Bakes Perfect.

The CHARTER OAK COOK STOVE now in my kitchen has been used ten years. It bakes perfectly with less fuel than any stove that I know of; is perfectly clean, no dust or ashes escape into the room, and I cheerfully recommend it to any housekeeper wanting a first-rate stove.

LYON'S KATHAIRON.

Lyon's Kathairon is an invigorating tonic vegetable preparation, positively free from any mineral or deleterious substances. It is the most delightful of all hair dressing—cooling the head, allaying irritation, curing headache and throbbing temples, making the hair strong, fragrant, glossy and obedient to control, so cleanly to use that it will not soil the finest fabric, causing the hair to grow luxuriantly and beautifully, removing dandruff and pimples. No man or woman can become bald who will use the Lyon's Kathairon properly.

Adjourned Re-union.—The adjourned re-union party of the Norwich Conference people comes off to-morrow afternoon, beginning at two o'clock.

Quick Recovery.—Fred. Margetts has so far recovered from his accidental gunshot wound as to be able to be up and walk around a little yesterday. His progress toward recovery has been remarkably speedy.

Personal.—Yesterday we received a call from Peter Pachino, editor of the *Astatical Review*, published at St. Petersburg, Russia, who is on a tour around the world. He arrived from San Francisco yesterday, and will leave here to-morrow.

"Silver Maple.—This is the title of a new waltz, composed by Mr. J. M. Chamberlain, of this city, and published by A. L. Bancroft & Co., San Francisco. It is really an excellent production, and suited either for the piano or organ. We are pleased to see our home musical talent developing in the matter of composition.

Assault and Threatening. — A colored man named Swail was before Justice Pyper this morning, on a charge of assaulting and threatening a boy. The accused himself took no pains to hide the fact that his action toward the lad was entirely unprovoked. He was fined $10, and bound in $100 to keep the peace for six months. He will work out the fine.

Spontaneous Combustion.—Early this morning the night watchman of Z. C. M. I. imagined the air of the building was impregnated with escaping gas, on account of a peculiar smell. In searching for the cause of the phenomenon he discovered about 5 a. m. that a quantity of coal, in the engine room, in the basement, at the east end of the building, had ignited, by spontaneous combustion. A stream from hose attached to a hydrant was brought to bear on the burning coal, which was removed from the building and all damage averted.

From Australia. — We are informed that Elder Jacob Miller, of Farmington, who has been laboring in Australia, was so affected in his health that it was deemed wisdom for him to be released and return home; and, being so much reduced physically, it was necessary for some one to accompany him on the voyage, and Elder Mark Croxall was released to come with him. We understand that Elder Croxall has also suffered somewhat from an affection of the eyes. We believe the two elders named are expected to arrive to-morrow.

That Bill.—The misunderstanding between a lady and a butcher, on Saturday night, in relation to a twenty dollar bill which the former averred to have given at the shop of the latter in mistake for one dollar, has been arranged, the butcher, after further consideration, becoming convinced that the lady was right. In justice to him, however, we may state the fact that he himself was absent when the mistake occurred, the error being inadvertently committed by his hired man. When the butcher discovered his mistake, he promptly offered to make the matter right.

A Good Work.—As near as we can calculate, from information we have received, we believe that the missionaries who were called at the last October Conference to go to the eastern and southern states, have succeeded, by the blessing of the Lord, in baptizing about four hundred people into the Church of Jesus Christ of Latter-Day Saints, a proportion of the new converts having already gathered to Utah. Besides these visible and encouraging effects of the labors of those elders they have also undoubtedly sown a great amount of gospel seed in the hearts of many people, much of which will be likely to germinate and bring forth good results in future.

Kanab Items.—By letter from our Kanab correspondent, dated Aug. 29th, we are informed that Woods, who recently killed Maxwell, near Panquitch, was captured near Upper Kanab on the 6th inst. His wife directed the officers to his place of concealment.

On the 7th a number of brethren who had been appointed to go on missions to New Mexico, to preach the gospel to the Lamanites, left Kanab in good spirits. Elders L. H. Hatch and Ammon M. Tenney are of the party.

Bishop L. J. Nuttall was taken seriously ill on the 16th, and at one time his recovery appeared doubtful, but he is now steadily improving.

The correspondent also says—

"A report came in this evening that some Navajos, belonging to Patmiah's band, had stolen some horses from the bottom, the property of citizens of this place. A company of 'the boys' have started after them. These Indians have been around here for three weeks, trying to trade for horses and have been unsuccessful, as the people do not need the blankets and have but few horses to trade."

City Council.—The Council met last evening, Mayor Little presiding.

Petition of Jeremiah Gibson, asking the privilege of quarrying rock on land belonging to the city, a mile and a half north from the mouth of City Creek Cañon; referred to committee on public grounds.

Petition of George Henry Smith, for the privilege of using a portion of 8th South Street, between 10th and 11th East, for the purpose of drying and burning brick thereon; granted, during the pleasure of the Council.

Petition of Thomas C. Dunn, asking that the amount for unexpired term of his business license be remitted and the same be applied on his taxes; granted.

Petition of Morton and Tufts, asking that the amount overpaid by them on liquor license, $40, be remitted; granted.

Petition of the agent of Wells, Fargo and Company, asking that their express license from and including 1874 be reduced from $100 to $50 per annum; the petition received, laid on the table and the recorder instructed to inform the petitioner that the Council could not grant the prayer, the amount charged for express license being governed by law.

Petition of William Shelmerdine, asking that he be permitted to run a job wagon free of license for the balance of the present year, in consideration of his having paid his license in full for 1875, but *only* continued in the business till June of that year; granted.

The committee to whom was referred the petition of Edwin Pettit and fourteen others, residents of the north-west part of the city, asking a remission of taxes in consideration of damage to their property by floods, recommended that the matter be laid over to come up in its proper order with other similar business; recommendation adopted.

The committee to whom was referred the petition of Alexander Watson, asking that he be allowed to work out his taxes in filling up a certain hollow on the street, in which is a stagnant pool, recommended that the prayer be not granted, the said pool being on the location of the sidewalk; recommendation adopted.

Verbal petition of Morris and Evans, for the right of way for a side track from the Utah Southern Railroad to their works, in the 5th Ward, and for the use of a certain piece of sidewalk in the same vinity; refered to the committee on streets and alleys.

Verbal petition presented by Alderman Pyper for permission to dig across South Temple Street to convey the waste water from S. P. Teasdel's lot to lot on the south side of the same street; referred to committee on streets and alleys.

Verbal petition of Alderman A. C. Pyper and others, for the privilege for certain parties living on Fourth East Street to plant a row of shade trees, on each side, ten feet outward from the line of the sidewalk; referred to committee on streets and alleys.

Adjourned till next Tuesday evening, at 7 o'clock.

Sandwich Islands. — We have been enabled to peruse a letter from Elder Ward E. Pack, now in charge of the Sandwich Islands mission, to his parents in this city. The communication is dated August 14th, and we learn from it that its writer and the other Elders from Utah were all in good health. There are about eighty acres of cane growing on the plantation, which takes a year and a half to mature, and will produce from one to two tons of sugar to the acre, worth about eighty dollars a ton, but the raising of the cane is rather expensive. It is expected that sugar-making will be commenced in November next. There are about forty hands at work on the plantation, etc., and about forty-five acres of land is plowed and prepared for planting in the Fall, this time of the year being too dry for planting. Cattle there are worth about $5 to $15 a head, and general goods are worth about as much, and perhaps a trifle more, than in Utah. Elder Pack speaks highly of the Utah Elders there, who are six in number, besides himself, and there are also three ladies and four children.

Our Country Contemporaries.

Ogden *Junction*, Aug. 29—

George Stowe and John Melvein each had a mule yesterday, but have not to-day. George's mule had been taught to follow its master; yesterday the men and the mules were up in Taylor's Cañon snaking tiee or other timber down the mountain. Melvein had hitched his mule to a log and left it standing while he went below for some purpose, when, without observing its action, it started to follow him down, and the log rolling over, knocked the mule down, the log and the mule falling against Stowe's mule, both mules and log rushed headlong down among the rocks, killing both mules and knocking down Mr. Melvein, but not seriously injuring him.

TO-DAY'S DISPATCHES.

EASTERN.

Tammany and Anti-Tammany.

NEW YORK, 30.—The *Tribune's* Saratoga special says: Half of the anti-Tammany delegation from New York will be admitted to the convention to-morrow. The first overtures came from Tammany and were inspired by Tilden. There are both Tammany and anti-Tammany who are dissatisfied with the mutual concession, but the former are generally glad that the breach has been healed. The latter are generally pleased with the social recognition, and outside of New York, there is universal satisfaction with the result.

The State committee met to-night and agreed to recommend Rufus Peckham, of Albany, for temporary chairman. It is believed that Judge Hiram Gray, of Elmira, will be permanent chairman.

Two Californians Robbed.

Roche Merina and Nicholas Panella, two Californians, who have been in this city only few days, were robbed of seven hundred dollars worth of gold last night, which leaves them in destitute condition.

More About the Fire—Abo $250,000 Damage.

CINCINNATI, 30.—About one-ur the Dayton Short Line Freigh Depot here was burnt with its contents. The fire began among lot of coal oil barrels, in an unexpined manner. The building was a substantial brick structure, with $25,000. There was an unusully large amount of freight stowe in the building, principally for ity merchants. The loss of freigt is variously estimated at from $10,000 to $250,000, upon which there is very little insurance, as the law makes the railway company esponsible for the safety of gods stowed in the freight house oly for twenty-four hours. A large art of this loss will fall upon the ousignees, as most of the freight ad been stored two or three days.

Democratic Nominations.

The democrats of the first distict to-day renominated Milton Sajer for Congress, and those of the econd district renominated H. B. Banning.

Wool Market.

BOSTON, 30.—The wool market presents the same firm tone. No improvement in prices has taken place, and no considerable purchase of fine fleeces could be made except at further advance in prices, as the stocks are in a few hands and held quite firmly. The demand still continues for desirable at currency rates. The sales medium and X, and Ohio and Pennsylvania at 36 @ 40, XX at 40 @ 42½, XXX and pick lock at 43½ @ 44½; Wisconsin & Michigan at 33 @ 35 for mediul and X, and firm at these prices; combling and delaine firm at 40 @ 45; fine delaine 45 @ 50. Combing stock are offered sparingly at these prices. California continues in demand, as the supplies are rapidly disappearing; sales 16 @ 18 for spring. Some most desirable lots are not offered under 40; pulled has been in steady but moderate demand; sales 28 @ 40 for super and X as to quality.

Democratic State Convention—Nomination.

DESMOINES, Iowa, 30.—The Democratic State Convention met this morning, and was called to order by E. Campbell. Col. W. W. Merritt, of Montgomery, was elected chairman. Committees were appointed as usual, and the convention took a recess.

The Democratic Congressional Convention for this district has nominated Samuel J. Gilpin.

Republican State Convention.

NEW HAVEN, 30.—The republican State convention met here today. Ex-Governor Jewell was chosen permanent chairman. War Items.

A dispatch from Belgrade says—It is generally expected that the Porte will refuse an armistice.

The police yesterday discovered a number of copies of Turkish proclamations issued August 17th, inviting the Servians to submission, and offering protection to those submitting. The proclamation declares that Prince Milan and his ministers are only revolutionists, and that they alone have cause to expect a rigorous treatment.

The seven days' fighting before Alexinatz has been greatly exaggerated. It is estimated that the Servians' entire loss is only 590 killed and about 2,300 wounded. No lists of the killed and wounded have been published here since the beginning of the war.

Gladstone and the Bulgarian Atrocities.

Gladstone, in reply to an invitation to participate in a public meeting to protest against the government's course regarding the Bulgarian atrocities, says: Writing on a subject like this, which appeals so distinctly to my deepest feelings, and where our information on the details is still far from being full, I should have been glad if the whole duty of expressing my views of the British nation could have been left with safety in the hands of government; but the manner in which it was treated by the head of the ministry and the House of Commons was so inadequate and unsatisfactory, that I cannot but think it well that the people should seek opportunities to speak for themselves, and should assist the administration to judge whether it is right that, by the re-establishment of *statu quo* in Bulgaria, opportunities should be given its governors for a repetition of the recent outrages when they may see occasion.

AUSTRIA.

Prince Milan's Course Not Agreeable to Montenegro.

VIENNA, 30.—It is asserted that Montenegro did not intend to join Servia in suing for mediation, and did not agree to the course taken by Prince Milan; but Prince Nicholas has informed Milan that he (Milan) need consider himself no longer bound to keep the agreement made at the beginning of the war that neither should separately enter on negotiations for peace.

TURKEY.

Reported Battle—Rejects Foreign Mediation.

RAGUSA, 30.—It is reported that a battle was fought yesterday at Podgoritza, but details are wanting. Djelaleddin Pasha's command, including ten guns, has reached Trebinje unopposed.

Cettinua, the Montenegrin official newspaper, publishes an article rejecting foreign mediation, and declaring that Servia and Montenegro will not abandon the conflict until the Sclavonic provinces are completely free from the Turkish yoke.
