G. Park to Henry Phipps.

The Manitou hotel property on Third South street just east of the Knutsford hotel, is in process of sale by its owner, Hamilton G. Park, to Henry Phipps of Pittsburg for $40,000. The building is four stories high, has 96 rooms and is 96x190 feet. It was built during the boom and cost $93,000. The property has been a burden to Mr. Park ever since he assumed charge of it, not the least factor in the burden being continual trouble with lessees, so that he is glad to get rid of the whole business. Mr. Phipps already owns considerable property in this city, and seems to have enough faith in it to acquire more.

Contracted Chronic Diarrhoea While in the Philippines.

"While with the U. S. Army in the Philippines, I contracted chronic diarrhoea. I suffered severely from this terrible disease for over three years and tried the prescriptions of numerous physicians, but found nothing that did me any good until I tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, two small bottles of which entirely cured me and I have since had no return of the disease."—Herman Stein, 212 N. OPENING OF BIDS FOR WATER BONDS

Matter is Postponed for One Week In Order to Give Necessary Time.

WARM TIME IN CITY COUCNIL.

Wells Strongly Resents Insinuations Of Black—Hobday on the Status Of Dean—Other Business.

After some little discussion and after Councilman Black had made two attempts to amend the measure, the city council last night unanimously adopted the resolution authorizing the mayor and city recorder to advertise for bids for the special water bonds in the sum of $850,000 and the sewer bonds in the sum of $150,000. Owing to the fact that a week had passed since President Hewlett introduced the resolution, the time for opening the bids was changed from Feb. 20 to Feb. 27 at 7:30 p. m., upon his motion.

BLACK BLOCKS WAY.

When the resolution was taken up Black moved that $200,000 of the bonds be held back until six months after the government completes the Utah lake improvements. Wells and Hewlett opposed such and amendment on the ground that it would delay the city in its work and that the city could not afford to stand back and wait for the government to complete its work, but must go ahead and be prepared for every emergency in the water question.

HE WANTED TO KNOW.

Black wanted to know what was proposed to be done by the committee on the Utah lake matter and how much money it intended to spend. He said that the public had had enough of secrecy about this matter and no more business should be transacted behind closed doors but must be open and above board.

WELLS DENIES.

Wells indignantly denied that the committee had done anything in secrecy or that it did not want the public to know its every action. He said that when Councilman Black made such a statement he knew he was stating that which was untrue.

EXPLANATION MADE.

Black insisted that private meetings had been held by the committee and that he had not been invited to attend. A. J. Davis explained to Black that when the committee was getting options on water rights from the farmers it did not announce its purpose in the papers for the reason that it might have defeated the scheme. The roll was then called on Black's amendment and it was defeated by a vote of 1 to 11.

ANOTHER AMENDMENT.

The councilman from the Fifth then introduced another amendment which provided that 25 per cent of the bonds be set aside for sale to local purchasers. This was opposed by Hartenstein, Martin and Hewlett and, upon roll call, it was defeated by a vote of 2 to 10. The roll was then called on the Hewlett resolution and it was adopted unanimously.

HOBDAY RAISES POINT.

A point was raised by Hobday in regard to the right of Councilman Dean to hold his seat in the council and at the same time hold the position of chief janitor on the city side of the building. The matter came up on the appointments made by City Recorder Critchlow of W. D. Neal as deputy clerk of the civil division of the city court to succeed George E. Maycock, resigned, and of Walter J. Sloan as clerk to succeed Mr. Neal. When the roll was being called on the confirmation of the appointments, Hobday objected to Dean being allowed to vote for the reason that he had been elected to the city council by the people of his precinct and had then given himself the position of janitor which is within the gift of the council and should be compelled to give up one or the other of the two positions.

RULES FOR DEAN.

President Hewlett ruled that Dean was still a membe of the city council and entitled to vote and that the point raised by Hobday should be determined by the courts. The roll call was then proceeded with and the appointments made by the recorder were confirmed.

CELEBRATION COMMITTEE.

President Hewlett introduced the following resolution providing for the appointment of a comittee of five to arrange for celebrating the completion of the San Pedro road:

"Be it Resolved by the city council of Salt Lake City, Utah:

"That whereas, the San Pedro, Los Angeles & Salt Lake Railroad company has almost completed its railroad joining Salt Lake City with the city of Los Angeles; and

"Whereas, the completion of said road by said company promises to increase the growth, prosperity and commercial advantages of Salt Lake City and its sister city, Los Angeles; and

"Whereas, the event of driving the golden spike on said railroad is to be and should be a matter of public celebration, in which it is proper and fitting that the city of Salt Lake should take part; now therefore, be it

"Resolved, That the president of this council be, and he hereby is requested and authorized to appoint a committee of five (5) members from the city council to co-operate with such other committees as may be appointed for a like purpose by other public industrial or fraternal bodies in this state, to arrange for the celebration to take place upon the occasion of the driving of the golden spike; and be it further

"Resolved, That the mayor of Salt Lake City shall be ex-officio a member of said committee and chairman thereof; and be it further

"Resolved, That a copy of this resolution be forwarded to the city council of Los ngeles, California.

"This resolution shall take effect upon its approval."

The resolution was unanimously adopted, and the following committee, with Mayor Morris associated, was appointed: President Hewlett, Councilmen Preece, A. J. Davis, E. H. Davis and E. A. Hartenstein. A copy of the resolution was ordered sent to the city council of Los Angeles.

SUPERINTENDENT OF FIRE ALARM.

Chief Bywater submitted the appointment of William B. Morrison as superintendent of the fire alarm system of the city, to succeed C. T. Vail, resigned. The appointment was confirmed.

NEW CITY ENGINEER.

The appointment of George W. Riter as city engineer to succeed George W. Snow, resigned, was also confirmed upon the recommendation of the engineering committee.

SPECIAL POLICEMEN.

Chief Lynch sent in the appointments of Joseph F. Thomas and William Bagley as special policemen, and both were confirmed.

TRADING STAMPS LICENSE.

Hartenstein submitted an ordinance fixing the license of trading stamp companies at $600 per annum. It was referred to the municipal laws committee.

FOR BETTER POLICE SERVICE.

Senator Simon Bamberger and others sent in a petition asking that the police service be increased and that better service be afforded to citizens in the western part of the city, particularly around the Rio Grande Western, Oregon Short Line and Saltair depots. A like petition was received from James Hegney and others. They were both referred to the police and prison committee.

WILL GET HER MONEY.

After several months of wrangling the council last night voted to pay Miss Sarah Eddington $250, the amount due her for services as deputy city auditor during the time her name did not appear on the city payrolls.

A touching appeal for relief from the mud and water on south State street was received from T. W. Ball and other residents on that street. They suggested that a life-saving station be installed in their neighborhood unless the street is fixed at once. The committee on streets will consider the matter.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years from rheumatism," says W. H. Howard of Husband, Pennsylvania. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by all druggists.
