The Underwood Trial.

WEST CHESTER, Pa., 6.—The prosecution in the Underwood trial closed to-day, when Perdue opened for the defense. He claimed that the attempt to identify Gass with Wilson, or Wilson with the remains found had failed. The prosecution was urged by insurance companies to get the prisoner out of the way, to escape paying \$25,000 to Gass's widow.

The Sprague Business.

PROVIDENCE, R. I., 6.—A large meeting of the creditors of the Sprague & W. Sprague Manufacturing Co., and of A. W. Sprague was held this forenoon. Thurston, attorney for the Spragues, read a communication from the debtors, expressing the belief that if an extension was given they could pay the debt in full, and retain their plant works, and perhaps their other manufacturing property, and pledging their utmost efforts to that end. He added that the whole object of the Spragues was for the good of all, and that the payment of the debt should be devoted to the payment of their debts, and that the trustees should not be dissipated. It was important that the appointment of this committee should be such that it would be impossible to say anything was intended except that which was for the good of all. A committee was then appointed to confer with the Spragues in regard to a trust mortgage and the appointment of trustees.

A Hard Case.

WILLIAMSPORT, Pa., 6.—At 1:40 to-day an attempt was made to hang Wade, but the rope was too long, and he touched the ground. The rope is now being shortened for another trial. Wade told the judge to hurry up, as he had an appointment to dine in the city at 2. He said the only thing that was troubling him was whether or not he murdered a man in heaven or hell.

Tweed's Trial—Motion to Quash.

LEGAL TENDERS—Foreign Gold. New York, 6.—The work of getting a jury in the Tweed case is progressing. The counsel for the defense asked that triers be appointed, and that witnesses be sworn to give evidence to the request was denied and exceptions taken. In the general sessions to-day a motion was made to quash the indictment found in 1871 against ex-comptroller Conolly, on the ground that he was a co-defendant in the trial now coming against Tweed, the case was set down for the 15th inst.

Associated Banks hold about twenty-one millions of dollars in legal tenders.

The total amount in foreign gold received at the assay office of Oct. 6 to date is \$1,175,822 pounds.

At the monthly meeting of the Chamber of Commerce, this p.m., a number of tabular statements, showing the amounts of the different products of the U. S. and the necessity of increased facilities for their transportation, were presented and ordered to be printed, and copies transmitted to the senatorial committee on transportation.

Resumed—Missionary Meeting.

The State Bank of New Brunswick, N. J., resumed to-day.

The Am. and Foreign Missionary Association met at Newark to-day. The report of the committee on the Chinese in America was read, and declared that fifty thousand Chinese in California would hold the balance of power in the State if they became citizens, and they should be Christianized before receiving the ballot. The report on the Inland Navigation bill was also read, and the committee on the subject of the peace policy of the government. The report on educational work in the South was encouraging. Rev. Henry Ward Beecher delivered an address on the subject. The treasurer's report showed a total expenditure during the year of \$819,470, of which \$724,818 had been received in the South, \$5,518 on the Chinese, \$15,748 on the Indians, and the balance on the various other several offices and publications, the receipts during the year were \$301,000.

Laura Keane Dead—Meeting of Tammany.

Laura Keane, the well-known actress, died at New Jersey, to-day, of a heart attack.

There was a crowded meeting of the Tammany Society to-night. All the great guns of the party were present to counsel the report of the committee to watch the elections. Col. Fellows, from the committee pointed to watch the frauds at the polls head-quarters, in a lengthy speech, detailed how the returns were being tampered with, and how the delivery of the returns had been systematically passed back, and ordered the police to be on hand at 10 o'clock p.m., to the police captain, to prevent the delivery of the associated press returns, lest these latter returns might interfere with the changing of figures on the canvass. It was claimed that this action of the police was inspired by commissioner Charles, and resolutions were adopted expelling him from membership in the society.

This morning the Eagle party, on returning the pursuit, were confronted by an armed body of negroes, who killed the three Eagles, and mortally wounded Sullivan. Railroad Troubles—Resolution by the Companies.

KNOXVILLE, Tenn., 6.—There is no settlement of the railroad difficulties yet. The company moved the first freight in six days to Bristol, to-day. The strikers are quiet. Both sides are determined. The employees of the Knoxville and Ohio railroad, having struck against a reduction of wages, the company have stopped all trains. The representatives of twenty southern railroads met at Chattanooga, to-day, and unanimously adopted a resolution to offer a reasonable reduction of wages, recognizing the right of any employee to refuse to work for the wages offered, and condemning, as unjustified, and indefensible, all combinations for the purpose of resisting the right of authority of any company by interfering with or attempting to intimidate or injure others willing to work for the wages offered, and pledging each other in no case to employ any person who refused to accept of insubordination or combination to stop operations on any road, by intimidating or interfering with the right of any employee, and promptly to inform each other by a printed circular of all such combinations, and to take such action as may be necessary to enforce the same.
