THE EVENING NEWS.

Thursday, - - - November 24, 1870.

"HOME SWEET HOME."

ALL ABOUT THE FAMOUS SONG.

America as yet has produced no song-writer. No one has done for her what Burns did for Scotland, Moore for Ireland, and Beranger for France. Not even the popular enthusiasm which shook the nation to its centre during the late civil war could give birth at the North to any finer inspiration than "John Brown's Soul" and "Rally 'Round the Flag, Boys." In "Maryland, my Maryland," we recognize a spark of the same divine fire which flashes forth in the "Marseillaise" and "Scots wha hae wi' Wallace bled." The country, therefore, owes no ordinary debt of gratitude to John Howard Payne, who, if he did not write enough to entitle him to a recognized place among the authors of this class, has at least given us one song which is already beyond the reach of chance or change—a household word sacred and secure.

If fame is to be estimated by widespread popularity, we had rather be the author of "Home, Sweet Home" than all the verses of all the poets our land has known from the earliest age to the present hour. There is little in the ballad when we subject it to critical analysis, and yet in this very simplicity is the precious gem which has snatched it from forgetfulness, and blended the familiar lines with the holiest associations of the fireside. How curious that this humble daisy, this "wee, modest, crimson-tipped flower," should grow and blossom into fair renown, when so many monarchs of the forest lie prone in the dust, unnoticed and unknown!

The more important facts of Payne's life require but brief mention. He was born in New York, June 9, 1792, and at an early age manifested decided literary and dramatic talent. When only thirteen years of age he conducted a small periodical, called the *Thespian Mirror*, which attracted the attention of a gentleman named Seaman, who generously offered to defray the expenses of his education at Union College.

Pecuniary difficulties which involved his father forced him to leave this institution before the completion of his studies, and in order to support his impoverished family. Payne went upon the stage, making his *debut* at the Park Theatre, New York, February 24, 1809, in the character of *Young Norval*. His success was so unmistakable that he continued his new profession, performing in the principal Eastern cities, and in 1813 went to England, where he received a cordial welcome, and became a great popular favorite. He remained abroad for nearly twenty years, leading a Bohemian life, and figuring alternately as an actor, play right, and manager, gaining some reputation, but little money."

"Home, Sweet Home," was penned in a garret of the Palais Royal, Paris, when poor Payne was so utterly destitute and friendless that he knew not where the next day's dinner was coming from.

It appeared originally in a diminutive opera called "Clari, the Maid of Milan." The opera is seldom seen or heard of now, but the song grows nearer and dearer to us as the years roll away, for "it is not of an age, but for all time." More than once the unfortunate author, walking the lonely streets of London or Paris amid the storm and darkness, hungry, houseless, and penniless, saw the cheerful light gleaming through the windows of happy homes, and heard the music of his own song drifting out upon the gloomy night to mock the wanderer's heart with visions of comfort and joy, whose blessed reality was forever denied to him. "Home, Sweet Home," was written by a homeless man.

In 1832 Payne returned to this country, and after pursuing literary avocations with indifferent success for a few years, was finally appointed consul at Tunis, where he died June 5th, 1852. One passage in his ill-starred career tinges it with a hue of melancholy romance, and perhaps explains the secret of his restless erratic career.

Maria Mayo, afterward Mrs. General Scott, was a queenly beauty in her youthful days, whose charms of person and of mind made her the acknowledged belle of that venerable State, whose soil has been no less prolific of fascinating women than of gallant men. The legend prevails in Richmond that Payne met Miss Mayo, and fell madly in love with her. The homage of a poet could hardly be other than flattering even to one whose shrine was worshipped by scores of richer devotees, and possibly he mistook the smiles she gave him for the evidence of reciprocated passion; but, be this as it may, the same old, old story was enacted. He staked his happiness, his peace, on woman's love, and—lost.

Thenceforth life had no attractions for him, and he sought an exile to the barren shores of Africa as a welcome relief from the bitter disappointment which had crushed out hope and ambition here. The sands of the desert have long since covered the grave of John Howard Payne, and the place where, "after life's fitful fever, he sleeps well," is unknown; but "Home, Sweet Home," is a monument which will carry his name and fame to remotest posterity, and stand firm when effigies of marble and of bronze shall have sunk into indistinguishable decay.—*Missouri Republican.*

PEOPLE'S VERDICT!
Over Half a Million sold and in use!
4,000 made and sold per week!
SINGER'S
New Improved Silent
FAMILY SEWING MACHINES
ARE
The Best in the World,
Because all of them are in constant use, while a very large proportion of other makes are not used, owing to their being partially or utterly impracticable;
THE SINGER
NEW FAMILY MACHINE
Has been brought to perfection, regardless of time, labor or expense, and is now incomparably the best Sewing Machine in existence.
It is *simple, compact, durable, beautiful, quiet, light-running*, and capable of performing a range and variety of work never before attempted upon a single machine; using either Silk, Twist, Linen or Cotton Thread, and sewing with equal facility the very finest and coarsest materials, or anything between the two extremes, in the most beautiful and substantial manner.
The New Improved Attachments for Hemming, (any width) Braiding, Embroidering, Magic Ruffling, Gathering and sewing on (at the same time) Self-Sewing, Cording, Tucking, Quilting Felling, Trimming, Binding, etc., are novel and practicable, and have been invented and adjusted especially for this Machine.
Folding Tops and Cabinet Cases.
New designs of the unique, useful and popular Folding Tops and Cabinet Cases, peculiar to the Singer Machine, are in every variety of Wood, such as black Walnut, Mahogany, Rosewood, Satinwood, and from the plainest to the most elaborate pattern and finish. The Machines themselves are plain or highly ornamented with pearl and gold to correspond with their tables or cabinets.
In the Singer the work is fed or passed through the Machine in the natural direction, namely, *from the operator*, permitting her to sit in a natural and healthy position. In many other Machines the work passes from right to left, or the reverse, *compelling the operator to sit in a bent and unhealthy position, and thus causing weakness of the back, etc.*
The Singer uses a SHORT STRAIGHT NEEDLE, which is *not* liable to break or miss the stitch. Many other Machines use a long crooked needle, which *is* liable to break and to miss the stitch.
In the Singer Machine the Shuttle is carried, thus avoiding nearly all wear. It requires no oil, and does not soil the thread or goods. Other Machines *drive* their Shuttles, in a race, thus causing great wear, and *requiring oil*, soiling the thread and goods.
On the Singer, the Tension on both the upper and lower threads is absolutely under the ready control of the operator, thus rendering the Machine always available for good sewing, which is not the case with any other. Many so-called cheap Machines are really worthless, and so are many of their new peculiarities and supposed advantages.
The SINGER is the
Oldest Practical Sewing Machine,
Being about twenty years in the market. Having been constantly improved by the employment of the most skilful ingenuity of the age and unlimited capital, it is now divested of all unnecessary parts and possesses All the Very Latest Inventions and Improvements. It is the only Machine sold on Honest Claims, as all its parts are Practical and will do all that is claimed for them. Some other Machines are Greatly Complicated, to do Useless and Silly things, and thus are rendered Liable to Constant Derangement. The Singer Seldom or Never gives trouble, but is readily and easily managed by those *who utterly fail in other Machines.*
SINGER'S
New Manufacturing Machines
Claim the same advantages over others of their class as the New Family Machines. These old and well-tried Sewing Machines are *applicable to all kinds of heavy and light manufacturing in Cloths, Leather, etc.*, and run in the most perfect and reliable manner without trouble to the operator.
Without any previous advertisement, the Demand for the Singer Machine is so Great that we *have been unable to retain even one Machine to exhibit.* All sold, but a large number are now on the way from New York, and
WILL ARRIVE IN A FEW DAYS.
They will consist of the Different Varieties made by the Singer Manufacturing Company and we shall sell at Eastern Prices, with addition of Freight only. To accommodate parties who cannot pay all down, we will sell on
EASY MONTHLY INSTALMENTS
So that all may possess one of these *Blessings.*
For the convenience of our Patrons we have engaged the services of a gentleman who has had twenty years experience and is one of the most skilful experts in the world in repairing and adjusting Sewing Machines. He will put each Machine in complete and practical running order before it leaves the Institution and will also impart to purchasers all needful instruction, so that they can at once commence work.
We resort to no trickery whatever to sell Sewing Machines, but allow their Great Merits to recommend them. We can do this; as the demand for them is so great that although the Singer Company make more than all other first-class companies combined, they cannot nearly fill their orders, and are compelled to still extend their Gigantic Works.
We having been so fortunate as to secure the
General Central Agency,
For this Territory, we extend a cordial invitation to all to come and see the Machines, whether they wish to buy or not. See all others, but do not buy without you examine the Singer.
We Guarantee every Machine we sell to give entire satisfaction.
THE SINGER
BUTTON-HOLE MACHINE
Is the only Practical one in the World.
OTHER SEWING MACHINES REPAIRED on Reasonable Terms.

"He that provideth not for his own household hath denied the faith and is worse than an infidel."
THE EQUITABLE
Life Assurance Society,
Of the UNITED STATES.
ASSETS, - - - $12,000,000,00.
The Leading Insurance Company of the World.
IN 1860 the EQUITABLE was the 9th Company in new business for the year; in 1861, it was the 8th; in 1862 and 1863, the 7th; in 1864 and 1865, the 6th; in 1866, the 4th; in 1867, the 3d; in 1868, the 2d, and
IN 1869 IT WAS THE FIRST!
The volume of new business for the past year exceeded that of the 2d company (*Mutual Life, of New York*), by over Thirteen Million Dollars and was greater in amount than that of any other Company in the world.
Sum Assured, New Business, 1869:
$51,021,141.00.
The distinctive features of the EQUITABLE and its successful manner of doing business, which have rendered it the choice of all thinking business men, will be fully explained to any who contemplate insuring either by endowment, for the benefit of themselves, or in Life Policies for the assured independence of their families, by
CHARLES S. HAMMER, Agent,
SALT LAKE CITY.
THE FOLLOWING STATEMENT made by the FIRST purchasers of FLORENCE SEWING MACHINES on the Pacific Coast, including ALL who bought in 1863, whose present residence is known, is conclusive evidence of the great superiority and unrivaled excellence of the FLORENCE, and is the best testimonial ever given in favor of any Sewing Machine:

Statement made May, 1870:
"Our Machines sew as well now, and are as good for use in every respect, as they were when purchased nearly SEVEN years ago, and they HAVE NEVER COST US ANYTHING FOR REPAIRS. *We recommend the Florence as being* without exception *the* very best, most reliable *and* least complicated *Sewing Machine in use.*
