HALL'S VEGETABLE SICILIAN HAIR RENEWER.

This standard Article is compounded with the greatest care.

Its effects are as wonderful and satisfactory as ever.

It restores gray or faded hair to its youthful color.

It removes all eruptions, itching and dandruff, and is the ready for its use because white and clean.

By its tonic properties it restores the capillary glands to their normal vigor, preventing baldness, and making the hair grow thick and strong.

As a dressing nothing has been found so effectual, or desirable.

Dr. A. A. Hayes, State Assayer of Massachusetts, says of it: "I consider it *the best* preparation for its intended purposes."

BUCKINGHAM'S DYE, For the Whiskers.

This elegant preparation may be relied on to change the color of the beard from gray or sandy, either to a handsome shade of brown or black, at discretion. It is easily applied, being in one preparation, and quickly and effectually produces a permanent color which will neither rub nor wash off.

Honesty the Best Policy.

President Arthur and the whole Nation Mocking Postmaster James —How Would President James Sound?

WASHINGTON, 30.—The Star route ring is demoralized. They feel that lightning is about to strike them, but don't know how or where it will hit. Postmaster-General James and Attorney-General MacVeagh have evidence enough, they are satisfied, to convict the ring, and there is to be no delay in the prosecution. This morning there was a conference held at the Arlington Hotel between James, MacVeagh Bliss, Brewster and others who represent the prosecution. Bliss submitted the indictments, which he had carefully drawn up, against Brady, Dorsey, McGrew, ex-Chief Clerk French, Salisbury, Gilmer and other Star route contractors and beneficiaries of the ring. Bliss stated he would pledge his professional reputation upon conviction. James and MacVeagh approved the action of Bliss, and these indictments will be placed immediately in the hands of District Attorney Corkhill for presentment to the grand jury. James, MacVeagh and others engaged in the prosecution have no confidence whatever in Corkhill, and they make no secret of the fact. They do not charge Corkhill has been influenced by any money consideration to favor the Star route ring, but because social and personal relations so influenced him. All the officials concerned in the prosecutions maintain that Corkhill has obstructed their progress from the first, and therefore, was determined to prepare all papers of presentment fully and keep them in his hands, so all he will have to do will be to submit them to the grand jury. This is why Bliss drew up the papers, and although Bliss has some pressing business in New York, he has remained here at the request of Postmaster and Attorney General to watch the presentment of these cases. It is the intention of the prosecution to assist the grand jury to take hold of the cases immediately upon the meeting next Monday, but as Corkhill insists upon prosecuting Guiteau's case first, that will take precedence. Several persons implicated have confessed and given away the operations of the ring. The prompt and determined stand of President Arthur in favor of the vigorous prosecution demoralized and dismayed the ring leaders, who had kept the weak ones silent by assuring them that if Arthur became President the whole matter should be immediately squashed.

As soon as it was proper after the death of Garfield, James and MacVeagh had an interview with the President about the Star route matters. The President had already declined for the time being to accept the resignations of the cabinet, and had requested them to continue in the discharge of their duties just as they would have done had President Garfield survived. President Arthur assured James and MacVeagh there must be no mistake as to his purpose towards all persons who have been guilty of fraud toward the Government. If there has been a Star route ring and the Government has been defrauded he wanted the guilty party punished. General James informed the President he was satisfied of the frauds, and if he was to remain even temporarily, in the Postoffice Department he would insist upon having support and assistance in exposure of wrong doing. Arthur assured James that it was his earnest desire for him to remain where he was and conduct the Department as he had done since he took charge of it, adding the whole country had applauded James' administration. It was not long until the Star route ring ascertained Arthur could not be deceived into giving them any countenance, and this seemed to be their knell.

One of the highest officials of the Postoffice Department said that in the past 30 hours several persons connected with the ring had surrendered and turned State's evidence. It is pretty well understood that Walsh, formerly of New Orleans, who brought several months ago, several suits against Brady for the necessary money is one of them. The government will conclusively prove conspiracy, and unless some of the accused parties jump the country they will probably be in a tight place before long. The action of Prest. Arthur in removing the Star route postmaster at Deadwood was a revelation to the Star route. The ring did not know he had made a written confession, detailing all the fraudulent operations of the ring in the northwest.

For some months past one of the most efficient inspectors of the Postoffice department has been secretly investigating the management of the Deadwood Postoffice, and when he confronted the postmaster with the proofs the latter confessed.

The document charges the alleged conspirators with defrauding the government out of $350,000 in manipulating contracts for mail service on that particular route, between July 1st, 1878, and June 30th, 1880.

One of the counsel for the Government referring to other persons than those mentioned in the document presented to-day, said the papers were in active preparation to be presented against Ex-Senator Dorsey and several other persons who hold office under the Government, and that the counsel was engaged in the prosecution of the Star route cases intend to proceed against them as fast as formal papers can be got ready.

Nobody, ex-District Attorney Bliss said, to-day, connected with the Star route frauds are to escape prosecution except such persons as may choose to appear and give testimony against others. Warrants are said to have been issued for the arrest of all persons charged with conspiracy in the document presented to-day excepting General Brady.

Opening Fire on the Stars.

Colonel George Bliss, Hon. B. H. Brewster and Colonel Cook, counsel for the Government in the Star route cases, filed in court this morning a long information against ex-Assistant Postmaster Brady and others, and the following order was issued:

On reading the affidavits of Thos L. James and P. Henry Woodward, and on motion of G. B. Berkhill, United States Attorney of the District of Columbia, and W. A. Cook, Special Attorney for the United States, it is ordered that the information annexed to the affidavits be exhibited against Thomas Brady, John L. French, Wm. H. Turner, Geo. L. McDonough and S. P. Brown, for conspiracy to defraud the United States, and that the same be filed, and that warrants be issued in ordinary form as prayed for.

On Dit.

A report comes from New York that Arthur tendered a place in his Cabinet to Judge Lapham, the new senator from New York. This would leave to Gov. Cornell an opportunity to call a special session to elect a senator and opening the way for Conkling.

Matrimonial.

CHICAGO, 30.—Jennie June is responsible for the following: There is a strong probability that the White House will witness a wedding during the present Administration, the President himself being one of the high contracting parties, and a widow of a well-known and very wealthy New Yorker the other.

Mrs. Garfield.

NEW YORK, 30.—Rockwell and Swain, *en route* to Washington, missed connection here. Swain told a reporter he had accompanied Mrs. Garfield, Grandma Garfield, the children and Private Secretay Stanley Brown to the old homestead at Mentor on Tuesday. We were met at the depot by the Rudolphs, Mrs. Garfield's relatives, and were accompanied to the homestead. When we came in sight of the old familiar aspect, Mrs. Garfield was quite overcome for a moment, but soon recovered her composure and entered the desolated home. General Garfield's study remains just as he left it, and one of the sorrowing widow's first steps was to go in the room where she had spent so many hours. She is gradually recovering from the effects of the blow. She said it was too early to indicate where she will live. I think she will spend her summer at Mentor in the old home, in winter with her relations in Cleveland, where she will be near her husband's remains, and part of the time in Williamstown, Massachusetts, where she will be near her boys in college. Harry and Jimmy will go back to college on Friday.

The Mother.

Grandmother Garfield, in future, will move her home with Mrs. Garfield; where the bereaved wife goes sorrowing the mother will go.

Grandma is now very feeble and will spend her remaining days with the family of her dead, beloved son.

Swain will not Resign.

A statement has been published in some of the papers that you intend resigning your position as Judge Advocate General.

The statement is incorrect. I shall not tender my resignation.

Jones and Conkling.

NEW YORK, 30.—The *Post's* Utica special says: Jones, of Nevada, who has been closeted with Conkling since Wednesday night, left for New York, accompanied to the station by Conkling, who boarded the train and remained in the car till he was ready to start. A large delegation of the leading stalwarts of Utica escorted the Senator from his carriage to the train. Some local stalwarts, including Conkling's private secretary, left on the same train with Jones. It was said this morning, on trustworthy authority, that the conference has been carried on with great care, a stenographer being present most of the time to make full and complete reports. It is now generally believed that the result of the conference will have an early and important bearing on affairs at Washington. Those who have been permitted to hear most from the inner walls of Conkling's residence the last two days, express themselves with great confidence respecting the ex-Senator's immediate future. It is said that the fight of the Conkling men for supremacy in the State convention will not be continued with more than a show of persistence, and it is also intimated to-day by those near to the ex-Senator that he does not care to have a seat in the convention.

Visitors.

NEW YORK, 30.—United States Senators Logan and Cameron, E. W. Staughton and Police Commissioner French, called on Prest. Arthur this morning.

Memorial Medals.

PHILADELPHIA, 30.—Gold memorial medals will be issued from the United States mint here. On one side the medalion of Garfield and on the other that of Lincoln.

Scottish Land Bill.

The *Times* publishes a draft of the Scottish land bill, prepared by the Scottish Chamber of Agriculture, and says that it is one of the most feasible measures on the land question ever submitted to Parliament. It makes a fine test provision relative to the compensation for improvements.

Marquis of Lorne.

TORONTO, 30.—A special cable to the *Globe* says: Well founded rumors are going about that the Marquis of Lorne will return to England after the close of the coming season in the Canadian Parliament, and will then be called to the House of Lords.

Law Abiding.

DUBLIN, 30.—Forty landed proprietors and land agents, of County Carlow, passed resolutions declaring their intention to give effect to the land bill in a spirit friendly to tenants, and asking their co-operation in re-establishing confidence and good feeling.

Lawless.

Several ambulance wagons which left Athlone barracks with police and soldiers for Shanon Bridge, County of Westmeath, to protect approaching serving of writs, were obliged to return, the meeting being broken up and obstruction placed upon them. Boycot, protected by police, was in West Port Tuesday, and was followed by a mob during the whole time and his effigy was afterwards burned.

Not Criminal.

PARIS, 30.—At a sitting of the Electric Congress, a question was raised in regard to the rights of property in submarine cables. At present no government has jurisdiction more than three miles from the coast, and the cutting of cables beyond that distance is not a criminal offense. The suggestion of the French minister of ports and telegraphs, that representatives on the subject be made from the different governments, was agreed to.

TARRANT'S SELTZER APERIENT.

"As yellow as a lemon," expresses the first jaundice has got to. The poor, diseased liver has turned like the "frodesomest worm," and asserted her rights. Use at once Tarrant's Seltzer Aperient regularly, according to directions; get the system in proper shape, and soon the bloom of youth will return to the cheek and health be restored. No medicine is better for the general system than TARRANT'S SELTZER APERIENT.

PERFECTION BAKING POWDER.

We respectfully call the attention of the Public to the following analysis:

Laboratory of the Health Department, Chicago, Aug. 2, 1881.

OSCAR DE WOLF, Commissioner of Health.

Dear Sir:—I have made a very careful and elaborate chemical analysis of twenty-seven samples of baking powders received from the hands of Mr. Merkl, your clerk, and have the honor to report the following table of figures:

	Soluble Ash.	Insoluble Ash.	Total Ash.
PERFECTION, - -	39.00	0.06	39 06
DR. PRICE'S CREAM,	38.10	0.12	38.30
ROYAL, - - - - -	38.10	0.12	38.3[illegible]

A known and weighed quantity of baking powder was incinerated in a silver crucible until only a grey residue was left. This is the *total ash*. It was carefully removed to a glass vessel and acted upon by hydrochloric acid and distilled water at the boiling point; what dissolved in that menstruum has been called *soluble ash*, and that which did not, *insoluble ash*.

I have the honor to be, sir, yours very respectfully, R. S. G. PATON, Chemist of the Health Department.

We have always claimed that the Perfection is the highest grade of baking powder that can be produced from cream tartar and soda. Respectfully,
