

PARKER WANTS NO ASSISTANCE.

He Alone Will Determine What His Action Will Be About Resigning as Judge.

HE ADMIRES MR. DAN LAMONT.

Mr. Bryan Sends Assurances That He is Heartily With the Ticket.

Esopus, N. Y., Aug. 3.—Mr. and Mrs. Edward C. Wall of Wisconsin reached Rosemont today, remained to luncheon and spent the afternoon with Judge Parker and his family. Mr. Wall, who was Wisconsin's favorite son for the presidency, and his wife are en route to Europe.

Whether Judge Parker resigns his position of chief judge of the court of appeals before or after Aug. 8, his decision will not be influenced by practical politicians interested in his campaign for the presidency. In a manner so emphatic so as to leave no doubt of his displeasure at the speculation published in relation to his approaching withdrawal from judicial duties, Judge Parker said today that he would determine what his action will be without assistance or advice from anybody unless it is from associates on the bench. Judge Parker said today he had seen the mention of Daniel S. Lamont, secretary of war under President Cleveland, for the governorship and that he very much admired Mr. Lamont. Further than that he would not speak and never at any time has he expressed preference for any of the candidates.

Mr. Wall brought a message direct from William J. Bryan assuring Judge Parker that Mr. Bryan is heartily with the ticket and will place himself at the disposal of the Democratic national committee to do everything in his power to insure the party's success this fall. Mr. Bryan breakfasted with Mr. Wall in Milwaukee on July 23. They have been warm personal friends for eight years.

Mr. Wall said today: "Mr. Bryan is a Democrat and never will be anything else. While differing on some questions from delegates to the St. Louis convention, he realized that these questions were ruled upon and has accepted the decision. He is satisfied with the platform adopted and thinks, all circumstances considered, the platform is the best the party has to offer at large. I will not attempt to say that he has abandoned any of the principles he advocated in his campaign, but he thinks that if he were right he would not be the victor. That, however, will not turn him from what he believes to be the duty of every Democrat to support loyally the platform and the ticket of the party."

Mr. Wall added that Mr. Bryan would support Parker personally. Judge Parker was greatly interested in the Wisconsin situation. Mr. Wall told him that while Wisconsin, under normal conditions favors 50,000 plurality to the Republicans, the breach between the La Follette and "stalwart" factions was of such a nature that it would not be healed. He expressed the belief that if the Democrats who supported Governor La Follette two years ago for the purpose of administering a rebuke to the faction headed by Senator Spooner and Congressman Babcock, returned to the party, there was no doubt that the Democratic ticket would be elected.

"At any rate," he said, "Wisconsin must at least be counted as one of the doubtful states."

The appointment of William F. Sheehan as chairman of the national executive committee came as a surprise to Judge Parker. He was not surprised because of the selection, as that was a forgone conclusion, but because he was under the impression that the executive committee would name its own chairman.

BIG FOREST FIRES.

Raging in All Directions From Kalispell, Montana.

Butte, Mont., Aug. 4.—A major special from Kalispell says forest fires are raging in all directions from Kalispell, and great damage is being done. Telephone communication with Kalispell, Falls and White Fish is cut off, and as it is known many fires are between Kalispell and these towns in the timber, it cannot be definitely stated the amount of damage, though the fire has run into the thousands of dollars. It has been reported here by people returning from White Fish that church buildings and three residences had been burned as a result of forest fires getting to the town, and that the framework at the brickyard had burned. It is thought that the main portion of the town will not be burned unless a very high wind should set in. The fire on both sides of the railroad track leading from White Fish to Columbia Falls is raging fiercely.

Travel to the town of White Fish was cut off Tuesday night by the fire in the heavy timber along the road for several miles. Another large fire started near Dayton creek, doing great damage to the pine timber. The fire on Great cloud of smoke made their appearance Tuesday night, and this morning so much smoke was in the sky as to obliterate the bright sun, and one could not see a distance of three miles in any direction. Reports received are that fires are raging in all directions, and on Tuesday evening 14 distinct fires could be traced northeast and west of Kalispell.

Word has just been received here that one rancher, who lives near White Fish, had all his buildings and grain destroyed by fire and that he and his family had barely escaped from the burning furnace.

The whole side of the mountain west of Kalispell was on fire.

Forest Supervisors and their lines and his force are doing all they can to fight the fire, but his force of men is inadequate to cope with the situation and the fires will burn until a good rain sets in, which is not likely to occur for some days.

Russian Press Comments.

St. Petersburg, Aug. 4. 7 a. m.—All the St. Petersburg morning newspapers comment with satisfaction upon Admiral Skrydloff's account of the cruise of the Vladivostok squadron, especially regarding the sinking of the British ship Knight Commander.

The Novoye Vremya says: "The critics must now retract what they said about Russians being pirates."

The Novostik, commenting on the protests in the British parliament and papers against the passing of the Dardanelles of the Russian volunteer fleet steamers and the conversion at sea of the Smolensk and the St. Petersburg into warships, declares that it is impossible for the powers effectively to object to either course, and points out that there is nothing in the convention

to prevent Russian merchantmen that are volunteer vessels from passing through the straits. Neither Turkey nor Great Britain, it says, has a right to demand the vessel to discover whether they are carrying arms unless both these countries want to assume the role of belligerents. On the other hand, international law permits the conversion of merchant vessels into warships at sea if the captain deems them worthy of being so converted.

The paper draws a parallel between the case of the Smolensk and the St. Petersburg and the conversion of the Argentine vessels purchased by Japan (the Nishin and the Kasuga) into armored cruisers at sea after leaving Genoa. It says that the whole of the Russian volunteer fleet has been recognized by the world as auxiliary cruisers.

Indiana Democratic Ticket.

Indianapolis, Aug. 3.—The second session of the Democratic state convention met today to adopt a state platform and nominate a state ticket.

John W. Kern, of Indianapolis, was unanimously nominated for governor. The ticket was completed as follows: Lieutenant governor, Warder W. Stevens. Secretary of state, Edward J. Forrity. Treasurer, D. F. Allen. Auditor, J. R. Riggs. Attorney-general, Joseph Shea. Reporter of supreme court, Walter S. Chambers.

Michigan Democratic Ticket.

Grand Rapids, Mich., Aug. 3.—Woodbridge N. Ferris of Big Rapids tonight was nominated for governor by the Democratic state convention over J. S. Stearns of Ludington, who early today denominated the Republican party. Mr. Stearns was three times a prominent candidate for the Republican nomination for governor. The vote was: Ferris, 112 Stearns, 323.

Ever since the last Republican state convention refused to adopt primary reform resolutions, declaring for the direct nomination of candidates, on which issue Mr. Stearns made his campaign for the Republican nomination, Mr. Stearns' name has been suggested as a possibility for the Democratic nomination upon a primary reform platform. National Committeeman D. J. Canavan of Detroit strongly opposed Stearns' nomination.

Other nominations follow: Lieutenant governor, Hiram B. Hudson. Secretary of state, James T. Batch. Treasurer, George B. Smith. Attorney general, F. O. Gaffney.

The platform adopted indorses the platform and candidate of the nation.

It favors the nomination of all candidates for office by direct vote of the people, and the election of United States senators by popular vote.

Earthquake in Montana.

Pony, Mont., Aug. 3.—Two distinct shocks of earthquake were felt at this place and Norris, about 12 miles below. The vibrations began at 8 o'clock this evening and for over a minute the buildings rocked and the dishes rattled on the shelves. In some places the disturbances were of sufficient force to throw articles from shelves and tables. No damage has been reported.

DEM. EXECUTIVE COMMITTEE

Chairman Taggart Announces The Personnel.

Indianapolis, Ind., Aug. 3.—Thomas Taggart, chairman of the Democratic national committee, tonight announced the following officers of the Democratic national committee and the following members of the national executive committee:

Vice chairman, Danahy Nicol of New York; treasurer, George Foster Peck of New York; executive committee, W. F. Sheehan, chairman, New York; August Belmont of New York; John R. McLean, United States Senator, Thomas S. Martin of Virginia, J. M. Gurney of Pennsylvania, former United States Senator James Smith, Jr., of New Jersey, Timothy Bryan of Wisconsin.

Add to the announcements of the appointment, Chairman Taggart made the following statement:

"The campaign executive committee will have the advice of Senator Gorman's judgment and experience in the campaign, he agreeing to keep in close touch with the management at all times."

"Such other committees as are deemed necessary will be appointed later."

"The executive committee will meet at the Hoffman House, New York City, Monday morning, Aug. 8, at 11:30 o'clock."

Concerning the meeting of the national executive committee at New York on Monday, Chairman Taggart said:

"The committee will discuss matters relating to the campaign and will also consider the location in New York City of the eastern headquarters and the location of the western headquarters and any other headquarters that may be decided on."

AMBASSADOR McCORMICK.

Engaged in Picking Up Threads Of Diplomatic Situation.

St. Petersburg, Aug. 3.—Ambassador McCormick was busily engaged all day in picking up the threads of the diplomatic situation. This morning he saw several foreign ambassadors, including their Charles Harrington, and conferred with Minister Lamsdorff regarding the attitude of the United States. Count Lamsdorff is anxious to avoid any diplomatic incident with the United States.

PETER C. WEBER DEAD.

Was Nebraska Committeeman To Notify Judge Parker.

New York, Aug. 3.—Secy. Woodson of the Democratic national committee today received a telegram announcing the death of Peter C. Weber of Nebraska, a member of the committee to advise Judge Parker of his nomination.

At a meeting today between Daniel S. Lamont and David B. Hill, the Democratic nomination for governor of New York was discussed among other features of the campaign.

Men who have been close associates of Mr. Lamont say that this is not the first time that Democratic politicians have suggested that he be a candidate for governor. On former occasions he has indicated that he would like to be governor some time, but always put it off, saying the right time had not arrived. Whether he thinks this year is the "right time" is yet undetermined.

MACEDONIAN "PATRIOTS."

They Are Preparing to Kidnap Foreign Representatives.

Constantinople, Aug. 3.—The ports have warned the embassies and legations to instruct their consuls in Macedonia not to leave the towns without escorts, as the Macedonian revolutionary committees in Bulgaria are planning to kidnap or murder a consul with the view of enlisting foreign intervention.

CASE OF THE ARABIA.

Her Disposal Rests on Decision Of The Prize Court.

Washington, Aug. 3.—Ambassador McCormick has cabled to the state department that he is replying to the inquiries relative to the seizure of the Hamburg-American steamer Arabia by the Vladivostok squadron with a cargo of American

goods, which was represented by the agents to include no contraband, the Russian minister for foreign affairs has said.

In conformity with the rules of conduct some time ago, a detachment of Russian war vessels sailed on July 22, 1904, from Yokohama, the steamship Arabia, which was then taken to Vladivostok and the cause of her seizure laid before the local court. Upon the decision of that court the question as to whether the Arabia is to be released or treated as a prize.

Russian Exhibit Arrives.

St. Louis, Aug. 3.—The long delayed Russian exhibits are rapidly being installed at the world's fair. In the varied industries building the exhibits will soon be placed for general inspection and in the palace of fine arts valuable Russian paintings are being hung by Commissioners J. M. Gurney and M. Benavise. While the two commissioners were busy in arranging the pictures today T. Yabu and Y. Sasaka, in charge of the Japanese section in the fine arts building, called to pay their respects. The Russian commissioners at once suspended their work and conducted the two Japanese visitors through the galleries. The call was friendly and no differences were made to the present hostilities existing between the two countries.

BATTLESHIP OHIO.

Union Iron Works May Pay Forfeit to Government.

San Francisco, Aug. 4.—According to a statement in the Examiner this morning, the Union Iron works may forfeit \$15,000 to the United States government as a penalty for failure to bring the battleship Ohio up to the stipulated speed requirements. This sum will be deducted from the original contract price of \$2,500,000. The official corrected time made by the Ohio on her trial trip, as telegraphed to the navy department at Washington, was 17.817 knots, which is 1.81 knots below the mark named in the contract.

The Ohio will be accepted by the government, as she proved herself a perfect fighting machine in all requirements with the exception of speed.

ROOF FELL IN.

Crowd of 150 Suddenly Precipitated to the Ground.

Winnipeg, Man., Aug. 4.—Forty-five persons have been injured by the collapse of a large building shed at the exhibition grounds while watching a fight between a negro and a bull. The shed overlooks the bull ring where Normans, the black bull fighter, nightly wrestles with the animal. A crowd of 150 climbed on the shed to watch the show without paying entrance fee. Without a moment's warning the roof broke through and precipitated half the crowd to the floor, a distance of about 25 feet. In its descent the roof struck over and fell on the people, causing more serious injuries than would have otherwise resulted. About 14 were taken to the hospital in ambulances, while several with minor injuries were able to walk away. James Speelman of Seattle, Wash., and a boy named Sopher from Calgary, were fatally hurt. Most of the injuries were fractures of the limbs.

ELSIE GELLETT.

Facts in Case of Danish Child Said to Have Been Kidnapped.

Copenhagen, Aug. 3.—Following are the facts in the case of Elsie Gellett, a Danish child, said to be on the way from Chicago to Philadelphia and New York in charge of a representative of the Danish consul-general in New York, who is alleged to have rescued her from kidnappers who demanded \$300,000 ransom.

"Elsie Gellett has been in the care of Wilhelm Jensen and his wife for over two years at Frederica, island of Jutland. They loved the child, and when last summer Gellett, father of Elsie, wanted to take the child home again, the Jensens were inconsolable, whereupon Gellett relented and permitted the child to remain a month more with its foster father and mother, who said they would go to Nostved, island of Zealand. Instead they fled to America. When Gellett discovered their flight, he instituted prosecution proceedings against the Jensens on the charge of kidnapping. Jensen, who is a former fish merchant, and his wife are regarded as respectable people."

Co. D., 27th Inf. Arrested.

Chicago, Aug. 3.—Charged with taking beer into the barracks of the 27th Infantry, a practise they admit but hold justifiable in view of the example set by commissioned officers, all the members of company D, Twenty-seventh Infantry, numbering 35 privates and six non-commissioned officers, were arrested today by order of Col. Whitehall, commanding the post. The prisoners will be court-martialed for disobedience. Besides being arrested the non-commissioned officers were reduced to the ranks, and tonight were prisoners in a small room in the basement of the fort.

Murder and Suicide.

San Francisco, Aug. 3.—Michael Gallagher, a tinner, tonight shot and killed Mrs. Nellie Walsh and then killed himself. Mrs. Walsh had refused to live with Gallagher.

Gen. Schaumann in a Dungeon

New York, Aug. 4.—Gen. Schaumann, father of the assassin of Gen. Robnikoff, taken to St. Petersburg, July 29, is incarcerated in the dungeons of the St. Peter and St. Paul fortress, according to the Times Helmsinger correspondent.

There is profound indignation in Finland at this cruel treatment and several whom nobody credits with complicity in his son's deed.

Cherokees May Move to Mexico.

Mexico City, Mex., Aug. 4.—Four Cherokee chiefs are here and have been received by President Diaz. He promised to help them in their plans for establishing four Cherokee colonies on the northern frontier. They say their lands in the Indian Territory have been allotted for settlement and they desire to leave to this country and hold large tracts of land for their tribe.

Canada-Alaska Boundary.

Vancouver, B. C., Aug. 3.—For the purpose of making a map of the boundary line between Canada and Alaska, the two boundary commissioners representing Canada and the United States are here, on route to the north. O. H. Titman, superintendent of the United States coast and geodetic survey, is the American commissioner. Canada's interests are in the hands of Prof. W. P. King, chief astronomer of Canada. These two commissioners will remain in the north two months. The survey will not be completed until next season.

Geo. H. Laffin's Will Filed.

Chicago, Aug. 4.—The will of George H. Laffin, the Chicago pioneer, which has been filed for probate, not only provides for the distribution of property valued at \$2,000,000, but contains the following advice to his heirs: "I would advise my children to be prudent in their investments and not to purchase anything simply because it is cheap, but to remember that a

long time security drawing a low rate of interest is often more desirable than an investment which draws a high rate of interest.

"I would also advise them not to purchase anything which they cannot pay for in full at the time of the purchase, as more men are ruined by speculation than in any other way. I also advise them not to sign any note or bond and to look well to all transfers of real estate and not to incur any real estate except for the purpose of improving same."

Mr. Laffin's fortune was accumulated by his own exertions.

HATTERS' LABEL.

C. H. Merritt & Son, Danbury, Ct., Restrained from Using It.

Bridgeport, Conn., Aug. 4.—Judge O. Wheeler of the superior court has granted an injunction restraining C. H. Merritt & Son of Danbury from using a label which is alleged to be an infringement upon the label of the United Hatters of North America. The petition was brought in the case of Martin Lawler of Danbury, the United Hatters being an unincorporated association. The decision is sweeping in its effects, the labor organization being given a standing not before the court and every contention upheld. The matter of a contract between the unions and employers is held to be legal. One of the salient features of the decision is the statement that strikes and their concomitants are not as injurious as some of the court decisions; the latter being permanent in their effect, while the strike and disorder are ephemeral.

To Make Silk from Asbestos.

Orange, N. J., Aug. 4.—It is claimed by a resident of this place that he has invented a perfect process to convert asbestos into a material resembling silk, capable of being spun into a cloth similar to silk. He alleges the process is adapted especially to the manufacture of fine dress goods. Besides being a resident of this place, the inventor is a resident of the new material is entirely fire proof.

Negro Knights Templar.

St. Louis, Aug. 4.—Delegates to the first convocation of the African Grand Encampment of Knights Templar have formed a temporary organization and elected the following officers: E. D. G. Murray, McRobinson, New Orleans; grand generalissimo, Austin Williams, Memphis; captain general, T. W. McCain, St. Louis; captain

prelate, S. Francesco, New Orleans; senior warden, L. Davis, Davis, N. J.; junior warden, C. H. Henderson, St. Louis; treasurer, T. A. Jordan, St. Louis; recorder, George H. Green, Missouri; warden, J. G. Stevens, St. Louis; sword bearer, George W. Brown, St. Louis; standard bearer, H. R. Taylor, St. Louis; first guard, Samuel Prince, St. Louis; second guard, J. D. Wilson, Missouri; third guard, T. C. Caputo, Missouri.

A committee was also appointed to draft a constitution, which will be submitted at the convocation at New Orleans next winter.

Proposition from Porter Bros.

San Francisco, Aug. 4.—Porter Brothers company, the big fruit buying and shipping concern which failed a little over a year ago with liabilities of about \$1,800,000, has made a proposition for a composition of its debts with its creditors.

According to the terms of the composition the creditors will get 24 cents on the dollar after deducting about \$700,000 realized from the sale of securities and throwing overboard all unproved claims. There remains an actual debt of \$1,500,000. The committee of creditors has on hand \$300,000 or thereabouts realized from the assets to pay a 20 per cent dividend. Nothing more in sight is seen by the creditors but the members of the firm agree to pay 4 per cent additional on so-called assets they think they can realize on if the composition is agreed to and the firm is left intact.

The San Francisco and other California creditors who hold about \$700,000 of the indebtedness, favor the terms of the proposed composition, along with all or nearly all of the eastern creditors, so it is likely to be effected.

Lineman's Terrible Fall.

Waterbury, Conn., Aug. 4.—Lineman Truman Judson of the Southern New England Telephone company, fell while at work on a pole 40 feet high and was caught 20 feet from the ground by an iron hook through his jaw. After hanging thus a short time the flesh tore and he fell to the ground.

Although he had concussion of the brain, a broken jaw, a lacerated scalp and fractured ribs, the physicians say he will recover. A man on top of the pole who saw his comrade impaled, faintly at the sight, was seized by the straps which held him to the cross bars.

Blood Troubles

Blood is the source of numerous aches and pains and the cause of nearly all stubborn, long-continued diseases. When the blood gets out of order, disease germs and poisons of various kinds find their way into the circulation and some serious trouble is the result. Rheumatism, Malaria, Old Sores and Ulcers, Scrofula, Anemia, and many pustular or scaly skin eruptions, like Eczema, Salt Rheum and Tetter, have their beginning in bad blood, and only a remedy that enters into the circulation and destroys the germs and poisons, can have any permanent good effect upon a disease of this character.

You can't check a blood disease by any external treatment; the sores and eruptions that appear upon the surface of the body are only manifestations or symptoms of some internal disorder that cannot be reached from the outside. Have You a Good Dictionary?

Just think what a small proportion of the families of the United States have a good DICTIONARY, and yet this is the home of the public school, the land of universal education.

By special arrangement with the publishers, G. & C. Merriam Co., The Desert News can make you a special low price for

Webster's Unabridged Dictionary (1903 Edition)

The Best of its kind—

BECAUSE it is used as the standard by the United States Supreme Court and by nearly all of the Federal and State Courts.

BECAUSE it is the standard in the United States Government Printing Office at Washington, and in the executive departments generally.

BECAUSE the schoolbooks of the country are based upon it—25,000,000 issued annually—so that the children are educated in accordance with its principles.

BECAUSE in every instance where State purchases have been made for the supply of public schools, Webster has been selected.

BECAUSE it is heartily recommended by nearly all the Presidents of Universities, Colleges, and Seminaries, and by every State Superintendent of Schools now in office.

BECAUSE it is warmly indorsed and commended by men and women of recognized authority in literature, education, and science, all over the world.

BECAUSE of its adoption by the English Government as the standard in the Postal Telegraph Department,—the only department having an absolute standard.

BECAUSE its sale in Canada and other English Colonies is largely in excess of the sale of all other dictionaries of similar scope.

BECAUSE it is used as the standard by a vast majority of the newspapers. Thousands of statements to this effect are on file with the publishers.

BECAUSE of its very wide use in Great Britain, on the Continent of Europe, in Turkey, India, Australasia, South Africa, China, Japan, South America, etc., etc., etc.

BECAUSE it has wider acceptance and is more generally adopted in actual use as a standard authority than any other lexicon in the world.
